TALES OF WOE

HORRY'S STATE CAMPAIGN DAY
TOMORROW

TIME LIMIT, SHORT TALKS.

Through a Misunderstanding Senator Tillman will not be here, but all the Balance of the Candidates will be Present.

The State candidates will be at Conway on July 20th to address the people and tell their little tales of woe. Conway generally gives the State candidates a large audience and as a general rule they get a quiet hearing. The usual large crowd is expected this year, but it seems that Tillman, the big gun of the crowd will not be here. Mr. J. A. McDermott, chairman of the executive committee, had a letter from him some weeks ago stating that he would be here to address the people, but later he learned that the Senator had changed his plans and would only speak at particular places named, and Conway was not among those places.

The speaking will take place on the lawn in front of Col. D. A. Spivey's residence and on the opposite side of Main Street from the Methodist Church. It was here that the old soldiers had their encampment last spring but the stately oaks will hear hot political talk next Friday instead of the patriotic eloquence of the former occasion.

There are quite a number of candidates for State offices and as the time is limited short subjects may be expected.

A Card from Mr. Jackson.

Mr. Editor: It began to look some time ago like Messrs. Spivey and Mishoe were going to have an easy ride over, but it seems now that some of the other boys are desirous of sharing in the rich spoils of the conquest and have come out in a mighty army to give them battle. If they had come sooner I would have liked it better, as I had no idea of making the race for any office up to a few days ago although I had been solicited several times by different parties. But as I did not know Mr. Spivey's platform and could not exactly agree with Mishoe I decided I would come out so that the people would have some one to scratch on election day.

Now if some of the other candidates have my platform I will withdraw from the race as my friends feared that the prejudice that has existed and been exhibited in campaigns in the past against Marion men, though I think the day of such bitterness as that in this county is a thing of the past, and the people have realized the fact that there are some good men here from other places as well as rascals.

I want all the other candidates for the House to let their platforms be known through the papers, so that I can see if any of them have mine, as I think the people will consider the platform this time more than they will the man—that is intelligent people.

I am no politician and if I do continue in the race I shall not sling any mud. I shall make a clean cut, square race and shall not offer any inducements to get votes other than the best service I can give the people as a whole, self interest being left out of the question.

Respectfully, A. D. Jackson.

Wampee.

Editor Herald. Please allow me space in your columns for a few dots from this place.

Right much sickness in this community. Hope the sick will soon recover.

Crops are pretty good considering so much rain.

Well, the 4th of July picnic at Windy Hill was a grand success. There was about five hundred that participated, and seemed to enjoy the occasion. The Wampee band rendered some very sweet music. I will make mention of some who attended from a distance. Mrs. Hegy from Sumter, some from Marion county, Columbus county, N. C., and the lower part of Horry county. In fact the Fourth was pretty well represented here from all parts of the county.

No marriages to report at this writing.

Rev. Rufus Ford make a pleasant visit to this place on Saturday before the second Sunday and delivered an interesting sermon at Union Valley church which was enjoyed by a good number.

I hear there will be another picnic at Windy Hill on the 3rd of August. Hope there will be no one that will be so beastly as to get under the influence of liquor on this occasion.

If this don't find its way to the waste basket I will come again.

Aunt Sue.

PICNIC AT MOORES MILL

A Large Crowd and of Good Speaking.

The picnic at Moore's Mill on last Saturday was a grand success. By ten o'clock a large crowd had assembled in the beautiful grove near the end of the mill dam. Among them were many candidates elbowing their way. Those presented made good speeches and were given the best of attention. Chairman S. M. Moore introduced first, W. F. Holt for magistrate. Next followed Hon. D. D. Harrelson, who answered many questions to the satisfaction of the people relative to the court and stock law. Then followed H. W. Mishoe who wanted to see one good road in the county, he also favored a State dispensary instead of local option. W. H. Small made a short speech in favor of good roads. F. Marion Johnson for Probate Judge made a good speech, he also answered many questions asked by E. Van Graham. W. A. Prince for Superintendent of Education, was told that he need not speak. He said he had not come to make a speech but only desired to thank his friends for their support two years ago. E. P. McQueen wanted all to vote for him for Treasurer. Prof. C. B. Dawsey, (not a candidate) made a strong speech for prohibition in which he declared the dispensary to be a rotten institution. Last came W. L. Mishoe who was not a candidate, but said he would be in two years.

We were soon invited to dinner. Here a long table was found fairly groaning under the weight of good things to satisfy the inner man. Surely the good women which played an important part in adding pleasure and happiness throughout the day knew too well how to satisfy the appetite of a hungry candidate. Good order prevailed.

Cool drinks were served by the Dawsey boys.

We would be glad to welcome the crowd again. Sam Moore.

Wampee Notes.

Mr. Editor: As I wrote a short letter for last week and did not see it in the Herald, I thought perhaps you did not care to publish it, nevertheless I have concluded to try again and send you this with the hope that it will appear in next issue.

It is awful hot today and we are having plenty of rain.

Crops are looking well considering the wet weather.

Wampee is having a great deal of sickness just now. Mrs. W. A. Bell has been indisposed for the past few days but we are glad to say she is able to be up today. Frank Bellamy, R. T. Bell and his brother Jimmie are on the sick list this week.

Little Sallie, the daughter of Mr. and Mrs. R. E. Bell, is suffering with fever at this writing.

The picnic at Windy Hill on the 4th was a grand success. The Wampee band discoursed sweet music for the occasion, but it was not as good as if Prof. Prince could have been present. However all had a good time. We are looking forward to have another picnic at Windy Hill soon. It will be a Sunday school picnic and we are hoping to have a good time again. We have bath rooms at the beach and the entire community, and visitors appreciate the public spiritedness of Messrs. Harris, J. A. and Jim Bell for supplying a long felt want.

We are all getting awfully worried because we will not get a railroad at Wampee. We were in hopes of getting one but it now seems that our hopes are vain. We are sadly in need of a railroad in this section for this is a good farming section.

Rev. Mr. Floyd preached at the Baptist church Sunday and it was a good sermon. A large crowd was present.

The Baptist church has a nice Sunday school. We hope the scholars, as well as the teachers, will take an interest in it and attend regularly.

It has caused more laughs and dried more tears, wiped away diseases and driven away more fears than any other medicine in the world. Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets, Norton Drug Co.

Since the selection of the site for the new court house and jail the people have been waiting patiently to see some tangible evidence of the early commencement of the work on these buildings, and some of the doubting or impetuous ones are becoming somewhat restless over what appears to them to be an unnecessary delay on the part of the commission who this work in hand. We take it this delay, if delay it can be termed is a favorable ground for the belief that when the work is commenced all plans, specifications and arrangements will be complete even down to the minutest detail so that when the buildings are turned over to the people of Horry there will be nothing shoddy nor incomplete nor neglected about them that would mar their beauty or destroy the conveniences of and comfort of their arrangement.

LAUREL NEWS

DOINGS OF SOCIETY PEOPLE AT THIS COMING SUMMER RESORT

WITH RAILROAD FACILITIES

A Good Hotel and More Cottages will Easily Make it one of the Finest Summer Resorts on the Atlantic Coast.

On Friday night July 6th, 1906, the hospitable doors of the "Hermitage" were thrown open and Capt. and Mrs. W. L. Oliver were "at home" to their many friends, in honor of Miss Estella Limehouse of St. George, S. C., and Miss Lucy Vereen of Thompson. The house was tastefully decorated, green and yellow being the color scheme. Immense sun-flowers stood in artistic nooks as if placed there by nature, each head ever following the sun, so different from the ones we saw here as they ever followed the daughters.

A few games were played, then came a contest in sewing, as each young man endeavored to hem best his partner's dainty apron. Mr. Julian Beatty won the prize, which no doubt he wishes had been the heart of his fair partner. After this, delicious refreshments were served and as the moon shed her silvery light over all the earth, we said good by wishing that such pleasures came oftener in life.

Leroy Woodbury of Wilmington, N. C., who has been visiting his uncle Capt. W. L. Oliver, returned home Thursday. Roy made many friends while here who regret very much to see him leave.

Misses Lila Thompson of Conway, Winnie Holliday and Mr. Francis Holliday of Galivants Ferry are visiting Miss Ruby Beatty at "Vaux Hall."

Misses Flora and Bula Pinner of Klondike are the guests of Miss Annie Voss.

Harry Officer, Leroy Martin, Charlie Roberts and V. D. Pinner spent Sunday here.

Mr. and Mrs. G. Fred Grant are spending some time with their aunt, Mrs. R. L. Voss.

Miss Annie Beatty returned Monday from Conway where she has been attending the summer school. The children of G. A. Lohse are spending the summer with their grandmother, Mrs. J. F. Dozier.

Mrs. Gary Mullins and children, and Mrs. M. G. Anderson and daughter are with Mrs. J. R. Thompson at "Sunny Side."

Miss Virgie Sieu of Georgetown is the guest of Miss Mildred Beatty.

Julian Beatty and sisters and Miss Suau spent Thursday night at Myrtle Beach.

J. L. Cook of Rhems, S. C., is registered at Vaux Hall.

We noticed many faces of old friends and strangers in the congregation at Bethel Sunday and hope they will all come again. Our organist, Miss Lucy Vereen, was at her best, and Rev. Allen Macfarlan gave us an eloquent sermon.

Miss Estelle Limehouse returned home Saturday to the regret of her many friends.

Mr. and Mrs. Simpson and family of Glenn Springs, Mr. and Mrs. W. L. Buck of Mullins and many friends are spending a while at "Sunny Side." In fact, Mr. Editor, our little resort has visitors here now from all over the State, and the cry is "still they come." The busy noise of motor boats can be heard all day and far in the night, and they seem to tell us that in the near future this will be yet a famous summer resort. All Murrels Inlet needs is a few hustling men, a good hotel, many cottages and a railroad, when she has them, Myrtle Beach and Pawley's Island will be a thing of the past.

Twenty Year Battle.

"I was a loser in a twenty year battle with chronic piles and malignant sores, until I tried Bucklin's Arnica Salve, which turned the tide by curing both, till not a trace remains," writes A. M. Bruce of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25 cents, at Norton Drug Co., druggist.

Did not Sign the Pledge.

John Holt did not see the issue of the Herald preceding the date fixed by the executive committee for the filing of pledges in the county campaign, and did not reach here in time to file his pledge before six o'clock on the 10th. He was in Conway last Saturday to see members of the executive committee and especially the chairman to see if he could not arrange to file his pledge with their consent even now. It was thought he might write each member of the committee at their various offices over the county, but we are not informed as to the result. He stated that his friends had advised him to make the race independently, explaining to his friends the reason why he did not file his pledge.

Nixonville Items.

Still the rain comes and the grass grows and the farmers can't get the labor to do their work. We think the farmers would do well to plant only enough to work themselves, make the land rich and not depend on outside labor, then what they make will be theirs. I can't see the use in planting more than one can get labor to work and I hope the time will soon come when the farmers will see the point and act accordingly.

There are several cases of fever through here at this time. The Rev. Charles Bullock commenced a meeting of days on Sunday afternoon. We hope there will be much good accomplished thereby.

Crops are looking fairly well considering the disadvantage the farmers have been laboring under the whole year.

Mr. W. H. Reaves is quite sick with fever. We hope he may soon recover.

Mr. Sawyer and others, of Conway attended church at Tilly Swamp on last Sunday.

John Thomas and Claud Watson made a flying trip to North Carolina last week on business.

It seems like the voters of the county will have the opportunity of making a choice of candidates, both State and county, judging by the number in the field. Cor.

Shallotte News.

Health not generally good. The crops have got a little back set by the heavy rains that have recently prevailed over them in this section, but old Brother Green has been receiving a great many fatal blows lately.

Well, what about the railroad? Is it drowned out or what has become of it? We were in hopes awhile that we would soon have the pleasure of hearing the whistle of the locomotive and the roar of the wheels and I think we will have that opportunity if everybody would just put their shoulders to the wheel and keep pushing until the task is done.

Well, we think the Southern Cotton association to be the very thing the Southern cotton farmer needs.

Mr. Willie Stevens passed through this section last Tuesday night en route to Shallotte.

Mr. J. D. Gore has the finest cotton this writer has seen. Mr. John Hickman has finest corn.

We are like Mr. A. D. D. When it is wet weather we need ditches and when it is dry weather we don't think we need them. But I myself think it is best to have them always. S. P. Gore

Blanche.

Editor Herald: I send you a few words for publication.

The health of the community is generally good.

Crops are damaged by rain, especially cotton and tobacco.

The political pot is beginning to boil and the bees is getting into new bonnets. Altogether this seems a year of jubilee to some of our blue overall politicians, who have time to talk politics by the day to the detriment of all other work. When you meet one of them, it is who shall we have for this or that, and they will not vote for so and so, and lo when they get to the poles they could not vote for their own brother if he was not one of their men, in other words backed by the bee. Why is this? It is simply this, Fear, though they would not own it. We would be glad to see some of our prospective legislators advocating an election law for the county to the effect that no one not worth five hundred dollars above indebtedness should vote. Better to let the old tools rust out than to wear them out in a bad cause to their own hurt and their neighbors. We think if we had a law of this kind, some might get so they could scratch their own ticket that probably don't do it low. Passerby.

News from Floyds.

Health of the community is generally good.

Crops are badly damaged on account of the recent wet weather, especially this is the case with tobacco.

Mrs. Clarence DuBose and children are visiting her parents, Mr. and Mrs. Avery Floyd.

Mr. and Mrs. G. Williamson visited Mr. and Mrs. Avery Floyd last Sunday.

Mr. Arch Small has been very ill, but we are glad to be informed that he is better now.

On the 24th of June Floyds community lost one of its most charming young ladies. Miss Fleete Lewis was married to C. Brooster Graham of Frinklea. We wish them a long and happy life.

Miss Lattie Lewis and Mr. Edward Sessions went to preaching at Wannamaker Sunday.

Mrs. Lorendo Lewis and her daughter, Miss Bright, made a flying trip to Mullins recently. Puella.

Murrells Inlet is a popular seashore resort and is more than usually lively this season.

Yours for cash trade W. Boyd Jones, Justice, S. C.

Would not the song of the spin-dles be sweet melody in Conway? It would stimulate the agricultural interests of the county because there would be a home market for the purchase of the raw material in direct competition with purchasers for shippers. It would bring an influx of population here that would be consumers of every variety of the products of the farm. There is not a class of business but what would be benefited by it; the merchant, because the more people there are the more goods he will sell and the more goods he sells the more money he will make; owners of realty, for the same reason, that is, the greater the population the greater the demand for building lots at an increased price, would also be benefited, and as the demand for cottages and other buildings becomes necessary by reason of the increased population which such an enterprise will bring, there will be a greater demand for both skilled and unskilled labor as well as more building materials of all kinds. Besides these things it will make possible the successful operation of smaller but nonetheless profitable enterprises.
