

WATER WORKS

The fine Water and Sewerage systems now being installed by the City will soon be completed and ready for use by every one.

Why not have that Bath Room outfit and that Kitchen Sink put in now? When the system is completed all will be required to put in Water Closets and there will be a great rush of work then. Have yours put in now while we have more time. All of our work is done by Journeyman Plumbers with years of experience. The requirements will be very strict as to draining, back venting, etc., and as we guarantee all of our work with everything we possess we cannot afford to send an inexperienced or incompetent man to do your work. All classes of plumbing fixtures and materials have advanced more than 300 per cent in the last two years and in the last sixty days the advance has been something like 20 per cent, so you cannot afford to delay much longer. We use only fixtures and material made by the old standard companies and every fixture we install is absolutely guaranteed both by the maker and ourselves. The city will require all fixtures installed to come up to certain rigid requirements. Cheap goods cannot meet these requirements.

To those of you who are so fortunate as to have their outfits already installed let us suggest that you have them gone over and put in good shape. The city pressure will be much greater than you now have and your valves and fixtures will need readjusting and fitting with new disks, etc. Let us do this for you now. City ordinances will also require all your fixtures back vented. Have this done now. We will cheerfully give you an estimate of the cost.

See us now while you have the matter in mind. And remember everything is advancing in cost daily. Don't delay, see us now.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs. This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be

rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B Atlanta, Ga.

Evolution of the Wheel.
Naturally, there was a first man to eat an oyster, and there must have been some heroic pioneer to tackle every edible article that is known to civilization today. High authority has bestowed eulogy on the man who invented the wheel, and some have gone so far as to assert that this unidentified genius was the greatest benefactor of the race, but we may doubt if the wheel was really an invention. It seems more likely to have been a gradual discovery, the result of a slow, evolutionary process for which no man or group of men could claim the credit.—Exchange.

It is reported from Helsingfors, Finland, that a German fleet has been observed at the entrance to the Gulf of Finland, according to dispatches from Copenhagen. It is supposed that the fleet is preparing for an attack on Revel and Kronstadt, the Russian naval bases.

America's Only Smart Utility Sport Model

This is the only car built in America today that combines the smartness of the sport model with economy and utility.

It is a strikingly smart, stylish car, entirely original-looking with a design all its own.

Extreme measures have been taken to give it a most exquisite finish in a rich gray, trimmed with black enamel and brightened with an occasional flash of polished nickel.

A fashionable dash of color is added to its striking lines by the red wire wheels.

The individual front seats, with aisle-

way between, are adjustable forward or back, to suit the reach of the driver and his companion.

The rear seat is roomy for two. Front and back, four large people ride sociably in real comfort.

It has four-inch tires and cantilever rear springs—buoyant riding!

The motor is powerful, it is surprisingly economical in the use of gasoline as compared with other cars of similar size.

Come to our store—let us show you the car now.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's. Scott & Bowne, Bloomfield, N. J.

Well Answered.

Old Lesterich, an uncomplimentary husband, who used to appear in the Austrian paper Floh, said to his wife: "If nature had made me an ostrich, perhaps I could eat your cooking." "That would be fine," answered his imperturbable wife. "Then I could get some plumes for my hat."—Christian Register.

Dr. Ferdinand King, New York Physician and Medical Author, Says:

EVERY WOMAN EVERY MOTHER EVERY DAUGHTER NEEDS IRON AT TIMES

To put strength into her nerves and color into her cheeks.

There can be no beautiful, rosy-cheeked women without iron. The trouble in the past has been that when women needed iron they generally took ordinary metallic iron, which often corroded the stomach and did far more harm than good. To-day doctors prescribe the organic iron—Sukated Iron. This particular form of iron is easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak, nervous, irritable, careworn, haggard-looking women 100 per cent. In two weeks' time in many instances, I have used it in my own practice with most surprising results.—Ferdinand King, M.D.

NOTE—Sukated Iron recommended above by Dr. Ferdinand King can be obtained from any good druggist with an absolute guarantee of success or money refunded. It is dispensed in this city by all good druggists.
