

FAIR TIME--FUN TIME

Conway **Nov. 13-16**

Are You Coming?--Sure!

FOUR BIG FINE DAYS FULL OF FUN AND FROLIC

TUESDAY is U. C. Veterans' Day, when we entertain the fast disappearing remnant of the Great Gray Clad Hosts at a dinner given by the Fair Association and the Good Citizens of Conway.

WEDNESDAY is Merchants Day, when the Merchants have their Big Parade and the Fair Association gives 5 per cent to the Red Cross. D. F. Efrid, Secretary of the State Fair will make an address.

THURSDAY is the Automobilists' Day, when Sam Hawes and the Association gives away a U. S. Tire, Tube and Patch. All will have a chance at it.

FRIDAY is Educational Day, when we let in all the School Children Free and give them the very best time we know how. It is hoped to have Hon. A. F. Lever make an address on that day. Of course the teachers all go in with the Children.

We have a fine program but without the Great J. F. Murphy Shows it would not be

complete. They carry a Big Merry-Go-Round, a large Ferris Wheel, and twelve Lig shows, all of them clean and high class. They have the Motordrome, the Busy City, the Dreamland, Minstrel Show, Dog, Pony and Monkey Circus, and the Fattest Man in the World, Happy Jack Eckret. He weighs 739 pounds. Don't fail to see him. And be sure to take the children to the Monkey Speedway, where real live monkeys race in small automobiles.

And every day at 2 p. m. and at 9 p. m. Margaret Quincy, the Champion Lady High Diver of the World, dives from a 125 foot ladder in a tank of water.

Get your exhibits in early. Be sure to send something no matter what it is, your neighbor may not think of sending it. We are especially anxious at this time to have exhibits of wheat and flour, Horry grown.

This year the Fair will be held on a large plot of several acres just South of the Court House, on the Corner of Lewis Street and Third Avenue. When you come to the Fair

just drive right on by the Court House and you will see the Fair Grounds. Big open lot and hitching racks for your teams just in front of Fair Grounds and Parking space in Fair Grounds for Automobiles.

INTERNED GERMANSCLEVERLY ESCAPE

Ten Go Through Tunnel Under One of Barracks at Fort McPherson.

Atlanta, Ga.—Ten German sailors interned with several hundred others at Fort McPherson escaped last night through a tunnel they had started under one of the barracks and which led them to liberty a hundred feet away. The men were brought here a few weeks ago from Fort Oglethorpe and officers believe they had been working on the tunnel since shortly after their arrival.

Soon after the escape was discovered this morning bloodhounds followed a trail about a mile from the fort to a small stream into which the fugitives evidently had waded to baffle the dogs. Every one of them left their socks on the bank of the stream, but no other wearing apparel was found.

Soldiers from the post are seeking the Germans with orders to bring them in "dead or alive."

Officers are of the opinion that the men, two of whom were officers, worked on the tunnel at night and solved the problem of disposing of the dirt by scattering it where new sidewalks are being constructed.

HOW TO DRY-CURE PORK

Excellent Method for Preserving the Farmer's Meat Supply.

Clemson College, S. C.—Rub each piece of meat with fine clean salt and allow it to stand from 6 to 24 hours in a pile on a bench or a table so the bloody serum can drain out.

The following is a good dry-curing mixture for 1,000 pounds of meat:
Fine clean salt, 40 pounds;
White or brown sugar, 10 pounds;
White or black pepper, 4 pounds;
Red pepper 1-2 pound.
Mix thoroughly.

Rub each piece of meat thoroughly with the dry curing mixture, says the animal husbandry division of Clemson College, taking care to see that it penetrates the muscles round the ends of the hams and shoulders. Pile the meat carefully with the skin down in a cool airy place. Do not make the pile more than three feet deep, or let the meat stay more than three days without another application of the mixture, but after the second application no other need be applied for five or six days more.

A fourteen-pound ham should be allowed to cure for three weeks, or a day and a half for each pound of its weight. After this treatment, it should be thoroughly cured. Only two-thirds as much time need be allowed for giving a mild cure to meat to be used during the spring.

Wash each piece with warm water and remove any extra curing mixture. Wipe it dry and hang up for smoking. When all the meat is ready, smoke with hickory, oak, apple, or in fact any wood except that of the pine family. The meat should be carefully wrapped or sacked to keep out skippers.

Reuter's dispatch from Amsterdam says that the Berlin evening papers report that the Imperial Chancellor Michels has resigned.

RAISING OF HOGS VERY IMPORTANT

There is nothing more important for the people of Horry County to do during the war than to raise all the hogs they can to aid in supplying meat. It is a quicker way than the raising of cattle, and will be more profitable to the farmer than cattle raising. Pork is one of the most valuable foods for use in time of war because it is easily cured, can be handled and transported to the best advantage, and it supplies the needed fat that must go to make up the diet of the soldiers to give efficiency.

Look after the hogs on the place and increase the production by every plan that you know, is our advice to every farmer of Horry County. There is every promise that this work will bring as good returns in the way of profits as anything the farmers of the county can do at this time.

There are many who have never engaged in hog raising to any extent. Now of all times in the history of this country is the best time to begin to learn. Let all those who have never raised any hogs, begin to add their part to the raising of the world's supply of meat in this emergency.

SALE OF SUGAR IS RESTRICTED

New York.—The first war ration act in effect last week when retail stores throughout the city restricted the sale of sugar to two to five pounds to a customer at ten or eleven cents a pound, according to the patriotism of the retailers.

Jesse N. Helms will be brought before the next session of the grand jury on an indictment for murder as a result of the killing of Jack A. Scott. Scott was the coroner of Richland County and Helms is a rural policeman.

THE BOLL WEEVIL IN SOUTH CAROLINA

Scourge Appears on Daufuskie Island, Near Savannah, Prof Conradi Reports.

The boll weevil has entered South Carolina. It has been discovered on Daufuskie Island, near Savannah, according to telegraphed statement by Prof. A. F. Conradi, of Clemson College.

This means that the scourge of the cotton fields has finally reached near enough to cause planters in this section of the country to take serious thought of their plans for another season.

Knowing that the weevil would probably enter South Carolina this year, experts have been actively discussing ways and means for combating the scourge. They have advised that the best method is an early maturing variety of cotton.

Washington.—Exultant over the success of its seventh war loan of three and a third billion dollars the German government through its official press agencies is sending out announcements on the subject to the few remaining neutral countries.

"This proof of economic and financial strength until now unheard of in our history," the statement says, "is the best answer the German people can give to Wilson's note and to the hope expressed by its adversaries and other people of an economic breakdown of Germany."

John Evans, who was given a life sentence for murder by Judge Townsend in June, 1899, in Charleston, is paroled by the governor.

President Wilson has granted an increase of 45 cents a ton in the price of bituminous coal at virtually all mines in the country.

AUTOMOBILE TIRES GIVEN AWAY

On Thursday Nov. 15th, at the Horry County Fair, the Fair Association and Mr. S. P. Hawes will give away a 30x3 1-2 U. S. Auto tire, tube and Blow out Patch.

A large space has been provided in the Fair Grounds for parking automobiles and a competent policeman to guard them. Tickets for automobiles will be 10 cents each. With each auto ticket sold will be given a card with space on it for your license number. You will fill in this number and deposit it in a box located at the upper end of the parking space. At 3 p. m. three cards will be drawn from this box and to the first number drawn will be given the 30x3 1-2 United States Tire, the second number drawn will be given the 30x3 1-2 United States Tube and to the third will be given the Blow Out Patch. Mr. Hawes authorizes us to say that he will credit you with the price of these articles on any other auto supplies you may need if you do not need a tire, tube or patch or if you use another size.

This is a chance to win a standard high grade tire and you should not miss it.

—Horry Fair Association.

A Noo Yawk Bank Director.

(From the Congregationalist.)
A Buffalo man stopped a newsboy in New York, saying: "See here, son, I want to find the Blank National Bank. I'll give you half a dollar if you direct me to it."

With a grin, the boy replied: "All right, come along," and he led the man to a building half a block away.

The man paid the promised fee, remarking, however: "That was half a dollar easily earned."

"Sure!" responded the lad, "But you musn't forget that bank directors is paid high in Noo Yawk."

Happy is the farmer who can always go to the market with something to sell.

ANOTHER LIST IS POSTED FOR DUTY

THE BUSY CITY

A Remarkable Mechanical Novelty.

One of the most unique attractions with the J. F. Murphy Shows is the Busy City. It is a perfect city in miniature, populated with tiny figures of men and women, all busy at the daily tasks of life and absolutely unaided by human hands. There is a tiny railway, with trains running on the tracks, men at work in the mills and shops, and all the other signs of a busy city. There are churches, and homes, some beautiful and elaborate just as we find real life, and the tiny people are shown living in them as real people do, with a touch of home life that is needed in every city to make it complete. The Busy City is an interesting feature to all comers, but specially to those of mechanical turn of mind. Other attractions with the J. F. Murphy Shows are the Motordrome with Dare-Devil Zeke and the Mile-a-Minute girl in their death-defying rides and races. Cullons' South Before The War Minstrels, The Monkey Speedway, real live monkeys in automobile races. The Circus side-show, and ten other novel attractions. Every show connected with this organization is clean, moral and refined and the smallest child can attend any and all attractions and not see or hear anything that should not be. The shows come here well recommended, and will be here the week commencing Monday, November 12th at the Horry County Fair, Conway.

CONWAY RESIDENCE OFFERED FOR SALE

We offer for sale on easy terms the two-story residence of Mr. U. A. Dusenbury, on the corner of 5th Ave. and Elm Street. It has artesian water, bath room complete, stables, garage, and is otherwise desirable as will show for itself. See M. M. Hedrick at Hotel Grace. Part cash, and balance secured by a mortgage on the property.

Horry Land Agency,—adv.

Terms of sale cash on the day of the sale.

W. P. LEWIS, Trustee of J. H. Hunter, Bankrupt.
Dated October 27th, 1917

COUNTING MONEY TO FIND RESULT

Washington.—The Liberty loan apparently has passed the \$5,000,000,000 mark.

A last day drive of titanic proportions throughout the nation netted more than \$1,000,000,000 and was believed to have carried the total several hundred million dollars beyond the maximum sum treasury officials had hoped for.

Federal reserve banks were struggling tonight under an avalanche of last minute subscriptions to form some idea of the grand total. Indications are that they will not complete their tabulation for several days.

At least 8,000,000 persons throughout the country wrote their names on application blanks. How many more did so will not be known until the final count, several days hence. The number may go as high as 10,000,000.

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

HORRY FAIR NOV. 13 TO 16TH

We are expecting to have one of the best Fairs we have ever held this year. Crops have never been better and we owe to ourselves to get out for a little pleasure once a year at least and especially now when we need to keep our courage up and wear a smile. We have prepared for your information and education one of the best exhibits we have ever held. No matter what you may hear you will be greatly surprised at the fine crop exhibits and the work the girls of the various clubs have done and the fine swine and poultry we will show you. There has been a great improvement in all lines of work in Horry in the last month and we have arranged an exhibit that will show this to the fullest extent.

This year we have arranged for entirely new grounds covering several acres just below the Court House on the corner of Lewis Street and Third Avenue. When you come to the Fair drive right on down by the Court House to the corner of Lewis Street where you will see the Fair grounds. Just across the Street in front of the Fair Grounds you will find a large open lot with hitching racks for your teams and just inside the Fair Grounds we have a large parking space for your cars where they will be well taken care of by a competent policeman on duty all the time.

We have engaged the J. F. Murphy Carnival Company to furnish the Carnival Shows and they carry twelve clean high class shows. There will be no Girl Shows or "49" Camps, we are glad to say. They have a large Merry-Go-Round, a Ferris Wheel, Dog and Monkey Circus, a Busy City, The Motordrome, Minstrel Show and many other really entertaining and amusing shows.

Our program includes the first day for our Old Soldiers, the second day for our Merchants, the third day for the Automobilist, and the Fourth day for the Children. We all love children and we want you to come and help us entertain the Children. We are going to admit all the School Children free that day and as usual we are glad to admit our Old Soldiers free every day.

This Fair is an Horry Family affair so we want you all to come and help us make it the Annual Get-Together Meeting of Horry County.

CHAS. R. SCARBOROUGH, Secy.
