Notice in Special Column at the rate of one cent per word each insertion, and none of these taken for less than 25 cents, to be paid for in advance.

THURSDAY, FEB. 14, 1918

S. S. WORKER COMING TO HORRY

A letter has just been received from Mr. R. D. Webb, one of our Sunday School Field Secretaries, saying that Miss Davis could be in Horry on the 16, 17, 18 and 19th of March. We at once accepted and arrangements are being made for five or six meetings. She will very likely be in the Spring Branch section, on the 16th during the day, at Loris on the same night, in the Southern part of the County on the 17th and 18th, and in the Green Sea section on the 19th. A full announcement will be made next week. Miss Davis is well known in part of the county, having visited the county at least once before. She can talk and knows what she is talking about.

—J. C. Spivey, County President.

MANY COLORED AMERICAN CITIZENS

Americans of every section of every class, and of every race have answered the call of their country.

"Twelve million colored people have rallied to the defense of their country in this crisis, and will do their full share in helping to win this world war for democracy." Dr. Robert R. Moton, principal of Tuskegee Institute, successor of Book T. Washington in that office, said recently in an address at the Twenty-seventh Tuskegee Conference.

The colored American citizens will do their part in producing foodstuff on the farm, in conserving food in the home, and in fighting in the trenches in Europe, said Dr. Moton, and in addition the colored ministry and the colored teachers will preach and teach thrift among their race.

It has been impossible to obtain figures on the amount of Liberty Loan bonds purchased by colored Americans in the first and second loans, but it is known that according to their means and ability the colored race were very loyal and active and most liberal subscribers to the loans.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co. doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE.

EDUCATIONAL COLUMN Conducted by the Department of Education.

Important Notice to Teachers.

The teachers' meeting on Saturday was well attended but we noticed with regret that many of the teachers left after roll call or at least some time before the time of adjournment. This is to be regretted; the program is always planned for the benefit of all who attend and the close is equally as important as the beginning. Besides this the recommendation of the County Board that the trustees give \$5.00 to those teachers who attend our meetings was on condition that they really attend not merely that they answer roll call. We feel that it is only necessary to call attention to this matter in order to have a full attendance and sustained interest at our other meetings.

It was decided to dispense with the Field Day Exercises for this year. War conditions are such that we feel that no unnecessary expense should be incurred in any way, that we as teachers should do all in our power to encourage our people in economy and in reducing all expenses to the lowest margin. Much time has been lost in our schools this term as a result of inclement weather and contagious diseases of one kind or another and we feel that it is important that every bit of our energy should be given to making up this loss. We do not feel that we are taking a backward step but simply that are seeking to get the greatest good out of the schools this year. Many other counties are also giving up field day this year for the same reason and we feel sure that our teachers, our pupils, and our patrons will see the wisdom of this step which was decided upon at our meeting on Saturday.

A call for service has been issued to the teachers of our Nation by President Wilson and the teachers of Horry County wish to be among the first to give their services. This call is for help in putting certain information taken from the questionnaires on cards where it will be available for use by the government. It simply requires some time from each teacher who will write the desired information upon the cards furnished by the government for this purpose. We have decided to meet at the court house on Saturday and give as much of our services as possible to this work. Every teacher is asked to come and show her patriotism in this way. Come as early as you can, bring your pen, and lend your aid to your country. Mr. Van Norton will have charge of the work and will give you any needed help. Remember the date, Saturday, Feb. 16th, and be on time.

We have felt the need of some definite information concerning the work of the individual pupil in each grade as a means of enabling the teacher who takes charge in the fall to know exactly what work has been done by each one during the previous term. In this case there need be no doubt as to just where a pupil belongs and no experimenting or wrong classifying of a single one. A certain amount of work must be done and as soon as a pupil's record shows he has done this work he is ready for promotion, not before. In order to make this record easy and accurate we have prepared a series of blanks to be filled out by each teacher and filed in the Superintendent's office. The County Board has decided that these blanks must be handed in with each teacher's annual report before her last pay warrant can be signed. The Teachers' Association concurred with the Board in this and expressed the unanimous opinion that this was

a much needed step for betterment in our school work. These blanks will be furnished by the Superintendent's office and must be asked for in plenty of time so teachers will not have any delay at the closing of school.

Mr. F. A. Burroughs made a most interesting talk upon the present needs of our people and the lessons which our boys and girls must learn through their teachers. These lessons are largely those of thrift and economy, or buying the useful things, thus creating a demand for them and turning labor into the right channels; of not buying the useless things, and thus freeing labor formerly so employed for more necessary work. The teacher's share in this was strongly brought out, especially her duty towards her pupils in encouraging the sale of the Thrift Stamps. A notice calling attention to the Stamp Clubs each teacher and her trustees are asked to form will be found elsewhere in this paper.

—M. J. Bullock, Co. Supt. of Education.

NOTICE TO TEACHERS AND TRUSTEES

The people of our county are not lacking in patriotism as has been evidenced in many ways. Their efforts in producing and conserving food, buying Liberty Bonds, doing Red Cross work, and many other forms of activity have shown their deep interest; but we as a group of teachers and trustees, have not yet united to do our bit in any specific way. Patriotism is not only a duty, it should be a privilege. There is one field of opportunity which seems especially open to us as teachers and trustees, viz: the sale of War Saving Stamps. This sale is designed to help our boys and girls, and our men and women who have limited means. It helps by teaching them love of country—that love which is willing to sacrifice. It keeps them interested in the war and in the part which every one, as an individual, must play in winning it. It helps by encouraging economy and thrift on the part of each purchaser and enabling them to put at interest small sums which will be needed in the days to come. Finally it helps by furnishing money for the successful culmination of the war.

The influence of a teacher upon the lives and character of her pupils cannot be estimated. Realizing this we call upon each teacher in the county to form with her trustees, a committee for the sale of these War Savings Stamps. Mention the stamps daily to your pupils.

Encourage them to economize and purchase. Urge them to form clubs of ten and work to secure a Thrift Club Certificate. Do not try to confine your efforts to your pupils but try to reach every man and woman in the district. Trustees can aid materially by example and influence, and they and the teacher are to sell the stamps. Of course, if there is a post office in a district the trustees will not have to sell the stamps but only encourage purchases by the children and grown people.

Official recognition is to be given by the County Superintendent's office for the purchase of stamps. Whenever all the pupils under one teacher own at least one stamp, send list of names signed by the teacher to the County Superintendent of Education, and that teacher and her pupils will be placed upon the War Savings Stamp Honor Roll. Some teachers and their pupils are already eligible and should send in their rolls at once. All are asked to help. Let us see how soon every teacher in the county can be working in this definite way for our Country's Cause.

VESSELS WILL FLOAT WITH HOLE IN SIDE

New York—Means have been found to make transports unsinkable by submarines, according to a statement made here tonight by William L. Saunders, vice chairman of the naval consulting board, in an address at a dinner of the University of Pennsylvania Alumni.

Mr. Saunders said that one of the ships recently commandeered by the government "now lies at an Atlantic port and in such shape that she can not be sunk by an exploding torpedo." "I can conceive of no reason why this information should be withheld," he added. "On the contrary, I believe it is well that the enemy may come to realize that the time has been reached when American transports are ready for the transportation of our troops which the enemy can not sink."

IMPORTANT NOTICE ON COTTON SEED

"Reports have reached this office that farmers in certain sections of the State are feeding seed to cattle and in some instances using seed for fertilizers. Such a policy on the part of any producer is shot-sighted when the prevailing price for cotton seed is obtainable and results in an economic loss as well as destroying valuable food for man and beast.

"The Food Administration would like to see this wasteful practice eliminated. Rule 4 of the Special Rules of the United States Food Administration prohibits the use of cotton seed for feed or fertilizers without the written consent of the State Food Administrator. It is probable that few farmers who are thus practicing this wasteful method realize the loss both to themselves and to their fellow man resulting in the utilization of cotton seed in this manner.

EVERGREEN NOTES.

Evergreen, Feb. 12.—The health of this community is very good at this writing.

The farmers are busy planting their tobacco beds and they hope the prices will be very good this year.

We are very glad to have Mrs. Florence Cooper and family from Toddville move in our section.

Mr. A. T. Dew of Camp Jackson, Columbia, arrived in Conway Friday night to spend a few days at home.

Mr. and Mrs. L. S. Dew and children of Homewood, visited at A. J. Dew's Sunday.

Mr. A. T. Dew was visited by a large number of his friends Sunday. He received two gifts, one from Miss Ida McSmith of Evergreen, and one from Miss Nancy Dew of Homewood.

Mr. and Mrs. G. J. Watts and Mrs. Florence Cooper of this section visited at L. S. Dew's at Homewood Monday.

Mr. A. T. Dew left Monday morning for Camp Jackson, Columbia, S. C.

If this item misses the waste basket we will call again soon.

Those who write articles for publication in the Herald must be sure that their right name and address accompanies the article, whether they want their name to appear or not; as it is absolutely necessary for us to know who to hold responsible for the facts stated in the items. Sign the article itself by any name you wish, but elsewhere on the paper on which it is written, be sure that you give your true name and address and we will understand.

CON-ES-TEE FERTILIZERS UN-EXCELLED CROP GROWERS

Conestee Fertilizers are manufactured to produce results and meet existing conditions. The same careful attention as heretofore is given to their manufacture. The highest grade materials obtainable, of proven plant-food value, and the most modern method of manufacture are used, and, as a result CON-ES-TEE FERTILIZERS are always perfectly manipulated and in splendid mechanical condition.

All CON-ES-TEE brands are formulated and manufactured with the same degree of care. Bountiful crops produced by the liberal use of CON-ES-TEE FERTILIZERS are the strongest and most convincing evidence which can be produced to prove the high character of CON-ES-TEE FERTILIZERS. The most prosperous farmers are those who use high grade fertilizers liberally and judiciously.

There are none more prosperous than those who use CON-ES-TEE FERTILIZERS.

No company can show a better list of customers. Those who use them are prosperous, and dealers who sell them are reliable.

Insist on CON-ES-TEE BRANDS, and for further information, call on or write the Company. It will be a pleasure to give your inquiries our prompt and personal attention.

CON-ES-TEE FERTILIZERS are manufactured in both Potash and Non-Potash Brands.

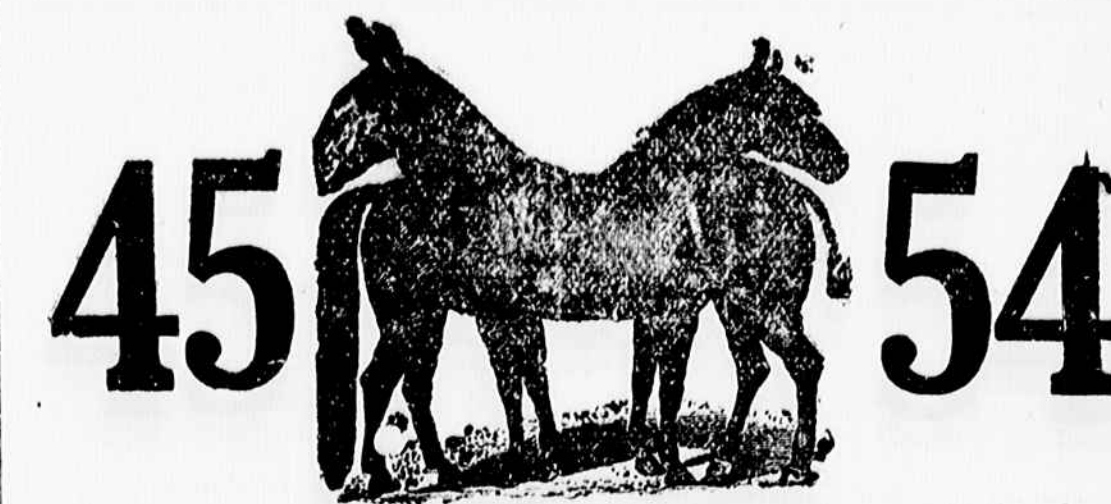

But CON-ES-TEE FERTILIZERS are manufactured only by
