

## CONWAY CHAMBER MAKING SECOND BOOSTER TRIP ON NEXT TUESDAY

The Conway Chamber of Commerce held another interesting meeting on last Monday to consider the making of a second booster trip through Horry County for the purpose of bringing to the attention of tobacco growers the advantages of the Conway or home market, and to impress upon all the importance of selling Horry products at Horry markets, in order to build up home interests.

The move to make the second trip with the Conway band in attendance and a number of good short talk makers, was seconded several times, and when put to a vote was carried by unanimous vote of those present. Many cars were pledged for the use of the committees on which are Messrs. S. P. Hawes, W. A. Freeman, Hoyt McMillan, L. H. Burroughs, Herman Marlow and others. Other cars have been pledged since, it is understood, and the committee has made up the following schedule of places to be visited on this greatest booster trip of all, leaving Conway next Tuesday morning at 7:30 o'clock A. M.:

## LORIS CITIZEN HAS GOOD IDEA

Editor Horry Herald: Please allow me space in your paper to say just a few things relative to the boosting parties who visited upper Horry on Friday of last week.

We had noticed a schedule mapped out by the business men of Mullins to visit Horry. I believe in advertising, also I believe in boosting parties. Every citizen should help to boost his own town and community. I want to congratulate the boosting party from Conway on joining the Mullins party at Green Sea and making the trip over the county with them.

I hope the day is not far distant when Loris, Conway and Aynor will organize into such a strong boosting party over the county until every farmer will almost feel ashamed to market his tobacco anywhere out of Horry. It would mean so much to Horry county, as the Herald has already stated, if every farmer would market his tobacco in Horry and deposit his

money in the Horry banks. Our neighbors, both across the State line and the Little Pee Dee River, will have to admit that the tobacco markets in Horry are as good as they are anywhere in the tobacco belt.

Our banking institutions are second to none in the state, and our business men are equal in every respect to any business men in North or South Carolina. The schools and roads in Horry are as good as can be found in any adjoining county. The fact that Horry is an ideal place in which to live has been proven by the flood of immigration which has been pouring into her borders for a number of years. We are always glad to welcome good citizens from other sections, yet we want to see them become loyal citizens and not wish to return to the flesh pots of Egypt.

If we are so ignorant as not to know what a biscuit is as some of our neighbors have said, then why tack up posters under every tobacco barn and send boosting parties into our territory. They must think that we, "though ignorant," have attained to some degree of wealth.

The progress made by the towns of Tabor and Fair Bluff, N. C., and Nichols and Mullins is largely due to the patronage given them by the farmers of Horry. I am glad that Horry is no longer forced to borrow from our neighbors the brains necessary for statesmanship or the talent out of which good business men are made.

We will thank the people of Mullins very much if they will notify us when their next boosting party is to come this way and we will be glad to cooperate with them and meet them at the river ("the border line"). The first hymn shall be "Shall We Gather at the River." Then it will be our pleasure to pilot them through the most progressive county in South Carolina, and when they have to take their departure, I am sure they will ask us to annex them to Horry county.

## New Ambition for Nervous People

The great nerve tonic that will put vigor, vim, and vitality into nervous, tired out, all in, despondent people in a few days is the celebrated Prunitone.

Anyone can buy a bottle, it is inexpensive, and Platt's Pharmacy, Conway, S. C., and Harrelson's Pharmacy, Tabor, N. C., sells Prunitone in such large quantities, that it proves that it is a remedy of unusual merit.

Thousands praise it for general debility, nervous prostration, mental depression and unstrung nerves, caused by overindulgence in alcohol, tobacco, or overwork of any kind.

As a brain food or for any affliction of the nervous system Prunitone is unsurpassed, while for hysteria, trembling and neuralgia it is simply splendid. Mail orders filled for out of town customers.

## CONWAY MARKET GIVEN A BOOST

A trip through Horry County proposed by merchants and business men of Mullins and which was advertised last week, far and wide, waked up the merchants of Horry to the fact that a powerful pull is being made for the tobacco crops now being harvested through a wide tobacco growing part of the county.

There was a meeting of the Conway Chamber of Commerce and plans were laid to meet the Mullins people, by carrying to the growers of each section various advertising matters telling of the advantages of Conway this year.

The merchants and business men of Conway were organized to take cars on last Friday morning and meet the people at each place in advance of the Mullins visitors. Thousands of circulars were printed and distributed telling in an interesting way the many advantages that Conway has to offer to the producers of the weed to sell it this year on the Conway market; and showing that it is the equal of any in
