**WIRED WAREHOUSE**  
 New wires were run at the Peoples Warehouse just before the opening sales. Among the new lights installed there is one out in front to enable the farmers to drive in at night. There will be a watchman in charge at all hours to help take care of the farmers' interest.

**AMONG BIG HOUSES**  
 W. A. Freeman and his associates were busy for several weeks before the opening sales at the big brick warehouse, the Planters, getting things in readiness for one of the most successful seasons the warehouse has ever had. There are large floors at the Planters and plenty of good light to show up the grades of the weed as it is piled for the buyers.

**NEW LUNCH**  
 S. Joseph, a Syrian, has established a lunch counter and grocery store in one of the Jenkins Buildings on 3rd Avenue.  
 The place was open and ready for business on Saturday before last. The opening was marked by a bargain hot-dog sale on Saturday evening and it was evident that many sales of this sandwich were made.  
 The opening of the place was announced by hand bills distributed on the streets.

they each cover different phases of the work, I think the people of the county would enjoy reading them all.  
 Following are the four letters: Dear Club Members:  
 I am going to give you a short report of my trip to Rock Hills, S. C.  
 I left Conway at 5:45 in the morning and arrived at Columbia at ten o'clock. I left there at 3:30 that afternoon and arrived at Rock Hill at 6:30 that night. They had supper waiting for all club members and Home Demonstration agents. We all went to our rooms and from our rooms to the dining room, and we surely did have a nice supper. Then all club members went out on the campus and played games and told funny jokes to each other until nine thirty, when the roll was called. Ten o'clock was bed time.  
 The next morning we went to our class and from there to the gymnasium, where we played games and ran races until 11:00 o'clock. That afternoon we had a sewing class and after that was over we went down to the swimming pool and went in bathing. They allowed us to go down town one afternoon while we were there. Each day we had judging bread, butter, eggs and tomatoes.  
 I surely did have a nice time with Mother Walker and all the rest of my teachers, but I would have had a better time if my Home Demonstration Agent, Miss Lois Carraway, could have been there. She was very sick and could not go. Nevertheless, I enjoyed myself very much and hope to get another trip there sometime. I surely do think Mother Walker did a fine thing to start the Home Demonstration Club work, and I think that every girl who is in club work enjoys being a member.  
 Club members, I surely hope that all who did not get a trip to Winthrop will get one next year for it surely is a nice college. I want you all to work to get a trip to that nice college.  
 Sincerely,  
 Avis Burroughs.

**Severe Indigestion**

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter... consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.  
 "In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."  
 Have you tried Thedford's Black-Draught? If not, do so today.

**CITATION NOTICE**  
 State of South Carolina, County of Horry, by J. S. Vaught Esquire, Probate Judge.  
 Whereas, S. W. Norwood made suit to me, to grant him Letters of Administration of the Estate of and effects of Mary Jane Sarvis.  
 These are therefore to cite and admonish all and singular the kindred and creditors of the said Mary Jane Sarvis, deceased, that they be and appear, before me, in the Court of Probate, to be held at Conway, S. C., on the 10th day of August 1923 next, after publication hereof, at 11 o'clock in the forenoon, to show cause, if any they have, why the said Administration should not be granted.  
 Given under my hand, this 23rd day of July Anno Domini, 1923.  
 Published on the 26th of July and 6th day of August 1923 in the Horry Herald.  
 J. S. VAUGHT,  
 Probate Judge Horry County.

**BECOMING KNOWN**  
 The resorts on the Horry coast will now outgrow the other resorts in South Carolina, no matter how old the other places are and the large cities or towns they may have near. The world is now travelling in automobiles and not on steamers or railroads when they go out for pleasure. There is no owner who wants to park his car in a strange garage and pay storage while he transfers himself and family to a boat or railroad line to go on to the beach. He would prefer to drive his car on to the strand, and this is what he can do at Myrtle Beach.

**SEVEN HUNDRED**  
 The Peoples Tobacco Warehouse had a total of seven hundred baskets to begin the warehouse work this year. There was already on hand about five hundred, and two hundred more were purchased. This makes about \$800.00 they have invested in baskets for the use at the warehouse of Bowles & Bass.

**TWELVE TRUCKS**  
 A total of twelve trucks were put into service at the Peoples Brick Warehouse last week when the warehouse opened for the first sales of the season.

**EVERYTHING NEW**  
 Everything has a new appearance at the Fullerton Brick Warehouse, the new place recently opened up in rear of the Kingston Hotel for the sale of leaf tobacco throughout the present season.  
 The building was changed in time for the opening sales beginning August 1st.

**No Worms in a Healthy Child**  
 All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 30c per bottle.

**NEW MEAT MARKET**  
 G. Benetato is advertising in this issue the opening of his new meat market on 3rd Avenue. The details of the fixtures recently purchased by him for this market appeared in this paper some time ago.  
 The new market occupies one of the new buildings finished up some time ago by the Burroughs & Collins Co.

**FOUR ACRES**  
 S. S. Cannon of the Pee Dee section of Bucks township, has four acres planted in tobacco this year. He had bad luck with some of the first cropping. It got into too high case and actually moulded. He thought it was lost. He was, however, agreeably surprised when he put it out on the floor on Wednesday, the opening sales, and realized the price of twelve and one half cents per pound for the lugs.  
 He is expecting a good price for the better grades of his crop and he says that the tobacco was doing better after the primings had been gathered and cured.

**WAS SALES DAY**  
 Last Monday was legal sales day at the court house. Several tracts of land were disposed of under a mortgage from H. Mayo Sarvis to the Burroughs Bank & Trust Co., and were bought in by the bank for less than the amount alleged to be due on them.  
 A small tract of land at Little River, S. C., was sold in the case of Bank of Little River against Mrs. Gertrude Justice and went to John E. Vereen for the sum of \$50.00.  
 There was one other tract sold under foreclosure against H. M. King and Lillie King.

**HOME DEMONSTRATION NEWS**  
 During the month of June an annual State short course is held in Rock Hill at Winthrop College for Home Demonstration Club girls. It is impossible for the college to accommodate all of the girls who could attend this short course and so each agent is allowed to choose six of her best club workers to represent her county. Two of the girls chosen from Horry County, however, were unable to attend. The four who went have been asked to send in reports of their trip and as

Dear Miss Carraway:  
 You asked me to send you a report of my trip to Rock Hill and I am sending it as follows:  
 There were only four girls from Horry County and we made up our minds to do the best we could, since the other two girls who were asked could not go. The Horry County girls and the girls from Kershaw were put in a team together, team twelve. The first few days we were there we ate with the Hampton County girls, and they were very nice to us and so was their Demonstration Agent.  
 The work we had to do while up there was very nice. We had several classes. The first lesson we had was making a doll dress; and the others were judging eggs, butter, bread and

# Work!

NO matter how hot the day, how heavy the bearing pressure or how tight the clearance between moving parts, put the right consistency of Polarine into your motor and it absolutely does the work—holds its body and maintains a firm, elastic oil cushion that keeps the metal surfaces safely apart. Three consistencies of Polarine, all of the same outstanding quality, take care of differences in motor design. Pick the right one from the Polarine chart and you can depend on its high-class work.

Polarine flows quickly—low temperatures or high—spreads evenly over wearing surfaces—outwears inferior oils, yet is reasonably priced by the gallon and costs much less by the mile. Years of experience the world over have taught us to combine easy flow, positive work, long wear and low mileage cost and give you Polarine for absolute lubricating satisfaction.

STANDARD OIL COMPANY  
 (New Jersey)

The Polarine Chart specifies the consistency of Polarine that correctly combines flow, work, wear and low mileage cost for your particular motor. Consult it at your dealer's.

Say "Polarine"—not just "a quart of oil".

# The Planters Warehouse

Conway, South Carolina.

So far this season we have averaged at the top of this market, and we believe as high as any in the State.

We are getting the business and will continue to get you the highest price for your tobacco.
