

GOLDFINCH WILL HAVE BIG SALE

Goldfinch Brothers are planning extensive improvements in their big dry goods and furniture stores. Material is now being hauled for making alterations and they find they must reduce their stock to make room for workmen to begin. These young men, born and reared in Horry county and therefore knowing the needs of the Horry trade, are to be commended for their progressive spirit and merit large patronage from the people of the county. Their immense stock must move at once in the big Opportunity Sale as advertised in this issue and in the large circulars being distributed.

Shop early and get the cream of the bargains.

TEACHERS FALL EXAMINATION

The fall examination for teachers will be held Friday and Saturday, August 24 and 25, respectively, at the County court house. This year the examination will be held in August instead of October.

Every person who intends to teach in Horry County and who does not already hold a certificate is urged to take this examination. If permits are issued or recommended, those who come and make an honest effort at passing the examination will be given first consideration.

E. C. ALLEN,
County Supt. of Education.

TAKES BAD NEGRO

Jim Cox was reported to the city authorities last Saturday night as having an ugly looking gun in his pocket. Holt, of the police force went after him but failed to find any pistol on him and he was allowed to go his way that time.

On Sunday morning, Steven Vereen, another negro reported to the police that he had been threatened by Cox while in a drunken row on the hill. On Sunday afternoon Cox was arrested under charges of disorderly conduct and placed in the guard house to await trial on charges last Monday morning. Cox bears a bad name and already has a record in the town court.

TELLS WHY HE HAS CAR LINE

I wish to explain to the people of Conway and other places my connection with the Conway-Marion Auto Line. When the Conway-Marion Line was first established I was employed to drive the bus on one of its trips. Owing to circumstances not necessary to repeat, I severed my connection with the Company and put on private cars on the line. Later seeing that the Chamber of Commerce felt indebted to the Company, as they had been active in getting them to come down here and put on the bus, I took the cars off the line. A few months ago when the Messrs. Bagnal offered me the chance of buying the bus line, while considering it Mr. Harry Bray approached me on the subject of purchasing it on a fifty-fifty basis with him, which I agreed to, and I also agreed, at his suggestion, to let him conduct the negotiations entirely by himself. Having explicit confidence in him, I was quite dumb-founded when I learned that he had bargained for the bus entirely for himself, quite forgetting his offer of fifty-fifty with me; and days passed by and he never gave me any explanation whatever and up to the present time he has not so favored me with any; I decided that he had handed me a raw deal; I decided also that the roads of South Carolina were as free to me as to him and that I would figure with him on the basis he handed to me.

So, consequently, I entered the game on the line and I wish to say to the people that I feel that I am not in the wrong in this matter, and appreciate the kindness so many of the people have shown me and thank them kindly for their patronage and hope to have their continued support.

I also feel that I should apologize to the Town of Conway for the ungentlemanly encounter I was forced into last week I think if any one will take the time to investigate they will find that it was the first time my name has ever been written in any court, and that disorderly conduct is entirely out of my line. Furthermore, I will be glad to prove the truth of what I have here stated.

JESSE H. ANDERSON.

PLANTERS WAREHOUSE

The Planters Warehouse continues to have big sales every day in the week except Saturday. Their advertisements appear in the paper each week. Read what they have to say to the growers. They have one of the largest warehouses

STUNG BY FISH

B. T. Frierson of the Conway Trading Company had an encounter with a jellyfish while in bathing at Myrtle Beach a few days ago. His arm came in contact with the tentacles of the fish and he was severely stung. The place became inflamed so that he had to carry the member in a sling after applying the usual remedies and bandages.
This sting appears to be the only weapon carried by the jellyfish now infesting the waters of bathing places more than usual.

SOME GOOD SALES

Some good sales of first curings on the Conway market this week were: J. L. Hyman; a large lot divided into many piles and which brought the following prices in regular order: 37c,

thirty-three cents, twenty two and a half cents, thirty-six cents, thirty-two cents twenty-eight cents, twenty cents and twenty-six cents; S. E. Barnhill who sold at nineteen, thirty-five and twenty-eight cents; G. C. West who sold at twenty-eight, twenty, and forty-two and twenty and a half cents; J. R. Jones who sold at thirty-four and twenty-three cents; and J. H. Graham who sold at nineteen and thirty cents.

PEOPLES WAREHOUSE

Read the advertisement of the Peoples Warehouse appearing in this issue. Bowles and Bass are publishing this week some of the prices paid to farmers the first days of this week for piles sold on their floors.

CONDITION OF COTTON

"South Carolina cotton crop now hanging in the balances and next 30 days will register success or failure of farmers to control the boll weevil," says B. B. Hare, Agricultural Statistician in South Carolina for the United States Department of Agriculture. According to Mr. Hare's report the crop is very spotted. In some sections normal plant growth has been obtained and prospects on July 25 were very good, whereas in other sections, especially central and northwestern counties, plant is small and crop backward. Weevil control so far has been quite successful, due largely to favorable weather conditions and "everlasting team work" on the farm. However, rains have become more or less general within the last week and the weevil is appearing in increasing numbers. With continued rains or cloudy weather heavy damage will most certainly follow from weevil infestation, but with fair weather and sunshine there is yet a chance for a good crop, provided farmers are as persistent in fighting the weevil throughout the month of August as they were in June and July.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that white Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health.
Sold by druggists for over 40 Years.

Next spring will bring an increased strawberry acreage in this section of the county.

How To Stop Habitual Constipation

Most Any Medicine Will Relieve Temporarily. To Stop Entirely Is Another Problem

Many people have this disagreeable thought worrying them daily. Purgatives and laxatives prove to be fine for a day but leave them worse off than ever.

The secret of the success is in getting at the seat of the trouble. A liver filled with impurities and poisons can never be made to perform properly. Cleanse it thoroughly for once and the trouble is over. The cleansing, however, cannot be done overnight, but must be done systematically. Here's the way:

Buy a 30c bottle of Dr. Hilton's Life for the Liver and Kidneys No. 2. Take 2 table-spoonsfuls the first night and follow it with a smaller dose each succeeding night. You will find that it will thoroughly cleanse the liver and kidneys, strengthen them and prepare them for normal function and purify the blood. It is excellent also for improving the appetite, Dyspepsia, Indigestion, Nausea, Sick Headaches, etc. If your druggist can't supply you, write Murray Drug Co., Columbia, S. C., for a bottle.
