

**ELECTION.**  
Next Tuesday is election day, and the President, U. S. Senator, Congressmen and State and county officers will be elected. In South Carolina Bryan will receive the majority of votes and those nominated in primaries will be elected beyond doubt, but the people could turn out and vote with the same spirit and enthusiasm as was manifested in the primaries. It will show that the people appreciate Bryan and the men nominated in the primaries. Besides there will probably be an effort made at the next session of Congress to reduce the representation of the South, especially South Carolina, in Congress. The excuse for the proposed reduction in the members of Congress from the South is the so-called disfranchisement of the colored voters, but the real reason is the fear of the republican party concerning the old South since the Democratic gains in other sections of the union. Bryan has secured them awfully and they are using every means to defeat him and demoralize the democrats. This is the last week of the campaign, and Bryan and Roosevelt will make the best of the opportunity. Everywhere Bryan has received a most cordial welcome and no speaker was ever honored with larger audiences. He is gaining ground daily and since his speech in Chicago, the Democratic leaders claim the great State of Illinois for him.  
Tuesday the voice of the people will be heard and the fate of the candidates sealed, and should Bryan be elected, let every democrat say, I helped to bring about that result. So lay aside your business and go to the polls.

**Court.**  
The Journal has already published the proceedings of the court of general sessions for the first two days. On Wednesday the first case called was against Leverett Jones for assault and battery with intent to kill. He was found guilty of assault and battery of a high and aggravated nature, not guilty on the second count. The sentence was, "Let the within named defendant, Leverett Jones, pay a fine of one hundred dollars or be imprisoned at hard labor upon the public works of the county of Pickens for four (4) months, or be imprisoned at hard labor in the State penitentiary for four months." Mr. Carey represented the defendant.  
Messrs. Morgan & Blasingame presented Joe Burdine, who was on trial for disturbing religious meeting. The jury rendered a verdict of not guilty. Joe Burdine was immediately put on trial for assault with intent to kill and carrying concealed weapons. He had the same lawyers and the same jury but did not meet with quite such good luck, for he was found guilty of carrying concealed weapons. He was sentenced to pay a fine of forty dollars or work thirty days on the public works of Pickens or go to the penitentiary for thirty days.  
Mr. A. Blythe represented Prater alley, charged with assault and battery with intent to kill and carrying concealed weapons. He was acquitted of simple assault and battery and not being at the trial, a sealed sentence was left for him on his return. The court of general sessions was adjourned sine die and the court of common pleas convened.  
The first case attracted considerable interest. It was the damage case of Rowland Chastain vs. M. Welborn and the sum claimed by the plaintiff was five thousand dollars. Messrs. Morgan and Blasingame represented the plaintiff and Mr. Carey and Mr. A. Clark Elborn represented the defendant. The case was hotly contested on both sides and many witnesses were examined. The plaintiff gained a verdict of seventy five dollars and costs, which have been paid and added to the case.  
D. A. Tompkins Company obtained judgment against W. A. Neal eighty-one and 81-100 dollars account for machinery, &c. Ivy Mauldin represented the plaintiff and Mr. Boggs, the defendant. Corrie L. Boggs got a verdict against B. B. Gilstrap and J. J. Rogers for the return of the property described in the complaint or value (one hundred and forty-three dollars) in case a return there cannot be had. Mr. Carey represented the plaintiff, Messrs. Morgan and Blasingame, the defendant.  
The next case was that of A. M. Harris vs. J. E. Boggs, administrator of F. R. Partridge. The plaintiff obtained a verdict of one hundred and thirty dollars, subject to the plea of plene administravit.

represented the plaintiff.  
Thomas Loooper got a verdict against Samuel Mansel for the sum of fifty two dollars, and the same has since been paid.

**EDUCATIONAL.**  
CONDUCTED BY W. W. F. BRIGHT,  
County Supt. of Education

**THE TEACHER OUT OF SCHOOL.**  
At the beginning of the school year there is no reason to doubt that every teacher is brimful of enthusiasm. In fact the teacher who is not, is entirely out of his sphere, and had better resign before a failure rather than after one. There is usually no danger of over-enthusiasm, although it sometimes happens that the outpouring is shown in the wrong manner. Artemas Ward said, that the greatest thing about George Washington was that he "never stopped over." And it is a good thing for us to bear in mind that success comes from determined, yet self-governed effort.  
Don't begin by finding fault with your surroundings.  
It often happens that the teacher gets the reputation of being "stuck up," especially in a rural community, simply because in an unguarded fit of despair, she gives vent to her feelings that Podunk was the last place created, and she doesn't know what she is there for. "Be it ever so humble there is no place like home." So for the sake of peace of mind, never give expression to your feelings unless such expressions be one of calm satisfaction.  
Be careful of strangers. Treat all courteously, but beyond that hold your peace until you have had an opportunity to size up the community. Many a teacher makes a failure at the start, because she is indiscreet in her associates whom she chooses on short acquaintance in a place. "All is not gold that glitters," should be remembered by every stranger on entering a new place. We often find those peculiar personages whose delight it is to fasten themselves to the newly installed pastor, or the "new" teacher, but who stand shabbily among those who know them best. Beware of all such!  
Go to church? Yes, but keep your individual ideas to yourself. Never mind if there is not a church of your creed in the place, swallow your creed and keep it subdued. The minister hired for his creed; you are another purpose.  
Be social? Yes; but not a gossip. Inquire into no one's business, and make no comments when a piece of "news" is confidently related to you. Be taken into no one's confidence; and do not promise to keep any secrets that some one may feel compelled to relate to you. Be social but not what William Hawley Smith would call "long on gab."

Got any political ideas? Keep them to yourself. Do not express any sentiments on either of the two great political parties. In other words, what you could say with impunity if you were in a place six months, would very likely weigh heavily against you as a new comer.  
Don't flirt. Don't even give people an opportunity to accuse you of it. The old maxim of the cat watching the mouse might apply to the people watching the new teacher in a rural village.  
One should not be seen too much on the street. Act as if you had some business and were attending strictly to it.  
Avoid being boisterous, and avoid the company of those who are noisy or uncouth.  
The time has arrived when it is no crime for a teacher to ride a bicycle, but this at first should be indulged in with moderation.  
Be scrupulously careful of your toilet. Beware of ostentation—large hats and flashy dresses. Do not wear a hat loaded with wings or whole birds, and expect to make much of an impression when you attempt to teach love for birds, and kindness to animals. Let not your own habits be a mockery to your works!  
In short for a time keep yourself out of public view. Show that you are in your position for work, and not for personal pleasure. Attempt no great reforms. Attend neither card parties nor dances. Have a kind word for everybody who addresses you, and show your

your pupils whom you meet on the street out of the school-room.  
Do not be fussy at your boarding place, but do all in your power to adapt yourself to the environment, and as soon as possible let it be felt that you are one of the family.  
Many teachers fail to realize the great power of a little outside policy. Work up the personal popularity by slow but steady degrees and as the months pass by, little by little, (teacher because a power in the community, and his or her silent influence is often felt through several generations.—Teachers Institute, N. Y.

**Thousands Have Kidney Trouble and Don't Know It.**  
How To Find Out.  
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; if you frequently desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.  
What to Do.  
There is comfort in the knowledge as often expressed, that Dr. King's Swamp Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c and \$1.00. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, if you send the name of the druggist who sold you Swamp-Root, Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.
