THE first frost of the season made its appearance on last Wednesday morning.

THE President of the U. S. has designated Thursday, November 29th, as a National Thanksgiving day.

OWNBEY BROS. "Good as Gold" 10c. Tobacco, still in the lead.

MR. H. J. GIGNILLIAT and wife have returned home, after making a pleasant trip to Louisville and the Mammoth Cave.

M. J. SMITH and W. A. Clyde exchanged places yesterday. Mr. Smith going back to his residence and Mr. Clyde to the "Easley Hotel."

PROF. MCCASLAN, of the Piedmont Institute, passed through town last week. His address betokens for him a fine control over the young ladies.

MR. EPHRAIM SMITH, a citizen of Bushy Creek Township, Anderson County, died yesterday morning. He was an honorable, upright and highly esteemed citizen.

MR. J. G. THOMPSON, of the "Sentinel," was in town last week. Will be glad to see you again Captain, and protract your stay a little longer next time.

A CHOICE lot of fine Groceries, of every description, cheap at OWNBEY BROS.

MR. ELIAS DAY has left at our office a lot of turnips, of Ruta Baga, Tankard, Munich and Flat Dutch varieties. They are the finest in flavor and size of any we have seen this season.

MR. G. W. TAYLOR, of the "legal profession" of Pickens, rendered things radiant in Easley with his courtesating countenance last week. Come again, dear friend, and bring good luck with you.

MISSES Sue E. Lewis, of Pickens, and Fannie Hoke, of Seneca, graced our town with their presence last week. They arouse so much latent life in the soul, that they should come to Easley frequently.

THE many friends of Miss Mamie Barton will be glad to learn of her permanent stay in our midst. She is stopping at the residence of Mr. W. W. Robinson, Sr. More pleasure for Easley.

WE call attention to the advertisement of J. H. Morgan & Bro., of Greenville, which appears in this issue. They are men of enterprise, ain't they "Sentinel"?

Also, to the new important advertisement of W. M. Hagood & Co., who too, deserve notice.

MR. ED. NALLY let his head come in contact with the lever of E. H. Barton's Cane Mill yesterday morning, and received two severe cuts, which laid bare the skull. One on the right side of the head about five, and one on left about 2 1/2 inches long. Dr. J. W. Quillian dressed the wounds.

YOUNG couples sometimes take circuitous routes in order to get around the old folks. They walk the Square truly, handle the blasting powder to clear their way, drill slowly and reach their destination late. When the Father arrives, he is surprised to find the young folks are missing.

FREDERICK BLASSENGAME, colored, caught an Opossum last Saturday night which weighed thirteen pounds. "Sentinel," do you think it should have brought 8 cents per pound, or on account of the multiplicity of opossums and pounds, that about 3 cents would have been enough for it per pound?

WILLIS SMITH, a colored youth, who has been working at the Gin of Mr. G. W. Kelley, near this place, on last Friday let his right hand get caught by the saws of the Gin, and before it could be extracted the entire hand and nearly all the flesh on the arm below the elbow, was torn off. His arm had to be amputated above the elbow. The Drs. Gilliland, of this place, performed the operation. At last account he was doing very well.

A TERRIBLE accident occurred at Mr. R. Duke's Mill, on last Monday. Johnnie, a three year old child of E. T. Dorsey—the miller—was playing around an upright shaft when his clothes caught upon the heads of some bolts at a joint in the shaft, and the little fellow was whirled around at a frightful speed until his clothes were all torn from his body. Dr. J. W. Quillian was called to see him, and found that his left thigh was broken, right shoulder crushed, and a gash about three inches long across the back of his head. The little fellow was doing well when last heard from.

MR. J. A. COBB, a resident of Easley, brought into our office not long since, a rare curiosity. It was the Governor's Seal of South Carolina, made of bees-wax, in perfect shape, and bearing on its faces, the motto of our beloved State. In the days of her "pristine glory," the Seal was attached by means of a ribbon to all grants made by the Governor. Mr. Cobb says

he has in his possession the old land grant to which this seal hung suspended. To those who have never seen such a seal, we would say call and examine it. It measures about three inches in diameter, and about one-half inch in thickness.
