Greenville
MACHINE WORKS

AND
IRON FOUNDRY,

R. M. MacDONALD, Prop'r.
and Manufacturer of all kinds of Machinery, Brass and Iron Castings made to order.

I am agent for the Judson Governor, and can duplicate any part; also the

HANCOCK INSPIRATOR,

which I can fit to any boiler. The safest and simplest means of injecting water into a boiler. Information cheerfully furnished on application. I have on hand Steam Gauges, Fittings, Valves and Steam Pipes of all sizes. My stock is first-class and from the best manufactures.

Write for prices.

R. M. MacDONALD—Dear Sir:

We have one of the Hancock Inspirators, No. 12 1/2, furnished by you, in use supplying our 40-Horse Power Boiler with water, and consider it equal to, if not superior, to any in use. We cheerfully recommend it.

Shumate, Grady & Nichols.

R. M. MacDONALD, Greenville, S. C.

—Dear Sir: The No. 17 1/2 Hancock Inspirator placed on my 50-Horse Power Boiler by you, proved a success so far in every particular, and as a boiler feeder, I believe it has no equal. Before I secured your Inspirator I suffered from uneasiness, besides the ex-

pense of keeping our steam pump "in repairs." It does its work promptly. Can recommend it to any using a boiler feeder. Respectfully yours

George Putnam.
R. M. MacDONALD, Greenville, S. C.

—Dear Sir: The No. 8 1/2 Hancock In- spirator you put on my Portable En- gine last summer. I consider it far superior to any pump I have ever seen. In fact I could not get along without it.

Would advise all owners of steam en- gines to use them.

Respectfully yours
E. F. Algood.
