DR. TATE RESIGNS; SORROW IN BELTON

The Beloved Pastor of the Baptist Church Announced His Decision Sunday

Belton, April 6.—It is with deepest regret that we announce the fact that our beloved pastor, Rev. W. T. Tate, resigned his resignation to the First Baptist Church, at the regular quarterly conference Sunday morning.

Mr. Tate has held this position for about fifteen years, and surely no man has ever been truer to his trust and to his religion than he has. When he came here there was not the brotherly love existing between the churches that exist today. He, by his broad-minded christianity, has brought about this marked change. Under his guidance and by his efforts our splendid new church was built and by his prayers and beautiful sermons, and most of all, by his godly life many souls have been saved in Belton, and we sincerely feel that the church has suffered a staggering blow by this decision of his to leave.

We pray God's richest blessing on him and his family wherever they may go.

PELZER SOCIAL

Pelzer, April 6.—This town has been filled with many visitors during the week.

Business is opening in full blast just now and the crowds on the street and square, remind one of just before Christmas. Don't wonder. Just think a minute. Easter candies, rabbits and eggs and real live little biddies are almost here. Did we say new dresses and Easter bonnets, too? Indeed, we did, hence the crowds on the streets. Easter shoppers.

The opening at the Palmetto Dry Goods Co., was quite a success last week, as well as the one at W. H. Welborn & Co. at the same time. Miss Walton, who is with W. H. Welborn & Co., and also Miss Smith, who is at the Palmetto Co., are charming ladies, as well as expulsive milliners, consequently the ladies from the surrounding country are delighted to get their new hats in Pelzer. The Pelzer Co., has had its houses all painted and all the wood mercantile establishments have on a nice, new coat of paint, a fine step towards "town cleaning-up."

Mrs. W. A. Garbrell is very sick. Her many friends wish for her a speedy recovery. This good and noble lady is one of the very best this writer has ever met. Everywhere that she is, there is an abundance of sunshine and good cheer.

Have learned since writing the above that Mrs. Cann's hip and arm are both broken. She is resting as well as could be expected.

Rev. Mr. Peeler filled the pulpit at Zion Sunday giving us the fifth Sunday. The church was well filled and enjoyed the sermon which was so ably delivered.

We are glad to see so many visitors at church. Everybody is invited to all our churches.

Miss Merley Moore of Anderson was visiting her parents, Mr. and Mrs. W. H. Moore in this section last week.

Quite a number of our children together with the teachers and parents went to Anderson Friday for the field day. The writer had the privilege of attending and thinks if the educators of our state will repeat such efforts often and make the success of last Friday that we will soon have done with such political strife as we have just passed through. It is needless to add that with such opportunities repeated as often as advisable we will not have neighbor arrayed against neighbor any more.

The many friends of D. S. Holson are urging him to make the race for county commissioner for this district of the county. He has not fully made up his mind. His friends hope that he will enter as he is a good man and would give good service if elected.

CAPT. M. C. WILLIS HERE.

Says He Will Make a Good Race for Adjutant-General

Capt. Monroe C. Willis, quartermaster of the First regiment of the state militia, is in the city in the interests of his candidacy for Adjutant-General of the state militia.

Capt. Willis is a great favorite in Anderson, and during the encampment last summer was given a great deal of attention by friends in the city. His race is being watched with interest. There has been some talk of Anderson having a candidate for this position in case Capt. Willis does not run, but he says that he will put the Monroe doctrine into the state national guard, he being the Monroe. Furthermore, he is a good soldier.

The program committee, in honor of this, the first meeting of the library, have prepared a delightful program on South Carolina authors.

All the members are urged to be on hand promptly at 7 o'clock. This is a good chance to learn more of our own writers as well as to see the beautiful new library. The greater part of the books are in now and any town would be proud of a library like this and we predict for it, the very best success and when the list of books is published so that everyone can know the class of books on hand we are sure the room will always be crowded with those seeking information and pleasure.

Birthday Party

Belton, April 5.—Little Miss Ruth, daughter of Mr. and Mrs. Parker, who resides on River street, is seven years old today, and her parents made this day a very happy one for her and her many guests, class mates at school, etc.

The afternoon was pleasantly spent in all kinds of games calculated to please the little ladies. Refreshments were served, ice cream, cake and fruit. The color schemes being pink and white. Souvenirs, white Easter rabbits with pink eyes.

This party of little girls had "The Time of Their Lives" and at the close of the entertainment each wished the little hostess many happy birthdays.

TUBS FOR EVERYBODY

Big Sale at Sullivan's Belton Store Saturday

Belton, April 4.—Belton had a sale Saturday—a top sale—and it was a big sale too. There were big men and little men, fat men and lean men, busy men and idle men and there were white women and colored women, well-dressed women and women in rags, in fact, men and women of all descriptions, all buying tubs. It really seemed that the whole town was preparing for a general spring cleaning from the way they bought tubs.

The Sullivan Hardware Company advertised that they would sell galvanized iron tubs—the 65¢ variety, for 35¢, at 11 o'clock on Saturday and this advertising is what caused all of the rush. They sold seventy-two tubs in eleven minutes. All Saturday afternoon tubs could be seen on all the streets and roads leading out from Belton. Buggies had the tops down and filled with tubs and wagons had tubs in with the fertilizer—everybody was loaded up with tubs and all because the Sullivan Hardware Company had sent a little time and money in advertising. It proved that advertising surely does pay.

BOY SAVES PLAYMATE FROM DROWNING IN ROCK QUARRY POND

Alanta, Ga., April 4.—Roy Holbrook, 10, was being acclaimed a hero Friday following the rescue of Rupert Speaks, 9, from death in the Rock Quarry pond. Roy saved his companion at the risk of his own life.

Speaks, a flaxen-haired, blue-eyed little fellow, and his friend Roy decided to "go in swimming" Thursday. Rupert plunged in, was seized with a cramp and almost before his companion was aware of his danger was struggling for life.

Holbrook plunged in immediately and, grasping Rupert by the hair, dragged him ashore, unconscious. Passerby carried the boy to his home at No. 517 Simpson street, where physicians, after five hours, were able to resuscitate him. Speaks is the son of E. H. Speaks. Holbrook resides with his parents at No. 270 Sunset avenue.

EVERYBODY HAPPY RACE INTERESTING

Political Pot Is Bubbling in Anderson Over the Race For Seat In Congress

The political pot in Anderson, so far as the Congressional race is concerned, is certainly simmering and almost bubbling. With A. H. Dagnall trying to make up his mind about the race, Fred H. Domick here going after the Anderson voters, V. B. Cheshire campaigning every day and W. W. Bradley, Mr. Alken's private secretary paying occasional visits to Anderson, it would seem that much is being accomplished with the candidates.

It has been understood in Anderson that Mr. Cheshire had decided to withdraw from the race and make the campaign. Mr. Cheshire said yesterday that there is nothing in this report and that he is with them to a finish in the race. He believes that his chances of winning are excellent.

Mr. Domick is quartered at the Chiquita hotel and will be here part of this morning, then returning to his home at Newberry. He arrived Thursday evening and while he has little to say about the race it is evident that he considers his chances as good as any.

Mr. Dagnall has not yet made any definite announcement as to whether or not he will run, but his friends say that they believe he will. It is conceded that Mr. Dagnall would make a strong campaign and get many votes, not only in Anderson but in other parts of the district.

ANDERSON SAILOR HOME ON VISIT

Fant Todd of the Battleship Wyoming Here on Furlough of 30 Days After Long Absence

Fant Todd of the battleship Wyoming arrived in Anderson yesterday for a visit to his mother, Mrs. H. E. Todd. Mr. Todd is on a furlough of 30 days while his ship is at the Brooklyn yard for repairs.

The Anderson man has toured practically the entire world during the past two years and has seen many strange and interesting sights, of which he gives a most vivid description.

Mr. Todd had a very interesting collection of pictures taken in different parts of the world.

His "big jacket" is receiving a hearty welcome on all sides from his Anderson friends and from his many relatives.

LETTER FROM THE STATE CAPITAL

By A. D. Oliphant

Columbia, April 6.—Now that Columbia has been placed in the fifth federal reserve district with Richmond as the reserve city in which the regional bank will be located interest centers in the location of the branch reserve bank, which it is believed will be established in this territory. The location of the branch bank will be left with the nine directors of the regional reserve bank in Richmond, six of whom will be chosen by the member banks an dthree of whom will be named by the federal reserve board.

Columbia on account of its central location and excellent mail facilities has the endorsement of many South Carolina bankers as the best location for the branch reserve bank. This institution will probably be used to clear the banks of South Carolina and possibly a few in North Carolina. The board of directors of the regional reserve bank of the district has the right though, under the currency act to fix the powers of the branch banks of the district. The board could make the banks pocket editions of the district reserve banks in Richmond with the right to lend money to and discount paper for the member banks.

The Columbia Clearing House association is asking bankers in South Carolina to certify their previous endorsement of Columbia as the place for the location of a regional reserve bank by sending in new endorsements of the capital city as the logical location of the branch regional bank which it is believed the board of directors of the district reserve bank will establish.

The state at large as well as Columbia is interested in the announcement that hereafter the Columbia Railway and Navigation company, which Columbia and Georgetown will be enabled by agreement with the Clyde Steamship company to place cotton piece goods in the markets of the north and east at a great saving over railroad freight rates at present in force. The Hampton cotton mills in Columbia have taken advantage of the new tariff to send a large shipment of its finished product to Georgetown by the boats.

The Columbia Railway and Navigation company is now building from Granite to Columbia a line of railway to connect with the Seaboard and Atlantic Coast Line near the union station. When this line is finished the best line company will be in a position to accept orders for the delivery of freight shipped from the north to Columbia by the water route, consigned to interior points in the state. The company using its own railroad and locomotives can place cars for delivery to any point in the state in the joint yards of the railroads. Under the law these cars must be moved within 24 hours after they are placed in the joint yards, thus preventing discrimination against the freight shipped to Columbia at the low water rate.

Since the purchase of the steamship steamboat, Ruth No. 2, and the establishment of a good schedule between Columbia and Georgetown, the merchants and jobbers of Columbia have been giving the boat line about all the freight it could handle between Columbia and Georgetown. But until the new tariff on cotton piece goods was put into effect the boat line has been hampered by the lack of cargoes on the trip from Columbia to Georgetown. It had to send its boats back to Georgetown practically empty. Of course, the return trips were made at a dead loss. Now though the mills are giving the boats bound to Georgetown large cargoes of cotton piece goods.

The municipal campaign for the election of a mayor and two aldermen of the city of Columbia is in full swing. From the way in which it has opened up it promises to get pretty heated before the first primary election on May 5. Mayor Wade Hampton Gibbs, the first mayor of Columbia under commission government is offering for re-election.

Earle is opposed by Dr. L. H. Green and J. F. Senter Earle, the latter for a member of the city council. Gibbs defeated Earle for mayor in 1910 when the first election under the commission government was held. Earle was elected to the city council in 1912, defeating Robert W. Shand, election. Earle is an astute politician and has a large following. W. F. Stegitz and R. J. Block, the two members of city council, whose terms expire in May are offering for re-election. About half a dozen other candidates are out already for their places. There are rumors that a dark horse may enter the race for mayor, but nothing has developed yet and it looks like it will remain a three-cornered affair.

Gibbs and Earle are the candidates who will probably be in the second race. Three thousand or so citizens have qualified to vote in the municipal primary by paying their taxes and getting city and county registration blanks. The registration is heavier by 650 than in 1912. Of this 650, 350 registered from the three new wards as Columbia which were formerly Shandon, Waverly and North Columbia, so the actual increase in registration is only 300 over what it was in 1912.

There seems to be little interest except among professional politicians in the state democratic convention which meets in Columbia May 20. There is little evidence of activity on the part of candidates for the United States senate or for the state offices and congress.

The state convention of the Travelers Protective association of America will meet in Columbia on May 7 and 8. Post B of Columbia is making elaborate arrangements for the entertainment of the convention. Among the entertainment features are a trip down the Congaree river on the steamer Ruth No. 2, an entertainment by John J. Cain at the Jefferson, a banquet at the Jefferson and automobile ride over Columbia, ending at Ridgewood club. Post B has a large fund in hand to defray the expenses of entertainment. T. P. A. all over the state are looking forward to the rally and good time in Columbia in May. Post B will see that they are not disappointed in their expectations.

A notable gathering of men high in Masonry will be held in Columbia on the night of April 13 when the union council No. 5, will have as its guests several of the officers of the general grand council of the United States and of the general grand chapter of the United States. The general grand officers will stop in Columbia on April 13 on their way to Sumter for the meeting of the grand council of South Carolina and the grand chapter of South Carolina on April 14. Union council No. 5 will tender the victors a banquet. Degrees will be conferred at the meeting of the council which the general grand officers will attend.
