

# NEAR WAR ON IN COLORADO

## MEN, WOMEN AND CHILDREN ENTOMBED IN MINE, AFTER IT IS FIRED

### MILITIA IS HELPLESS

#### Battle of Strikers and Troops Lasts All Day and Bloodshed Is Reported Great

(By Associated Press.)  
Denver, Colo., April 22.—Green Canyon Mine and Mine No. 9 at Delagua are burning, according to advices received at headquarters of the United Mine Workers here. It was also said women and children from Delagua and Hastings have boarded a freight train for Trinidad.

#### Manager Murdered.

Trinidad, Colo., April 22.—A report said to have been received from Major Hamrock late today stated that Manager J. W. Siple, of the Empire and Southwestern Mines, had taken refuge with some of his men in the Empire Mine, which then had been sealed and fired by strikers.

#### Bodies of Women Found.

Trinidad, Colo., April 22.—The bodies of eleven children, two women and one man were found late today in and about the ruins of the Ludlow tent colony by a searching party sent out here by the American Red Cross Society.

The bodies are being brought to Trinidad.  
Trinidad, Colo., April 22.—Six mine employees dead and two missing; three men, two women and a baby reported to be entombed in a burning mine; several mining camps destroyed and others riddled with bullets, less than two hundred militiamen and company guards confronting an army of striking coal miners estimated by strike leaders at more than four hundred—this was the situation when the sun set on the third day in the southern Colorado labor war.

#### Appalling Is Story.

The list of dead on the side of the coal mine operators as the result of the day's fighting, included the name of William Waddell, superintendent of Empire and Southwestern Mines of Fuel Company.

A persistent but unconfirmed report had it that J. W. Siple, manager of the Empire and Southwestern Mines of the Southwestern Fuel Company, with two women, a baby and two men, had been sealed in the Empire Mine, which then had been set on fire by strikers.

Advisers tonight asserted only one fighting man had been killed in the day's battle, and that two others had been reported wounded.

#### Battle Starts Early.

The firing at Delagua began soon after daybreak, with a clash between mine guards and a large body of miners. This fight occurred in the hills a mile or more from the camp, where the guards are declared to have gone to meet the approaching strikers. There was hot fighting at close range for a few minutes and then the guards retreated toward the camp, the pursuing strikers at their heels.

The strikers reached the crest of the canyon directly above the camp, then rushed for the mine building. Mine company reports declared that in this rush dynamite was exploded by the men from Ludlow in steel, attacking party.

A party of militiamen, hastily sent from Ludlow in steel cars, reinforced the guards and after heavy fighting the strikers were driven back.

Shortly afterward a party of strikers appeared in the Aguilar district, separate from the Hastings-Delagua canyon by a high range of hills. The assaults of Delagua in the meantime had vanished in the direction of Aguilar.

The attacks on the Aguilar mines followed.  
Ludlow headquarters were jammed with strikers at Trinidad and the crowds overflowed to the sidewalks. Throughout the day steady streams of strikers passed in and out of the morgue where lay the bodies of several victims of the Ludlow battle.

## RAIL EARNINGS BOOST STOCKS

### Steel and Copper Dull As Result of Light Demands at Home and Abroad

New York, April 19.—The crisis of the country's relations with Mexico as an active agent in last week's stock decline. Financially, the principal effect of the Mexican condition as reflected from Paris and London, here holdings of Mexican securities were complicated with heavy Brazilian liabilities.  
Conditions in the steel trade offering no hope of immediate relief. Continuance of output in excess of requirements cut down further the margin of future business. Unfavorable estimates for the first quarter were coupled with predictions of a worse earnings for the second quarter.  
The freight rates came and of possible unfavorable action. New steps in the transportation department distinguished the market that the matter was to lapse

## ANDERSON MAN DIED TUESDAY

### John Hawkins Succumbed To Tuberculosis At His Home In Long Branch Section

(From Thursday's Daily.)  
News reached Anderson yesterday morning of the death of John Hawkins, which occurred at his home in the Long Branch section of the county Tuesday afternoon. Mr. Hawkins was a well known Anderson county planter, respected by all who knew him.

He was 45 years of age and had been seriously ill for some time suffering from tuberculosis. For some time it had been known that he could not recover but it was not thought that the end was so near.

The deceased is survived by four children, three daughters, and one son. The young man is engaged in railroad work in Anderson and was summoned Tuesday to the bedside of father.

The funeral services were held yesterday afternoon at 3 o'clock, following which the body was laid to rest in the Long Branch cemetery.

### The Last Call for Home Missions.

The outlook for home missions in South Carolina for this convention year looks very dark. You will see from the figures in this number of The Courier that the board is far behind and but one Sunday left of the time before the books close. The only hope is for every Baptist in South Carolina to do his best now and see to it that his church makes the best offerings at once and gets it to Atlanta before the last day of the month. This is our only hope! Greater obligations, greater problems and but a few days to save the day. Will you come to the rescue? With one united effort we can save the day, and bring the State to victory, meeting every dollar of the apportionment for both Boards and be the better off by doing so. Keep your eyes on the figures and give and speak a good word for the work. Trusting that the last day of April may bring us the good news that our board is out of debt, and urging every vice-president, and clerk and Christian to unite with us in this effort. I am,  
Sincerely,  
John F. Vines,  
V. P. for S. C.

### A RALLY AT FLAT ROCK

#### Baptists Hear Many Well Known Missionary Speakers.

A missionary rally was held at the Flat Rock Baptist church Sunday afternoon, commencing early in the morning and extending throughout the day. Several well known missionary workers made addresses, among them being the Rev. Mr. Crane of Greer, a mountain missionary, the Rev. McManaway, secretary of the home mission board, the Rev. Mr. Wilkins of Greenville, Mr. E. M. Unger of this city, Dr. A. B. Smithers of Anderson, the Hon. Robt. A. Cooper, of Laurens, and others. The meeting resulted in raising a neat sum of money to be used for missions. A picnic dinner was served in the woods near the church.

### THE UNITED STATES MARINE CORPS

The United States Marine corps is an independent branch of the military service of the United States, serving generally under the direction of the Secretary of the Navy. The corps may be detached by order of the President for service with the army, and on various occasions parts of the corps have so served.

Marines served on the shore and aboard vessels of the navy throughout the Revolutionary war, two battalions having been authorized by the Continental congress November 10, 1775, but the present organization dates from July 11, 1798, when an act of congress was approved for reestablishing and organizing a marine corps to consist of 1 major, 4 captains, 16 first lieutenants, 12 second lieutenants, 48 sergeants, 48 corporals, 32 drums and files and 720 privates.

The authorized strength of the corps (November 1913) was 346 officers and 9,921 enlisted men.

## URIC ACID IN MEAT CLOGS THE KIDNEYS

### Take a glass of Salts if your Back Hurts or Bladder bothers you—Drink More Water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts in any pharmacy here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.  
Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink. Evans Pharmacy, agents.

Our Motto is and has been for the past five years in Anderson quick sales and Small Profits. Let 'Em Roll.

## YOUNG FARMER IS A SUICIDE

### John Coster, Of Greenville, Took His Own Life With a Shot Gun

Greenville, April 22.—Mr. John Coster, a highly respected and well-to-do young farmer of the Tigerville section of Greenville county, committed suicide this morning by shooting himself with a double-barrel shot gun. Coster apparently held the barrel of the gun against his breast and touched off the trigger with his toes. Both barrels were discharged tearing a hole through the body causing instant death. No explanation of why he took his life was given. No letter or note of any description was left by the deceased explaining his action at least

nothing of that sort had been found up to early this afternoon. The deceased was apparently about 35 years of age and was a married man, but at the time of his death his wife was not living with him, it is stated. Living in the house with him was his mother and several brothers, his mother being in the house at the time of the suicide which was between 7 and 8 o'clock.

## DR. MITCHELL WAS VERY SUCCESSFUL

Low Recovering After Very Delicate Operation, The First Of Its Kind  
Dr. J. C. Mitchell, meat and milk inspector for Anderson was somewhat pleased yesterday over the fact that he had performed a successful operation on a cow, the first of its kind to be attempted in Anderson county. The operation is just known as "Caesarian Section" in known as "Caesarian Section." The animal belongs to W. L. Anderson of the Enreka section and is quite valuable, being high-bred and the surgeon's knife.

## MARSHALL LAUDS THE PRESIDENT

### Vice President Makes Characteristic Speech While On a Trip In Florida

Jacksonville, Fla., April 22.—Outlining and approving the course of President Wilson in the present crisis with Mexico, Vice-President Marshall tonight addressed the Jacksonville Board of Trade.  
The attitude of the United States, said he, was one of reprisal, not of war. The vice president likened it to the action of a big man taking the hat of a much smaller individual as a penalty for some offense of the latter.  
"When any foreign power, real or

## do facto, interferes with the flag there should be action," which the audience loudly applauded.

"I would spend, if necessary, every American dollar to save a human life, but I would not spend a single American life for all the American dollars that are invested in Mexico."  
The Vice-President stopped here en route to Fort Myers, Fla., where he will attend the meeting of the Florida State Press Association. He is accompanied by Mrs. Marshall.  
Sutton Scores First.  
New York, April 22.—George Sutton of Chicago, scored his first winning basket in the world's championship 14-1 ball line billiard tournament when he defeated Harry P. Cline, of Philadelphia here tonight, 430 to 235.  
The other winner, Calvin D. Demarest, of Chicago, outplayed George Stinson, the veteran cueist of this city, 400 to 125.
