Hix Quits Norfolk Southern.  
 Norfolk, May 12.—Charles H. Hix,

**SUICIDES AT GRAVE**  
 Indianapolis, May 12.—Stretched across the grave of her babies, the body of Anthony McKearn, aged 66, a retired railroad engineer was found in the Holy Cross cemetery today. A bottle that had contained carbolic acid was beside him.

Mrs. McKearn obtained a divorce ten months ago and a few weeks ago she married a saloon keeper who had lived near their home. McKearn's two children on whose graves he died, were buried nearly seventeen years ago.

Atlanta, May 12.—The imperial council of the Shrine will have one piece of serious business to settle this week—the controversy between Knoxville and Chattanooga as to which shall control Althamaga Temple. There are two sets of officers representing the two cities and a grand ceremonial sessions have recently been conducted independently by each. The controversy is so serious that at one time it was taken into the Chattanooga courts.

**SOUTHERN METHODISTS**  
 Decided Not to Change the Wording of their Creed.

Oklahoma City, Okla., May 12.—Plans for the creation of three Episcopal districts, one for Latin-American countries and Africa, another for Mexico and Cuba, and the other for the far East, including Japan and China, to provide a closer superintendency of foreign mission fields and a proposal for the retirement of bishops at any age and for any reason seemed sufficient by the general conference, were presented today to the general conference of the Methodist Episcopal Church, in session here.

The conference today also disposed of the proposal to eliminate the phrase "Holy Catholic Church" from the apostles' creed, declining by a vote of 159 to 133, to make any changes in the wording of the creed. It had been suggested by the committee on revisions that the words "The church of God" be substituted for the "Holy Catholic Church." This vote represented a majority of both lay and clerical delegates.

**JONES PICNIC POSTPONED**  
 On account of the serious illness of Jones Graham, grandson of Dr. W. T. Jones, the Jones picnic will not be held on Friday, as was announced. Young Mr. Graham, 14 years of age, has been critically ill for several days

**NOT CHURCHGOERS**  
 People of Berlin Do Not Show Strong Average.

Berlin, May 12.—The people of Berlin do not appear to be good churchgoers, according to a census taken of attendants at the Protestant churches the last Sunday in February. The count covered 78 parishes with a Protestant population of 2,060,000, of which only 35,240 were counted at church that day, either morning or evening.

Even according to the estimate of a clergyman, who criticized the figures as too low, the number was only 7,000 greater. Thus barely 20 out of every 1,000 Protestant Berliners, at the highest estimate, attend church on the Sunday question. Very few were seen in the churches; in many cases women and children constituted three-fourths of the congregation. Less than one-sixth of the seating capacity of the churches was occupied at the morning services.

Gary Wins Three-Cent Fare.  
 Gary, Ind., May 12.—Gary is to have a 3-cent fare from all interurban railroads within the city limits beginning August 1. This was decided after a fight of two years.

### GRAND JURY MAKES ITS PRESENTMENT

#### Compliments the Schools and Roads of the County—Suggest Nurse for County Home

(From Thursday's Daily.)  
 The presentment of the grand jury of Anderson county was completed and handed to the court at 6 o'clock yesterday and reads as follows:  
 Hon. George E. Prince, Presiding Judge.

We, the grand jury of Anderson County respectfully submit the following presentment.

We have passed upon all bills and indictments handed us at this term and during the recess since the last court; the committee appointed for that purpose have made partial examination of matters referred to them.

The committee on roads and bridges report that they have visited the convict camp of the county and find it in good condition and the convicts and stock and county property well cared for. They report that complaint has been made that land owners in various sections of the county make a practice of damming up the sides of the public road leading through their lands, thereby holding the water in the road and causing the road at such places to become muddy, unnecessarily boggy and rough. We recommend that the county supervisor remove all said articles of obstruction to the drainage of the public highways and that he notify the land owners not to rebuild the dams.

The committee on county home reports that they have visited that institution and find that it is well kept and the inmates thereof well cared for. We recommend that the county supervisor employ a nurse to assist the steward of said home in caring for sick and aged inmates whenever he deems it for the good of the inmates to do so.

We are glad to report from observations that the people of the rural districts of the county are taking some interest in the public schools by building better school buildings in some sections and demanding better teachers and we hope that said interest will continue to increase until every section of the county is provided with good school buildings, good teachers and that every child of school age shall be enrolled as a pupil.

The presentment here names three white men in the county charged with deserting their families and living in adultery.

We present B. H. Hudgens for shooting into the house of Mrs. Minnie Stanbridge on the Saturday night before Easter Sunday of this

year, also for disorderly conduct at the home of W. L. Dobbins on or about the first day of May, 1914. We also present him as a dangerous man and a terror to the residents of the community in which he lives and also for reckless driving upon the public highway and as witness to prove the above charges we name the following: L. T. Cox, W. L. Dobbins, Mrs. Minnie Stanbridge, William Dobbins, Jr., Jefferson Shirley, J. N. Freeman and Miss S. Holland.

In conclusion we desire to express our thanks to your honor, to the solicitor and to the other court officials for the courtesies shown us during the term.

Respectfully submitted,  
 J. B. DOUTHIT, Foreman.

Judge Prince addressed a few words to the grand jury, following the reading of the presentment, in which he thanked them for their services and asked that each member remember, after the court is adjourned, that they are yet members of the grand jury, and advised that it then be just as much their duty to see after law enforcement as while court is in session. The grand jury was dismissed and the court was then adjourned for the evening.

**HOMES FOR VETERANS**  
 Are Being Secured by the Committee of the Chamber of Commerce.

The housing committee of the chamber of commerce having in charge the securing of rooms for the Confederate veterans, met at 6 p. m., yesterday, Leon L. Rice, chairman. Three of the four committees reported a total of 152 rooms so far secured for the veterans. Chairman Rice stated the canvass would continue to be pushed vigorously, and that he hoped to have the full 800 rooms by the 18th inst., or ten days before the reunion opens.

Dr. Diver will take 25 veterans, according to reports turned in, which is very complimentary indeed.

Mr. Rice calls attention to the blank form in The Intelligencer today and requests that it be filled in at once and sent to him. If residents are expecting special guests, just state the number and give that they have already been invited, and no other delegates or visitors will be assigned.

**Dr. Frazer to Richmond.**  
 Dr. W. H. Frazer, pastor of the First Presbyterian church of this city, leaves tomorrow for Richmond, Va., where he will spend the rest of this week. Dr. Frazer will return to Anderson by way of Davidson, N. C., where he will stay over for the commencement. Dr. Frazer is a member of the Davidson board of trustees.

Joseph Crowley, a clerk in Yonkers city hall got a laugh Tuesday because while fooling with a set of handcuffs in Police Chief Daniel Wolff's office he accidentally locked them, and had to remain shackled all day while several policemen searched for the key.

#### Delegates to Represent Anderson Association at Toronto Meeting To Be Selected

Plans are going on apace for the annual meeting of the Ad Club, which will take place in the park at North Anderson next Tuesday evening. It is expected that every member of the club will be present and the buffet supper to be served on that occasion will be one of the chief events of the week.

The principal business to come before the meeting Tuesday night will be selecting delegates to represent the Anderson Club at the National meeting which takes place in June at Toronto, Canada. It is expected that some three well-known business men will be selected to make the trip and to represent Anderson.

A. S. Farmer, the president of the club, is making many arrangements for the meeting next Tuesday and he is being ably assisted by the other officers of the club. These are: William Banks, first vice-president, J. H. Godfrey, second vice-president, R. J. Ramer, critic, Fred G. Tribble, censor and Porter A. Whaley secretary.

The following is a list of the members who have already signified their intention of attending the banquet: John W. Linley, Rusty Parker, R. E. Ligon, T. K. Roper, John Davis, C. Ban Allen, Harry Gelsberg, William Banks, J. H. Godfrey, W. W. Smoot, Watson Bell, J. S. Fowler, W. L. Briscoe, M. M. Mattison, Lee G. Hoffmann, G. M. Tolly, A. S. Farmer, R. J.
