## AN ARGUMENT IN CONVENTION

ABOUT THE CONSOLIDATING  
OF SOUTHERN BAPTIST  
FINANCIAL BOARDS

DR. JOHN E. WHITE

Read the Report Against Consol-  
idating—There Was a Spirited  
Debate On Question

(By Associated Press)

Nashville, Tenn., May 15.—Spirited debate on the question of centralizing the Sunday school, foreign mission and home mission boards of the Southern Baptist Convention featured today's sessions of the organization. The discussion was launched at a special session called to consider the efficiency commission's report. Ad-  
journalment was taken without any decision being reached. The matter will be further considered at another session tomorrow.

Dr. John E. White of Atlanta was one of the principal opponents and several other well known delegates spoke for and against the plan.

Just before the discussion arose the convention had adopted an amendment to the bylaws providing "either applause or dissent on the floor of the convention is out of order and it shall be the duty of the presiding officer promptly to suppress all such demonstration."

Delegates disregarded the new section and burst into applause repeatedly during the debate. President Lansing Burrows rapped for order and called the convention's attention to its recent action, but little avail.

When the afternoon session convened it was first agreed to take action upon each sub-section of the three sections composing the efficiency commission's report. Minor changes in verbiage were made during consideration of the first section, but no serious opposition was made to any.

Scarcely had Dr. White, a member of the commission finished reading this part of the report when Mr. McConnell demanded recognition.

For Centralization, He declared that the present arrangement of having three boards was not conducive to the best interests of the convention. The speaker charged that under the present arrangements the boards were striving against each other. "We want the entire profoundest sympathy and greatest liberality of our constituency," said Mr. McConnell, "a crowd of appeals from two or three boards injures all. You cannot make gifts you can only obtain gifts by making the people want to give."

The speaker declared that there was a great need for cultivating literature and pronounced the Home Mission Field and the Foreign Mission Journal as inadequate. "What we need," he added, "is one great periodical and one mission board."

Dr. John E. White assured the delegates that the commission had carefully considered the matter "before making the recommendation." He expressed the belief that consolidation would result if an attempt were made to consolidate the boards in any one city. He also declared that no single city could furnish adequate banking facilities. In Richmond and Atlanta the speaker said, a board "would not be able to borrow beyond a certain fixed amount as a result of the installation of the regional banks."

"Does the foreign mission board borrow all of its money in Richmond?" called out a delegate.  
"Not all of it," replied Mr. White.

Addresses were made during the day by Prof. E. C. McCants, superintendent of the city schools of Anderson, Supt. J. B. Felton, Prof. Morrison of Clemson College, Judge Julius E. Boggs of Anderson, and Mr. T. Francis Watkins of the Anderson bar. Miss Garlington the rural school expert was present.

The people of the district showed their appreciation by a "banding" in large numbers. At least 500 were there, including many friends from surrounding school districts and towns. A bountiful dinner, lavishly and fittingly served picnic style and everybody was happy.

The splendid appreciation of the spirit of education, the loyal support of their remarkably well equipped and efficient school and the fine cooperation of the citizens of the county in its advancement in all lines will make this people great.

WIFE STAY FOR FIGHTING  
Jacob, Mos., May 15.—Miss Ida Hayes of Waco, Texas, a Baptist missionary, will be in the city of Saltillo, Coahuila, on the 20th inst. to attend to the educational work of the school for girls at Saltillo, and has refused to leave, although warned by the American consul.

She fears that if she abandons the institute it will be used by the federalists as a barracks and probably be destroyed in the fighting.

Club May 16.—Ty Cobb's steady stride in the front among the American League battlers was the feature of the race for hitting honors this week. ZION SCHOOL  
Zion school, in the Mt. Labor section of the county, between Hartman and Pendleton, celebrated yesterday the end of the school year. The day was made interesting by a number of excellent addresses.

It was a fine, old-fashioned community gathering, the thoroughly typical of the best in our Southern rural life. This portion of the county has prospered and advanced along all lines in step with the most progressive of South Carolina neighborhoods. It is populated by white people almost exclusively and its fertile fields are thickly studded with splendid homes. In his address the county superintendent of education, J. B. Felton, stated that there is no better equipped and more efficient rural school in the state.

The new two-story building standing in a shady grove is very attractive in an architectural way. There are four class rooms equipped with the best, modern desks, black boards, charts, maps and other furnishings and appointments. There are besides four cloak rooms and a commodious auditorium.

Mr. D. C. Cromer is the superintendent and with his three assistants is doing splendid work. The enrollment is 185 and the average attendance is around 165. Think of a school six miles from a town or a cotton mill with an enrollment of 185. It is said that there are only four or five children of the school age in the district who are not enrolled.

Mr. Waizer joyfully has trained a brass band composed of about 15 boys of the community. This organization rendered fine selections during the day and will be heard from later when good local bands are in demand.

Addresses were made during the day by Prof. E. C. McCants, superintendent of the city schools of Anderson, Supt. J. B. Felton, Prof. Morrison of Clemson College, Judge Julius E. Boggs of Anderson, and Mr. T. Francis Watkins of the Anderson bar. Miss Garlington the rural school expert was present.

## COLLEGE DEBATE HERE TOMORROW EVENING

FURMAN-WOFFORD CON-  
TEST FOR HONORS

AT THE COLLEGE

Interesting Question to Be Ar-  
gued By Two of State's Fore-  
most Institutions

(From Sunday's Daily)

The event of the coming week for Anderson will be the debate to take tomorrow night in the Anderson college auditorium when speakers representing Furman University of Greenville and Wofford college of Spartanburg will hold an inter-collegiate debate. The speakers are said to be four of the ablest among the student bodies of the state and the college auditorium will be packed tomorrow night to accommodate the tremendous crowd.

Anderson people have not yet been advised as to who will represent Wofford in the debate but W. F. Cox, Jr., and J. H. Simpson will be the Furman speakers. Mr. Cox is an Anderson boy, a son of Judge Cox, and he will have the support of the local people. They expect him to make a brilliant showing and he is said to be an excellent speaker, using forceful logic and presenting convincing facts. The other speaker for Furman, Mr. Simpson, is a Laurens boy, and is related to several Anderson county people.

The subject for the debate will be, "Resolved: That the Labor Unions of the United States are Justified in Demanding Closed Shops, and the affirmative will be represented by Furman while Wofford will have the negative side of the question.

The judges for the affair have not yet been appointed but with that exception all plans are made and everything is ready for the event to start tomorrow evening, promptly at 8:30 o'clock in the college auditorium.

## COND SAGE TEA IN LIFELESS, GRAY HAIR

Look Young! Common garden Sage and Sulphur dardens so naturally nobody can tell.

Grandmother kept her hair beautifully darkened, glossy and abundant, with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy" you will get a large bottle of this old time recipe, ready to use for about 50 cents. This simple mixture can be depended upon to restore the natural color and beauty to the hair and is splendid for dandruff, dry itchy scalp, and falling hair.

A well known downtown druggist says: "everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly the hair that nobody can tell that it has been applied. It's so clean to use too. You simply dampen a comb or soft brush and draw it through your hair, taking care not to let it dry. By morning the gray hair disappears; after another application or two it is restored to its natural color and looks glossy, soft and abundant." — Evans' Pharmacy, Agents.
