Mediation Session On Washington, May 19.—With mediation proceedings moved to Niagara Falls, activity here in the Mexican situation was notably relaxed today. It was the evident purpose of the Washington government to give the conference the ampest opportunity to work out its plans with the least possible influence from the outside. American commissioners left early in the day for the scene of the conference and later were followed by Minister Suarez of Chile, the last of the mediators to leave Washington. All will be on hand for opening tomorrow.

Wilson in Close Touch. A special telegraph wire from the headquarters of the American representatives at Niagara Falls to the White House was installed during the day to keep the president in close touch with every step of the proceedings. All important questions will be submitted to the president before the American commissioners take action.

As a result of persistent lack of information as to American Commissioner John S. Gillman, at Saltillo, and ten members of the Smith family reported held at Toluca, Chiapas, continued at the state department and diplomatic efforts to obtain definite reports were continued.

The state department, in response to urgent messages, received a report from the Brazilian minister in Mexico City stating that representations had been made to the Mexican general times concerning the Smiths and that the Brazilian minister had urged the British consul at Chiapas to use his good offices to secure the release of the Americans.

Navy department dispatches made it clear that Mexican federals, fleeing from Tampico, had left the oil fields about that city. Admiral Badger reported that between 2,000 and 3,000 men under General Zaragoza had stopped at Panuco City, another oil center, but later evacuated that town. The oil wells there were left unharmed. Oil operatives are returning to resume work in the Tampico field, where all is reported quiet.

The constitutionalist authorities have ordered operations resumed in the cotton mills at Coahuila. The state and war department officials awaited further information as to the fate of Private Samuel Facka. No information as to Facka was forthcoming from any source, although the horses that disappeared through the Mexican lines near Vera Cruz with the American soldier, were mysteriously returned to the American lines.

Secretary Bryan made clear today the status of Dr. Edward W. Ryan of Sorrento, Pa., at the time he was thrown into jail by the federal authorities at Fresco in the charge of being a spy. He was not commissioned to collect information for the state department and was not connected with the Cross.

Dr. Ryan and Mr. O'Shaughnessy fled at the White House and Secretary Tammany, but did not see the president.

There was a warm contest for the democratic nomination for governor between Vance C. McCormick of Harrisburg and Mitchell J. Ryan, of Philadelphia. Early returns did not indicate which was victor.

JOHN D. GUARDED LIKE A REAL TSAR

Electric System Enables Magnate To See If Sleuth Is on Job Over Estate

(By Associated Press) New York, May 19.—In addition to doubling his guards from four to eight, John D. Rockefeller has had installed about the grounds of his Pocantico Hills estate a system of electric lights which he can flash by pressing a button at the head of his bed. Before the demonstrations by the Industrial Workers of the World at the downtown offices of the Standard Oil Company and the threats that they would visit his estate, Mr. Rockefeller was content with four guards. These he called to from an open window when he wanted to feel assured that they were on duty. With the new system in operation the flashing of the lights is answered by the guards who press buttons and sound bells, above their employer's bed. A similar system is being installed at the home of John D. Rockefeller, Jr.

MOUNTAIN SPRING

Piedmont, May 20.—The Sunday school at this place under the management of Messrs Allison and Gillington is in a flourishing condition, the older people are taking much interest in it.

The Woodman Circle held its regular meeting at this place Saturday afternoon. The circle is endeavoring to increase the membership and has secured cheaper admission fees for a few months.

Miss May Wigginton spent Saturday night with Miss Lela Allison. Mrs. J. M. Freeman and family spent the week end in Pickens with her father in law, Mr. Newton Freeman.

Some of our young sports attended church at Mt. Airy Sunday. Must be some attraction. Mr. George Wigginton and family spent Sunday with Mr. and Mrs. Edgar Murphy.

This section is very dry, having had no rain in five weeks, the farmers are planting cotton where they have a stand and cultivating their corn and with rain soon will have good crops. A number of our young people attended the concert at Mountain View Friday night. Rev. D. W. Hiett of Easley made a fine talk. The acting was good, the May pole drill was especially good, showing perfect training. The people of Mountain View are fortunate in securing their same teachers.

We had the pleasure of attending service at Mt. Pisgah the second Sunday. Prof. Chas. scales of Spartanburg made a fine address on both days and on Sunday afternoon made an address and the music was also very good. The professor's talk was sparkling with wit and humor, showing his Irish ancestry.

"AD" CLUB HAD SOCIAL SESSION

Served in the Park at North Anderson Last Night—Will Try to Increase Membership

(From Wednesday's Daily) The "Ad Club" of Anderson held its annual meeting last night, being entertained by the retiring president, A. S. Farmer, who gave an all fresco luncheon at North Anderson, in the park around Rose Hill club.

A very delightful luncheon was served to the 25 members present and after the business of the meeting there were short talks from a number present. Mr. Farmer declined reelection as president and the following officers were chosen: B. O. Evans, president; John Lingley, vice president; W. G. Gray secretary and treasurer.

The following committee on new members was appointed: A. L. Todd, P. A. Whaley and William Banks. The new members enrolled last night were: A. L. Todd, Harry Geisberg, T. K. Roper, L. M. Eisenman, Jno. Lingley, W. W. Smoak, S. M. Kay, V. K. Ostigan, R. R. King and W. G. Gray. Among the interesting talks was a statement made by Mr. Whaley as to the scope of this club. It is not made up of newspaper men alone, but of advertisers. Its object is to teach advertisers to work systematically so as to get the best results. Also to protect themselves from the scallied fake advertising schemes. Mr. Whaley told of several such schemes that the Anderson Ad club had kept out of this city last year. He declared it to be to the interest of every merchant and business man to become a member.

Interesting talks were made by Messrs. Smoak, Todd, Gray and others. It was decided to have the club represented at the national convention at Toronto, Can., and Mr. R. E. Burtles will be the delegate. Others may be appointed later, according to the size of the membership.

Attention was called to the fact that the State Press association will meet here on the 19th of July and Frost Evans was authorized to appoint at his house a committee of five to cooperate with a committee from the chamber of commerce committee to make arrangements to give the visiting editors a good time in Anderson. It is likely that the entertainment will consist of an automobile ride and a barbecue.

This is regarded as one of the best advertising mediums that the city will have this year.

Much interest was manifested last night and it was determined to try to increase the membership of the club at least 250 and to have monthly meetings and exchanges of ideas and experiences, and in this way to act as an auxiliary to the chamber of commerce.

Some few did not get through planting and are waiting for a rain so that they can finish. Corn is very little better than cotton. Early planted corn is doing fairly well, but most of the crop was planted late, consequently it is coming up very slowly.
