## REUNION ENDS; ALL WERE HAPPY

THERE WAS A GREAT DEMONSTRATION YESTERDAY AFTERNOON

### MEMORABLE SCENE

Several Hundred Survivors In the Parade Behind the Battle Flag of the 4th Regiment

The 1914 Confederate Reunion came to a close in Anderson this morning shortly after midnight, when the annual reunion ball was concluded, with the strains of "Home Sweet Home," although the business session of the veterans had been ended early in the afternoon. The mammoth parade at 5 o'clock was followed by a reception at the Hotel Chiquola and then the ball brought the reunion to a close — a reunion said to have been the most successful although not the largest, in the organization's history.

When the meeting was opened yesterday morning a motion was made that the commission from the veterans to urge a more sufficient pension sum from the State be increased from three to seven. Mr. McLaurin suggested that the committee consists of one man from each congressional district and after some discussion it was adopted. These men have not yet been appointed but will be decided upon by Gen. Teague at a later date.

Columbia was chosen as the next meeting place for the reunion, the invitation being extended on behalf of that city by W. A. Clark. The veterans were all anxious to go to Columbia and they appreciated the invitation so ably presented by Mr. Clark.

The election of officers was not such an interesting part of the day's program, as might have been expected, especially among the veterans.

One of the officers who were elected, these being: Division Commander, Gen. B. H. Teague of Abbeville; Commander of the First Brigade, Gen. U. R. Brooks of Columbia; Commander of the Second Brigade, Gen. C. A. Reed of Anderson.

The division recommends to the general assembly for appointment the members of the state board of pensions. The old board was re-elected, as follows: Comptroller, General Jones, chairman of office, Capt. D. H. Flenketh of Columbia, Dr. William Weston of Columbia; Col. W. H. Edwards of Chester and Col. R. J. Morris of Charleston.

Mrs. J. L. McWhorter, who had been designated by Miss Alice Earle of Columbia, president of the state U. D. C. to convey greetings from members of the division, was detained and Mrs. C. McC. Patrick of Anderson was presented in her stead. Mrs. Patrick made a ringing, good speech, which was greatly appreciated by the old veterans, who frequently applauded.

The following resolution proposed by Col. F. O. B. Curtis, chaplain of the division, was adopted: That the thanks of this division be returned to the Gettysburg Peace Memorial committee for the courtesies and attentions extended to all Confederate veterans and especially to those of South Carolina who attended that great national gathering.

The following resolution offered by Adjutant E. H. Welch, was unanimously adopted: That the thanks of our division be returned to the legislature of South Carolina, to the Columbia State, to the governor and Gen. Teague and to Col. Clark, president of the Carolina National bank and to the citizens who contributed to the fund, which enabled so many of the survivors of the battle of Gettysburg to attend the Peace reunion, July 1-4, 1913, on the battlefield of Gettysburg.

Resolutions of Thanks. Just before adjournment was reached Col. W. A. Clark proposed the following resolutions, which were unanimously adopted: That the grateful thanks of the South Carolina division, U. C. V., be returned to the chamber of commerce and the citizens of Anderson for the generous hospitality and delightful entertainment extended to the old soldiers; to the committees for the ample provision made for our comfort and pleasure; to the newspaper for courtesies and reports of the proceedings; to the ladies of the city and the boy scouts; to the railroad companies for low rates and accommodations; to Mr. Porter A. Whaley, secretary of the chamber of commerce, and to Mayor Holleman and all associated with him in the attentions and courtesies all of which have contributed so much to the success and pleasure of our reunion.

Following the conclusion of all business on the part of the veterans, Gen. B. H. Teague made a few remarks in which he reiterated his satisfaction over the success of the reunion. (Continued on Page Eight)

## HOME MARINE IS COUNTRY'S NEED

SO PRESIDENT WILSON TELLS DELEGATES TO NATIONAL TRADE CONVENTION

### FOR EXPORT TRADE

Completion of Panama Canal and Tariff Laws Opens the Door Outward

(By Associated Press.)  
Washington, May 28.—President Wilson told delegates to the national foreign trade convention, who called at the white house today, that one of the chief needs of the United States was a merchant marine.

"There is nothing in which I am more interested than the fullest development of the trade in this country and its righteous conquest of foreign markets," he said.

"I think you will realize from what Secretary Redfield has said to you that it is one of the things that we hold nearest to our hearts, that the government and you should cooperate in the most intimate manner in accomplishing our common object."

"I am sure that I speak with the conviction of all of you when I say that one of our chief needs is to have a merchant marine, because if we have to deliver our goods in other people's delivery wagons their goods are delivered first and our delivered incidentally on their routes. This is a matter I have near by own heart for a great many years."

**WEATHER UNFAVORABLE.**  
And the Effect Was Shown on New Orleans Cotton Market.

(By Associated Press.)  
New Orleans, La., May 28.—Liquidation of long contracts weighed against the cotton market today, although weather news was unfavorable and private reports on condition of cotton was in evidence as soon as the market opened and at times was heavy. At the highest, prices were 9 to 12 points over yesterday's last quotations. The close was 1 to 5 points up.

The heavy rains again reported in Texas overnight brought in many buying orders. The continued drought in the eastern belt and a condition report of 33.9 per cent increased the desire to buy. Around the middle of the morning the market made a show of strength, but the day brought out more offerings than ever. Late in the day liquidation was heavy enough to force the market down until the more active months were unchanged to 3 points off, compared with the close of yesterday.

Cotton futures closed steady.  
May 1917, July 1917, 1913; 1331;  
Oct. 1917, Dec. 1917, 1913; 272;  
Spot cotton steady 1-8 up. Middling 13 3-4. Sales on the spot 790; to arrive 555.

**"THE OLD NORTH STATE"**  
The Author of the Music for Grand old Song Died Yesterday.

Raleigh, N. C., May 28.—Miss Louise Nora Taylor, who gave to North Carolina the music for the state hymn, "The Old North State," died today at her home in this city at the age of 91.

When a girl of thirteen years Miss Taylor heard the music at a concert and was playing the tune the next morning when her uncle, Judge William Gaston conceived the idea of a state hymn. He composed the words.

**THEY MAY "UNIONIZE"**  
United States Circuit Court of Appeals Makes a Decision.

Richmond, Va., May 28.—The United States circuit court of appeals today sustained the right of the United Mine Workers of America "to unionize" in the case of John Mitchell Individually and others against the Nitchmand Coal and Coke Company on appeal from the district court at Philippi, W. Va.

**Intercollegiate Events.**  
Boston, May 28.—Athletes from more than a score of eastern colleges and delegates from the universities of California and Michigan began to assemble today for the 13th annual gathering of the Intercollegiate association of America. The sports will begin with elimination events. The finals will be held Saturday.

**TWELVE THOUSAND STRIKE**  
Charleston, W. Va., May 28.—Twenty thousand coal miners will go on strike Saturday night. The mine owners agreed to the demands of the men for more pay, but refused to collect on the part of the unions through the offices of the company.

## GOODBY, GOOD GRAY MEN

The reunion of the Confederate Veterans of the State which ended yesterday was in many ways the happiest gathering of these good men since Appomatox.

There were many joyful scenes of comrades meeting after a separation of many years.

The climax was the parade during which the old soldiers, some 300 in number marched between ranks of wildly cheering children waving Confederate flags.

There were 798 bona fide veterans registered at the information bureau, and there were many who did not register.

The city was filled with friends from the country yesterday, there being more buggies and other vehicles on the streets than at any other time since circus day.

And in all of this crowd there was no disorder. The police had but four arrests all week, and these were not for disorderly conduct, and no old soldier was disorderly.

It was the soberest, happiest reunion in the history of the state.

Anderson has done herself proud and the old soldiers were given many pleasures and every comfort and many attentions without anything to mar the beautiful and happy gathering.

## BABY FELL OVER 20 FEET TO THE GROUND

W. R. MUNDAY DIED LAST NIGHT IN THIS COUNTY

ALMOST MIRACULOUS ESCAPE OF LITTLE BOY

FELL FROM WINDOW WAS SEIZED HERE

Suffered a Number of Bruises and Scratches But No Bones Were Broken—Now Recovered

While the streets were thronged with people about 3 o'clock yesterday afternoon, those passing the Townsend Apartments on Main street saw what proved to be almost a miracle. Joe Cox Keller, the little two and one half year old son of F. A. Keller, fell from the second floor of the apartment house to the ground below, a distance of about 20 feet. Every person seeing the child fall from the window was almost paralyzed with fear for instant and then dozens rushed to him, only to find that he had sustained but a few bruises and scratches and was not seriously injured.

Mrs. Keller had left the little boy in charge of a nurse and had stepped across the street to the Carnegie Library. She had just come from the building and was standing on the steps of the library talking to another lady when she saw her baby falling. She was frantic with fright and could hardly get across the street to lift up the baby and carry him up stairs. A physician was hurriedly summoned and complete examination made to determine the extent of the little boy's injuries and then it was found that he had escaped without hurt. This cannot be described exactly as a miracle, the distance from the window to the ground is fully 20 feet and it does seem that the child would at least have sustained several broken bones and it might have been killed.

Mr. Munday came to Anderson yesterday from Abbeville and shortly after he alighted from the train he became ill and it was necessary that he be assisted to the Chiquola hotel, where he was put to bed. Physicians were summoned and everything possible done to relieve him, messages meanwhile, being sent to Abbeville relatives. Last night his son-in-law, W. A. Stevenson, county supervisor of Abbeville county and Dr. J. E. Pressley of Abbeville arrived in the city and it was determined best that Mr. Munday be carried back home. The party left here at 8:45 in J. E. Stevenson's automobile but when Mr. Drake's place was reached it was seen that Mr. Munday was in a serious condition and it was deemed best to stop.

Mr. Munday was a member of Capt. Miller's Abbeville company through out the war and served with honor. He was a retired planter and for the

## THE DUPONT POWDER COMPANY BLOWN UP—IN THE U. S. SENATE

(By Associated Press.)  
Washington, May 28.—Increasing in the capacity of the government powder factory at Indian Head, Md., so that all smokeless powder used by the navy in times of peace may be manufactured there, would be provided in an amendment to the naval appropriation bill adopted today by the senate. In the debate a general attack was made on the Dupont Powder Company.  
Members of the naval committee advocating the amendment, which would appropriate \$500,000, explained the government did not intend to manufacture all its powder, but it needed a plant big enough to make it independent of the Dupont Company. Senator Hughes contended that the amendment meant the driving from business of private capital.  
Senator La Follette read from a published article which charged that after a superior powder had been developed through the aid of government officers, the "trust" then sold it to foreign governments.  
Senator Warren, of Wyoming, declared the Dupont Company deserved commendation for many acts; that it voluntarily submitted to secretary Daniels its contracts for powder in Mexico and cancelled them on the secretary's "muzzled suggestion." Senator Reed contended that "any man who sells powder to a foreign nation with whom we are at war is likely to be executed for treason."

## WILL ENCOURAGE MODERATELY AND SOBERLY

FAMILY WORSHIP IS THE WAY PREST. WILSON WOULD HANDLE BUSINESS CONDITIONS

### AS TO PROHIBITION SERVE, NOT HINDER

The Southern Assembly Placed Itself on Record As Favoring a Law By Congress

(By Associated Press.)  
Chicago, May 28.—Members of the 126th general assembly of the Presbyterian Church U. S. A. (Northern) today went on record as favoring a Federal law on divorce in the following resolution.

"We are all aware of the distressing situation which has resulted from the existing inadequate divorce laws of the different states. I believe the only solution of the problem is a federal law. This great church should go on record today on this important subject."

The resolution was adopted. Another resolution adopted called on the pastors and churches to take steps to revive family worship.

The report of the special committee on white slave traffic was adopted without discussion. Doubt was expressed in the report of the advisability of teaching sex hygiene in the public schools and parents were urged to inform their children personally of the truths of life.

An overture seeking to allow women to serve as ruling elders was discouraged by the assembly, which sustained the committee on bills and overtures in its recommendation that no action be taken.

A recommendation that where ministers of the Presbyterian Church are sued for divorce the local presbytery should investigate the case and spread its report on the records of the Presbytery, was approved and sent to the various Presbyteries for a referendum.

**The Southern Assembly.**  
Kansas City, May 28.—The General assembly of the Presbyterian Church in the United States (Southern) at its final session today voted to raise the standard of its colleges in the South. The assembly adjourned to meet May 20, 1915 at Newport News, Va.

It was decided that hereafter each school must have an endowment of at least \$100,000 and an annual income of \$12,000. The commissioners emphasized their desire to strengthen the church schools.

During discussion that preceded the adoption of a resolution favoring national prohibition a number of commissioners declared the assembly should avoid such an endorsement as political.

Dr. J. S. Lyons, of Louisville, Ky., retiring moderator, said the Presbyterian church was historically against taking part in specific political action. After the resolution had been adopted, a communication signed by 20 commissioners was filed, protesting against the action.

The assembly adopted the resolution presented to it for action by the Women's Christian Temperance Union as follows:  
"Resolved, that we are in favor of national prohibition and we will do all in our power to secure the adoption of an amendment to the constitution forever prohibiting the sale, manufacture for sale, transportation for sale, importation for sale, and exportation for sale, or sale of intoxicating liquors for beverages purposes and in the United States."

## MEDIATORS END DELIBERATIONS

PLANS FOR PEACE PRACTICALLY COMPLETED BY THE CONFERENCE

### COMMISSION FORM

Is the Plan of Government Proposed Until Elections Can Be Held Later On

(By Associated Press.)  
Niagara Falls, Ont., May 28.—Plans for the pacification of Mexico through mediation virtually have been completed.

The major issues are before President Wilson and General Huerta for approval and when this is obtained secondary questions will be taken up. A protocol covering the basic principles will be signed, the mediation conference will close, delegates will return to their homes and the mediators will complete details of the undertaking.

It is understood that the plan calls for a commission government of a president and four cabinet officers until an election can be held.

**Women Killed in Battle.**  
Amarcos, Coahuila, May 28.—By Courier via El Paso May 28.—Thirty five women camp followers lost their lives with 300 federal soldiers in the battle of Paredon, it was learned today. Fifty seven federal officers were executed after the battle.

Reports of the execution of General Munoz, nephew of Ex-President Porfirio Diaz, General Orson, and nine colonels seem well established. The men shot, it was said, reiterated their loyalty to the Huerta government and gave their lives rather than violate the oath of allegiance.

Twelve members of a Federal military band were shot by constitutionalist soldiers without sanction of their officers. This was the only instance of the execution of men who were executed.

General Alvarez, one of the Federal commanders, met his death in an unusual manner. After dinner, his motor tank of the train. He was killed certain, he crawled into a water tank of the train. He was killed when two hundred grenades were thrown into the tank.
