We are now nearing the end of our 26th year at our present stand, during which time we have tried to serve the public to the best of our ability. We are profoundly grateful to the people for their patronage. To you is due our success, to you we are thankful. Now in these, the closing days of our business career, it is not our desire to grow rich, but as an act of gratitude, to make a co-operative distribution of our stock, that is, to let you share in it.
