JURORS DENIED
Arrival of Court Officers in Chicago
Chicago, June 28.—Operations of jury officers and jury fliers in the criminal courts, blocked by a complaint of John E. Cummings, a business man, recently indicted, charged with obstructing the progress of a grand jury in the indictment of six Atlanta conspirators. Six of the men indicted are attorneys and one a study case.

These indicted are Herman Schultz, Deputy Chief of the Criminal Court, Arthur S. Gorman, Attorney at Law, E. Mallico, Frank McMahon, John Shannan and John McArthur. Mallico and Schultz are charged with conspiracy to bribe a jury. Mallico and the other four were indicted on charges of conspiracy to obstruct justice.

Cummings' complaint that the men had agreed to guarantee his acquittal on the charge under which he is indicted provided he would supply sufficient funds was suggested by the complaint from numerous lawyers who also charge that the grand jury was kept in the city for the purpose of staying witnesses in their favor.

The court officers were, however, by Schultz has been asked by the Grand Jury. Cummings, who will guarantee the acquittal of the men, is said to be worth \$1,000,000.

WILL IMPROVE HEATING IN THE OLD SCHOOLS
WEST MARKET BUILDING TO BE COMPLETED
CONTRACT IS LET
County Board Met Yesterday and Gave Work to Sullivan Hardware Co., for About \$1,000

(From Sunday's Daily.)
For some time the Anderson school board has been considering the question of improving the heating system in the schools of the city and at a meeting held at the office of E. C. McCants yesterday it was definitely determined that several of the school buildings would be supplied with steam heat. At this meeting the board took up plans for the placing of apparatus for this purpose in the West Market street school and the contract for the work was awarded to the Sullivan Hardware company for a consideration of \$990.

The contract was awarded at a meeting of the committee in charge of this work, composed of J. D. Rast, J. A. Brock and W. H. Shearer. The old system in use at this school was found to be defective sometime ago and the board has merely been waiting until it could secure sufficient funds with which to carry on the work.

Bids were received yesterday from the Sullivan Hardware company, the Blair Hardware Company, of Greenville, the Anderson Plumbing and Heating Company and the Anderson Hardware Company.

Members of the school board said last night that the work would be begun within the next few days, or as soon as the material arrived and the heating system would be ready for the inspection of the board by the time school opens in September.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Every family, without exception, should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth more many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purpose for which it was intended. Buy it now. For sale by Evans' Pharmacy.

MRS. OSBORNE PASSES AWAY
Lovely Christian Life Has Come To An End After a Long Illness

(From Sunday's Daily.)
Mrs. A. H. Osborne, who has been very ill for some time, died yesterday morning at her home in this city, and her noble christian woman many friends mourn in memory of the whose long life has made so much sunshine for many hearts. It has been said that in her passing, death takes away one of the purest, sweetest characters that has ever lived in this city. She died Saturday morning at 8 o'clock after a long illness which really seemed to be without a name, but just a weakening of the physical energies.

Mrs. Osborne was Miss Euphemia McCully, the fourth child of Stephen and Elmira McCully, and was one of the belles before the war. Soon after the war in 1866, she married Mr. Andrew H. Osborne, and has lived out her life in her native town, and not many blocks from the place where she was born and reared. She has always been noted for the sweetness of her disposition, and one of her neighbors who has lived sixteen years beside her said Saturday morning, "I have never heard Mrs. Osborne say anything but kind things about anyone, she has been a true friend, and the sweetest christian character that I have ever met."

Three sons have preceded her to the grave, and she leaves two daughters, Mrs. E. B. Buckley, Mrs. J. C. Blanton, and one son Mr. Stacy Osborne, and her husband to grieve for their loss. There is also one sister, Mrs. Amanda Allen, and a brother, Mr. P. H. McCully, Sr., who are the only survivors of the large McCully family.

The funeral will be held at the home on East Whitner street on Sunday afternoon at 5 o'clock. The services conducted by Rev. John Spears of the St. John's Methodist church, of which Mrs. Osborne had been a faithful member almost all of her life. The favorite hymn of Mrs. Osborne's, "Shall there be any Stars in my Crown," will be sung by Mrs. W. E. Simons. If a star was placed in the crown of this good woman for every good deed that she has done, there would indeed be myriads of stars, for she has visited the sick when they needed her, and she has ministered to the poor and needy in their time of trials.

The pall bearers will be Messrs. Bert and Kays McCully, Clarence Pawnot, Walter H. Neasby, Y. D. Carter and Frank Parham.

Big Consolidation.
Chicago, June 27.—The business of the Central Trust Company with deposits of \$2,000,000 was taken over by the Central Trust Company here today. The transaction increased deposits of the Central Trust Company of which Charles G. Lewis, former controller of the currency, is president to \$45,000,000.

FARM CHAUTAUQUA FOR WILLIAMSTON
BIG UNDERTAKING FOR THAT PLUCKY CITY
AUGUST 5TH TO 7TH

(From Saturday's Daily.)
Williamston is to have a Chautauqua in August. This good town stated the Chautauqua spirit in this section and is putting on something new, a "Farmer's Chautauqua." The following from the Williamston weekly News will be of interest:

The first Farmers Chautauqua of the South will be held here in the park August 5th, 6th and 7th. It is the earnest wish of those interested in this Chautauqua that every man engaged in farming in this community will be on hand and bring your families with dinner prepared to stay. There will be instructions and exhibits to entertain the whole family. A cordial and urgent invitation is also given to those in other counties to be with us.

This Chautauqua is the first ever held in the South and it is only made by the Southern Fallway with the aid of the Williamston Chamber of Commerce that we are able to have such an exhibition for the farmers.

Among the interesting features of this occasion is the Southern Railway dairy car, to demonstrate the latest and sanitary methods of dairying and will have their best farm demonstrators here to lecture on different methods of farming.

Some of the largest farming implement company's will have on exhibition some of their latest farming implements. The canning process will also be demonstrated which should greatly interest every housewife. These with other demonstrations will be presented to the people during these three days, so let every one prepare to be present and be instructed along these lines.

At night a moving picture feature will be conducted showing the different methods of farming in this and foreign countries.

Remember that everything is free. So let everybody come and enjoy these three days with the Chautauqua at Williamston, August 5th, 6th and 7th.

We hope in the next weeks issue to give the Chautauqua program in full.

The Chamber of Commerce and Southern Ry. have succeeded in getting some of the best Government men to be here.

Take Plenty of Time to Eat

There is a saying that rapid eating is slow suicide. If you have formed the habit of eating too fast you are likely to suffer from indigestion, constipation, which will result eventually in various illnesses unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness in the stomach of feel dull and fatigued after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by Evans' Pharmacy.

LIGHTNING HELD UP INTERURBAN
Train Delayed on Piedmont & Northern Lines Thursday By Electrical Disturbance

(From Saturday's Daily.)
Passengers arriving in Anderson on Thursday night over the Piedmont & Northern Lines, tell a harrowing tale of the storm which broke over the line when between Greenwood and Belton, coming up on the last car. It seems that everything was going lovely and the passengers enjoying the fine breeze until suddenly there came a terrific clap of thunder and the lights in the car went crazy. One passenger said that they tried to get out of the car and the rain and then there was darkness.

The crew got out lanterns from various places and started an investigation, but they were not successful in finding a remedy for the trouble. The crew, one of the crew had to go on the place where the breakdown occurred on to the nearest telephone connection and inform Belton of their trouble.

It is estimated that trainmaster Croby, stationed at Belton, and took charge of a freight engine there, pulling the train into Belton and the Anderson people arrived here at 1 o'clock yesterday morning, being on the way over two hours. For a train on the P. & N. to be two hours late is something very unusual and there was a little uneasiness until the cause of the trouble was made known.

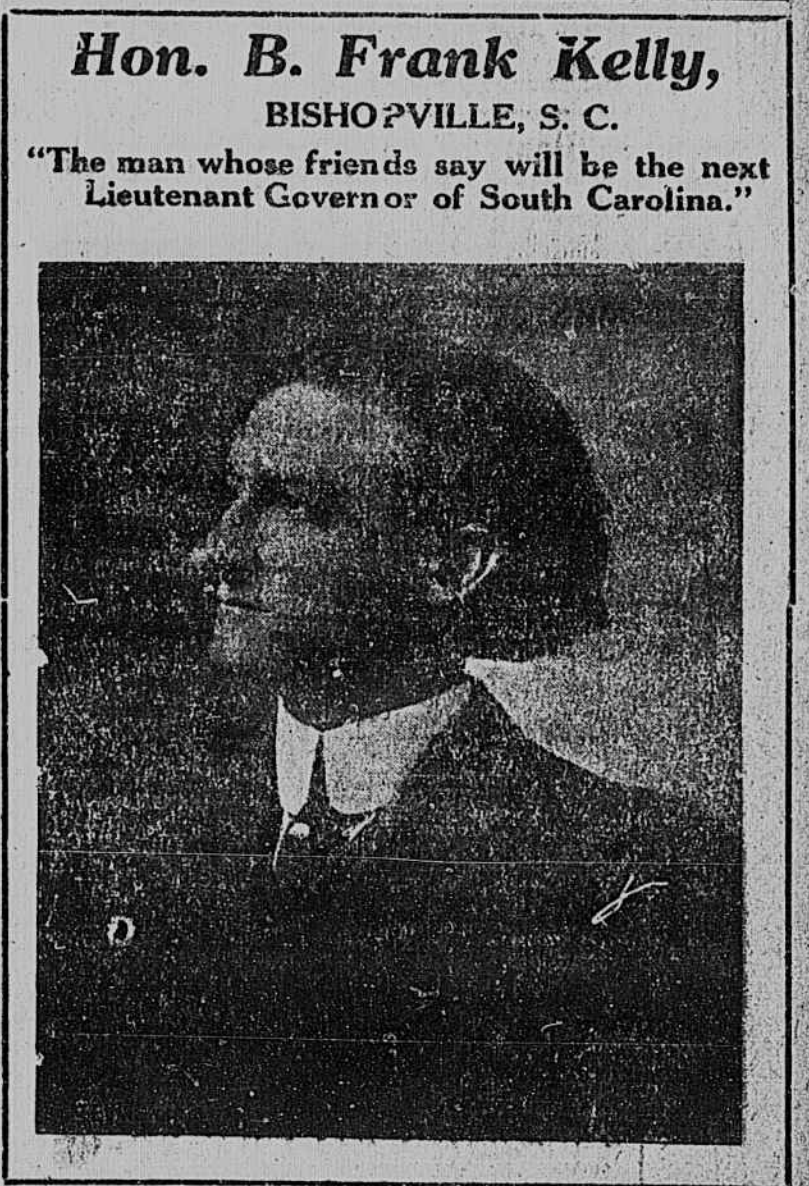

Shake Off Your Rheumatism.
Now is the time to get rid of your rheumatism. Try a twelve-cent bottle of Chamberlain's Liniment and see how quickly your rheumatic pains disappear. Sold by Evans' Pharmacy.

SUPPRESSED IN FIRE
Guest in Greenboro Hotel Dead and Others Hurt

Greenboro, N. C., June 28.—Henry T. Collins, a traveling salesman of Philadelphia, was killed by suffocation and several other persons were injured by burning during a fire at the Gulfport hotel here early today. Fifty guests, mostly men, were carried down ladder by the firemen and had no time to save their personal belongings. One of the injured are believed to be in a serious condition.

The cause of the fire has not been determined. It was estimated that a back room and was caused by a great damage was done to the building.

NEW MACHINE IS READY FOR USE
Anderson Y. M. C. A. Will Soon Begin Showing Motion Pictures in Mills Of the City

(From Saturday's Daily.)
The motion picture machine which was purchased some weeks ago by the extension department of the Anderson Y. M. C. A. has arrived and within the next few days will be put into use in the mill villages of the city, free exhibitions being given at all the recreation places of the mill people. Commenting on this achievement, the Textile Bulletin had the following to say:

"F. M. Burnett of the Y. M. C. A. of the various mills in Anderson, announced that the Y. M. C. A. will begin a new line of work in the mill villages in the near future. A moving picture machine has been purchased and the best industrial films that can be shown will be put on the canvas for the benefit of the mill people."

The machine has been ordered by the extension department of the association, and there will be frequent exhibitions given at all of the local mill villages. The extension work in the mills this year has been particularly good. There have been all sorts of campaigns in the mills, and the best of all the people in the mills have been persuaded to take a bigger interest in their homes. Under the direction of the Y. M. C. A. there has been a clean-up campaign in the mills and a great amount of good has been done. The object of the campaign was to make the sanitary conditions of the mills better and to keep down the flies.

"All possible breeding places of flies were cleaned up and the yards and the houses in the mills were also cleaned up. Garden work has been specialized upon this season and there are many fine gardens that have been grown from seed furnished by the Y. M. C. A. and the interest in the work has been always kept up."

Peoples Bank Anderson, S. C.

Rushed the Order
A TRAVELING Salesman, while in Nashville, Tenn., took a large order, promising delivery in ten days. It would take two days for the order to reach the Home Office by mail. It took him only a few minutes to telephone the order from a pay station of the Bell Telephone system.

Time saved by telephoning orders means fulfillment of contract.

When you telephone—
