

Why we want Small Accounts

Do you realize that a hundred small accounts make a bank stronger than a dozen large ones even if they aggregate the same total of deposits?

That's why we are constantly seeking new customers. We want as wide a circle of friends and customers as possible.

Of course, large accounts are welcome, too, for it is our purpose to serve ALL people.

But we want men and women of limited means to know that this bank is willing to accept their deposits and give them the advantage of our advice and every facility of the institution.

If you are not a bank depositor at all come in and get acquainted with us. We will be glad to talk things over with you.

Baptist Courier Draws Line For State-Wide Prohibition

From a somewhat careful reading, it would appear that the Baptist Courier has come out for Chas. A. Smith for governor. The following editorial appeared this week:

The Baptist Courier has no candidate for governor and takes no part in the party, personal or factional politics of the state. Ours is another task. But we have a very profound concern for one of the issues in the present campaign in which the moral welfare of the state is involved and which is in danger of being quietly side-tracked. We refer to state-wide prohibition.

The effort just now is to put compulsory education in the center of the stage and relegate prohibition to a side room behind the curtain. That which makes the situation the more alarming is the seeming acquiescence in this arrangement on the part of the temperance forces.

The Anti-Saloon League, the official guardian of the prohibition interests of the state, has not spoken and so far as we know, is taking no part in this campaign. It would, we know, be improper and unwise for this organization to give its influence to any one candidate. But we believe that it is not only proper and wise, but the bounden duty of the Anti-Saloon League to bring the issue of state-wide prohibition to the forefront at least to see to it that it is not ignored. What we are saying may not be needed by this organization. Let this be known we are not criticizing the Anti-Saloon League. The course of action at this time is perhaps the wisest for prohibition. Or, perhaps it seems no danger in the present situation to the cause it represents. We certainly have the highest regard for the men who guide the league in this state.

But we believe that they and all temperance workers need to be aroused. State-wide prohibition is at a crisis. If its friends do not crowd it to the front no one else will render this service. If it is to reach its destination in South Carolina it will not do so sitting on a side-track. We feel that we must speak.

There are three main issues before the people in this campaign, law enforcement, compulsory education and state-wide prohibition. We feel that it can be demonstrated that those who want the one cannot afford to be against the other.

It might also be thought that compulsory education and state-wide prohibition are reforms that can go together, and that there can be no antagonism between them. We suppose that it is true that these candidates who favor compulsory education would not oppose state-wide prohibition. We do not question their motives. But what we do affirm is that these two reforms cannot come together in South Carolina unless state-wide prohibition is placed first and settled first. If the present effort to force compulsory education to the front succeeds it will postpone state-wide prohibition for years to come and will certainly tend to incense our wet territory.

Our reason for saying this is not because there is any essential antagonism between compulsory education and state-wide prohibition. On the contrary whatever helps our educative work will ultimately redound to the furtherance of temperance. The trouble is to be found in the fact that our present dispensary laws turn the profits of whiskey selling in South Carolina very largely to the swelling of the school fund.

Compulsory education, whatever else it may or may not do, will certainly do these two things: (1) It will increase our present school tax and (2) it will enlarge the burden on the white man is now bearing for the education of the children of negroes. We are not saying that either or both of these things ought not to be done. This paper does not fight negro education. But we ask that these facts be duly considered in their relation to state-wide prohibition.

Almost every county in South Carolina where the dispensary exists went wet by the use of two arguments, which were, (1) "We need the school money which the dispensary furnishes," and, (2) "Practically, the only way we can get any money from the negroes for public purposes is through the dispensaries; they patronize them and the profits go to paying for their schools."

We have no sympathy with these arguments. But every temperance worker in the state knows what tremendous use was made of them. Now what we ask prohibitionists to do is to consider what the effect will be if the school tax is greatly increased and the burden on negro education is enlarged. In other words we ask now what will be the effect of compulsory education, which will certainly do these two things on state-wide prohibition? We believe that if compulsory education comes now, under our present conditions, a further extension of our temperance laws and temperance territory will be greatly embarrassed and made almost impossible. Much of our dry territory will be endangered and these dry counties that adopt dispensary counties will be put in an almost hopeless battle.

We are not fighting compulsory education. We are standing up for prohibition. There are those who doubtless think that we could afford to endanger state-wide prohibition for compulsory education. We accord them the right to think as they do, but prohibitionists ought not to agree with them, for their method is a splendid way to sacrifice everything we have fought for during the last year and a half. FORMER CITIZEN DIED FRIDAY

J. B. Martin, a Railroad Conductor and Once an Anderson Citizen Died in Columbia

J. B. Martin, who has been a conductor on the Southern railway for some years, was a native of Anderson county and people in all sections of Anderson will therefore learn with regret of his death, which occurred Friday in Columbia. The following appeared in the Columbia State of yesterday:

"Joseph Brown Martin, a conductor in the service of the Southern railway, died yesterday at his residence, after an illness of about six days. "One week ago today, Mr. Martin was taken ill at Spartanburg, while on his run, which was from Columbia to Spartanburg and return, and before reaching Columbia, he had lost his speech. He gradually grew worse.

"Mr. Martin was 32 years of age and was a native of Anderson. He had been a resident of Columbia for about 10 years and a conductor for the Southern railway for about six years. He is survived by his mother, Mrs. Anna C. Martin, and two brothers, J. W. Martin, of Columbia, and O. L. Martin, of Macon. He was a member of the Order of Railway Conductors, Brotherhood of Railway trainmen and the Eagles, and representatives from each of these orders will attend the funeral.

"The body will be taken to Honea Path Sunday morning and the burial services and interment will be immediately after the arrival of the train, about 11:05 o'clock. The body will lie in state at McCormick's this morning."

EXPLODED A BOMB CAUSING DEATH

Continued From Page One.)

for threatening to shoot John D. Rockefeller, Jr.

Cross examination disclosed that all the eleven Tarrytown defendants, out on bail, met here last night with Alexander Berkman, anarchist, and others to devise a way to aid the persons facing trial Monday. Present at this meeting, according to statements to the authorities, were Carl Hansen, a member of the staff of Mother Earth, and Carl Berg, 24, a carpenter, a Tarrytown defendant.

Hansen was blown to pieces in the explosion. Berg is missing and is counted among the victims. The other persons known to have been killed was Mary Claves, 65 years old, a cigar maker, who occupied an apartment adjoining the one in which the explosion occurred.

In support of the police theory that a bomb was being made for use in Tarrytown a search of Caron's apartment disclosed two dry batteries, wired for use; a loaded revolver, cartridge and partly constructed black-jack, together with a bowl of yellow substance thought to have been used in bomb construction.

Statements to the police indicated that the meeting last night ended about midnight. Caron, Hansen, Berg and a fourth man, Mike Auspenti, who came here from Chicago about two weeks ago, left together and went to the apartments where the explosion occurred, at 1226 Lexington avenue. Hansen's sister, Miss Louise Berger, who rented the top floor apartment, occupied by herself, Hansen and Caron told the inquirers the four men reached home at 1 o'clock.

There were no traces of an explosive or of the material for making any, anywhere in the apartment, Miss Berger said. The explosion occurred at 9:25 a. m., and she was notified of it, she declared, while at the Mother Earth office.

ANDERSON GIRLS WANT EDUCATION

Applicants For Winthrop Scholarship Appeared Yesterday and Stood Examination

(From Saturday's Daily.) Anderson girls evidently appreciate the fact that education is invaluable and something to be greatly desired.
