ANNUAL CONFERENCE IS NOW BEING HELD

METHODISTS ARE GATHERED IN ANDERSON

SESSIONS TODAY

Interesting Exercises Held Yesterday At Bethel Church and There Are Features Today

(From Thursday's Daily.) Methodist from Abbeville, Oconee, Greenwood and all of Anderson county flocked to the city yesterday for the annual district conference for the Methodist church, which is now being held with the Bethel Methodist church. The services in connection with the conference are all very interesting and the audience is hearing some splendid efforts from members of the conference.

The conference was called to continue for only two days and the sessions will close today. When the program is concluded much good work will have been accomplished.

There were about 50 delegates present yesterday morning when the meeting was called to order by T. C. O'Dell, presiding elder.

Devotional exercises were conducted by the presiding elder, who preached a strong sermon on ministerial and laymen efficiency, his thought being equipment for service. Following this sermon the conference was organized with the election of Rev. J. J. Stokes of Walhalla as secretary. The presiding elder then announced the appointment of the various committees.

The opening sermon was preached by the Rev. Whitford Smith Martin of Williamston.

The hours of the meetings were then announced as follows: Convene at 9 a. m. for business session; adjournment at 11 a. m. for preaching and recess for dinner. Reconvene at 3:30 and adjourn at will.

Last night at 8 o'clock, the conference heard a splendid address, ably delivered by George C. Hodges of Greenwood. The speaker captivated his audience and made an impression upon all within the sound of his voice.

The most important matters to come before the conference today will be the selection of the next place of meeting and the election of delegates to the State conference.

J. P. YOUNG DIED HERE LAST NIGHT

One of Oldest Citizen in City of Anderson Succumbed at the Age of 88

J. P. Young, probably the oldest man in the city of Anderson and one of the best known men in the county, died last night at his home in this city, 230 Broyles street. Mr. Young was 88 years of age and had been living in Anderson for the last 25 years.

He became ill last November and took to his bed and from that time it was seen that he would never recover. He made a wonderful fight, but his advanced years made it impossible for him to rally and he gradually grew weaker.

Mr. Young was a native of Lowndesville, in Abbeville county. He is survived by his wife and two children, Mrs. G. E. Brown of Birmingham, Ala., and C. F. Young of Boonville, Miss. Both the son and daughter are now en route to Anderson to attend the funeral, which will probably take place tomorrow.

Preparations for the funeral are being made at Clemson College for the farmers' institutes which began in four counties simultaneously July 14. The entomological division has prepared a set of cases containing interesting exhibits of orchard, truck crop, forest and shade tree, field crop and disease carrying insects and also has prepared cards on which are photographs, charts and maps dealing with birds, the boll weevil problem and many other subjects. The horticultural division will also carry some of these cases on the institute tours to demonstrate by actual exhibits the best methods of budding, pruning, spraying and other horticultural practices.

MASTER PRINTERS' AT PRESS ASSOCIATION

HELPFUL PROGRAM RENDERED AT CHICK SPRINGS

ANDERSON TODAY

Party In Special Train Will Arrive At Anderson Early This Afternoon—Dinner at College

(Special to The Intelligencer.) Chick Springs, July 8.—The regular program of the Fortieth annual session of the State Press association came to a close here tonight. No session of the association in recent years has surpassed this in point of fellowship and general good time by all the members. Much that has been helpful to the members has been discussed, and the papers prepared by those on the regular program have all been of a high class. The social side has been most enjoyable, and a feeling that it has been good to have been there prevailed every session of the association.

The trip to Anderson tomorrow has been looked forward to as a fitting climax of this most splendid meeting, and the time for the departure of this special train for the trip cannot come too soon to please the editors, their wives and children. So when the special train pulls out at 9:20 o'clock it will carry a happy throng of those who wish to see "My Town."

This special will take a flying trip to Spartanburg and will go from there to Greenwood, thence to Anderson, passing through Belton, of course. Arriving at Anderson at 1:45 p. m., the party will go direct to Anderson College where a picnic dinner will be served. After this the city will be turned over to the visitors and they will be shown everything of interest in and around Anderson.

The session today was devoted to a meeting of the Master Printers' association, and an address in the evening by Rev. Plato Durham of Charlotte, N. C.

The following is the program of the meeting:

- 10 A. M. 1. Report of President—G. C. Muller, Columbia.
 - 2. "Why a weekly newspaper needs a coat system equally as much as a job office"—J. C. Keys, Greenville.
 - 3. "The Result of the Cost System in Actual Use"—John J. Furlong, Charleston.
 - 4. "Errors—Their Cost, Cause and Prevention"—C. E. Band, Spartanburg.
 - 5. "Reducing Costs and Increasing Profits by Proper Planning"—C. S. Connor, Baltimore.
 - 6. Appointment of Committees. 8:00 P. M.
 - 7. "Organization, Its Objects and Aims," J. P. Denham, Charleston.
 - 8. "Cooperation and Affiliation with the National Organization"—C. P. Byrd, Atlanta, Ga. Committees.
 - 10. New or unfinished business.
 - 11. Election of officers. 8:30 P. M.
 - 12. Address by Rev. Plato Durham, Charlotte, N. C.
- Many of the party will go direct to their homes from here, others to Charleston, and doubtless quite a number will be lured back to Chick Springs to complete their vacation.

MUST CHANGE LAWS

Western States Make Radical Changes In Banking Laws. Atlantic City, N. J., July 7.—Western States must make radical changes in their banking laws before the currency system can become generally effective, according to speakers at the annual convention of the National Association of Supervisors of State banks here today.

It was pointed out that the banking laws of several western commonwealths forbid the investment of the funds of State chartered banks in stocks of any description. This conflict with Federal banking laws will be one of the matters taken up when the supervisors, most members of the Federal reserve board in Washington Thursday.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before Breakfast If Your Back Hurts or Bladder Bothers You.

The American men and women must guard constantly against kidney trouble because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizzy, nervous spells, acid-stomach or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a table-spoonful in a glass of water, before breakfast for a few days and your kidneys will thank you. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it is no longer a source of irritation and ending bladder disorders. Jad salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing remedy. Evans Pharmacy, Agents.

PROMINENT MAN PASSES AWAY

Injury of Several Days Ago Proves Fatal—End Came Yesterday

Special to The Intelligencer. Walhalla, July 7.—J. H. Kell, a widely known farmer of this section died at his home, two miles south of Walhalla early this morning from injuries received last Friday afternoon. It is believed that Mr. Kell mounted his mule to ride home after a day's work, that the mule became frightened from some cause and threw the rider who became entangled in the harness and was dragged considerable distance. He was never conscious except for a few moments at intervals. Mr. Kell leaves a widow and several grown children and wide connection of relatives and friends. His remains were buried this afternoon at the Lutheran cemetery after appropriate funeral services by his pastor the Rev. J. U. Umberger.

Nothing Short of Calamity.

Holding a glass of clear honey in his right hand, the speaker impressively: "It cost the little bees many a weary trip to fill this with sweetness from the flowers." Little Lads, who had been listening closely, exclaimed, with great earnestness: "Wouldn't it have been too bad if one of them had dropped the glass?"

GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrous, remove every bit of dandruff; stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the sage tea and sulphur recipe at home, though is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared and, after another application or two, your hair becomes beautifully dark, glossy, soft and lustrous. Evans' Pharmacy, agents.

Greatness. The greatest man is he who chooses right with the most invincible resolution.—Seneca.

Mr. Doyle. "Their number is steadily decreasing and their abolishment would work no hardship to those who are solvent but it would put the private banker on the verge of bankruptcy out of business."

UMPIRE IN BAD

Police Protection Came In Handy—Charleston Will Protest Game. (By Associated Press.) Charleston, July 8.—Physical violence today was threatened Robert Pender, umpire in the South Atlantic league, for the second time here during the present playing season. Enraged at decisions of the umpire in a game between Charleston and Albany, supporters of the Charleston team surrounded the umpire on the field and were with difficulty forced back to their seats. Pender was given police protection on his way to his hotel at the close of the game.

More than one hundred persons notified the club management that they would boycott all further games umpired by Pender here. The official had trouble here earlier in the season and it was necessary to provide police protection for him to prevent possible violence. Albany won today's game 1 to 0. It is understood it will be protested by Charleston.

of the hold-up and robbery of the pay car of the Gilchrist-Fordney company, at Stevens, Miss., four miles from here on June 27, in which two men were killed and another wounded, were related by Mose Johnson, a negro, in a confession made tonight, according to a statement made by local officers.

Johnson was captured early today near Louin, Miss. He was brought here and placed in jail. Tonight he was guarded by the sheriff and a number of deputies. A mob gathered in the evening, but was dispersed. In the confession Johnson said, it is alleged, that on June 25, he stole a revolver from a camp near Moss, Miss., and after some inquiry ascertained that the pay car would carry a large sum of money. Two days later he held up the pay car. He secreted all but \$140 of the \$2,300 secured in a sink hole and proceeded to Forest, Miss., where he remained until yesterday when he returned and dug up the remainder of the money. He took \$317.80 and again buried the remainder.

GRAFT IS CHARGED

Prominent Men Indicted on Serious Charges. Baltimore, July 8.—John J. Mahon, James H. Larkin, Daniel J. Loden and W. Harry Pairo, all prominent local politicians, were indicted by a grand jury here today. Mahon, Larkin and Loden are charged with violating the corrupt practices act in connection with an alleged collection of money by policemen in the gubernatorial campaign of 1911. The money was to go to the Democratic campaign fund. Pairo is accused of bribery in the general assembly.

Bay Springs, Miss., July 7.—Details
