SALUDA VOTERS REFUSE TO APPLAUD SPEAKERS YESTERDAY

A RECORD CROWD

The Largest Gathering This Year Heard the Speakers For the State Offices

(Special to The Intelligencer) Saluda, July 10.—The quietest and probably the largest crowd of the year attended the campaign meeting of candidates for state offices here today. About 1,000 persons were present, including probably 500 women, who listened to the speeches and refused to applaud.

Speeches of some candidates were charged with bitterness and personalities.

William C. Irby directed a sarcastic attack at John G. Richards, referring to the increase of prosperity to statement of Richards that "the newspaper oligarchy" is fighting him.

"The guilty heart always finds fear in the imagining," he exclaimed. The attacks directed against Andrew J. Bethea, candidate for lieutenant governor by his opponents at the Lexington meeting drew stinging replies today when aspirants for this office again exchanged bitter personal attacks. Bethea charged that the record of B. Frank Kelly as a member of the legislature winding up commission should satisfy the voters' work in that body as a "monumental failure."

With a warning that he would each day devote a part of his time to the attacking of the records of his opponents, particularly Kelly's, who he said started the use of personalities, Bethea closed his speech.

In this connection Kelly told that he was active in securing a warrant for the arrest of Thomas B. Felder of Atlanta, which has resulted in Felder remaining without the state, he said.

Statistics and reports from various county superintendents of education were read by John G. Chinksople with the intention of showing the present great need of a state-wide compulsory education. The adoption of a rural credit law Richards and Charles Carroll Simms, who somewhat at length expressed their opposition to a state-wide law. Richards is strongly opposed, he asserted, to any law of that kind, while school attendance law.

This statement was said to be the reply to Mr. Manning's queries as to the source of funds for the operation of a law of that nature.

A strenuous combined attack on state-wide compulsory education was made by Mendel L. Smith, John G. Mendel Smith approved the local optional idea.

Smith declared "compulsory education is simply a scheme to raise a giant fund by taxation for reckless expenditure."

Richard L. Manning also advocated the local optional plan. Mr. Manning made a splendid business speech.

Solicitor Robert A. Cooper made a strong plea for increase of educational facilities, particularly for the rural districts and the poorer communities.

to Bledsall and denied the reiterated charge to Richard's recent "conversion" Browning as the means of bringing was suggested by Lowndes J. the farmers.

John T. Duncan told of "The System" Mullally was absent. Shortly after the meeting opened, interest was aroused by the exchange of sharp attacks on each other's personal and public records, by Adjutant General Moore, seeking reelection, and M. C. Mills, his opponent.

Attorney General Thomas H. Peoples and Comptroller General A. W. Jones were absent.

James A. Summersett, candidate for Comptroller general, while discussing Jones' record told that \$34,000 of Lexington county money was possibly lost with other deposits in the defunct Lexington Savings Bank, "deposited there by an auditor bonded by the Gulf

and Atlantic Company," in which Summersett claims Jones is interested.

His ideas of compulsory education were explained by A. G. Brice, candidate for attorney general, who denied Peoples' charge at Lexington that he voted for a bill with this provision.

The party was entertained at a barbecue dinner as the guests of the assistant United States district attorney, B. W. Crouch.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If your back is aching or Bladder bothers you, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it is no longer a source of irritation thus end bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this also, keep up the water drinking and no doubt you will wonder what became of your kidney trouble and back ache. Evans Pharmacy, agents.
