

Newberry College

Newberry, South Carolina

A Full Literary, Scientific and Technical School for Young Men

Offers the young men of the South the best educational advantages, under positive Christian influences, at the minimum expense. Founded in 1856 and holds a recognized position among the high-grade institutions of the South.

Provides the usual literary courses leading to the Degree of A. B. including Ancient and Modern Languages, English, History, Mathematics, Social and Political Economy, Oratory and Natural Sciences. Also a post-graduate course leading to the Degree of Master of Arts.

Offers a four-year course in Electrical and Mechanical Engineering in separate buildings, with fully equipped shops and laboratories, all necessary apparatus and appliances, under a separate corps of experienced instructors. Has the great advantage of being connected with a regular literary institution.

Certificates from accredited high-schools admit without examination. A preparatory school department for high-school under graduate instruction opens September 1, 1914.

For catalogue and particulars, address
Rev. J. Henry Harms, D. D.,
 President,
 Newberry, S. C.

THE "PRUDENT MAN" WILL BE WARE OF SMOOTH STRANGERS WITH NICE SEEMING SCHEMES

If all of these schemes which "Smooth" strangers come around to peddle are such great "Money Makers" why don't they KEEP them themselves?

When a man is trying hard to sell you a proposition there is something in it for HIM—that's a sure thing.

Is it not better for us all to keep our money here at home, invest in and build up OUR OWN Community?

The man who does this is prosperous. We pay 4 per cent interest on Savings.

J. S. FOWLER

JOE WAS TOO OLD Eliminate Your Wrinkles.

Barbadoes Negro Who Was Once a Champion.

New York, July 17.—Joe Walcott, of Boston, the Barbadoes negro who for years was the recognized welter-weight champion, was to have taken part in a bout here tonight, but the New York state athletic commission would not allow him to enter the ring on the ground that he is too old to risk another fight.

No farmer should allow his cows to "board" on him. If he suspects that one of his cows is being milked at a time, he should at once get in touch with his county demonstration agent, or should communicate with Prof. J. M. Burgess of Clemson College. The cow's milk should be tested for butter fat with a Babcock tester and if this is found to be "boarded" it should be disposed of at once.

COURT ASSISTS IN NELMS MYSTERY

Order Issued Superior Court Will Help in Solving the Problem

Atlanta, Ga., July 17.—Court action was taken here today in connection with the mysterious disappearance of Mrs. Eloise Nelms Dennis and Miss Beatrice Nelms for whom a nationwide search is being made.

Judge George L. Bell, of the Superior court, signed an order directing the Western Union Telegraph Company, the Postal Telegraph-Cable Company and the Southern Bell Telephone and Telegraph Company to turn over to Mrs. John W. Nelms, of this city, mother of the missing women, all telegrams which may have passed during the last three years between Mrs. Dennis and Victor E. Innes, former assistant United States district attorney of Nevada. The order in addition included any other telegrams which might aid in solving the mystery.

The court also appointed Mrs. Nelms temporary receiver of the estate of Miss Beatrice Nelms. The latter has large property holdings and it was ascertained in the receivership petition that her interests would be placed in jeopardy unless a receiver was named.

Innes was Mrs. Dennis' attorney in Reno, Nev., in 1912 when she obtained a divorce. It was reported he had been commissioned by Mrs. Dennis to make investments for her in Mexico, but in a statement made in Portland, Oregon, the attorney denied the report and said he had no business relations with the woman other than as her counsel in her divorce proceedings.

No trace has been found of either Mrs. Dennis or Miss Nelms, who left here early in June on a business trip to Texas. An investigation was started when a letter, mailed in San Francisco on July 3 to Mrs. Nelms and signed with Mrs. Dennis' name, indicated that she had killed her sister.

JUST CRIPPLE AROUND.

Some people just cripple around most of the days of their life, worth about half what they might be to themselves and their families, with all energy gone and only duty dragging them about their daily tasks. They don't know what is the matter, and treat first one symptom and then another, without much result. The real trouble is that the blood is not rich enough to supply the demands of the system. This lack of the necessary elements may manifest itself in nervousness, in indigestion, in rheumatism, in emaciation in that "all gone" feeling. Just give yourself a chance by making your blood all right and see how quick Nature will give you poise and energy. Many of your neighbors have redeemed lives almost shipwrecked by the faithful use of Mrs. Joe Person's Remedy which is a great eliminant and tonic. It clears away the impurities and then builds up the system. That was the case with Mr. John F. Pettigrew of Leesburg, N. C., who says: "Several years ago I was suffering from indigestion. For three months I had to live on milk and bread and I was just as weak and nervous as I could be. Eight bottles of Mrs. Joe Person's Remedy cured me, after the doctor's medicine failed."

You can buy this great remedy of most druggists. If yours doesn't have it for you send a dollar to the Remedy Sales Corporation, Charlotte, N. C., and they will supply you.

CONFESSES CRIME, MAY GET FREEDOM

Verdict of Coroner's Jury May Liberate 17-Year-Old Confessed Murderer

Riverside, N. J., July 17.—Although Sheriff Jordan testified today that Edgar Murphy had confessed to the murder of 17-year-old Herman Fisher, a coroner's jury returned a verdict which may lead to the prisoner obtaining his release on habeas corpus proceedings. The verdict read: "We find that Herman Fisher came to his death while passing along a roadway from Taylor station to his home on Saturday night, July 11, from shots fired by a person or persons unknown to us; but that one witness testified that Edgan Murphy has confessed the crime."

Murphy, the sheriff said, confessed he killed Fisher because Fisher had told his sweetheart, Ida Wilhelm, to whom Murphy was also attentive, that Murphy was married.

CLAYTON BILL IS PROGRESSING

Senate Committee Getting To Heart of the Anti-Trust Legislation

Washington, July 17.—Senate committee took another firm grip today on the administration's anti-trust legislative program and made progress curbing measure and the trade commission on the Clayton Bill, the railroad commission bill.

While the trade commission bill was under discussion again in the Senate, vigorously criticized by Senator Works, of California, the interstate commerce committee had it under advisement and virtually agreed to amend the section would make unlawful unfair competition.

The amendment proposed would authorize the proposed trade commission to determine what constitutes "unfair competition" and to order it stopped when determined. In each case, there would be a full court review.

While the committee made some progress on the railway securities bill, the question whether the Interstate Commerce Committee should be empowered to determine to what use fund realized by carriers from issues of securities had been used, still is undetermined.

The judiciary committee decided the section of the Clayton measure relating to holding companies should be made stronger, but it has not been able to amend the section to its satisfaction. The matter will be considered further tomorrow.

AB KNOX WILL GET NEW TRIAL

Supreme Court Has Reversed the Circuit Court

"The judgment of the circuit court is reversed and the case is remanded for a new trial," reads the decision of the supreme court in the case of the State vs. Ab Knox. Knox is a young white man of the Belton section and was indicted for assault and battery of a high and aggravated nature. The papers in the case were received by Clerk of Court, Pearson, from the clerk of the supreme court.

CAPT. MCGULLY THERE

The City of Guaymas, Mexico, Was Evacuated Friday.

On Board U. S. S. California, La Paz, July 16.—Via wireless to San Diego, July 17.—The federal evacuation of Guaymas is complete. The last of the garrison, long hemmed in by the constitutionalist forces of General Obregon, embarked southward tonight with their horses and accoutrements in six steamers and four towing schooners. A provisional government has been established and order prevails throughout the city.

In accordance with the armistice arranged several days ago the citizens of Guaymas were disarmed today. The federal mines planted at points on the outskirts of the city were exploded with constitutionalist officers as witnesses.

The first act of the new administration was to relieve the starving population by the distribution and sale of foodstuffs.

The peaceful exchange of governmental authority was facilitated by Captain McGrover, of the United States cruiser Raleigh. Arrangements also were completed for the formal occupation of Guaymas by the constitutionalists on July 18.

(Special Capt. W. A. McGully, of this city, is the commander of the battleship California, which is himself built several years ago. Guaymas is a city of 15,000 on the west coast of Mexico, about on a line with Galveston, Texas.)

Mr. Fred Sludt, a widow, sixty-nine, of Port Jervis, N. Y., who purchased the release from the navy of George C. Hart, twenty-four, that she might marry him, finds she will have to obtain a physician's certificate first.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't look old! Try Grandmother's recipe to darken and beautify faded, lifeless hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the tonic, you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and itching hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and pass this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears young, lustrous and abundant.

Small bottles of "Wyeth's Sage and Sulphur" are sold by all druggists.

First Annual Grain Festival

The first annual grain festival under the auspices of the Anderson Chamber of Commerce will be held next Tuesday, July 21. Following is the program:

Chairman of the meeting: J. S. Fowler.

Exercises open at Chamber of Commerce promptly at 10:30 a. m.

Announcements—By the chairman. Invocation—Rev. Dr. W. H. Frazer, pastor First Presbyterian Church, Anderson, S. C.

Address—Methods Pursued by Demonstration Forces in Seeding 100,000 Acres in Cover Crops in South Carolina—Hon. W. W. Long, State Agriculture Agent and United States Department of Agriculture.

Address—Agriculture in South Carolina, Hon. E. J. Watson, commissioner, Columbia, S. C.

Address—The Lever Agricultural Extension Act and what it means to South Carolina, Hon. Arthur F. Lever, congressman from South Carolina and chairman committee on agriculture, house of representatives, Washington, D. C.

Grand Prizes.

The following prizes in cash will be awarded:

Given by Furman Smith, Wholesale Seedman, Anderson.

1. First best bushel of oats—\$100.
2. Second best bushel of oats \$50.
3. Third best bushel of oats—\$40.
4. Fourth best bushel of oats—\$30.
5. Fifth best bushel of oats—20.
6. Sixth best bushel of oats—10.

All above open to any farmer in third congressional district of South Carolina.

7. Best bushel of oats from Anderson county—\$25.

Given by the Anderson Coca-Cola Co.

8. First best peck of wheat—\$3.
9. Second best peck of wheat—\$1.50.
10. Third best peck of wheat—\$1.

All above given by Furman Smith, and open only to Anderson county farmers.

11. First best peck of rice \$1.
12. Second best peck of rice \$1.

All above given by Furman Smith and open only to Anderson County farmers.

Conditions—All grain must be placed on exhibition in the Magee building, opposite Davis Bros. stable, on West Benson street by 12 o'clock, July 21. Nothing will be returned. Judges, Hon. W. W. Long, A. F. Lever and E. J. Watson.

COCA COLA HABIT, A GHOST.

We have all heard of ghosts, but none of us has ever seen one. It's the same way with coca cola "fiends;" you can hear about them but you might search for them until doom's day and you would never find one. Physicians who have treated hundreds of thousands of drug habit cases, including opium, morphine, cocaine, alcohol, etc., say that they have never seen a case where the use of Coca Cola has so fastened itself upon the individual as to constitute a habit in the true sense of the word. Although millions of glasses of Coca-Cola are drunk every year, no Coca-Cola fiends have ever made themselves visible at the doors of the sanitariums for the treatment of drug habits.

The Coca Cola habit is analogous to the beefsteak habit and to the strawberry habit and the ice cream habit. People drink Coca Cola first because they see it advertised and thereafter because it tastes good and refreshes their minds and bodies. They drink it when they can get it and contentedly do without it when they can't get it.

If you had ever witnessed the ravings of a real drug fiend when deprived of his drug if you had ever observed the agony he suffers, you would never again be so unfair as to mention Coca Cola in the same breath with the "habit forming" drugs.

FOR DISSOLUTION NEW HAVEN ROAD

Atty. Gen. McReynolds Will Have To Institute a Suit To Get Results

Washington, July 17.—Negotiations between the New Haven Railroad and the department of justice to effect a peaceful dissolution of that system apparently came to an end today and unless there are unforeseen developments the government will file a dissolution suit next week.

Before it is filed the Attorney General McReynolds will lay the whole New Haven case before President Wilson and ask the approval.

Mr. McReynolds' ears are not closed to further negotiation with railroad officials, but it was believed today that the New Haven has rested its case. Official notice of the directors' action yesterday refusing to accept conditions laid down by Massachusetts for the sale of its Boston and Maine stock, came during the day. There was no intimation of any plan for complying with the government's demand, that the Boston and Maine stock be sold.

It was reported to night that the New Haven will not fight the government's suit at all, and might even go so far as to appear in court, confess judgment and put it up to the court to determine whether a dissolution suit be ordered.

How far the government's bill may go in asking for a dissolution is doubtful. At one time the bill contained a provision asking for the separation from the New Haven of the old New England Railroad, secured years ago and considered a vital part of the system. There was some question as to whether the Sherman act will apply to the New Haven, and it is possible that this feature will be eliminated from the bill. If it is retained and the government should win, the New Haven would be stripped to its shore line and a few feeders.

STRAYED OR STOLEN—From D. A. Geer's barn in Belton, one Jersey heifer about two years old, with horns, dark sides and light colored on back; weight about 400 pounds. Reward: If returned to D. A. Geer, Belton, S. C.

THE GAS "TRUST" IS INVESTIGATED

Over \$55,000,000 Capital Stock—Pennsylvania Concern Interested in South Carolina

(By Associated Press)

Washington, July 17.—Investigation by the department of justice of United Gas Improvement company, probably the largest factor in the country in the sale of gas lighting fixtures, is nearly complete. It was announced today, but whether the government shall bring an anti-trust suit has not been determined. No decision in the case is expected for several weeks.

The investigation into the company is said to have developed that it does business in nearly 300 cities and towns in the United States. The company was chartered in 1882 by the state of Pennsylvania with the broadest powers. At the close of 1912 its outstanding stock amounted to \$55,502,950. It is interested in various companies in many states, including South Carolina, Georgia, Florida and Tennessee.

WANNAMAKER 76 YEARS OLD.

Sends Birthday Message of Thankfulness to Friends.

New York Times.

Hale and hearty and thankful for friendships which he counts among his best possessions, John Wannamaker celebrated his 76th birthday today at the home of his son, Rodman. Asked for a message, Mr. Wannamaker wrote the following:

"To get up to this birthday is a far road to get over. But there is no un-beautiful borderland between summer and autumn. Each birthday opens to a new beginning along the highway of thankfulness to try to bring one's work to completion and at least try to help the other man to do the same."

Mr. Wannamaker said he had enjoyed few happier birthdays. Wires, mails and messengers brought more than 125 messages of congratulations, some from Europe. He took personal pride in a hamper of roses sent from New York on an order called by a London friend.

"I wonder whether we appreciate our old friends as we should," he said. "It is sometimes easy to make new friends after one has achieved more or less success in the world, but it is our old friends whom we know during the earlier days and who are still our friends just as simply as then that we should value most."

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flu, the Kidneys at once when Backache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poison from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, regular passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush out the kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation and ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications. Brass Pharmacy, Agents.

Keep Your Animals Free from Fleas

Corn give less milk, horses do less work, wheat fattened by flies. Keep your stock free from these disease breeding pests by spraying them with

Conkey's Fly-Knocker

Gives animals immediate relief and saves you money and trouble. Does not taste milk. Inducive to animals.
