To What College Shall We Send Our Son?

A most important question for parents. Consider some of the advantages of the

Presbyterian College of South Carolina

A rapidly growing college. In three years its student body has increased eighty per cent; its resources have tripled. Ten buildings, splendid dormitories, thirty-acre campus and athletic grounds. New Science Hall, Modern Library, Gymnasium, with physical director. Expenses moderate.

Full collegiate courses, rearranged for most efficient education. B. A., B. S. and M. A. degrees. Faculty of well-trained Christian gentlemen. Positive religious influences. Its students come from the best homes in South Carolina. For catalogue, address.

DAVISON M. DOUGLAS, D. D., President, CLINTON, S. C.

IMPORTANT

Every democrat should vote in the primary election which will be held this year on August 25.

In order to vote under the new rules every democrat must go in person and place his name upon the roll of his democratic club and he must enroll his name in full—not simply giving his initials, but enrolling his full name.

The last day for enrollment is Tuesday, July 28, 1914. Do not wait until the last day or the secretary may not be found, or something else may happen to prevent you from getting your name on the roll.

There is an erroneous impression among some that a registration certificate and tax receipt are required in order to enroll. You do not need a registration certificate or tax receipt.

If you live in a town divided into wards, enroll in your own ward.

In all other cases, small towns and villages and in the country, enroll in the club whose voting place is nearest to your residence, calculated by the nearest practicable route.

You are entitled to enroll and vote. If you become a resident of South Carolina before November 4, 1913:

And, if you become a resident of your county before May 1, 1914:

And, if you become a resident of your club district before June 25, 1914:

Temporary residence out of the state, county or club district does not disqualify you from enrolling and moving from one club district to another even though it be in another county, within sixty days of the primary, you can return to the club district in which you are enrolled and vote.

If you come within the rules, go to your club secretary, or the person in charge of the roll, and enroll. If for any reason the secretary or person in charge says you cannot enroll, demand your right. He is not the judge of your right or vote.

It is the duty of every citizen to refuse the privilege of enrolling, or

back again with a reliable witness and demand your right once more. It won't hurt to give the secretary written notice of your demand. If you are again refused, appeal to the county democratic executive committee.

It is the duty of every white man who is a democrat to enroll and vote. Enroll today and go to the polls on the 25th of August and cast your ballot.

GREENWOOD

Greenwood, July 17.—Thus far about 900 voters have placed their names on the two city club rolls. There were 357 names on the roll at the National Loan and Exchange Bank Thursday afternoon and approximately 500 on the book at the Bank of Greenwood. Those who haven't yet enrolled are again reminded that the books will close one week from next Tuesday, July 28th.

Over 300 tickets were sold Friday morning for the excursion over the Southern from Greenwood to Williamston. The trip was arranged by Randolph McGee and others for the various colored Sunday schools.

Examination for citizenship in Greenwood county by the citizens will be held at the court house on August 10th. It is understood that a number of young men are applicants.

The Way Peace Works. Mexico City, July 17.—Rafael Cepeda, former governor of San Luis Potosi, who has been confined in Sanjago military prison for more than a year for refusing to recognize the Huerta government today was released by President Carranza.

Circular No. 24 of the South Carolina experiment station, just off the press, contains the addresses on the registration card delivered to the general assembly on January 26 by Dr. E. M. Nighbert, government expert. It lists the names of the various farmers in all counties troubled by the cattle tick. The circular may be had upon application to Clemson College.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Had a Vacation of Exactly Four Hours.

W. P. Lesser, better known as "Bill", established a precedent Friday afternoon by taking a four hour vacation. The attackability of Bill, has been often commented upon, as nothing short of a catastrophe has ever succeeded in enticing him away from the store he has served so faithfully these many years. Friday's escapade is still shrouded in mystery, it may be that the peculiar fascination of an Automobile ride attracted Bill; or the "Back to Nature" call was irresistible. W. P. Lesser having lived on the banks of the Arkansas River in the wild and woolly West for quite a while before making Anderson his home. At any rate Bill left the store at exactly 5:30 and returned at 9:30 the same evening after having had a most enjoyable trip to the river about ten miles from the city.

Anderson Boy Deserves Mention.

Paul Bolt, an Anderson boy, who was for a long while in the Grocery business here, and is now Cashier of the Columbia office of the Southern Bell Telephone Co. has thoroughly demonstrated what possibilities are before the young man who is ambitious and conscientious in all dealings. Paul, as he is known by a host of friends in this community, is a young man of sterling worth, and is deserving of the important position he now holds.

Boys are Home Again From Stay in Georgia.

Messrs. Charlie and Sam Clinkscales, sons of Dr. Bill Clinkscales of Starr, are again enjoying the pleasures of "Home sweet home." The two young men are in this section boosting South West Georgia. But, have to acknowledge that Anderson county is the best spot on earth. The Messrs. Clinkscales have been making their home in Georgia for some time, and are loud in their praise of the Empire State, especially the immediate section where they live.

Important Meeting First Baptist Church.

Every member of the choir of the First Baptist Church is urged to be present at the Sunday morning service. This is very important and it is hoped all will be present promptly at 11:30.

The First Picnic At Rose Hill Club.

The first picnic by Rose Hill club since they moved to North Anderson was given Friday evening, and was pronounced a big success. A majority of the club members were present, and a number of visiting young ladies. The lunch was spread on the lawn, and there was any amount of fried chicken and other good things also in abundance. After supper, which was served about 8 o'clock, the young people went into the club house and enjoyed dancing until 11 o'clock.

Came From Georgia In Their Auto.

Forrest A. Pruitt and family of Preston, Ga., reached the city on Friday and will spend several days with Mr. Pruitt's father, R. W. Pruitt, of this city. They came through in their auto. Mr. Pruitt brought an open boll of cotton from his farm, and says the crops in that section of Georgia are splendid. He also states that a farmer in his neighborhood began picking cotton last Friday, the first open boll being seen on June 28. He is greatly pleased with his new home in Georgia.

Adolph Geisberg Is Back at Home.

Adolph Geisberg, who has made his home in Atlanta for many years, has returned here with his family to make his home. Mr. Geisberg is at present in the hospital, but his many friends hope that he will soon be recovered sufficiently to be removed to the cottage that he has rented in the southern portion of the city. Mrs. Geisberg and two children are now with Mr. and Mrs. O. Geisberg on South Main street.

Registration For the Election.

This is for the general election in November, not the August primary. Elsewhere in The Intelligencer today will be found a statement from the registration board of Anderson county notifying the people that they will have the books at certain places on certain dates.

Sons of Veterans To Meet Monday.

Judge Quattlebaum calls attention to the meeting of the Sons of Veterans Monday and urges all young men to join Camp Humphreys. He has been short of blanks but he has them now.

Scenes Attending the Costly Fire That Swept Salem, Mass.

Salem, Mass., almost entirely wiped out by flames, is now gallantly endeavoring to rebuild and resume business. Many places of historical interest were lost, although Nathaniel Hawthorne's birthplace was saved. The loss was \$15,000,000 and six lives. The photos show a view of the flames at their height, with survivors watching the destruction of their homes; also refugees removing furniture from their houses. President W. M. Riggs of Clemson College. These addresses contain information of interest and value to farmers in all counties troubled by the cattle tick. The circular may be had upon application to Clemson College. An order for 70,000 boxes of chocolate has been placed by the city of Glasgow to give to school children to commemorate the visit of their major. The Clifton sales of the week, from a merchandise standpoint, were featured by steadiness in all standard lines of merchandise. Summer good and merchandise in a style character were sold at concessions. There was very much less uncertainty provoked by this sale than by any similar offering in years and cotton goods men believe this is due to a generally well liquidated position among distributors and mills. Business was better at the opening of the week than at the close. Pressure to sell yarns in the markets continues despite the large curtailment of production that is going on. Cloth prices are as follows: Print cloths, 28 inch 64x64s, 3-4c nominal; 64x60s 1-2c; 38 1-2 inch 64x44 5 1-8c; brown sheetings, southern standards, 8c; denims, 9 ounce, 14c; tickings, 8 ounce, 13 1-2c; standard prints, 5 1-4c; standard staple ginghams, 6 1-4c; dress ginghams, 8 3-4c.

LARGE CROWD COMING TO GRAIN FESTIVAL

SECRETARY WHALEY IS IN RECEIPT OF LETTERS

MR. LEVER COMING

Special Provision Will Be Made in the Ladies' Rest Room

Over fifty letters of inquiry were received Saturday by the local chamber of commerce asking for information regarding the Grain Festival to be held here Tuesday under the auspices of the trades extension committee of the chamber of commerce. Mr. Whaley stated that the committee is looking for a crowd of not less than 1,000 people, from all parts of the Third congressional district.

Congressman Lever wired here last night that he would be here unless important engagements prevented, which he did not think would be the case. Special provision is to be made for ladies and children in the rest room of the chamber of commerce, and a checking system for parcels worked out for the convenience of those who trade among the merchants during the festival.

DISTRIBUTE SEED IN HAIL DISTRICT

State Department of Agriculture Will Give Aid to Section in York County

Columbia, July 15.—Commissioner Watson, of the state department of agriculture, announced yesterday, that he will visit the hail district in York county and assist in gathering information as to the needs of the farmers of that section. The commissioner will cover the entire district in the automobile of the department of agriculture and will attempt to visit each farmer and find out his needs. He will detail two men from his department to aid the demonstration workers in bringing about a normal condition. In response to a call sent out from the department a large order of speckle cowpens has been secured and will be sent to the devastated district. The seed are of nice quality and if planted now will make a maximum crop. The commissioner is also collecting other seed that will be of benefit to the farmers whose crops were completely destroyed by the severe hail storm of several days ago.

GETS AN INVITATION FROM MOUNTAIN CITY FOR NEXT TRADES EXCURSION BOOSTING CITY

MAY BE ACCEPTED

Would Be of Great Value To Anderson In Establishing Trade Relations

Highlands, N. C., has invited the members of the Anderson chamber of commerce to visit that city and section of North Carolina on their next Trades Excursion. Secretary Whaley stated Saturday that he would ask Chairman B. O. Evans of the trades extension committee, to call a meeting of the committee next week to consider the practicability of running a trade tour to Highlands. He stated it would require at least 25 automobiles, but would be of incalculable value to the business interests of Anderson, since the people in the vicinity of Highlands desire to job in Anderson and sell their products on the local market in exchange for merchandise.

BEAUFORT MEETING

Richard I. Manning Seemed to Be the Favorite There.

Beaufort, July 18.—Candidates for state offices relaxed from their week's tour in the meeting held here today in the court house. The audience early showed a disposition to become demonstrative only when a candidate was introduced and when he finished speaking.

Several of the candidates were present and all who were present were accorded courteous and attentive hearing. In the gubernatorial race, Richard I. Manning stood out in the front rank judging from the applause and cheers which greeted the speaker in his short exposition of the platform on which he is running. The races for minor positions showed a decided tendency to increase in bitterness with each succeeding meeting and almost every day sees the selection of some new charge by a fellow candidate.

WHAT COULD BE DONE?

Major Holloman's Construction Commission. Section 243 of the city code says that in the event of a slaughterhouse or abattoir the owner shall be entitled to the offal, for said privilege. On Monday of this week the butchering at the abattoir, or rather some of them clubbed together and engaged D. W. Geer to do the butchering for them. Since then a question has arisen between the owner of the abattoir and the market. What constitutes the "offal," Mayor Holloman has addressed a letter to R. D. Henderson, owner of the abattoir, giving his construction of the word "offal." Copies of this letter have been mailed to the seven marketmen of the city. The letter reads as follows: Dear Sir:—Inasmuch as there has been some confusion as to what constitutes "offal" in connection with the killing of cattle at the abattoir, I wish to inform you that my construction of the word is that it constitutes those parts of the cattle which is of no use as food, which includes the entrails, feet and head, and the butcher who kills his cattle shall have, with the carcass, the tongue, brains, liver heart and what is known as head, fat and hide, and I have so notified the butchers.

MADE IN ANDERSON

Outfits for Canning Fruits and Vegetables at Low Cost. To meet the growing demand for a compact, successful and inexpensive canning outfit for small growers and to be used in the home, John T. Burris & Son have put on the market one of the most complete outfits that has yet been put on the market. It is built on practical and substantial lines and the cost is trifling, the complete outfit selling for \$10. This outfit was designed by I. G. Watson, formerly in the tin shop of the Burris plant, and those who have tried it say that it works perfectly. Mr. Watson was for a number of years engaged in the canning business in North Carolina and naturally would know the strong points of an outfit to be used as this one will.

A number of Anderson county farmers are interested in canning vegetables, fruits, etc., and a great number of these small outfits are in use over the county. None of them, however, will compare with the Burris-Watson outfit made in Anderson. Camp W. W. Humphreys. There will be a meeting of Camp Humphreys Sons of Veterans in the court house next Monday, July 20th, at 5 o'clock. Please take the time to attend this meeting. It will be short and there are several matters to be arranged. S. N. Glimmer, Commandant, Secretary.
