CLEMSON MEN GATHER AS IN OLDEN DAYS

STILL HAVE TO ATTEND CHAPEL EXERCISES

"SAME OLD GRUB"

Cries of "Shoot the Bull" Heard Through Mess Hall As Students Did In Days of Yore

(From Saturday's Daily)

People returning to Anderson last night from Clemson college where they had been to attend the Clemson "home coming week" said that the old students of the college were having the best time of their lives and every man on "the hill" was happy. They said that the people of the various South Carolina towns would hardly recognize in their staid and respectable business men the specimens of care free boys to be found on the Clemson campus today. The men have ceased to be for a day or so and in their places are to be found the "rat", the Soph, the haughty Junior and the dignified Senior, all gathered at Clemson to renew old acquaintances and to meet and make new friends. They are having one big time.

The ex-students arriving in great crowds for the Home Coming. This event is regarded as one of the most important and the most pleasant in the history of Clemson college. Extensive preparations have been made to give the old boys a rousing good time. The campus and the buildings are all in good trim and most of the members of the faculty are here in good spirit ready to give the boys the glad hand. President Riggs has prepared a splendid program, giving special attention to the pleasures of the visitors. There will be chapel exercises after the old style and after the later. There will be a sermon on Sunday by an old Clemson graduate. Then there will be two concerts twice each day, along with several numerous musical entertainments. There will also be fireworks, swimming, ball, and other sports. There will be an old time watermelon cutting. The delinquency reports will add much fun to the occasion.

The various committees have their part of the work in hand. Automobiles meet every train to assist the regular backs in bringing the crowds over from the stations. Of course, there will not be room for all, but the fellows who will have to wait, will recall many a like occasion of the old days when luck was against them.

Many are fortunate enough to get into their old rooms in barracks and many a man will prefer his old room, whether it was a good one or not. Every mother's son of them will want to eat Shorty's "famous" ly pudding again, and they will "shoot the bull" as in days of old.

One unusual feature will be the fact that there will be no really old men in the crowd. The oldest graduates will not reach much above the age of forty.

One of the happiest men here is Dr. F. H. St. John, who was treasurer of the college and last year. More students know him and love him than they do any other man here. He will have a most successful reception during the day of "Home Coming."

MOSER PLAN TO PROMOTE DAIRIES

Anderson Farmers Asked To Head Ideas and Suggestions Being Offered

(From Saturday's Daily)

In recognition of the vast importance of the development of the dairy interest of the state, far too much neglected, the Anderson chamber of commerce has sanctioned an ambitious plan, known as the Moser Plan. In a statement giving an outline of the plan much space is devoted to the many arguments in favor of dairying in the piedmont for profit of the business itself. In the improvement of the soils by the retention of much fertilizing matter on the farms and the much greater value of the forage crops fed to stock in comparison with the sale of the forage merely as forage.

The essentials of the plan are: (1) A method by which the farmers, through co-operation with the bankers and business men of their respective towns, may purchase dairy animals, stables and carrying equipment for expanding in the dairying business.

(2) A means whereby the intending dairymen and their supporters may be assured of getting good animals and adequate equipment for the amount invested.

(3) For such a general supervision and expert assistance in the newly begun dairying operations as shall assure the financial supporters of the various associations that the business will be managed with the maximum of efficiency and economy, to the end that the dairymen shall incur the least practicable risk and the dairymen earn the largest profits.

A most inviting title for the dairy business is in Anderson county and that co-operative plan, or any similar plan that embodies the co-operative idea, is well worth serious investigation.

PREST. WILSON ON A VACATION

At Sumer Home in Vermont—Many Reminders of His Wife Are There

Windsor, Vt., August 28.—President Wilson, who came here today to begin his first vacation of the summer, spent tonight quietly at "Harlakenden House" with his family, celebrating the birthday of his daughter, Mrs. Francis G. Sayre.

Despite efforts of all members of the family to make the occasion a happy one, the recent death of Mrs. Wilson saddened the gathering. The party consisted of the president, Mrs. Sayre, Mrs. Margaret Wilson, Mrs. Howes, the president's sister, Mrs. Cothran, his niece; Eleanor Cothran, his grand niece; Mr. Sayre and Professor Stockton Axson, Mrs. Wilson's brother.

The people of Windsor and of the little village of Cornish, across the Connecticut river, respected the president's recent grief by remaining in back ground, but American flags decorated many homes. On the way to "Harlakenden House" the president drove past the small cottage which was formerly used by Mrs. Wilson as a studio for her painting.

During his stay here the president plans to devote his mornings to golf and his afternoons to long automobile rides. He was reluctant to play golf but Dr. Cary Grayson, his physician, has informed him that his health requires exercise.

White house officials in Washington are to send only the most important dispatches to Windsor and as far as possible the president will be given an opportunity to rest.

BOY STRUCK BY AN AUTOMOBILE

Machine Driven by Rev. I. E. Wallace Ran Over Lad On Street Main Yesterday Afternoon

(From Saturday's Daily)

Jack Mulkey, the seven-year-old son of Harrison Mulkey, a carpenter, was run over by an automobile on South Main street yesterday afternoon about 6:30 o'clock. The boy had just come from Johnson's grocery store and started across the street when he observed a car coming. He tried to jump to one side but just as he did so the machine also swerved and the wheels struck the lad, throwing him to the ground. However, he was knocked in such position that the wheels passed on either side of his body and did not touch him at all. He therefore escaped without serious injury.

The machine was driven by Rev. I. E. Wallace and Mr. Wallace was not going at a rapid rate. When he saw the boy he turned the machine to one side in order to avoid the possibility of a collision but it was just at this time that the boy decided to turn and there was no way to prevent the accident.

The boy was not badly injured, suffering but few bruises and no cuts, but he was carried to the home of his parents on Ligon street and last night it was said that he was doing very nicely.

Sherard's Election.

Spartanburg Journal.

Mr. Sherard, who has been elected to the state senate from Anderson county, will make a valuable member of that body. Mr. Sherard was formerly mayor of Anderson, a position he filled with credit. He defeated Gov. Blease's brother-in-law, Theodore Blease, in a county which Blease carried. This attests his popularity.

PICKED ANDERSON FOR HIS FIRST INSPECTION

CONFER TODAY ON PANAMA EXHIBIT

THIS CITY'S PART

A. G. Blum Comes Here Today to Confer With Local People About County's Exhibit

(From Saturday's Daily)

Several weeks ago A. G. Blum, commissioner for this state for the South Carolina Exhibit at the Panama Exposition, went to work in Columbia, getting all plans mapped out and conferring with leaders of the movement in Columbia, and having finished that work, Mr. Blum will come to Anderson for his visit today. This will be the first town visited by Mr. Blum in this state since he has completed his duties in Columbia and local people are rather well pleased with the fact that the commissioner should decide to visit this city before he goes to any other town in the state.

Plans were made several weeks ago for sending three men from this state to San Francisco for the purpose of selecting a site for the South Carolina exhibit and securing a lease on the same for the South Carolina building and it was then decided at a meeting in Columbia that A. S. Farmer of this city would be one of the three commissioners to go from the state. One man was chosen from the "low country," one from Columbia and one from the Piedmont. Mr. Farmer will go to represent the Piedmont.

During his stay in Anderson today Mr. Blum will confer with Mr. Farmer and offer suggestions as to the best methods to be followed in securing the site for the South Carolina exhibit and will also discuss with Mr. Farmer and with representatives of the business interests of the town and county the question of what part Anderson is to take in the South Carolina display.

The three men from South Carolina are to leave this state for San Francisco next week, probably on Tuesday and it is presumed that Mr. Farmer will depart at that time. It is understood that he may possibly carry an assistant with him to aid in picking out a suitable location for the South Carolina building.

While Mr. Blum will hardly ask Anderson today to make any definite promises as to what this city will do toward aiding with the exhibit, it is a foregone conclusion that Anderson will do as much as will any other city of the same size in the entire state.

CANADA SENDS CRACK REGIMENT

Jack Munro, the Fusilier, is Among the Privates Who Have Enlisted

(By Associated Press)

Ottawa, Aug. 28.—The Princess Patricia Light Infantry and the first brigade of the field artillery with 12 guns, left Ottawa today. The guns will go to Valcartier and will be sent to Europe in about two weeks. The Princess Patricia regiment will go on board the troop ship Megantic at Montreal tonight and will sail tomorrow.

The Duke and Duchess of Cornwall and the Princess Patricia reviewed the regiment and wished its members good fortune.

The regiment was raised by R. B. Bennett, a member of the Canadian parliament, and Hamilton Gault, a Montreal millionaire. It is commanded by Colonel Farquhar, an officer of the Gold Stream Guards, with Captain Buller of the British rifle brigade, second in command. Hamilton Gault has a captain's commission, while his wife goes under the badge of the Red Cross.

Of the 1,100 men a thousand wear medals for previous service in South Africa, the Philippines and Cuba, chiefly. About three hundred men of the regiment are adventurers fresh from Mexico Jack Munro, who won his fame through gaining a decision over Jim Jeffries, is a private in the ranks of the regiment, which is held by military authorities to be one of the most efficient ever assembled.

The Canadian artillery is moving on Valcartier today from all assembly points. The detachments will be in by Sunday night, when there will be 35,000 men of all arms assembled at camp.

NO MONEY IN BRUSSELS

London August 28.—The Antwerp correspondent of the Exchange Telegraph company says the Brussels burgomaster has not handed over the war levy of \$40,000,000 demanded by Germany. He declares he has not the money.

The German military government continues the correspondent has designated as hostages Ernest Salway, described as the Belgian Carnegie, upon whom it has imposed a fine of \$50,000 and Baron Lambert.

RUSSIAN ADVANCE

London, August 28.—The Russian embassy here last night received advices from St. Petersburg that the Russians had occupied Allenstein, East Prussia, 65 miles south of Koebelnburg, after repulsing the Germans, who had brought up reinforcements.

In Galicia, the advices said, the Russian advance continued and an Austrian regiment had been defeated.
