

ELECTRIC CITY SPARKLETS
Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Policemen Are Enforcing Law. It is simply a case of drive to the right or go to jail! Of course the drivers of automobiles and vehicles protested somewhat yesterday but in view of the fact that one of their number had to pay a fine of \$5.00 in police court yesterday morning, they decided that it would be better to drive to the right and avoid arrest than to ignore the law and go to the lock-up and as a result of this pedestrian in Anderson experienced a little comfort yesterday. A member of the police force was stationed at the corner of the square at Whitner street and Main streets and another was placed at the corner of Main and Earle streets and drivers were made to observe the law and also the regulations governing speed. The streets were not so congested as a result of the innovation, and the pedestrians had a fighting chance to get out of the way of the vehicles.

To Pass On The Library Question. Following a request from the trustees of the Carnegie Library made yesterday, Mayor Godfrey called a special meeting of the Anderson city council for Monday afternoon at 4 o'clock to consider the question of the appropriation for the library in this city. It will be remembered that the council at Tuesday night's session refused to continue the appropriation of \$183 per month for this institution on account of the fact that the expenses of the city are heavy just at this time. It is said by trustees that this action, if it stands, may result in the library being forced to close down, and it is therefore hoped that some understanding can be reached tomorrow.

Say Keynote Has Been Struck. A letter was received in Anderson yesterday from people in the west interested in the grain elevator undertaking of that section in which the western people advise Anderson that they have struck the keynote in determining to build an elevator in this section. It is understood that a representative of one of the foremost factories is now enroute to Anderson with the purpose in view of explaining to the local people just what such a plant will cost and what will be the best method to follow in establishing such an enterprise in this community. All the farmers of Anderson county favor such a scheme and there is no evident reason why the undertaking should not prove successful.

Prof. Walton Is Critically Ill. It was understood in Anderson yesterday that the condition of Prof. T. C. Walton is very critical indeed, and there is some uneasiness felt by his friends over his recovery. Prof. Walton has been in a hospital in Baltimore for treatment on several occasions and when he last returned it was hoped that he was improved but of late he has been growing worse and it was said yesterday that his condition was very serious indeed. For a long term of years Prof. Walton was superintendent of the Anderson Public School and for a few years he was president of the school in Kentucky, which position he now holds. He is at the home of his son, G. B. Walton, and it is hoped that the care he is receiving there may eventually result in his recovery.

The Supervisor Is "For All Facions". The public of Anderson will evince a lively interest in a statement which J. Mack King, county supervisor, makes in this issue of the Intelligencer. Mr. King's statement reviews a number of facts and says, in part, "I realize that I have been elected by a majority of the people in Anderson county—not to serve the majority alone but the minority as well, and I will do so to the best of my ability." Mr. King says also that he is aware of the fact that the office of county supervisor is one of the most important in the county and that he will ever strive to do his very best for the people of Anderson county.

Chief Stopped Ticket Buying. When the fun was raging at its merriest in one of the local theatres Friday night and enthusiasm was running high, Chief Jackson of the fire department informed the patrons of the theatre that the entire attendance was present and that no more could be admitted to the place. He pointed out that with the aisles packed as they were, a fire would simply precipitate a panic and that many lives would be lost. He notified the proprietor of the place that no more tickets could be sold and that ended the incident.

Sutherland Won Handsome Watch. Several days ago the Blouffe are announced that the amusement place would give away a handsome \$25 watch Saturday night and when the time for the award of the watch arrived last night the place was packed with people anxious to win the timepiece. When the drawing had been completed it was found that Raymond Sutherland was the one holder of the lucky ticket and when he calls tomorrow at W. H. Keese & Company's jewelry store he will be presented with a handsome \$25 timepiece. Mr. Sutherland, who is a motorman on the street railway, says that he is well pleased with his motion picture show investments and thinks that he will keep them up.

Parlor Cars Are Seen Today. According to announcements made by the Piedmont and Northern Railway Company, the parlor car service on that road will be inaugurated today. Several months ago the company announced that the service would be begun in the near future, but owing to a strike in the factory at High Point, N. C., where these cars are manufactured, it was impossible to run them out on time. The officials of the company say that the service will certainly begin today and they invite the public to inspect the new cars. In all probability a large number of Anderson people will make trips over the Interurban today purely for the pleasure of riding on the new cars.

Mayor Mitchell Very Enthusiastic. Ross Mitchell, mayor of Belton, returned to his home yesterday after spending several days in Anderson in the interest of the Belton fair, arranging for the programs and other affairs in connection with the event. He stated to a reporter for The Intelligencer that he believes the fair will be the biggest day ever pulled off in Belton and he expects the attendance to be very large. The fair is to take place on October 21 and people from all the surrounding country will be present.

School Boys Resuming Duties. The school boys working in the various stores around the city during the summer months, are beginning to resign their positions and are preparing to again take up their school books and go back to work with their studies. Harold Sullivan, who has been connected with the Farmers & Merchants Bank of Anderson during the summer, has resigned his position and will resume his studies at the Fraser Fitting School next Tuesday. A number of other students around town also quit their positions to again enter educational institutions.

Prof. Bonham Is Visiting Anderson. Prof. Milledge L. Bonham arrived in Anderson yesterday for a short stay with Gen. and Mrs. M. L. Bonham on Greenville street before he leaves for Baton Rouge, La., to resume his duties as a member of the faculty of the Louisiana State University. During the summer months Prof. Bonham has been traveling in the foreign countries, visiting France, Italy, Germany, England and other countries and he tells very interesting stories of the conditions as he found them across the water. Prof. Bonham will probably leave Anderson on next Thursday.

New Laundry Will Be Built. It is said to be a fact that E. R. Horton has closed the contract for all necessary machinery complete of a new laundry in this city. It is understood that Mr. Horton will establish the new enterprise and the Y. M. C. A. and he contemplates having the new plant in operation within the next few months. Anderson people say that the laundry now in operation is a very good one satisfactory in every way but that another will be welcomed.

Usual Concert At Williamston. Well pleased with the concerts they have staged at Williamston Park for the last few Sundays, the Piedmont & Northern lines have arranged to run another excursion this afternoon to that place. Very low round trip rates will prevail at all points reached by the Interurban. The concert is to begin at 3 o'clock and to last until 6 and it is believed that the Spring grounds will be crowded all this afternoon with visitors from all of the Piedmont section of the country.

Mr. Hill Is Out of Hospital. Valley A. Hill, one of the proprietors of the Anderson-Havana cigar company, was yesterday discharged from the Anderson county hospital. For some weeks Mr. Hill has been very ill with typhoid fever and during that time the business of his company has been very seriously hampered by reason of his absence. Since Mr. Hill has recovered he says that he expects to turn out more cigars and better cigars than his company has yet produced.

Miss Garlington Is Coring Back. From the office of the superintendent of education comes the announcement that Miss Maggie Garlington will return to Anderson county. Miss Garlington did good work in this community last winter and the people of the county will look forward with no little pleasure to her return. Miss Garlington is a very earnest worker and she aided to a great measure in the work done in the rural sections of the county last season.

Revival Service To Begin Tomorrow. A revival service will begin on Monday evening, September 14, at Oakdale Baptist church in Fork township. The services will be conducted by the Rev. L. T. Welborn and members of the church say that this will be sufficient to insure a large attendance. Mr. Welborn has spoken to the people of this church on previous occasions and without exception he has always attracted a large congregation. It is believed that this will be one of the most successful revivals ever held at the Oakdale church.

JUST CRIPPLE AROUND. Some people just cripple around most of the days of their life, work about half what they might be to themselves and their families, with all energy gone and only duty dragging them about their daily tasks. They don't know what is the matter, and treat first one symptom and then another, without much result. The real trouble is that the blood is not rich enough to supply the demand of the system. This lack of the necessary element may manifest itself in nervousness, in indigestion, in rheumatism, in enaciation, in that "all gone" feeling. Just give yourself a chance by making your blood all right and see how quick nature will give you poise and energy. Many of your neighbors have redeemed lives almost shipwrecked by the faithful use of Mrs. Joe Pearson's Remedy, which is a great eliminant and tonic. It clears away the impurities and then builds up the system. That was the case with Mr. John F. Pettigrew, of Leesburg, N. C., who says: "Several years ago I was suffering from indigestion. For three months I had to live on milk and bread. I was just as weak and nervous as I could be. Eight bottles of Mrs. Joe Pearson's remedy cured me, after the doctor's medicine failed." You can buy this remedy of most druggists. If yours doesn't have it for you send a dollar to the Remedy Sales Corporation, Charlotte, N. C., and they will supply you—Adv.

Pitched Battle On Main Street. A pitched battle occurred last night at a late hour between Leo Brown, a well known young white man, and Sylvester Thorn, a negro. The white man said that the negro had insulted him and when the officers arrived on the scene the white man told the officers to step back until he got one good shot at the negro, whereupon he hauled off and landed a powerful blow on the negro's nose. The "Son of Ham" reciprocated in no uncertain manner, whereupon the officers took a hand and decided to "run 'em in." They will probably be tried tomorrow.

Anxious To Show Chickens. Following the announcement which appeared yesterday in The Intelligencer that a poultry show would be held in the county at an early date, dozens of people from the country dropped into the office yesterday and began to make inquiry as to when the show is to take place. A statement has been issued which says that a meeting of all those interested in the proposition will be held in the rooms of the Anderson chamber of commerce on September 30 and it is believed that a permanent organization will be effected at that time. All the chicken fanciers of the country have been invited to attend the meeting.

Important Meeting Tomorrow Afternoon. An important meeting of the Anderson college association has been called for Monday afternoon, to be held in the Carnegie library at 4 o'clock. It is important that every member of the association make a special effort to be in attendance as business of considerable importance will come before the body for attention.

HE CARRIED AN UMBRELLA. A dear old lady who was very "soft" in her prejudices was asked just why she didn't like a certain man. She had no particular reason that she could think of on the instant, but she had been so emphatic in her expression of dislike that she knew she would have to find some excuse—at once. Just at that moment she happened to glance out of the window and seen him passing by. He carried a neatly rolled umbrella though it hardly threatened rain.

Quick as a flash she answered her questioner, "He carries an umbrella whether it's raining or not—he is a 'softie'." "But," said her friend also looking out of the window, "Here comes your son Williams, and he is carrying an umbrella." This did not stump the old lady. "But that's another matter—I don't like him anyhow—and besides, it all depends on who carries the umbrella," she replied triumphantly.

That is the position some people have taken regarding that wholesome and refreshing beverage Coca-Cola. They have said a good many unkind things about it and in each instance have had it proved to them that their tales were not true. Finally they seized upon the fact that Coca-Cola gets much of its refreshing deliciousness from the small bit of caffeine that it contains. They looked up on that as a splendid argument against it. Then, like the old lady who was reminded of son Williams, they were reminded that it is the caffeine in their favorite beverages, tea and coffee, (even more than in Coca-Cola) that gives them their refreshing and sustaining qualities.

But does that stop their criticism of Coca-Cola for containing caffeine? No—their answer is similar to the old lady—they say "But that's another matter"—what they mean is "Being prejudiced against Coca-Cola and liking tea or coffee, it all depends on what carries the caffeine." We think the joke is on them—for caffeine is caffeine, and it is not harmful in tea or coffee—that it is really helpful in whatever it is—this is bound to include Coca-Cola. Of course, the truth is, that having started an attack on false premises and having had what they thought were good reasons for criticism proved to be no reasons at all, they are grasping at an excuse which does not exist to explain a prejudice. So you see, after all, it all depends on who carries the umbrella to people who are determined to be unfair. Let us be fair—Adv.

RED IRON RACKET The BIG STORE With LITTLE PRICES

War or No War

WE HAVE ONE MILLION PEOPLE IN THIS COUNTRY who have to eat, wear clothes and maintain their households and this calls for a vast amount of merchandise on this side of the globe. Of course under existing conditions people will try to make a dollar go as far as possible and the Red Iron Racket is the house that will help you stretch your dollar out by selling you same goods for less money.

J. C. Burns & Co.'s motto is UNDER BUY AND UNDER SELL. Turn the goods over quick, at a small profit and turn the money over often and make more out of the year's business and help our customers to stretch out their hard earned dollars and live and let live. DID YOU EVER STOP TO THINK that J. C. Burns & Co.'s Big Department Store handles as many different lines of goods under one roof and under one management as you can ordinarily find in a whole town full of stores, and isn't it reasonable that we can handle so many lines of goods under one management, under one roof, with one expense for less? This difference of expense in our favor is a great leverage in aiding us to undersell, (and underbuying is another great leverage), and our system, selling for CASH, is another saving to us and to you. You don't have to help pay other people's bad debts when you buy your goods of J. C. Burns & Co.'s big Department Store. And another great leverage in our favor is the buying for five big stores. We can handle big lots and split them up among our 5 stores, and this puts us on the ground floor when it comes to buying. We get the lowest possible price and last, but not least, we have the NERVE AND BIG HEART TO SELL SAME GOODS FOR LESS MONEY SIX DAYS EACH WEEK. Our buildings are now crammed rammged jam full—every available foot of floor space is full and packed to the ceiling. Now, while the wars and the heathen rage on the other side of the globe, we will go right on selling same goods for less money. Buy your fall and winter goods at J. C. Burns & Co., this fall. You will smile and feel happy.

We are ready for Fall Business with a full house. Our store is packed and jammed from floor to ceiling with Shoes, Clothing, Hats, Caps, Dry Goods of all kinds, Millinery, Notions, Trunks and Bags. We save our customers lots of money. Underbuy and undersell has been and will be our motto as long as Red Iron Racket continues to do business in the Piedmont belt of South Carolina. Yours for Fall and Winter Business 1914-1915.
