COMING TO ANDERSON TO HELP BREEDERS

J. O. WILLIAMS OUTLINES HIS PLANS

HERE FOR EXHIBIT ALL LODGES JOIN

Says That Stock Raising Industry In South Seems To Increase With Foreign War

J. O. Williams, livestock demonstrator at Clemson college for the counties of Anderson, Oconee and Bladen, is coming to Anderson for a conference with the committee on arrangements of the chamber of commerce in connection with the coming live stock exhibit and stock show to be held on Saturday, September 30.

Mr. Williams has requested B. M. recording secretary of the Anderson county live stock association, to call a meeting of the association for 1 P. M., on Saturday, September 30, to consider means of further preventing in-breeding in Anderson county. The recording secretary has issued instructions to the corresponding secretary to call a meeting and it is presumed that every member will welcome the announcement, since this is a matter of importance to every breeder in the community.

Mr. Williams also contemplates putting before the association his plans for the fall and winter work and will also ask the association to appoint a committee, whose duty it shall be to ascertain the amount of stock desired in this county this winter from the Western markets. The trip to the West will be arranged within the next few weeks and it is imperative that the Anderson men know how much stock is desired in Anderson before the trip is begun.

Mr. Williams says that the European war is increasing the price of the livestock in the United States and more particularly in the West, but that lifting the embargo on Mexican cattle has offset this increase and that hundreds of head of Mexican cattle are being brought to this country daily and are being turned loose on the Southern market. Mr. Williams spoke very highly of the type of cattle being brought from Mexico to the United States and says that Southern breeders could do worse than to purchase this cattle.

FRATEANR ORDER IS PLANNING MEETING

KNIGHTS OF PYTHIAS TO HAVE RALLY

Anderson Lodge Has Been Asked By Grand Chancellor To Lend Assistance in Celebration

Anderson members of the Knights of Pythias are very much interested in the meeting of the Grand Lodge officers and the District Deputies, which is to take place in Columbia on Monday, October 5.

Following the receipt of a communication from one of the grand lodge officers, the Anderson lodge has begun preparations to hold a meeting in accordance with the suggestion made in the letter and the chancellor commander of the local lodge says the Anderson members of the order will do everything that they can do to carry out the good work which has been proposed.

The following letter was received yesterday by Willett P. Sloan, chancellor commander of Chiquola lodge: Abbeville, S. C., Sept. 17 '14.

The Grand Chancellor, Hon. H. K. Osborne, has called the Grand Lodge Officers and District Deputies to meet in Columbia on Monday, October 5, all having been notified. The Grand Chancellor is exceedingly anxious to accomplish something during his administration that will result in materially benefitting the order. It is his earnest desire that every lodge in the grand domain hold a meeting on Monday, October 5th, and lodges that are not supposed to meet on this date will be given dispensation on application, to hold a convention for the purpose of conferring the rank of Page, reinstating suspended members, and for any other business that might be desired, however, by the Grand Chancellor, is that every lodge immediately institute a campaign for new material and also with the view of bringing back into the order good members, who for some reason have drifted from our ranks.

What I wish you would do is this, get into communication with the different lodges in your district, and request each of them to meet on this night and also request each lodge that will meet to wire Grand Chancellor H. K. Osborne, care of Motter's Hotel, Columbia, S. C., Monday afternoon, say about 5 o'clock, advising him that their lodge will meet on that evening and in the telegram give him the number of new members that will be given the rank of Page, and also the number of applicants for reinstatement.

A rally meeting will be held in Columbia by all the lodges in that vicinity in a joint session. It would be a grand inspiration, not only to the Grand Chancellor, but to all others present, to receive a telegram from every lodge in the grand domain, containing news of an encouraging nature.

I believe that this can be done, the lodge will be left with you, but the machinery in motion and come to Columbia prepared to render an encouraging report.

Sincerely and fraternally,
C. D. BROWN,
G. K. R. and S.

PLANT NO COTTON IS ADVICE GIVEN

(By Associated Press.) Jackson, Miss., Sept. 23.—No cotton at all should be planted in 1915 in the opinion of the majority of the members of the Mississippi division of the Southern Cotton Association, in session here today. The fifty delegates to the general cotton convention, to be held in New Orleans September 29, will be instructed to place that recommendation before the convention.

The planters took this stand because they said they believed cotton left over from last year and the surplus expected this year would supply the world for more than a year. To be planting for a year and would be the best method of standing out the boll weevil and other cotton pests. They will ask the New Orleans convention to urge every governor to call a special session of the state legislatures to pass laws prohibiting planting in 1915.

The delegates were also instructed to ask the convention to adopt a uniform plan to hold twenty-five percent of this year's crop from the market.

(London, Sept. 23.—(12:55 p. m.)—In a dispatch from Rome the correspondent of the Central News says that travelers who have arrived in the Italian capital from Sebenico, in Dalmatia, declare that the Austrian cruisers Maria Theresa and Admiral Sgaur had put into that port badly damaged.

Allies Are Weakening

Washington, Sept. 23.—The German embassy today received the following wireless from Berlin: "The allies are weakening. The French forces are retreating. Their center is retreating. Verdun is being successfully bombarded. The effect of German torpedoes is being again tremendous."

A Thrilling Story Told By New York Woman Who Was at the Front

(By Associated Press.) New York, Sept. 22.—Mrs. L. E. Thorpe, of New York, who helped bury in a single grave from 100 to 150 Germans killed in battle in Muelhausen, told a graphic story tonight of the series of encounters between French and German soldiers in and around the Alsation city early in August Mrs. Thorpe is a widow of a Frenchman and has a brother-in-law in the German landsturm.

Mrs. Thorpe was one of 1,013 passengers who arrived on two steamships which reached here tonight. A French force occupied Muelhausen August 1. Mrs. Thorpe said tonight and two days later 20,000 Germans entered the town. After a two day battle the French were driven out. The Germans, becoming confused in the side streets, fired on one another. Mrs. Thorpe said, many being killed and wounded.

"The Germans then declared the inhabitants had concealed French soldiers and 300 male non-combatants were removed from residences and marched down the street. Presently Mrs. Thorpe said, she heard shots fired and later was informed the citizens had been shot by the Germans. The Germans, Mrs. Thorpe continued, burned the houses. On August 13, the French returned and a battle ensued in which she estimated 3,000 Germans were killed. She and other women aided the men in burying the dead. Citizens who lost their lives were given graves in the yards of their homes.

Louise de Sibour, an American, who has been living in London and was marooned at Elfont when the war broke out, was among the 363 passengers of the Red Star liner Zealand arrived today. He reached Paris after passing through the country where much of the early fighting occurred. On one field, he said, he saw squares of dead German soldiers, some of whom were standing upright leaning against each other. Officers told him, he said, that the machine guns were responsible for this wholesale killing.

SAY DETECTIVES HAVE BEEN WORKING HERE

Liquor Cases May Be Worked Up

A RAID COMING?

Rumor Has It That City Officials Are Planning to Rid Anderson of All "Blind Tigers"

(From Wednesday's Daily.) A persistent rumor has been going the rounds on the streets for some few days that detectives have been at work in Anderson for some time rounding up all the blind tigers in the city and that now the sleuths have evidence to convict three-fourths of the evil doers within the city.

One man said yesterday that two detectives arrived in Anderson over three weeks ago and at once began to work, collecting evidence against the dealers in liquor and that they had now collected all the evidence they wanted. According to this man, the detectives have discovered that Anderson, instead of being free from liquor dealers, is full of them and that cases are to be made out against a number of the more prominent of these. It is understood that the detectives have been very successful in their work.

The city officials and the police will make no statement in the matter, but they have not denied the rumor and it is generally credited around the city. The developments are being awaited with interest.

WILL PAY FINE FOR GAMBLING

Negroes Present When One of Number Was Killed, Given Hearing Here Yesterday

Because they were present when a killing occurred at Tate's store near this city Sunday night, six negroes were afraid to deny that they were guilty of gambling, when arraigned in Magistrate Broadwell's court yesterday, and each of them entered a plea of guilty. A game of "skin" was started late Saturday night on McPhail's plantation, a few miles from Anderson, and during the course of the game a dispute arose between two of the participant which resulted in one negro killing another. Naturally the officers got the names of all parties concerned and yesterday the following were hauled before Magistrate Broadwell: Lawrence Grover, Charles Thompson, John King, Tom Adams, Richard Powers, Charles Pearson and Bob Bolton.

When the Magistrate called the case yesterday each of the defendants entered a plea of guilty to the charge of gambling and Magistrate Broadwell imposed sentence of a fine of \$20 apiece.
