

GREAT EXHIBIT PLEASED COUNTY

STOCK SHOW SURPASSED ALL EXPECTATIONS A GRAND SUCCESS

People Flocked To Anderson Yesterday To See Exhibits of Cattle and Stock and To Witness Fine Racing

(From Thursday's Daily.) Far surpassing the fondest hopes of even its most enthusiastic supporters, the first annual Animal Exhibition and Livestock Show held in Anderson yesterday was a tribute to the enterprise and a living, concrete demonstration of what the farmer of Anderson county really is and will be. Staged as it was on an elaborate scale and advertised extensively through the county, the 4,000 people who attended the exhibition and races were unprepared for what they saw and hence surprised at the proportions of the enterprise and thoughtfulness of its promoters.

From the hour the entertainment opened at 10:30 until the close at something like 4 P. M., there was something worth seeing—something worth doing—something worth hearing.

The meeting was opened at 10:30 by the chairman, Hon. S. A. Burns, president of the Anderson county live stock association.

The invocation—delivered by the Rev. J. H. Giboney, rector of Grace Episcopal church, and the first address of the day was delivered by Prof. W. J. Seeley, demonstration agent of the Southern railway, Greenville, S. C., who delivered a short, but convincing argument in favor of grain and livestock as against cotton farming.

Prof. J. O. Williams, Livestock demonstrator, Clemson college, attached to Anderson and Pickens counties, delivered a very able address on the "Future of Southern Livestock", predicting that the time was close at hand when the South would lead the country in the production of high grade beef and pork.

But he stated that the farmers would have to pay more attention to grains before this could be consummated. He stated already that progress was being made, especially in the Piedmont section. "Livestock raising along specific lines" was splendidly discussed by Dr. Walter L. Sorrell, Southern Railway Livestock Bureau, Greensboro, N. C., who delivered one of the most entertaining and instructive talks of the day.

Prof. Paul Calvin of Rock Hill, also connected with the livestock extension bureau of Clemson college, addressed the audience on "Real Fronts in Livestock", giving the audience a splendid portrayal of the "business" of live stock. Prof. Calvin is a favorite in Anderson, his simple, yet convincing style of talking, appealing to the people; yet yesterday he seemed to be in an especially happy vein.

During the speaking, music was dispensed by the Zion band of Pendleton. This band deserves great credit for the manner in which they acquitted themselves yesterday. Prof. Jolly, bandmaster, stated to a report-

er for The Intelligencer, that while the day was a strain on his head because of the great amount of music called for by the program, yet he was proud of the manner in which the boys acted and that all were well pleased with the way in which they were entertained, they being the especial guests of the Anderson chamber of commerce at dinner.

The Intelligencer elsewhere today gives a list of the prize winners in the various departments. There was a total of something over 400 animals entered in the various classes, from which may be gathered some idea of the size of the celebration, perhaps the largest of its kind ever held in the entire Piedmont section.

A GREAT EVANGELIST

Rev. Dr. Vines Thanked by Pastor Elliott For His Excellent Work

Perhaps the greatest meeting ever held in this section came to a close at Mt. Pisgah church (Anderson county) last Tuesday. For eleven days, morning and evening amid wind, rain and sometimes sunshine the meeting continued with increasing interest to the close. Forty-five were added to the church, almost every member seemed to be revived. We did not learn how many wished to join other churches, but a good number.

Great crowds gathered to hear the singing and preaching. Nineteen churches were invited to cooperate with us in the meeting and not less than twenty-five were represented during the meeting.

Two of our young preachers, students at Furman, viz., Walter Coker and Andrew Pickens, living in the community, and Rev. Will J. Bolt, of Greer, did some good preaching in the meeting, but most of the preaching was done by Dr. J. F. Vines, of Anderson. Mrs. Vines was present and added much to the interest of the meeting by holding meetings with the ladies of the church. Prof. B. M. Boldin, of the sweet gospel singer, of Pickens, conducted the singing.

The large tent, belonging to the Saluda Association was rented and put up near the church to accommodate the thousands who attended the meeting. Surely the community will be better after the great blessing of such a meeting.

Dr. Vines is one of the greatest revivalists that it has ever been my privilege to hear and I have heard some of our acknowledged leaders. This is the second year that Dr. Vines has preached for us at Mt. Pisgah, and the pastor and people desire that he shall come again next summer.

Our brethren are talking about enlarging our church building so as to accommodate the congregation and Sunday school.

The Lord be praised for his goodness. Fraternally,

The German Prince Is Called a Thief

Paris, Sept. 29.—Crown Prince Frederick William during the first days of the battle of the Marne, had headquarters at the chateau of the Baroness De Baye, near Champs-Elysees, Marne, famous for its art collections. The Baroness De Baye writes, says the Paris Temps, thus:

"The crown prince plundered the whole place. He stole medals, old arms, rare and precious vases, tapestries, icons, cups and gold souvenirs most dear to my family. He caused to be packed choice pictures and pieces of furniture, but some of these cases were left in the hasty flight of the Germans."

The Baroness affirms, according to the Temps, that the German crown prince stamped with his heel upon the portraits of the Russian emperor and empress in the chapel of the chateau.

New York Election

New York, Sept. 29.—James W. Wadsworth, Jr., is probably the Republican nominee for the United States senate, leading Calder by less than 1,000 votes. There are 500 districts to be heard from, but they will strengthen Wadsworth.

Frederick M. Davenport has defeated former Governor William Sulzer for the Progressive gubernatorial nomination.

Governor Glynn, District Attorney Whitman and Ambassador Grand continued to add to their pluralities upstate for the Democratic and Republican gubernatorial and Democratic senatorial nominations, respectively. With a majority of almost 100,000 already established, it appears that Governor Glynn would finish probably 125,000 votes ahead. Whitman's plurality probably will be between 50,000 and 75,000, and Gerard's 75,000.

JOHN ESKEW

Resolutions passed by the Anderson County Convention in memory of John Eskew.

Whereas, Our Heavenly Father in His all-wise Providence, has called to Himself, his beloved, friend and brother, John Eskew, and

Whereas, our departed brother has served as President of the Anderson County Living Convention for thirty consecutive years, only being absent one time from our meetings, during this long period of service, therefore be it

Resolved, 1st.—That we will miss this noble man of God, and his wise counsel at our future meetings, and that we will always appreciate his zeal, energy, loyalty and enthusiasm in advancing the cause of Sacred music in our County, and will remember with loving tenderness, his many noble traits of character, writing on his tablets of enduring memory, his many sterling qualities, that we may learn to imitate them.

Resolved, 2nd.—That we extend to the bereaved wife and her two our heartfelt sympathy in this their sad time of affliction, and commend them to Him "Who doeth all things well" for strength and comfort in their trouble.

Resolved, 3rd.—That a copy of these Resolutions be furnished by our secretary to the wife and son of Brother Eskew, and also copies be sent to the county papers.

Resolved, 4th.—That a blank page in our record book be inscribed to the memory of our departed brother.

CIRCUS MENU IS VARIED AFFAIR

Three Bills of Fare in Ringlingville Ranging From Sweetsmeats To Hated Hay.

1370 PEOPLE SERVED EVERY DAY
Circus Menu.
Breakfast, Sausage, Bananas, Griddle Cakes, Fried Potatoes, Coffee, Lunches.

Vermicelli, Potatoes au Gratin, Green Onions, German Pot Roast, Rice Pudding, Raisins, Dicker, Spilt Pea Soup, Roast Lamb, Roast Pork, Steak, Tomatoes, Mashed Potatoes, Fruit Salad, String Beans, Apple Cobbler, Rhubarb Pie, Pound Cake.

Here is a sample of the menu served in the Hotel de Ringlingville. From such a bill-of-fare almost 1,400 people make their selection in three months' dining rooms so large that it is possible for 1,000 of the circus and playboys to be served at a single sitting. The addition of a third dining department has been made necessary this season because of the gigantic cast of actors and hundreds of ballet girls required to portray Ringling Brothers' new spectacle of Solomon and the Queen of Sheba.

There are two other menus in this moving municipality with its twenty acres of tents, but neither of these are printed. They are those from which the 730 horses and ponies and the thousands and more wild animals are served. The top bill-of-fare is even more elaborate than that used in the hotel. It includes everything from the delicacies required by such discriminating boarders as the giraffes, the chimpanzees, the rhinoceroses and the baby animals, to the more plebeian edibles such as baled hay consumed by a trainload of elephants and a carload of swans and camels.

Ringling Brothers' commissary purchases on an average of 4,500 pounds of fresh beef each day and a large portion of this goes to the meat eating animals. All foodstuffs are bought in the town where the circus exhibits. Ringling Brothers' circus is to exhibit here Thursday, Oct. 8.

COTTON MOVES

Washington, Sept. 29.—Commerce Department has been busy in East Indian waters and besides sinking four more British steamers, making nine to her credit—has captured a collier.

The British government is preparing to put a stop to the supplying of coal to the few German cruisers at large. At different occasions the government has been made representations to the governments of countries from which these vessels get their supplies and also is hunting down the colliers.

LOOK WHO'S HERE.

The Balkan States Are Again Eager For the Fray.

London, Sept. 29.—There is talk of Turkey, Greece, Italy and Roumania becoming involved in the war but for the moment Italy is being held back by the government. Turkey, however, would like to take a hand in the hope of recovering some of the territory she lost in the Balkan wars but the moment she does Greece would be in arms against her, while, this also would be the signal for Roumania to come in.

TO MOVE FALL CROPS.

Treasury Department Has Deposited \$13,029,746 In 23 States.

Washington, Sept. 29.—The treasury department has deposited \$13,029,746 in twenty-three states for fall crop moving purposes to September 23, according to an announcement tonight by Secretary McAdoo. Of this sum Missouri has taken the largest amount \$1,550,000, with Maryland second, \$1,450,000; the amounts secured by other states include: North Carolina \$458,200; South Carolina \$525,000; Tennessee \$875,000; Virginia \$788,750.

HON. W. F. STEVENSON.

The Hon. W. F. Stevenson, of Chertsey, has suggested a plan for financing the state and for tiding over the present serious times. Whatever Mr. Stevenson says carries great weight. He is recognized as one of the great legal intellects of the South.

He can get down into the heart of a proposition as rapidly as any man in the country and is not only good at dissecting but can reconstruct with equal force and clarity and whenever he gives his opinion that a proposition will hold water, it is more than likely to be sound.

He proposes several big things for the legislature to do. They are so big that the average mind may not readily see their necessity and importance, but we feel sure that if Mr. Stevenson says they are all right before the law three courts will say the same thing.

"BIG" KING SUGGESTED.

The news comes from Columbia that friends of W. B. King, of Anderson, are urging him to present his name for sergeant at arms of the house of representatives. His friends in Anderson would no doubt like very much to see the big ex-sheriff land this place.

As chief of police of this city and as sheriff of the county "Big" King has been one of the most widely known men in the United States. He has the executive ability and all other qualifications for the place. Mr. King has stated that he is doing very well on his farm and is not seeking the office, but that he will take it if elected.

NO DEFINITE PLAN REACHED

GOVERNORS AND CONGRESSMEN FAIL TO DETERMINE PLAN FOR RELIEF

ADOPT RESOLUTION Will Attempt to Secure Legislation To Enable Planters to Secure Loans on Crops

Washington, Sept. 29.—Southern governors and congressmen concluded a series of conferences here today without determining upon any definite plan for the relief of cotton planters from conditions growing out of the European war. While they resolved that next year's cotton acreage should be materially reduced, no special means of curtailment were agreed upon.

The conferees agreed to attempt to secure federal legislation that would enable planters to obtain loans from the banks on their surplus crop, while prompt action was urged upon the warehouse bill pending in the house and upon the senate bill proposing the repeal of the ten per cent rate banks with a violation in the amended Aldrich-Vreeland emergency currency act. They determined to attempt to maintain cotton prices above ten cents a pound and a committee was named to submit the conference resolutions to President Wilson. The resolutions, unanimous if adopted, are:

"Resolved, that it is the sense of this conference:

"That the acreage of cotton to be cultivated in the United States in 1915 shall be materially reduced. That to accomplish this end every legitimate means shall be employed.

"That the members of this conference shall make every possible effort to secure federal legislation which will upon such part of the present crop and under such conditions as may be prescribed by law and by the rules and regulations lawfully made by the treasury department.

"Resolved that it be the sense of this meeting that there be established by joint resolution in the house of the United States, a commission looking to the extension of the consumption and marketing of cotton goods, and that Senator Hoke Smith prepare such resolution.

More Elastic Currency.

"Resolved, that it is the sense of this conference that the house of representatives should pass the senate bill, allowing the state banks to issue emergency currency under the provision of the Vreeland-Aldrich bill as amended, without paying the ten per cent tax.

"Resolved by the governors, senators and representatives in congress from the cotton states, in convention assembled in the city of Washington, September 29, 1914, that we will most earnestly endeavor to maintain the price of cotton above ten cents a pound, and to accomplish this end we will bring to bear, as far as we can, the power of the national and state governments to restrict acreage for the year 1915, and furnish governmental aid to handle the present crop.

"Resolved, that this conference request prompt action upon the warehouse bill now pending in the house of representatives.

The committeemen named were: Representatives Hughes, Georgia, and Lever, South Carolina, and Senator E. D. Smith, of South Carolina.

Representatives Hardwick and Lever and Senator Joseph T. Robinson were appointed to submit the resolutions to the President.

After Heated Debate.

Adoption of the resolutions came after many hours of heated debate. Vigorous objection met the proposal that the governors pledge themselves to call special sessions of state legislatures to enact pro-rata taxes on cotton production in 1915 in excess of 50 per cent of the 1914 crop. Many of the governors were understood to have contended that such laws would be an exercise of police power and that state constitutions forbade extension of that power beyond a prescribed field. A committee has reported that the states had full authority but it was impossible to reconcile divergent views.

The suggestion that a federal taxation law be enacted met with opposition from congressmen.

That also was abandoned.

ANTWERP IN DANGER.

Amsterdam, Sept. 29.—(Via London, Monday)—The Germans have commenced their attack on the first line of defence of Antwerp, according to dispatches received by the Amsterdam papers. Moll, an important railway junction near the Dutch border, was occupied by the Germans Sunday and today the Germans are again occupying Moll, being a bombardment of Lieke, directly in front of Antwerp.
