

SCHOOLS TO SUSPEND HERE ON CIRCUS DAY

TRUSTEES AGREED YESTERDAY TO THIS STEP.

REGULAR MEETING.

May Be That Anderson Schools Will Have To Borrow Big Sum of Money, If No Taxes Paid

(From Sunday's Daily Intelligencer.) The regular monthly meeting of the Board of Trustees of the Anderson city schools took place yesterday afternoon, the meeting being held in the office of E. C. McCants, superintendent. Members of the board are: J. A. Brock, chairman; J. P. Duckett, vice-chairman; J. M. Paget, J. D. Rast, W. P. Wright, G. N. C. Boleman, W. H. Shearer, R. E. Ligon and J. L. Sherard.

A communication from the Board of Health relative to medical inspection in the schools of Anderson, was read to the Board of Trustees and that body voted to accept any help and service that the Board of Health might render and to consent to a medical inspection, provided the inspection was made free of charge by the Board of Health.

Messrs. Duckett and Shearer were appointed on a committee to reach some settlement with the Southern Public Utilities Company in regard to the water bill of the public schools. It will be remembered that this matter has been responsible for much agitation all over the city.

It was unanimously voted that the public schools be suspended on Thursday, October 8, for the coming of Ringling Brothers circus and accordingly there will be no session of school on circus day.

J. A. Brock, the chairman, and W. H. Shearer, the treasurer, were authorized to borrow whatever money may be necessary to continue the schools throughout the school session. Each year at this season it is customary to borrow about \$10,000 until the taxes are paid, but since the discussion has arisen over not requiring taxes to be paid until May, it is feared that considerably more than that amount will have to be borrowed, this time.

Mr. McCants said yesterday that if the tax requirement is not changed \$10,000 will be sufficient to meet the demands of the school, but if the postponement of tax is decided upon by the General Assembly, the board will have to borrow at least \$30,000.

The meeting came to a close yesterday with the auditing and paying of bills.

CABINET WOMEN WILL AID SOUTH

Official Ladies from the South Plan for Cotton Fashion Show Soon.

Washington, Oct. 3.—Women of the cabinet circle and in official life generally, especially those from the South, continue enthusiastic preparation for the cotton fashion show here next week, which they have planned as one means of stimulating activity in the South's interest now depressed by the European war.

Mrs. Josephus Daniels, wife of the secretary of the navy, has arranged a North Carolina exhibit which will feature a cotton gown made by herself. Many society belles of the capital will help make silks and satins for cotton gowns in furtherance of the movement.

MON, JULIUS E. BOGGS

How and the death of Hon. Julius E. Boggs. He passed away at the Anderson Hospital last Thursday morning. He was one of the brightest lawyers in the Piedmont section of the State and was perhaps one of the best known men in the State. He was known as the silver-tongued orator. So gifted was he as a speaker and lecturer, his services were sought on all occasions. He was greatly beloved over the State and the news of his death brought great sorrow. He was a brilliant writer and contributed many articles to the newspapers and magazines. For many years he was editor of the Pickens Sentinel. His last articles, which appeared in the Piedmont Magazine, were among his best productions.

It is hard for us to realize that Julius E. Boggs is dead. For the past 40 years we have known and admired his many noble traits of character. We have watched his career in his personal as well as his public life. He was a human being with quick faults and doubtless made mistakes, yet his virtues outweighed his

faults. He possessed a kind and cheerful disposition, and a heart full of the milk of human kindness, a man of more than ordinary talent, with but a limited literary education, and that attained by piecemeal in the common schools of the county, yet by study and observation he acquired knowledge and attainments that brought him to the front in the battle of life, and he filled every trust with credit to himself and honor to his country.

Julius E. Boggs was probably one of the best known men in the upper part of the State. For a number of years he was a lawyer at Pickens and then for a short time editor of the Pickens Sentinel and later for eight years, solicitor of the old Eighth Judicial Circuit. He met and was thrown in contact with a great many people, his reputation also as an orator gave him an opportunity to meet and mingle with the ladies and children with whom he was very popular. It was our good fortune to be intimately associated with him for several years when he was a young man attending school at Pickens. Many pleasant hours have we spent together and now that the grim reaper has gathered him into the garner, we trust that he has met the reward of the faithful—Easley Progress.

MEXICO IS YET TO GAIN PEACE

EARLY SETTLEMENT OF AFFAIRS BEING PREDICTED BY OFFICIALS.

SITUATION BETTER

Good Order Prevails in Most Sections and Peaceful Settlement Is Expected Now.

Washington, Oct. 3.—Advices to the state department today further assured adjustment officials that peaceful settlement of the Mexican difference would result from the Augustus Cline to convene Oct. 5.

Consul General Hanna at Monterey reported, "There appears to be a better understanding between all Mexican officials than before." Consul Sullivan, personal representative of President Wilson, telegraphed from Mexico City that the situation there was much improved.

The authorities in Mexico City were said to be hopeful that an agreement would be reached between the Carranza-Villa factions at Aguas Calientes which would assure the re-establishment of friendly relations between the two leaders.

The state department is in receipt of official advices from Monterey to the effect that, notwithstanding published reports to the contrary, good order prevailed in Saltillo as well as in Monterey and vicinity.

Admiral Howard, commanding the naval vessels in Mexican Pacific waters, reported that the commandant at Mazatlan had been ordered by the constitutionalists government to take possession of the Occidental bank of Mazatlan. Assurances were received from Mexico City, he said, that no properties of civilians would be interfered with.

The navy department was informed that the battleship Delaware had sailed from Vera Cruz to Tuxpan to relieve the North Dakota. The North Dakota will proceed to Vera Cruz, where the twenty-fourth company of marines will be embarked for transfer to the naval station at Guantamo. The battleship will continue north from Guantamo to Hampton Roads for target practice and routine maneuvers.

The convention at Mexico City, according to reports received here today, yesterday elected Governor Gutierrez de San Luis Potosi, president of the convention, and General Murguia, of Coahuila, vice president. General Obregon was chosen for president general. General Carranza did not appear, but was represented by proxy, the dispatches said.

COURT CHANGED ITS FIRST DECREE

Modified So That Order in Re Harvester Company, Is Not So Severe.

St. Paul, Minn., Oct. 3.—The United States district court today modified the International Harvester Company dissolution decree so that it will not apply to the foreign trade and commerce of the company.

The court also granted in part the change in the plan for dissolution asked by the company in a motion filed today.

DIRECTORS TRY TO ESCAPE LAW

Railroad Men Say That Court Has No Jurisdiction in the Case.

Boston, Oct. 3.—Four former directors of the New York, New Haven and Hartford railroad, James S. Elliot, Charles F. Brooker, William Skinner and Alexander Cochrane, filed demurrers today in a suit which seeks to hold present and past directors liable for the expenditure by the railroads of \$102,000,000 in alleged unprofitable investments.

RESERVE BANKS TO OPEN SOON

ALL PLANS ARE RAPIDLY BEING COMPLETED FOR START.

ABOUT OCTOBER 15

Richmond Bank Can Hardly Get Underway Before the End of the Present Month.

Washington, Oct. 3.—Opening of federal reserve banks of New York, Chicago and St. Louis not later than October 15, has been decided on by the federal reserve board. The directors of the New York and St. Louis banks already are complete and the "class C" directors to represent the government in the Chicago bank probably will be named Monday, making immediate organization possible.

Boston will probably be the fourth city to get its reserve bank in operation, and the others are expected to follow along in quick succession.

Early next week the reserve board expects to send to the banks now ready for organization a draft of by-laws which they will be asked to adopt. It has decided that the chief officer of each bank shall be called "governor." The other particular officers probably will be a vice-governor and a secretary or cashier. Class "C" directors of the Richmond bank, William Ingle, of Baltimore; James A. Moncreur, of Richmond, and M. H. E. Gouverneur, of Wilmington, N. C., today conferred with the federal reserve board concerning matters of organization. The directors told the board they believed the Richmond bank could be organized by the latter part of October, and emphasized the necessity of an early selection of quarters.

The board advised a meeting of the directors at Richmond for the purpose of electing the fifth district member of the federal advisory council and proceed with arrangements for the selection for a site for the bank.

GRACE CHURCH TO PRAY FOR PEACE

People of the City Invited to Services Which Will be Held Sunday Afternoon

(From Saturday's Daily.) Following the proclamation of the president of the United States, and the Bishop of South Carolina, the pastor of Grace church has arranged a special service of intercession for peace on next Sunday afternoon at 4:30 o'clock in Grace church. This special service is printed in leaflet form and the congregation will be furnished with these leaflets with the request that, after using them during the service, they take them to their homes and make the prayers a part of their daily devotions. All of our fellow-Christians, who have no other religious duties at this hour, are invited to this service, and it is hoped that many will join with the members of Grace church in their intercessions and supplications for peace.

The offering at this service will be devoted to the work of the Red Cross Society.

The following music will be sung during the service: Professional, The World is Very Evil. Then will follow the Confession, the Absolution and the Lord's Prayer, with the special psalms, the 130th and 145th. Gloria by Reader.

The first lesson is taken from Micah 4, and the second from St. Matthew 5. After the Creed will come the special litany, the prayers for peace, for the sick and wounded, for those who minister to the sick and wounded, for those in poverty and need, for the president of the United States and all in authority, and for guidance in all the affairs of this life. Hymn: "Jesus shall reign where'er the sun Does his successive journeys run." Sermon from the tenth verse of the Forty-sixth Psalm.

Offertory Anthem, Who shall ascend into the hill of the Lord. Recessional, There is a Blessed Home.

SHOT STRUCK MAN INSTEAD OF BEAR

Virginia Man Instantly Killed While Picking Chestnuts, By Hunter.

Harrisburg, Va., Oct. 3.—David Reid, a Confederate veteran, hunting bear through the Allegheny mountains near here, today thought he had his quarry up a tree and fired. To his horror, Price Lili-22 fell dead from the boughs where he had been gathering chestnuts.

TALKING ABOUT US.

The Two Williams. The Anderson Daily Intelligencer announces that Mr. W. W. Smoak, who was business manager, has been chosen editor to succeed Mr. W. B. Barber, who resigns to accept an important position with the State Department of Agriculture. Mr. Smoak will also be business manager. This change became effective October first. The Editor wishes both Williams a full measure of success, as they are mighty fine fellows.—Gaffney Ledger.

FUNDS RECEIVED FOR THE RURAL SCHOOLS

MONEY REACHED ANDERSON ON TIME

TOTAL OF \$3,364.

Superintendent Has Announced Division of Sum Among the Schools in County.

(From Saturday's Daily.) Leading other counties in the state by a wide margin, Anderson county's fund of \$3,364 for the aid of weak schools, appropriated by the legislature of the state, was received in Anderson yesterday.

J. B. Felton, the county superintendent of education, says that he is well pleased with having secured such a sum for the weak schools in Anderson county and his only regret is that it was as much could not be brought here.

This fund for aiding weak schools was established by the last general assembly and the total voted was \$40,000. Since Anderson county has secured approximately \$4,700 of this sum, it will be seen that the schools of this county will fare better than most of the others and in all probability the money sent to Anderson will exceed that secured by any other county in South Carolina.

Mr. Felton says that he will begin at once on the work of distributing the money among the various schools of the county, in accordance with the list prepared by J. E. Swearingen and he says that the result will soon be evident in freshly painted buildings, new equipment and other improvements.

The following is the way that the money is to be distributed here:

Table with 2 columns: School Name and Amount. Includes Rock Mills, Centerville, Hopewell, West Penzer, Varennas, Belton, Corner, Long Branch, Anderson, Concrete, Williamston, Union, Pelzer, Eureka, Saluda, Bishop Branch, Gantt, Friendship, Cleveland, Starr, Flat Rock, Good Hope, Walker-McElmoye, Molton, McLees, Zion, Grove, Double Springs, etc.

In addition to this there is an appropriation for the county board of \$50, which will go to the furnishing of the new rest room for teachers, making a total for Anderson county of \$3,364.

LEBANON IS TO HAVE EXERCISES

School Improvement Association Has Arranged Interesting Meeting for Today.

(From Saturday's Daily.) The School Improvement Association of the Lebanon school has arranged very interesting exercises for the meeting of that body, which is to take place this afternoon. The program has been made up with great care and the discussions will all be instructive and beneficial.

Mrs. A. J. Smith is president of the association and Mrs. D. M. Craig is secretary and they have announced the following program for today's exercises:

- 1. Song, "America." 2. Give the names of the first settlers of Garvin township, and tell something of their environments, religion, occupation and the influence they exerted on the community.—Mrs. M. B. Richardson. 3. Contrast the women of forty years ago who depended on slaves and the women of today.—Mrs. Charley Martin. 4. Describe the mode of travel 40 years ago, and the present mode.—Mrs. Lawrence Thompson. 5. What were the chief antebellum amusements?—Mrs. Earle. 6. Something practical from each member about housekeeping, baking, laundering, etc.

In addition to these exercises, the Improvement Association of the Lebanon school has arranged to entertain the teachers and patrons of the school on Monday afternoon, October 5, from 4 to 6. J. B. Felton, county superintendent of education, and Miss Maggie J. Garlington, superintendent of rural schools, will both be in attendance at the reception and will probably speak before the body. The afternoon is being anticipated with great pleasure.

London, Oct. 4.—A Petrograd dispatch to the Reuter Telegram company says the Russian papers announce that Emperor William has been making speeches along the Russian frontier at Bromberg and Thorn on "the inevitable victory of German culture."

BIG FLOUR MILL IS A POSSIBILITY HERE

TO BE LOCATED IN PIEDMONT SECTION

CHANCES ARE FINE

Said to be a Movement on Foot to Establish Such a Mill in One of Three Up-State Cities.

The man furnishing the information was bound to secrecy, so far as names were concerned, and yesterday he could tell nothing definite in regard to a proposition which contemplates the erection of an immense flour mill in Anderson. All this citizen could do was to say that the mill is most certainly to be built and that it may possibly be in Anderson.

It is understood that one of the well known flour milling companies of the west has sent several agents to South Carolina to look over the field and it is said that the mill will be built within the next year. It is a known fact that at least one of the agents had been to Anderson and has made inquiries here regarding the field and it is said that he looked upon Anderson as being the logical point for the undertaking.

Information available yesterday was to the effect that the mill is to be of 500-barrel daily capacity and that it will be extensively advertised when actual work is begun and the flour placed on the market. Anderson people are familiar with flour mills, but few of them ever saw a mill with a capacity sufficient to furnish this number of barrels each day.

That the mill is to be built is a certainty, but that Anderson will get it is by no means a settled fact. It is understood that agents of the company have also visited Greenville and Spartanburg, and one of the three towns will get the new industry, but if Anderson does it will take some hard work on the part of the business men and trades bodies of the city.

CITADEL FACES A BRIGHT YEAR

Enrollment Is Larger This Year Than Last and Good Work Is Expected.

The Citadel, Charleston, S. C., Oct. 1.—(Special)—To the Alumnae of the Citadel who, in recent years, might have lost communication with events and happenings of their Alma Mater, and to the numerous others who are friends of the institution, these few lines might be of some little interest.

The present session was begun on Saturday, Sept. 19. The panicky conditions existing throughout the Southern States caused some doubt as to what the enrollment would be. However, contrary to general expectations, the number of new students exceeds that of last year by a considerable margin. The total enrollment is 239 of whom 96 are Freshmen. Thus the prospects for a very successful year are in evidence.

During the past two weeks the new men have made good progress in the preliminary drills and exercises. In a short while they will have the distinguished pleasure of receiving rifles and rifle privileges, etc., attached thereto. He will then be entrusted to walk two hours as a sentinel, whose duty it is to maintain order in barracks during the evening study hours. But, by far the happiest moment of a "ratee's" life is when he receives a new uniform. This is usually about the 1st of November and, being rather stiff, the uniforms are christened by some of the upper classmen, i. e., several cups of water applied gently.

The new uniform is then taken out of the wardrobe company and assigned to one of the four in which all of the classes are then represented. From that time until Christmas the recruits make many acquaintances among the older students.

In athletics, this year our outlook is very encouraging. In football, we hope to make a record such as will always be remembered by the loyal supporters of the Blue and White. Over half of last year's varsity have returned and the indications are that we will have a strong team. Last Saturday we defeated the navy yard by a score of 20 to 0. We tackle the University of Georgia on October 3, and although the odds are against us, we hope to make a creditable showing in the fray.

Our first dance of the season was given last Friday evening in the gymnasium of the Meeting Street extension. A large crowd attended and the affair was a very enjoyable one. These dances are held semi-monthly, the date for the next one being October 9th.

Other phases of college life at the Citadel will probably be mentioned in later issues.

A Cadet. Why Not Publish It? When you want a fact to become generally known, the right way is to publish it. Mrs. J. G. Kallala, Fern, Ind., was troubled with belching, sour stomach and frequent headaches. She writes, "I feel my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." For sale by Egan's Pharmacy, All dealers.

INTERESTING RECORD IN OLDEST VOLUME

SHOWS DEED TO TOWN OF PENDLETON

FOR BARLEY CORN

First Book and First Page of Volume Ever Recorded in Anderson, Very Interesting.

Numbers of Anderson people pride themselves of what they know about history, yet few of these know that in the mammoth vault in the office of the Clerk of Court, there is to be found more interesting history than can be learned from the text books of the country. The musty old volumes in the court house are very interesting and in some of them will be found facts concerning which Anderson people have always been ignorant.

One particularly interesting volume to be found in the files is Book A, number 1, which chronicles the beginning of public records in Anderson county. This book, although one of the oldest to be found in the State, is in a wonderful state of preservation and the writing, although done with a quill, was considerably better than most people can do today. The first record in this old book was made on the eighth day of April, 1790, and reads: "Isaac Lynch, of Pendleton county, District Ninety-six and State aforesaid, of one part and Andrew Pickens, John Miller, John Wilson, Berry Cleveland, William Holbert, Henry Clarke, John Moffett and Robert Anderson, of another part, do hereby grant, bargain and sale and by these presents the party of the first part does grant, bargain and sell to the parties of the second part, a tract of land consisting of 885 acres in the branches of Eighteen Mile Creek and Three and Twenty. A barley corn does hereby bind this sale."

The tract of land referred to is what is now known as the town of Pendleton, although at that time everything in this immediate section was known as Pendleton county and there was no town of Anderson. The Andrew Pickens referred to in the article was the famous General and was a man of great importance in the community. It is presumed that the town of Anderson was named after the Robert Anderson referred to in this article.

Notwithstanding the fact that the old record says that the cash consideration for the entire 885 acres was only five shillings, there is another record that on May 10, 1790, the same parties paid to the said Isaac Lynch the sum of 25 pounds.

This, old record, like many others to be found in the court house, furnishes some very valuable records.

NEWS FROM BUSY BELTON

Newsy Happenings in Anderson's Thriving Suburban Village.

Belton, Oct. 3.—Miss Marie Chiles, who has been spending the summer in Asheville, N. C., returned to Belton this afternoon.

Mr. and Mrs. J. B. Adger, who have been spending several weeks in Virginia, New York and Philadelphia, are expected to return to their home in Belton next Tuesday. Mr. Adger is president of the Belton Power Co.

Methodists Hold Meeting. The meeting conducted this week at the Methodist church was well attended and Rev. Martin, the able pastor, is well pleased. The meeting began last Sunday and continued through Thursday night. Presiding Elder O'Dell, of Anderson, assisted the pastor in the meeting. Services were held morning and evening.

We notice that the date of the Piedmont Fair has been changed. This change of date will be of great help to the Belton Fair. The date of the two fairs conflicted, Greenwood, one of our sister cities, will therefore have many representatives present at our fair.

Concert on the Square. The concert on the square this afternoon was a success, notwithstanding the rain. Quite a number of farmers were in town and enjoyed the music. Belton's band is in good shape and the music this afternoon was excellent.

If cotton in the near future begins to advance, business will begin to pick up rapidly. At the present price very little cotton is being sold here.

CARRANZA RESIGNS

Mexico City, Oct. 3.—General Venustiano Carranza, placed his resignation as first chief of the constitutionalists before a delegates to the general conference of the army at 2 o'clock. Carranza spoke of his resignation as a matter of necessity to accept the resignation of Gen. L. L. Elrod and S. I. Richey have rented a store room at Frankville and opened up a meat market and barber shop. We wish the boys much success.

NEW COUNTY REPORT PROBABLY FAVORABLE

SAID THAT COMMISSION WILL SO REPORT

PROPOSITION NOW BEING INVESTIGATED AND COUNTY MAY BE CALLED M'DUFFIE

Proposition Now Being Investigated and County May Be Formed

Indications are that South Carolina may soon have a new county, according to reports coming from McCormick. Anderson people have been keenly interested in this proposition ever since it was first broached and they will therefore learn with interest that the commission is hard at work with its investigations.

Messrs. Hollingsworth and Parks from Edgefield, Mays and Cheatham from Greenwood, Calvert and Chamberlain from Abbeville, the commissioners appointed by the governor, to act on the petition of portions of these three old counties for the establishment of a new county to be known as McDuffie, with the county seat at McCormick, met in McCormick in the opera house yesterday, and after going over the matter, it is confidentially expected, that the commissioners will report favorably upon the petition in which it is claimed, that the proposed new county contains the inhabitants and total of property required by law for the making of new counties will be certified, after which Governor Blease will order an election.

It will be remembered that portions of this same territory carried an election in 1904 on the proposition, the county then proposed to be called Calhoun. The plan was knocked out in the legislature on a technicality, but now the people in the old counties from which the new county will be made recognize the needs of the citizens in the portions which run together, all burdensome to reach the counties to which each section belongs, and are willing to lend a helping hand or, if not that, they, to say the least, will not fight it.

SIX AND TWENTY

Williamston, Oct. 1.—(Special)—We have heard several say that a light frost was visible in several places last Saturday and Sunday mornings. Every paper one who has been full of overflowing with advice to the farmers to hold his cotton and not put it on the market while the price is low, but the greatest thing is still to be brought forward. That is a plan whereby they can hold it. Nineteen-tenths of the cotton made is made by the poor man. Now the question: The poor man owes the land-lord, the merchant and the fertilizer dealer. To live and keep their business going they are obliged to collect what the poor man owes them. How is the poor man to pay what he owes without selling his cotton? Now, our advice to the farmer is this: Go ahead and do the best you can for we are certainly catching what Sherman said was.

Anderson Griffith and "Bus" Link, two of our most popular young men, are getting to be the whole show, they having recently made a very pleasant trip down near Columbia for the purpose of seeing two "pot dears." Next trip they make they say that they intend bringing the "peis" back with them, provided they agree, and they are planning another trip real soon.

Robert Richey was at Elk and Twenty last Sunday with a new suit on. No news in that. Vait. Mr. Richey is one of our most prominent and successful farmers, and was at home and boards at the same place. Only a few weeks ago he was in his life to purchase an entire suit of "store clothes." Who can you tell? The many friends of Mr. W. C. Mullinax, better known as "Uncle Dock," will be grieved to learn of his death at his home near McElmoye last Saturday morning. Mr. Mullinax was a good man, loved and respected by all who knew him. He was a faithful soldier for the lost cause, was a prominent Mason and a member of Sharon M. E. church, at which place the remains were interred Sunday afternoon. Pendleton Lodge of Masons had charge of the burial.

Prof. Marrett, of Westminster, who has been elected principal of Melton school for the coming session, was a visitor here Saturday and Sunday. Every member of the church at this place who can possibly do so is requested to be at the church Saturday afternoon for the purpose of electing a pastor for another year. Services will begin at 2 o'clock.

The many friends of E. M. Stone, a former resident of this section, but now of Central, are glad to know he is now fast recovering from a severe case of typhoid fever.

R. L. Elrod and S. I. Richey have rented a store room at Frankville and opened up a meat market and barber shop. We wish the boys much success.

The lawn party, at the home of Caron Pickens a few nights ago, was greatly enjoyed by all who were present.

The biggest crowd that ever gathered at this place was the one here last Sunday attending the singing convention. Such singing has never before been heard in this section and good order prevailed throughout the entire day.
