

# SOUTH CAROLINIAN'S MILLION BRINGS COTTON LOAN FUND TO SUCCESSFUL CONCLUSION

## Secretary of the Treasury McAdoo Announces Completion of Plan to Furnish Aid to Cotton Producers--Bernard M. Baruch, a Former South Carolinian Subscribes Last Million Dollars to the Fund.

## Federal Reserve Board Believes the Carrying Out of This Plan Will Be Beneficial, Not Only in Helping the Cotton and Foreign Exchange Situations, But by Promoting the General Prosperity of the Country.

(By Associated Press.) WASHINGTON, Nov. 17.—The country wide effort to furnish aid to cotton producers and find a bottom for the cotton market came to a successful conclusion tonight when Secretary of the Treasury McAdoo announced the completion of the \$135,000,000 cotton loan fund. In making his announcement Mr. McAdoo said the success of the plan was assured.

The secretary's statement came at the end of a day devoted to efforts to obtain subscriptions necessary to complete the \$100,000,000 portion of the fund assigned to banks in non-cotton producing States. Mr. McAdoo and members of the Federal reserve board in active charge of the plan, took active steps to gather in the remaining millions.

Kuhn Loeb & Co., of New York, subscribed \$2,500,000. At a luncheon given by John Skelton Williams, Bernard M. Baruch, of New York, said that he might invest in the fund up to \$1,500,000. His offer was taken to the extent of \$1,000,000 and the fund completed. A few hours after Mr. Baruch's offer word was received from several banks that they would subscribe to an amount of about \$2,500,000 but their assistance was not needed. As it stands the fund is oversubscribed about \$300,000.

In announcing the completion of the plan, Mr. McAdoo said: "I am gratified to be able to announce the success of the cotton loan fund. Subscriptions for the entire \$100,000,000 of class A certificates were completed this afternoon. This assures the success of the plan. To such extent as banks in the Southern States subscribe to class B certificates the \$135,000,000 realized from the class A certificates will be available for loans on cotton at six cents a pound. Full details of the plan have been published and it is not necessary to repeat them here.

The full amount of subscriptions to class A certificates made by banks in non-cotton States amounted to \$97,328,000. The success of the plan was conditioned upon the subscription of the full amount of \$100,000,000 of these certificates. In order to make up the deficiency of \$3,000,000 Messrs. Kuhn Loeb & Co., of New York, subscribed \$2,500,000 and Bernard M. Baruch of New York formerly of South Carolina, subscribed \$1,000,000, thus completing the required amount."

The following is a list of the cities and the amounts subscribed to the fund:

- New York City—\$50,000,000.
- Baltimore—\$2,500,000.
- Boston—\$2,085,000.
- Chicago—\$13,000,000.
- Detroit—\$1,083,000.
- Cincinnati—\$2,000,000.
- Cleveland—\$2,000,000.
- Kansas City—\$2,000,000.
- Louisville—\$1,000,000.
- Minneapolis—\$1,000,000.
- Philadelphia—\$4,640,000.
- Pittsburg—\$2,000,000.
- Richmond—\$1,225,000.
- St. Louis—\$1,000,000.
- San Francisco—\$360,000.
- Washington—\$1,000,000.
- Banks total—\$97,328,000.
- Kuhn Loeb & Co.—\$2,500,000.
- Bernard M. Baruch, New York—\$1,000,000.

It was not possible to announce today the names of the subscribers to the fund by each of the cities. The statement said that it may be said that among the largest subscribers in New York City are Messrs. J. P. Morgan & Co., the National City Bank, the Chase National Bank, and others whose names may, with their permission, be given in the complete list of subscribers. The only banks in the city that have subscribed to the fund are the National City Bank, the Fourth National Bank, the Webster and Atlas National Bank and the Federal Trust Company.

Special credit should be given to Messrs. F. J. Wade and George W. Shumway of St. Louis for their earnest and active work.

It is the responsibility of the State to provide the equal opportunity for every man to own land.

## WHERE WILL FARMERS OBTAIN SEED WHEAT?

### NOT ENOUGH IN THE COUNTRY FOR DEMAND

### NONE AVAILABLE

### But Few Planters Have More Wheat Than Needed for Consumption and Planting.

"Where will Anderson county farmers get seed wheat enough to sow" was the question asked last night by one well known business man while a discussion was going on as to the amount of wheat to be planted this season by local planters. The speaker went on to say that practically the entire available supply of seed wheat in Anderson county has already been exhausted and Anderson planters have not yet begun to sow wheat.

All told, not more than 10 or 12 Anderson county planters have ever sown wheat on an extensive scale and each year they have been planting the same wheat. Of the few in the county now sowing wheat to any considerable extent they have been using the same seed used by their grandfathers for the last 50 or 60 years and these men had but little seed wheat to offer for sale.

Throughout the country the same cry is being heard. "Seed wheat is scarce as the truth about wheat demand." Anderson county's supply of seed wheat seems to have been sold out and when the planters prepare to sow about 20 times as much wheat in this county as was ever produced here before, they will be up against the proposition of finding seed enough to plant.

To show that the situation is serious, Furman Smith, the wholesale salesman, when seen yesterday and asked by a reporter for The Intelligencer as to the truth about wheat being scarce, exhibited letters where he returned checks amounting to more than \$400 during the last week to planters in the lower part of the State. All of these planters desired seed wheat for immediate use and the Anderson seed house could not fill their orders.

It is said that this condition is by no means confined to South Carolina and that other states are in the same fix.

## EUREKA NEWS.

**EUREKA, Nov. 17.—**The Rural Improvement Association met at the school house Friday afternoon. It was decided to give \$5 to enlarge our library of books and to carry lunch and join Miss Garlington Saturday and learn something about school improvement.

Mr. B. B. Breazeale, Jr., has returned to Greenville after a pleasant summer spent at home.

Miss Bertie Gentry left Saturday to teach.

Mr. and Mrs. J. A. Mahaffey and little Bobbie are the guests of R. E. Campbell.

Dr. Leon Ashcraft, of Philadelphia, gave an illustrated lecture on the electrical burning of tumors of the bladder. Dr. Ralph Berenstein, also of Philadelphia, gave a clinic on diseases of the skin, giving explicit directions for determining micro-organic and non-micro-organic infections. Dr. B. C. Catlin of this city also spoke. The smoker gave the delegates a chance to mingle in an informal way and bid each other farewell for a year.

A session was held in the morning, when several papers were read. The most important business was the election of officers for the ensuing year, and resulted as follows: President, Dr. A. L. Smathers, Anderson, S. C.; Vice president, Spencer R. Stone, Atlanta, Ga.; and J. R. McCleary, Cincinnati, Ohio; secretary treasurer, Dr. J. L. Jennings, Danville, Va.

**Report Shows Decrease.** RICHMOND, Va., Nov. 17.—At the annual meeting of the stockholders of the Atlantic Coast Line Railroad Company here today Lyman DeLoach, of Wilmington, N. C., assistant to J. R. Kenly, was elected third vice president. The annual report showed a decrease in the net income for the fiscal year of 1914, 1915 as compared with 1912. A strict policy of retrenchment will be necessary, says President Kenly to offset loss of earnings caused by conditions in Europe.

**Report Shows Decrease.** RICHMOND, Va., Nov. 17.—At the annual meeting of the stockholders of the Atlantic Coast Line Railroad Company here today Lyman DeLoach, of Wilmington, N. C., assistant to J. R. Kenly, was elected third vice president. The annual report showed a decrease in the net income for the fiscal year of 1914, 1915 as compared with 1912. A strict policy of retrenchment will be necessary, says President Kenly to offset loss of earnings caused by conditions in Europe.

LONDON, Nov. 17.—The Swedish steamer, *Andersson*, packed a mine in the North Sea yesterday and sank. Eight survivors, including two women, after drifting in boats for twenty hours, were rescued by a liner and landed at Hull.

# COLDS

### An up-to-date remedy for colds. That is what Peruna is. In successful use over 50 years.

Colds are caught in many ways: Illy ventilated rooms; rooms that have direct draughts; crowded rooms; damp houses; stuffy school rooms; offices illy heated.

A dose of Peruna at the right time, at the first symptom of cold, before the bones begin to ache, before the sore throat manifests itself, or the cough, or the discharge from the nose, just a dose or two of Peruna before these symptoms begin is generally sufficient. But after the cold is once established with the above symptoms prominent, a bottle of Peruna, or maybe two, will be necessary.

"For several years I have been troubled with colds at each change of season. I took Peruna and have not been troubled with the slightest cold this entire season." Mr. Harry Fisher, 1923 Mosher St., Baltimore, Md.

"I give the children Peruna if they have a cold, and it always relieves them." Mrs. I. D. Hayes, 1937 Druid Hill Ave., Baltimore, Md.

"When I feel a cold coming on I take a little Peruna, and it does me good." Mr. Charles S. Many, 12 Water St., Oquining, N. Y.

"No family should ever be without Peruna, for it is an unfailing cure for colds." Mrs. M. P. Jones, Burns ing Springs, Ky.

## Killed

### When Mule Ran Away, Negro Boy Lost His Life at Belton Tuesday.

BELTON, Nov. 17.—George Kay, a colored boy between 15 and 17 years of age, was killed today three miles south of Belton about 1 o'clock by a mule.

The boy had been doing some hauling and had taken the mule from the wagon and was going to the house for dinner riding the mule without a saddle. In some way his foot got hung in one of the traces and the mule dashed to run. The boy was dragged by one foot. After making several circles through the field and woods the mule came running to the house, the body of the lifeless boy still fastened to the trace. Several colored people gathered around, the mule and managed to catch her before the body could be untied from the trace that had been the means of sending this young and innocent negro boy into eternity.

On examination of the body it was found that very nearly every bone in the boy's body was broken. His head was beaten into a pulp. Every garment was torn from the boy—leaving only a leather belt and his shoes and socks.

The boy was working for George Donald on A. S. Fant's plantation.

Capt. J. B. Adger, president of the board of trade, received the following telegram from Col. Williams Banks this morning:

"Columbia, S. C., 11-16-1914. Capt. J. B. Adger, Belton S. C.

"Party on grain campaign will reach Belton Thursday afternoon, and can make a few short talks to your people if desired. Please take charge of matter and wire me at this office and make newspaper announcements for 3 o'clock. Thank you.

(Signed) "WILLIAM BANKS," Captain Adger wired Col. Banks that Belton and community would be pleased to have the grain campaigners stop over in Belton and talk to our farmers. We hope that every farmer in Anderson County who can, will be in Belton Thursday and hear these men talk on this vital subject. Remember the date and make it your business to be present. Thursday, November 19, at 3 o'clock in the afternoon.

## COTTON TEN CENTS PER POUND

We give 10 cents per pound for cotton in exchange for tuition. Write us today for particulars regarding this fair proposition. Don't stand back on account of scarcity of money. Come ahead now.

One of the most reliable remedies for all ailments. It is the only remedy that will cure a sore head. It is the only remedy that will cure a sore head. It is the only remedy that will cure a sore head. It is the only remedy that will cure a sore head.

## GRAND JURY DEPLORES NUMBER OF HOMICIDES

### PRESENTMENT WAS MADE TO THE COURT

### CANNON CONVICTED

### Other Minor Cases Disposed of Yesterday—McAllister Will Be Place to Trial Today.

The most interesting proceeding of the Grand Jury General Sessions for Anderson county yesterday was the trial of R. L. Cannon, charged with adultery. When his case was called the court room was well filled and it remained so until the jury had returned a verdict of guilty.

The first case heard yesterday morning was that of Oscar Williams, charged with violating the dispensary laws. The jury in this case returned a verdict of not guilty.

Clarence Johnson, who was convicted in court Monday, was again placed before the court on a charge of assault and battery with intent to kill. He entered a plea of guilty to the charge of assault and battery of a high and aggravated nature and was sentenced to serve 12 months on the chain gang.

Bud Williams, charged with violating the dispensary laws, entered a plea of guilty and was sentenced to serve for three months on the county chain gang or to pay a fine of \$100.

Richard Cannon, charged with adultery, was placed on trial shortly before noon and his trial consumed the remainder of the day. Considerable testimony was offered on either side and exceptionally strong arguments were presented by the attorneys on either side. After a short deliberation the jury returned a verdict of guilty. Solicitor Smith was assisted in this case by S. M. Wolfe of the firm of Geiger and Wolfe. Cannon has not yet been sentenced.

Jim Madden was tried on a charge of violating the dispensary law and was found guilty.

The last case taken up yesterday was that of B. F. McAllister, charged with larceny. It is alleged that McAllister, who is a well known white planter, made away with a quantity of cotton belonging to another man. Last night the jury for this case was drawn but as the hour of adjournment had arrived none of the evidence was heard. This will be the first case before the court today.

The general presentment of the Grand Jury, presented to the court yesterday, is of interest:

**General Presentment of the Grand Jury, November Term, 1914.**

To His Honor, R. W. Memminger, Presiding Judge, Anderson, S. C. We, the Grand Jurors of Anderson County, respectfully submit the following presentment:

We have passed upon all the bills of indictment which have been handed us at this term, and during the recess since last term of court.

The committee on county officers and records have made a partial examination of same. We find all officers where the law requires them to give bond have done so—except J. M. Dunlap, county commissioner, who up to date has not given bond.

We also found that some of the county officers and magistrates were not filing their reports promptly, they have promised to attend to these matters promptly in the future.

The grand jury did not employ an expert to check up the books of the county officers, apparently they are neatly and well kept.

We have by committee visited the county home, jail and find the inmates comfortably situated and satisfied with conditions surrounding them. The farm and buildings are in nice condition.

We recommend that sign board be erected at the road crossings in the county.

We note with much sorrow, the large number of homicides that have recently occurred in this county and in our opinion the habit of drinking liquor, gambling and carrying concealed weapons are responsible for a large per cent of these deplorable crimes. Something must be done to check this flow of blood and destruction of human life.

In this connection, we most heartily commend the recent work of the city authorities and good citizens of Anderson in breaking up a number of the dens of vice here in the city and in the convictions that followed.

We hope this crusade will continue to be waged against all law breakers, not only in the city but throughout the whole county, so that no man can violate the law and go free.

In this work of enforcing our laws, bringing criminals to justice, every officer of the law should have the hearty support and full cooperation of every honorable and law abiding citizen of the county.

In reference to the matter of the obstruction of navigation on Savannah river at Brown's ferry, caused by the dam on Seneca river at Portman, Georgia, in view of the importance and gravity of the matter to the interests involved, we deemed it advisable to employ special counsel to assist the solicitor in preparing a report and opinion as set forth in our special presentment on that matter. We employed Ernest F. Cochran, Esq., and he has performed the service requested to our satisfaction and we recommend that Anderson County pay him a reasonable fee for his services.

In conclusion, we return our thanks to your honor and the solicitor for courtesies shown to us during the term.

Respectfully submitted,  
J. B. Adger.
