—Sam Lanier, who was serving a three years' sentence in the County chain gang, and who had only about six months longer to serve, took "French leave" Tuesday night. He failed to inform the guards of his intended leaving or where he was going and as a consequence they are much troubled over his strange conduct. They can assign no cause for his wanting to get away as they gave him all the privileges they could and at all times he acted nicely. He was a "stray" and had the run of the camp and they even trusted him to leave the camp and transact certain business that was necessary, i. e.,

—The State run shops of Anderson have been notified to require purchasers of the "chemically pure" to sign requests for it in presence of the dispenser and not to sell to any one but once a day. We thought that was the law and that all dispensers were observing it. —Little Eastatoe News. As I have not seen anything lately from this vicinity, I will give you a few dots.

—Ephriam Gilstrap is very sick. J. A. Gilstrap has been very poorly, but is better at this writing.

—Daniel Winchester has purchased an engine and shingle mill and is expecting to run a cotton gin on his Barton farm the coming season.

—Prof. J. L. Murphy, wife and children, passed through on their way to Mrs. Murphree's parents, Mr. and Mrs. Wash Galloway, on French Broad river.

—D. D. Winchester, jr., went to N. C., last Friday to see his best girl; and he stayed until Wednesday. Come "Bale," you must do better than that.

—We are suffering with dry weather very much at present. Cotton is not up to a stand yet. What is up is drying from the eight days cold snap. Most of the farmers are through planting. Corn is up to a stand.

—We have had the longest cold spell in May we ever remember seeing for the time of year.

—Mr. and Mrs. A. T. Winchester visited the latter's parents, Mr. and Mrs. J. L. Thomas last Sunday.

—Our mail is very inconvenient since Hazel postoffice has been discontinued. We need a postoffice very bad on Little Eastatoe creek.

—Mountain Sprout. From Stewart. Mrs. Sallie Hide, of Catechee, visited Mr. and Mrs. John Craig Saturday last.

—Mr. and Mrs. J. A. Finlay, of Newry, paid a brief visit to relatives and friends in this section recently.

—J. S. Craig, of North Carolina visited relatives in this community last week.

—Farmers near Stewart have the "blues" on account of dry weather, but perhaps ere long, they will have more rain than they can use, consequently, they are not doing very much but visiting.

—Mr. Steele, of Easley, paid his best girl a brief visit Sunday the 10th.

—Oh, we went to Six Mile Sunday in May. We surely did enjoy the day. We had a lot of fun, each one had their bun, but alas, at the wind there was too much "candle."

—There is a holiness meeting being carried on at Old Pickens this week.

—Mr. and Mrs. John Craig, jr., of Wallhalla, visited their parents near Old Pickens the 10th inst.

—A little boy had been to church. "How did you like the sermon?" asked his sister. "Pretty well," said the little fellow. "The beginning was very good, and so was the end, but it had too much middle."

—Mrs. M. B. Moore, of Dalton, is on the sick list.

—Well, they say inquisitive people are the funerals of conversation; they do not take in anything for their own use, but merely to pass it to another. It is said that brains will tell, but sometimes the more brains a man has the less he tells. Quid nunc.

—Crosswell Chronicles. As it has been some time since I have seen anything in the Sentinel Journal from this town will give you a few locals.

—The convicts with six large mules and road scrape did some good work on both of our roads leading from Easley to Greenville last week, and it was not done before needed, for we will wage a "gingy" cake that Johnnie, our R. F. D. boy, has the roughest roads over his route of any of the other boys. If any of the boys' roads are any rougher than his, we are sure they have had to carry the mail on horseback or footback and walking.

—Mr. Editor, Has the many readers of The Sentinel Journal ever thought about the amount of public roads there are in Pickens county, and the amount of bridges to keep up. It is claimed that Pickens county has more bridges than any county in the State, and is one among the smallest. It has more miles of public road to the square mile than any other county. Has less lands and funds, in proportion to the amount of roads. Such being the case, how can we expect the roads to be put in better condition? Will some of the readers please give us the number of miles of public roads in this County?

—The farmers are very blue over the poor prospects of the small grain crop and the bad stand of cotton. Those that planted early had to plant over, and the late planting is doing no good, but we need not expect it to germinate when the wind blows as cool as it has for the past eight or ten days.

—Spartan was well represented at Cross Roads the third Sunday from the number of vehicles which left here in that direction.

—One of the oldest citizens of this place says he worshipped at Cross Roads' third Sunday May meetings over forty-five years ago, and that they washed feet then and thinks it should be practiced yet, whenever the sacrament is taken; we are not well enough posted on the scripture to say whether it should be practiced or not, but there is one thing connected with foot washing, and that is Mrs. —, (that's my wife you know), talks pretty stout about taking the poker to me if I attempt to go to bed without washing mine.

—Our election for school trustees came off last Saturday. Messrs. T. C. Spencer, W. D. Garrison and S. S. Jones were the choice of the patrons and in our judgment a better selection could not have been made, and they are competent men, and will work together for the best interest of the school.

—Ed. Nalley, our merchant, has calls right often to visit sick horses. Ed. knows his business when he examines a sick horse. Unsound corn will make a horse sick but few of us ever think about it.

—We noticed in Easley Progress that Esquire J. D. Sitton had seven swarms of bees from two colonies. This scribbler has seven colonies and haven't had a swarm since 1901, but find they are rich, with nice honey this spring, so if you will stop Mr. Editor, in passing through our town, will give you pan cakes with butter and honey.

—If this don't drop into the waste basket you may hear from us again one of these days.

—Six Mile News. Most of the farmers are done planting cotton and corn. There is more corn planted in our section this year than has been for several years.

—If the farmers would take to raising their own hog and hominy at home they would do better than to go to the merchants in the spring give a mortgage and lien on their crop, and before it is made they have it all at pay. Paying from five to six dollars for flour on time, and paying 12 to 15 cents per pound for bacon won't do. We have just got to get a move on us; if we don't, the dog is dead, with us farmers, so let us put our shoulder to the wheel and push forward.

—What is looking fine and has begun to head out.

—Strawberries make a fine desert for the midday meal.

—Look out, boys, May meetings are at hand and the girls are busy baking cakes, and perhaps if you'll only be quite sly you may accidentally get to partake of them.

—Misses Mary Fendley and Mary Trotter have returned from a visit to Oconee, where they have been visiting their friend, Mrs. S. L. Richardson.

Our family doctor said she would outgrow them but she did not. We took her to another physician who said she had a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nerve and one of the Blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nerve cured her. My sister Dr. also took it for sick headache with good results. We all feel that you are very much for your good medicines and kind advice.
