Fred Ewart Will Be Hanged.

Key West, Fla., July 7.—Fred Ewart has been convicted of murder in the first degree and will be sentenced to hang. Ewart was tried for the murder of Frank Whitaker. He made a full confession of the crime, claiming that he had been invited by Whitaker to go on board the New Venice to get some clams; that while there Mr. Whitaker cursed him, and that while enraged, he (Ewart) picked up an ax and struck Whitaker with it. He did not remember striking him more than once, but admitted that he might have done so.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Billion and Trillion.
There are two systems of numeration in use at the present day, commonly called the English and the French systems. In the former the billion is a million of millions, a trillion a million of billions and each denomination is a million times the one preceding. In the latter (which is the system used in the United States) the billion is a thousand millions, and each denomination is a thousand times the preceding.

Why He Was Stung.
"Why don't you marry?" asked one Frenchman of another.
"Because I must do it on certain conditions."

"What conditions?"
"Well, you know, the lady must be beautiful, rich and a fool. If she isn't rich and beautiful, I won't take her, and if she isn't a fool she won't take me!"

She Could Spell Too.
While waiting in the reception room for their hostess some visitors were entertained by that lady's four-year-old daughter. One of the callers remarked to the other:
"She is not very p-r-e-t-t-y."
"No," instantly replied the child; "I am not very p-r-e-t-t-y, but I am very a-m-a-z-i-n-g."—New York Times.

The Publishers' Error.
"The publishers told Arthur that he would have to rewrite a good portion of his book before they could bring it out."
"Humph! I should think they would have had him rewrite some of the bad portions."—Kansas City Journal.

Brutally Tortured.
A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Cal., writes, "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." J. is at good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Pickens Drug Co., druggist.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every ten minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

When the kidneys are weak and rheumatism comes on, it is because of excess of uric acid in the blood, due to neglected kidneys.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working, pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and trustworthy effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

By all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail.

Write to Dr. Kilmer, Swamp-Root, P. O. Box 589, Binghamton, N. Y., for a free sample bottle.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

LIFE OF POPE LEO FAST EBBING AWAY

Last Rest In Shadow of the Vatican.

REPORT OF HIS PHYSICIANS.

Pontiff Still Exhibits Remarkable Vitality, but It Is Believed His Passing Away Is a Question of Hours. Short History of His Life.

Rome, July 7.—The text of the bulletin issued by physicians this morning, on the condition of the pope's health is as follows:
"Although his holiness passed the night almost without sleep, he is not so uneasy as he was yesterday. The pope has been benefited by the injection of digitalis and camphor, and the condition of his chest is normal. There is a slight cough with some catarrhal oedema. Sufficient nourishment has been taken. The pulse is still weak, but not intermittent and the temperature is below normal. The condition of the august patient, therefore, cannot be described as better, but it certainly is no worse."
The amelioration in the pope's condition this morning was so unusual considering the gravity of his illness.

POPE LEO XIII.

that it was feared that possibly it was only the last flickering of the vital flame.

During this brighter interval, the pope resumed his habits of command and insisted on giving orders for the preparation of the brief appointing Monsignor Volpini, actually secretary of the Consistorial congregation, a post vacated owing to the promotion of Monsignor Nocella, to the Cardinalate. The importance of such an appointment, especially at the present moment, is manifest when it is considered that at the pope's death the secretary of state ceases to exercise his functions, which are assumed immediately by the secretary of the Consistorial congregation.

"God's will be done. Who would have believed it, when only ten days ago I was presiding over a public consistory?" murmured feebly Pope Leo as he felt himself late last evening sinking into a sleep which lasted about three hours, until exclaiming, "I am back," he awoke, complaining of pains on both sides of the thorax. Tenderly Dr. Laponi, assisted by Pope Leo's valet, Pio Contra, and the physician of the Vatican, Dr. Castiglioni, succeeded in giving the patient some relief.

Though hovering on the brink of death, the life of the pontiff is still prolonged by means of strong stimulants and concentrated nourishment, and while he is still alive his wonderful vitality may again resist and conquer the attack of his illness.

Late last evening, after the excitement of the ceremony of the last sacrament was over, the pope seemed less restless, partly soothed by the religious service and partly by a dose of chloral, which was given him in considerable quantity.

The interim during the early hours of this morning testifies to the conviction that the passing of Pope Leo is very near. The court yard of St. Damaso is filled with the carriages of the cardinals. In the cortile are drawn up the carriages of the cardinals and of many notables. The servants and messengers hurry across the courtyard with bundles of huge white tapestries and with the robes of the ecclesiastical dignitaries who are waiting within the palace. The ante-chamber of the palace was all through the night thronged with the princes of the church, high noblemen and members of the diplomatic corps. Telegrams of inquiry have been received from several of the monarchs of Europe.

Think Condition Hopeless.
Berlin, July 7.—All the Rome dispatches published here represent the pope's condition as hopeless. The newspapers of this city are issuing extracts containing the latest telegrams on the subject of the pontiff's health.

Cardinal Rampolla's Report.
Washington, July 7.—The following cablegram was received today by the apostolic delegation from Cardinal Rampolla: "The condition of the holy father is still grave, but no worse. Night calm. Takes food without reluctance. Mind perfectly clear."

Vatican Displeased.
Rome, July 7.—In Vatican circles there seems to be dissatisfaction because of the rumors in circulation to the effect that those in authority intend of preventing the pope from overtaxing his failing strength, have, for their own purposes, engaged him contrary to his physician's advice to further exertion. It has been hinted that those who might be eligible candidates for the chair of St. Peter would be lost owing to more delay and that, regardless of the pope's condition, they worked upon his nerves, natural pride in the vigor of his constitution and his venerable age to encourage him to preside at the two recent consistories, as well as to undertake numerous receptions of pilgrims and other visitors to the Eternal City.

notwithstanding the precarious condition of his health since the operation of 1899, which had grown much worse the last few months. Under the circumstances such insinuations are energetically repudiated by those concerned.

SMALL SIZED PANIC.
September Options Fall 70 Points in Cotton Market.

New Orleans, July 7.—In a small sized panic in the cotton market this morning, September options fell 70 points from 11:75 to 11:05. The selling in September was terrific. New York had an immense bank of selling orders in local brokers' hands and the first declines scared weak longs into the market as quickly as possible. The consequence was that prices went down 9 and 10 points at a time. The bill clique was also credited with unloading and it was current gossip that local longs were unloading in Liverpool.

There was nothing doing in August. Late in the morning September which recovered somewhat and was 48 points below the closing of Friday and 22 points below the highest level of this morning at 11:27, October 17 points below the closing of Friday at 9:38 and December was 16 points below at 9:76.

TROUBLE AT STEELVILLE, MO.
Two Deaths From Recent Fight at That Place Is the Result.

Steelville, Mo., July 7.—The street fight in Steelville Saturday night resulted in the death of Robert Starks and the serious wounding of Sheriff Taff and others, has been followed by the death of Herschel Starks, son of Robert Starks, who was shot through the abdomen by one of the sheriff's posse in attempting to arrest the young man.

At the coroner's inquest over the body of the second victim of the tragedy it transpired in the evidence that young Starks was the originator of the difficulty. The young man, who was not over 20 years old, attacked the city marshal and two deputies, as well as two city marshals, and succeeded in wounding three persons and he was himself shot. Herschel urged his young brother, before he died, to avenge his death.

Sheriff Taff is still in a critical condition from his wounds.

Gadsden's Steel Plant.
Gadsden, Ala., July 7.—Everything is being done at the plant of the Alabama Steel and Wire company to get the furnaces and steel mills into operation at the earliest possible moment. The tremendous blow engines are now being installed and will soon be ready for use. They have a blow cylinder of 84 inches in diameter, with a 5-foot stroke. The stove and boiler have also been put in, and the great plant will soon be ready for operation.

Drummer Drowned in Surf.
Jacksonville, Fla., July 7.—Fred Frey, a traveling salesman for Muntz Bros. Jewelers, at New York, was drowned in the surf at Pablo Beach Saturday afternoon. The body was found and brought out in 25 minutes, but, though two physicians, who were on hand at the time, used every effort at resuscitation, their efforts failed. A telegram was sent to the parents of the unfortunate man in New York.

No man or woman in the State will hesitate to speak well of Chamberlain's Stomach and Liver Tablets after once trying them. They always produce a pleasant movement of the bowels, improve the appetite and strengthen the digestion. For sale by Pickens Drug Co., Pickens, and T. N. Hunter, Liberty.

Father Killed by Young Son.
Dallas, Tex., July 7.—L. A. Moore, secretary of the city of Dallas, was shot and almost instantly killed at 7 o'clock Sunday evening by his son, Ernest, aged 22 years. Moore, it is alleged, had been drinking and had attacked his younger son. The other son, Ernest, was remonstrating with the father, who turned upon him, when the son fired the fatal shot.

WHITES AND BLACKS RIOT IN INDIANA

Reign of Terror in Town of Evansville.

COUNTY JAIL WAS STORMED.

Shooting of an Officer by a Negro, and Subsequent Attempt to Lynch Murderer, Resulted in Race Riot—Negro Lives Ransacked.

Evansville, July 7.—Race prejudice between blacks and whites brought on a reign of terror here Sunday, which has not ended. All of last night and all day yesterday there was a threat on the lives of citizens. Gun stores were broken open and weapons and ammunition were seized by blacks and whites. The county jail is partly wrecked, and an angry mob of 2,000 whites broke in to hunt for a black victim; the wall was forced with a battering ram, negro divers were ransacked and shot to death in the search for the black and an armed company of drilled blacks marched through the streets threatening the lives of all whites.

Cause of the Riot.
The race riot was the immediate outcome of the shooting of Patrolman Massey Friday night by Lee Brown, a negro. Brown and another negro, named Brown, had been engaged in a quarrel, and Brown had sworn to kill his antagonist. He ran toward his home to secure a revolver, and Patrolman Massey, hearing of the trouble, lay in wait for Brown. As the negro came back armed, hunting his enemy, Massey stepped from a doorway and laid his hand on Brown's shoulder.

Brown turned quickly, a revolver in his hand, and shot the policeman in the abdomen. The officer as he lay on the sidewalk, fired at Brown and wounded him dangerously.

Patrolman Massey afterward died from the effects of his wound. Brown was arrested and hurriedly placed in the Evansville jail.

Excitement has been intense and since the arrest of Brown the jail has been guarded night and day.

An outbreak was feared and the negro was secretly removed from the jail and taken to Vincennes, where he now lies in the new prison. The point of death from the wounds. The jail is being guarded by armed deputies, who will remain on duty all night.

An enraged mob of whites last night made a determined attack on the jail in an effort to secure the negro with the intention of lynching him. A perfect reign of terror prevailed for hours and the authorities were practically powerless.

CITY IS NOW QUIET.
It is hoped that trouble has subsided at Evansville.

Evansville, Ind., July 7.—This city is quiet this morning and there are no signs of the mob violence that agitated the population all last night.

Business is moving in the even tenor of its way. The Saturday morning section reveals the fact that much damage was done to numerous stores, especially to the hardware houses, many of which were entered and robbed of guns and ammunition. Thousands of shots were fired during the night, but so far as learned, no one was killed, although many of people are said to have been wounded. Several negroes were caught by mobs and almost beaten to death before the police could save them.

The chief demonstration in the night was a charge on the county jail between 10 and 11 o'clock. Several thousand whites and negroes crowded the streets before the building and finally obtained entrance through the fortified gates to the yard where they began to batter the windows of the jail. Efforts to prevent this were futile, and the crowd held sway, the police of the city being occupied with holding the slight seers from invading the front part of the building and ransacking the sheriff's residence.

After the mob was thoroughly satisfied that Lee Brown, the murderer of Patrolman Massey was not in the building, they separated into squads of 40 or 50 and paraded the downtown streets until daylight shooting promiscuously and visiting the negro quarters. The negroes are terrorized.

The local company of the state militia has been ordered out, and will be reinforced by companies from southern Indiana.

Very Remarkable Cure of Diarrhoea.
In about six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Boque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Pickens Drug Co., Pickens, and T. N. Hunter, Liberty.

EDUCATIONAL ASSOCIATION.

Thousands of Teachers Assemble at Boston, Mass.

Boston, July 7.—When the first of the sessions to be held in this city this week by the National Educational association opened today more than 15,000 teachers had registered for the first session. The number ultimately will reach 25,000. The program of the convention provides for sessions in sixteen departments besides general meetings every evening and business meetings on Wednesday and Thursday. The convention will close on Friday as far as its sittings are concerned, but an extensive program of tours and excursions have been arranged for subsequent dates.

The general gatherings will be held in Mechanics Hall. The opening session was that of the national council, which is described as being the senate of the teachers' association, of which William B. Harper, of Chicago, is president. The program included a address on "The Voluntary Element of Education," Cornell University, Ithaca, N. Y. "Savings of Elementary and Secondary Education" was the subject of the address by Thomas M. Balliet, superintendent of schools, Springfield, Mass. LOUBET ARRIVES AT DOVER.

French Ruler.

Dover, Eng., July 7.—The French cruiser Guichen, having President Loubet on board, was sighted at 12:40 o'clock this evening.

Immense crowds of people lined the front, which presented a gala appearance, the decorations being on a scale far in excess of any previously at Dover. As soon as the Guichen was sighted, the French fleet of torpedo boat destroyers steamed out into the river and escorted the French cruiser through a double line of British battleships and cruisers, extending 2½ miles and forming the most imposing naval display ever seen off the coast of Dover.

All the vessels were dressed from stem to stern, and their crews manned ship and mingled their cheers with the roar of guns firing salutes and the strains of the "Marseillaise," from the naval bands. Each ship gave the salute of 21 guns, as the Guichen passed, and the band of each vessel in turn took up the "Marseillaise."

The Guichen anchored off Dover shortly after 1 o'clock and exchanged salutes with Dover castle. The admirals and captains of the British fleet immediately repaired on board the French cruiser and paid official visits to President Loubet.

FEAR UPRISING OF BLACKS.

Father of Lynched Mulatto Heads Negro Mob in South Carolina.

Columbia, S. C., July 7.—Against the protest of the people of Norway the troops sent from Columbia by the governor were withdrawn on a special train.

The town was then quiet and the assistant adjutant general did not believe danger was imminent. Norway people, however, say that John Evans, the white man who is the father of Charles Evans, the young mulatto lynched last Tuesday, is leading the negroes.

Five men who are supposed to have led the mob have received word that they are marked for slaughter. These are the chief business men in town and the community is nervous. Many farmers have left their isolated homes and come to Norway.

The negroes have congregated at Freedman's Hill, a negro village 3 miles from Norway. The people wished the militia to disperse them and arrest the ring leaders, but the assistant adjutant general would not permit the move.

The women and children are concentrated in their homes in the center of town, and these are guarded by men with magazine rifles.

The negroes are still congregated at their camp, but the feeling here is that they will not attack. There are about 60 armed whites in Norway.

Georgia Editors at Home Again.
Atlanta, July 7.—After an absence of 31 days, the Georgia Press association returned last evening over the Western and Atlantic from Chattanooga, having visited Denver, Col., Yellowstone Park, Portland, Ore., and many other places of interest in the West. The trip was made on the special Pullman coach, "Warrior," under the direction of Mr. H. H. Cabaniss, the president of the association, and who is an owner of the Augusta Chronicle.

They all report a good time and were well entertained throughout the trip.

Transport Strikes Reef.
Manilla, July 7.—The United States transport Sumner, having on board the Fourth Infantry, struck an uncharted reef and her forward hold filled rapidly, necessitating the vessel being beached.

Night Was Her Terror.
"I would could nearly all night long," writes Mrs. Clara Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It is absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all throat and lung troubles. Price 50c and \$1.00. Trial bottle free at Pickens Drug Co.'s drug store.

PLEASURE SEEKERS MEET SWIFT DEATH

Great Loss of Life Reported in Pennsylvania.

WATER SPOUT THE CAUSE.

Dam Near Greensburg Breaks From Collapsing Waters and Sweeps Down Valley with Direful Results. Story of Disaster.

Greensburg, Pa., July 7.—A water spout of immense proportions struck in the vicinity of Oakford park at 4 o'clock Sunday afternoon and created a flood that caused great loss of life and property. It is known that at least twenty persons lost their lives and rumors place the number of dead at more than one hundred.

Breaking of the Dam.
At 3 o'clock rain began to fall in torrents in the vicinity of the park, and spread over territory covering probably 10 miles.

A half hour later the cloudburst occurred, the waters in the lake north of Oakford park began to rise, and Manager James McGrath, believing there was danger of a final break in the great walls of the dam, hurried among the crowds of pleasure seekers who had gathered under the roofs of the eating stands. The dam, a part of the Shavers Fork dam, a section of the department of Indian education was also held at which greetings were offered by the Rev. Dr. Edward Everett Hale, Lieutenant Governor Guild and Dr. A. E. Winship, of Lowell, Mass., and a resume of the work of officials and co-workers were made.

W. A. Jones, commissioner of education, and John D. Benedict, superintendent of schools, Muskogee, I. T., were among the speakers.

He denied that there were any passengers drowned when the two cars were overturned by the flood and declares that all the people were rescued after the cars had upset.
