Hump Back

SCOTT'S EMULSION won't make a hump back straight, neither will it make a short leg long, but it feeds soft bone and heals diseased bone and is among the few genuine means of recovery in rickets and bone consumption.

SCOTT & BOWNE, Chemists,
409-415 Pearl Street,
New York.

MRS. MITTIE SMITH DEAD.

Wife of M. J. Smith, once a Resident of Easley.

Mrs. Mittie Smith, the beloved wife of M. J. Smith, formerly of Easley, but now of Valdosta, Ga., died last Thursday in Spartanburg, at the home of Mrs. W. A. Callahan, a sister of the deceased. Her remains were laid to rest in Oakwood cemetery on Friday, the funeral obsequies being conducted by the Rev. W. P. Smith.

A husband, two sons, Charles and Bluford Smith, and a little daughter are left to mourn the loss of a tender wife and mother.

Mrs. Smith was well and favorably known to many of our readers, as for some time several years ago, her husband ran the old Clyde hotel in Easley and a livery stable in connection. They had been living in Georgia for some time.

A MURDEROUS ATTACK.

Unknown Man With Heavy Stick Strikes A Couple in Druid Park.

Augusta, Ga., Special.—Two patients were treated by Dr. A. B. McNaughton Wednesday who were injured in a mysterious manner. They were J. Z. Taylor and Miss Carrie Glaze.

The young lady is the niece of Mrs. Augustine and lives with her aunt on Moore avenue. She and the young man were out taking a walk in Druid park, a wood near the old exposition building. Here they were suddenly attacked by a man with a heavy stick, who struck Mr. Taylor with his first blow, and then beat his face almost into a jelly, also striking the young lady several times, fracturing her arm and inflicting severe bruises on the body.

In this condition the couple made their way to Dr. McNaughton's office on Walton way, nearby, where their injuries were attended to and from whence they were sent home. Mr. Taylor's wounds were very serious, there being a number of ugly gashes on his head.

The most peculiar part about this murderous assault is that the victims didn't know who attacked them. The young man says they were sitting on a log when he was suddenly struck down without more than barely catching a glimpse of his assailant, who he thinks was a negro. The first blow rendered him unconscious.

Miss Glaze also is unable to tell who struck her, having seen nobody until her companion was struck down, and remembering no more after that. She thinks, however, that their assailant was a white man.

The news of the assault soon spread, and quite a large number of men went out to the wood, without discovering any clue. City Detectives Howard and Williams also worked on the case, without any better success.

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to urinate; pain in the back is also a convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scaling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have this best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery free of charge, if you send a book that tells more about it, both sent free by mail.

Address Dr. Kilmer & Co., 110 West Broadway, New York.

Don't make any mistake, get the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address. It is on every bottle.

A WOMAN WAS KILLED.

Wife of the Man Who Was With Death in Jealous Attack.

Matwan, W. Va., Special.—Miss Addie Evans, 30 years old was shot and instantly killed by Mrs. William K. Davis Wednesday night. The woman were neighbors and had been enemies for some time over the fact that Mrs. Davis thought her husband paid the young woman undue attention.

Wednesday night Mrs. Davis saw her husband walking along the highway in conversation with her supposed rival she became so angered that she procured a rifle and went after Miss Evans and killed her.

Mrs. Davis fired so quickly that Miss Evans had no chance to escape. The bullet entered just under the right arm and death ensued instantaneously. Mrs. Davis, after the deed, secured more ammunition and was soon in hiding in the mountains. Later she escaped on a freight train in a man's attire. Telegrams have been sent officials in various towns to be on the watch for her. Davis is a prosperous lumber dealer.

FOUND DEAD IN BED.

Athens, Ga., Special.—Mrs. Davis, wife of Sheriff Milton Davis of Madison county, died quite suddenly at her home in Danielsville, Monday night.

She retired at night in usual health and was found dead next morning. She leaves several children.

Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and six long years I have suffered more misery and agony than agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Pickens Drug Co., Pickens, and T. N. Hunter, Liberty.

NEW SPARTANBURG CONCERN.

The Eureka Pad Company of Spartanburg has been chartered to manufacture "shoulder pads and shape protectors such as are used by retail dealers, and also a device to stack coats on the counters in stores." The capital stock is \$10,000 and the incorporators in the commission are T. H. Cannon, B. F. Shockley and J. F. Floyd.

For a Lazy Liver try Chamberlain's Stomach and Liver Tablets.

They invigorate the liver, aid the digestion, regulate the bowels and prevent bilious attacks. For sale by Pickens Drug Co., Pickens, and T. N. Hunter, Liberty.

TWO WOMEN FOUND DEAD.

Mrs. Elizabeth Meachell, aged 80, and her daughter, Miss Pauline aged 50, were found dead in a room at their home in Baltimore Thursday. They had been asphyxiated by gas, and had evidently died two days ago. The police are unable to decide whether it is a case of suicide or not.

THE CONFEDERATE MONUMENT.

The following is the inscription on the Confederate Monument, Columbia, erected by the women of South Carolina:

"This monument perpetuates the memory of those, who true to the instinct of their birth, faithful to the teachings of their fathers, constant in the love for the State, died in the performance of their duty, who have glorified a fallen cause by the simple manhood of their lives. The patient endurance of suffering and the heroism of death, and who in the dark hours of imprisonment, in the hopelessness of the hospital, in the short, sharp agony of the field found support and consolation in the belief—that at home they would not be forgotten.

Let the stranger who may in future time read this inscription realize—that these were men whom power could not corrupt, whom death could not terrify, whom defeat could not dishonor; and let their virtues plead for just judgment for the cause in which they perished. Let the South Carolina of another generation remember that the State taught them how to live and how to die, and from her broken fortunes she has preserved for her children the priceless treasure of their memories; teaching all who may claim the same birthright, that truth, courage and patriotism endure forever."

GORMAN FOR PRESIDENT.

His Friends Think He is the Man to Defeat Roosevelt.

The Washington correspondent of the News and Courier gives this view of Senator Gorman as the most available man for the Democratic nomination.

That Senator Gorman will be given the democratic nomination for the Presidency is the firm belief of Representative Livingston, of Georgia, who has been discussing the outlook with Democrats from all parts of the United States. Mr. Livingston says that Senator Gorman was much stronger in the South, in his opinion, than any other Democrat. There might be a few localities in some of the Southern States where the preference at present was for some other man, but he believed that before the meeting of the convention the Southern States would be practically united in the support of Mr. Gorman.

Mr. Livingston said that his talks with men from the North and West convinced him that Mr. Gorman's strength was not confined to the South alone, but that he was regarded in other sections of the country as the strongest man that could be nominated. Mr. Gorman is regarded in all parts of the country as a man on whom all elements of the Democratic party can unite. In the opinion of Mr. Livingston he will poll the full strength of the Democratic party if he is nominated. Further than this there are evidences that he would bring to the support of the Democratic ticket certain elements of the Republican party that are not satisfied with Roosevelt.

It has been apparent, almost ever since Mr. Roosevelt succeeded to the Presidency, that certain elements of the Republican party were very much dissatisfied with his course. While the party leaders all agree that he must be re-nominated, with few exceptions they would scarcely like to see him replaced by some other man. They realize however, that this cannot be done, and while they will acquiesce in his nomination, their support of him in the campaign cannot be as hearty as it would be if some one more acceptable to them were at the head of the ticket. The anti-imperialists to a man are opposed to Mr. Roosevelt. In the aggregate they make up a considerable element in the Republican party and the Democratic candidate can have their votes if he is not objectionable to them on other grounds.

Many of the conservative business men of the country are opposed to Mr. Roosevelt. They are the men whom the Republican party relied chiefly for its campaign contributions. They did not like Mr. Roosevelt's action in the coal strike controversy, and they are afraid his head strong, impetuous character may result in bringing the United States into needless conflict with some foreign power if he should be elected to the Presidency for four years more.

On the other hand, Mr. Roosevelt may enter the campaign with the labor organizations arrayed against him. He won a certain amount of favor from those organizations by his action in bringing about a settlement of the coal strike last year, but it is not improbable that he may lose their favor as a result of his recent action in ordering the restoration of Assistant Foreman Miller to the government printing office book bindery. The labor leaders do not take issue with the President in regard to his declaration that the government service must be open to union and non-union men on equal terms, but they do criticize him for not taking the trouble to look into the record of Miller and for restoring a man who was particularly obnoxious to organized labor without inquiring whether he was a fit man for the place or not.

For all these reasons thoughtful men in the Democratic party believe that it will not be impossible to defeat Mr. Roosevelt next year if the Democrats nominate the right sort of a candidate.

The friends of Senator Gorman believe that he is the man who can be nominated by the Democrats with the greatest chance of success. They believe that he will not only bring to the support of him on day all elements of the Democratic party, but that the result of his party will be a badly bruised and skin party, but he will have otherwise been attracted to him.

WILL BUILD ALUMNAE HALL.

Plans for the building of a handsome alumnae hall at Converse college in Spartanburg, have been accepted and work will begin at an early date.

The proposed building will be two stories in height, of finest pressed brick. The cost will be between \$10,000 and \$15,000.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by Pickens Drug Co., Pickens, and T. N. Hunter, Liberty.

NEGRO FATALLY SHOT.

One Negro Goes Fishing With Another Negro's Spouse.

Jim Parks, colored, living on the land of A. C. Gaston near Reidville, is lying at his home with his left shoulder, his chest and his stomach perforated with bird shot and according to the statement of the attending physician the negro has only one chance out of three of recovery.

The shooting occurred last Monday afternoon. A negro named Arch Amos went fishing on a creek near his home and it seems that Parks' wife joined Amos on this expedition. Parks did not find that this conduct strengthened the matrimonial ties between himself and wife or the ties of friendship between himself and Amos and accordingly a disturbance ensued between the negroes. Amos secured a shot gun to enforce his side of the argument and before the trouble was over he proceeded to use the gun on Parks, discharging the entire load into the body of the negro.

The lead struck Parks in the left shoulder. A number of shot also took effect in the chest and stomach of the wounded man whose chances of recovery are very slim. —Spartanburg Journal.

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25c per box. Sold by Pickens Drug Company.

TERRIBLE OATH SWORN.

North Carolina Moonshiners Also Worked Smooth Trick on Revenue.

Raleigh, N. C., Special.—At a trial here before a United States commissioner the fact was revealed that there was an oathbound gang of moonshiners and illicit sellers of whiskey in the northern part of this county. A moonshiner who was under arrest admitted this and said the gang had chosen a leader, whose name he refused to reveal, and that this leader had administered a terrible oath which others had taken.

In some way the names of several of the gang have been discovered and arrests are to follow. Another discovery was made regarding a truck put upon revenue officers.

A man near here told an official that upon payment in advance of the \$10 fee for information would reveal the location of an illicit distillery. The officers promised him the money and he finally showed the place.

Then they discovered that he had procured a part of an old still and set it in a bed of mud, under which he had made a little fire, though to cause a smoked appearance of the mud. No whiskey had ever been made there, nor could it be made. His arrest has revealed it is found that he has so much money by this deception.

GOT THREE MILLIONS.

Big Bust of Young E. R. Thomas in the Late Bear Deal which began in January.

New York, Special.—It is reported that E. R. Thomas, a young banker, turfman and automobile expert and son of the late General Saffell Thomas, is reported to have cleared in the neighborhood of three million dollars in the late bear deal.

The deal began last January and Thomas took advantage of the crash in prices last week to get out with a clear slate and a large return. This is the largest stake made this far in the present downward rush of prices.

Thomas is only 32 years old and was for a brief time president of Seventh National Bank. It failed after overcertifying checks for Marquand & Co.

Money Came After Death.

A sad accident in connection with the recent Pacolet flood has developed in the announcement by the attorneys for the plaintiff, that the Supreme Court of South Carolina, has this week sustained the verdict of the lower court in \$4,500 damages for injuries received on the Southern Railway some 18 months ago, to Fletch Gos, drowned in the flood of Pacolet river and now after months of waiting this money on which she had based my hopes will go into other hands.

The case was tried the first time in the court of Common Pleas in Spartanburg a year ago and the court allowed \$4,500 damages to the plaintiff for injuries received as the result of an engine on the Southern colliding with a vehicle in which the plaintiff was riding. The accident happened at Mt. Zion station, a few miles north of Spartanburg. An appeal was taken to the Supreme Court of the state and while this was pending the plaintiff met her tragic death by being drowned when the long to be remembered flood on Pacolet river occurred.

This week the Supreme Court affirmed the decision of the lower court, but the money will never reach the hands of the young woman who brought the action.

The money will be credited to the estate of the deceased and will be divided among relatives.

WHITE GIRL WAITERS.

Proprietor John Lango, of the new Glen Rook hotel in Asheville, has made an innovation in the conduct of his hotel, which has occasioned some gossip about the city. He discharged all negro waiters and employed white girls.

All the young women are of the city. No Asheville hotel or restaurant has ever taken this step heretofore.

Gorillas in North Carolina.

Charlotte, N. C., Aug. 1.—Near Rocky Mount today Mrs. Pass Long was assaulted in her home by an unknown negro. She was alone at the time, her husband being absent. She was found unconscious, after the negro had fled. The people of the community are doing their utmost to capture the criminal.

When Adolphus Beaver, a young farmer of Ireddell county, returned to his home from a trip to Statesville yesterday, he could not find his wife. The neighbors were alarmed and the body of the woman was found in a well. The coroner's investigation showed that she had been assaulted and murdered. Suspicion points to a negro named Welford Rossboro, who has not been caught.

Many School Children are Sickly.

Mother Gray's Sweet Powders for Children, used by Mother Gray, a nurse in Children's Home New York, break up Colic in 30 hours, cure Erysipelas, Headache, Stomach troubles, Teething Disorders, and destroy Worms. At all drug stores, 25c. Sample mailed FREE. Address, Allen S. Olmsted, LeRoy, N. Y.

Revenue Men Seize Car of Whiskey.

Several days ago the seizure of a car of whiskey was made in Columbia at the instigation of the internal revenue officers of Georgia. The car was billed from Spencer to Savannah, but it was thought that the contents were for a dealer in Columbia and it was detained in the latter city.

After seizure it was found that no government license had been paid and consequently it will be held and advertised, and no claimant appearing it will be sold. It is not likely that it will be claimed, and the consignee will lose \$1,800 worth of whiskey, which is said to be the largest made in the largest State in years.

MISSOURI LEGISLATOR CHARGED WITH HAVING SOLICITED A BRIBE OF \$4,500.

Jefferson City, Mo., Special.—The case of State Senator William Sullivan, of Christian county, charged with having solicited a bribe of \$4,500 in connection with baking powder legislation at the recent session of the legislature was called Thursday before Judge H. C. Timmons, of Barton county.

Judge Timmons was specially appointed owing to the allegations of prejudice of Judge Hazell.

The defense offered a plea in abatement, setting forth that the defendant was indicted illegally because of the appearance of the attorney general in the grand jury room together with Messrs. Cosgrove and Dunlap and grand jury stenographers. After a brief argument of the attorneys, Judge Timmons overruled a motion to sustain the plea.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. Cheney & Co., Toledo, Ohio.

Sold by all Druggists, 75c.

ON TRIAL FOR BRIBERY.

Jefferson City, Mo., Special.—The case of State Senator William Sullivan, of Christian county, charged with having solicited a bribe of \$4,500 in connection with baking powder legislation at the recent session of the legislature was called Thursday before Judge H. C. Timmons, of Barton county.

Judge Timmons was specially appointed owing to the allegations of prejudice of Judge Hazell.

The defense offered a plea in abatement, setting forth that the defendant was indicted illegally because of the appearance of the attorney general in the grand jury room together with Messrs. Cosgrove and Dunlap and grand jury stenographers. After a brief argument of the attorneys, Judge Timmons overruled a motion to sustain the plea.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. Cheney & Co., Toledo, Ohio.

Sold by all Druggists, 75c.

SENATOR DAVIS' WIDOW WEDS.

Mrs. Anna Agnew Davis, widow of the late Senator Cushman K. Davis, of Minnesota, and Huntall Doll, of Knoxville, Tenn., were married at the bride's home in Washington, D. C., Wednesday. Rev. E. S. Dunlap, St. John's Episcopal church, officiated. Only a few intimate friends witnessed the ceremony. The couple left for the south on their honeymoon trip.

BRUTALLY TORTURED.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Cal., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me than I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Pickens Drug Co., druggist.

To Mothers in Town.

Children who are delicate, feverish and cross will get immediate relief from Mother Gray's Sweet Powders for Children. They clean the bowels, act on the liver, making a sickly child healthy.

WHITE GIRL KILLS NEGRO.

Memphis, Tenn., Special.—Miss Annie Strong living near Vicksburg, Miss., Wednesday shot and killed an old negro by the name of Robert Anderson who lived just adjoining the Strong homestead. The negro was digging post holes on what he thought his property. Mrs. Strong claimed it to be her land. A quarrel followed, Mrs. Strong finally going to the house and getting a gun. She gave the gun to her daughter who fired at the negro. Miss Strong is now in jail.

WILL COMPLETE TREESTLE WORK.

Mrs. Earle Sanders, of Spartanburg, wife of the railroad contractor who was killed in a railroad accident recently, has shown great pluck in her determination to carry out the contract of her late husband to build a trestle in Tennessee.

When her husband was killed it seemed that the work would stop and the widow suffer the financial loss incident to the failure to carry out the contract.

ROULED THE GLOBE TO CAPTURE THIS FORGER.

After circling the globe to deliver an accused man to the authorities in Manila and capture another in South Africa to be taken to Nome, two federal officers arrived Wednesday night in Seattle, Wash., with the latter prisoner, James C. Beasley. The men who made the journey are Charles E. Herron, of Seattle, a special agent of the department of justice, and Deputy United States Marshal D. R. Dwyer, of Alaska. Beasley is charged with forgery.

CAPTURED MUCH BOOZE.

Revenue Officers Make a Big Bust in Spartanburg County.

Spartanburg, S. C., Special.—Thirty-five hundred gallons of beer, a 125-gallon copper still with cap and worm, 20 gallons of low wine, 18 fermenters, 10 gallons of whiskey and other fixtures belonging to a large still seized, besides two men arrested and placed under heavy bond—this is the result of one of the biggest raids ever made in this county by dispensary constables and revenue men headed by Deputy Collector Dillingham.

The raid was made on Thursday afternoon at the foot of Hogback Mountain, near the North Carolina line. In the raiding party were Constable Eubanks and Deputy Collectors J. H. McCain and Broadus Holly and several others.

The party had gained information which led them to believe that extensive operations were being carried on by illicit distillers near Hogback, and they accordingly went prepared for any emergency. The raid was altogether successful as the results show.

The officers also arrested two of the men engaged in running the big still but their names will be withheld for the present. The men were placed under bond for their appearance at the preliminary hearing before a United States commissioner. The raid is one of the largest made in many years by the local constabulary and the internal revenue men. The section of country where the still is located is one of the wildest in all this section.

"For years fate was after me continually" writes F. A. Guldage, Verbena, Ala. "I had a terrible case of Piles causing 24 tumors. When all failed, Bucklen's Arnica Salve cured me." Equally good for Burns and all aches and pains. Only 25c at Pickens Drug Co., drug store.

WANDERING JEW CRUELLY SLAIN.

Shot in the Back and Then Hacked With an Axe.

Aiken, S. C., Aug. 1.—Abram Surasky, a Jew peddler living in Aiken, was murdered near Hawthorne, in Aiken county, on Wednesday evening, by two white men, George Toole and Lee Green.

The body was not discovered until Friday evening, and Surasky's family was not notified until Friday night.

The murdered man was 30 years of age, and one of five brothers who run small stores in Aiken, all peaceful, quiet citizens, harming no one, as is characteristic of the race.

On last Tuesday, Mr. Surasky loaded his wagon with his packs and started on his rounds. As was his custom, he is supposed to have stopped at Green's house to sell his wares, and it was then that the two men carried out their plan of robbery and murder.

Surasky was shot twice in the back with a gun, one arm was almost severed from his body, and his head and body were hacked horribly with an axe. When the body was discovered it was impossible to recognize any semblance of a human being in the face, as decomposition had set in. Buzzards flying over the spot, attracted the attention of men passing by.

Sheriff Anderson and the coroner went to the scene of the murder early this morning.

On searching for clues, the officers found a pool of blood in the yard of Lee Green's house, and other blood stains were discovered on melon rinds, and the bloody axe was found under the house.

At the coroner's inquest it was developed by the clues found that Toole and Green shot Surasky twice in the back and then cut him up with the axe. The shots evidently did not suffice to subdue their victim, and the axe was used to aid them in their evil designs.

After their work was accomplished they loaded the corpse in the victim's own wagon and drove to a lonely part of the wood and tied the horse to a tree and left it. The horse becoming hungry, broke loose and pulled the wagon with its ghastly load away from the spot where he was tied to within a mile and a half from Hawthorne when it was discovered.

A negro is suspected as being an accomplice in the crime, but so far the negro is free. Lee Green is a bad character. He attempted to kill a peddler named Levi, from Augusta, Ga., some time ago. Levi was wounded, but escaped. Surasky only had about \$8 in money. This was taken, but his watch and pack were not disturbed by his murderers, possibly because the chances of discovery would be greater if such goods were found in their possession. The man Toole testified at the inquest that he found the body on Wednesday night, but was afraid to say anything about it.

The authorities are confident that they have the right parties.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by Pickens Drug Co., Pickens, and T. N. Hunter, Liberty.

MISFOOK WIFE FOR BURGLAR.

Mistaking his wife for a burglar, Charles Binford fatally shot her at Fulton, Ky., Thursday. Mrs. Binford was awakened by burglars at a window and called her husband. In the confusion that followed Mrs. Binford was shot and the burglar escaped.

NIGHT WAS HER TERROR.

"I would cough nearly all night long" writes Mrs. Chas. Applegate, of Alexandria, Ind. "and could hardly get any sleep. I had consumption so bad that I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottle free at Pickens Drug Co., drug store.

BRIDGE TO LET.

On Thursday, August 6th, 1903, at 10 o'clock a. m., I will let to the lowest responsible bidder, the rebuilding of the McHugh bridge near S. T. McHugh's, on Ooleny river.

A. B. Talley, Jr.

Coughing

"I was given up to die with quick consumption. I then began to use Ayer's Cherry Pectoral. I improved at once, and am now in perfect health."—Chas. E. Hartman, Gibbstown, N. Y.

It's too risky, playing with your cough. The first thing you know it will be down deep in your lungs and the play will be over. Begin early with Ayer's Cherry Pectoral and stop the cough.

Three sizes: 25c, 50c, \$1. All druggists.

Consult your doctor. If he says take it, do so. It will do you good. If he says not to take it, do not. He knows.
