Advertising Rates Reasonable. Entered at Pickens Postoffice as Second Class Mail Matter. PICKENS, S. C.: Thursday, Aug. 13, 1903.

enjoyed by the large crowd in attendance. A big day will be that at Bethlehem church on today, (Thursday), notice of which appears elsewhere. Educational Rally at Bethlehem. August 13th, Thursday, there will be an educational rally at Bethlehem Methodist church for the benefit of Pickens circuit and all who will come. Everybody invited. Basket picnic on the yard at dinner time. Let everybody come and bring a full basket and hear President Snyder, of Wofford, John Clinchcales, Lander, and others speak. Will begin at 10 o'clock. Let North Pickens circuit come out in full. Everybody, don't forget August 13th. O. M. Abney, Pastor.

Sires and Sons. Sir George Power, one of the newest of English baronets, was formerly on the stage and was in the original cast of the earlier Sullivan operas. King Edward's chef is one M. Meunier, from southern France. He gets \$10,000 a year and goes to Buckingham from his private residence in a bansom. The council of the British Association for the Advancement of Science has unanimously nominated Arthur James Balfour to the office of president for the meeting to be held in 1904. Of the pallbearers at Abraham Lincoln's funeral, thirty-eight years ago, only two are still living—former Congressman Henry G. Worthington, now of Washington, and Andrew Coffuth of Pennsylvania. The present mayor of St. Paul, Robert A. Smith, is just at the end of fifty years residence in that city. He went there in 1853 as the private secretary of the territorial governor appointed by President Franklin Pierce. "Top" Anson, the erstwhile pet of the Chicago bleachers, was fifty-one years old the other day, and in discussing the matter with a reporter he observed that "the happiest age of man is between fifty and fifty-one." Jules Claretie, director of the Comedie Francaise of Paris and member of the academy, has accepted an invitation to visit this country in the spring of 1901 to lecture on French dramatic art and the national theaters in France under the auspices of the Federation of French Artists.

Thomas Lawrence, a Pettis county (Mo.) farmer, was knocked twenty feet by a train a year ago and escaped injury. Last August he was struck by lightning and recovered. Five months ago he fell twenty feet from a barn roof and was not hurt. He stumbled over a two-month-old pup and in falling broke his neck. THINGS THEATRICAL. E. H. Sothern thinks the plays of the future will be the poetic drama. "Person" is the name of the play in which William Collier will star next season. George Sidney has been delighting large audiences in the farce comedy "Hugy Izzy." Miss Edie Fay, who has been in vaudeville the last season, is to be starred next season. Charles Warner, the English actor, will bring "The Man of the Hour" to America in the autumn. Al Leech and the Three Rosebuds will be seen next season in "Sunny Jim," written by Joseph Hart. Mauterlinck's "Monna Yanna" has passed its one hundredth performance at the Deutsches theater, Berlin. The name of the play by Victor Mapes in which Charles Richman is to scintillate is "Captain Barrington." Edward Hardigan, who is to be starred under Liebler & Co.'s management next season, has named his new play "Under Cover."

PEN, PENCIL AND BRUSH. George Meredith, the novelist, has given up bread, meat and farinaceous foods and is living on fruit and eggs. C. Hicketts is an English painter who is following the lead of Becklin and Franz Steink in painting centaurs. He includes in Biblical as well as classical subjects. Till a few years ago Rudyard Kipling was probably the best paid writer in the English language. Since the South African war, however, it is possible that he had to give place to Sir Arthur Conan Doyle. James McNeill Whistler, the American artist, will receive the degree of doctor of the law at the forthcoming Glasgow university graduation ceremony. The degree will be conferred in absentia, as owing to the state of Mr. Whistler's health he will be unable to be present.

POULTRY POINTERS. One of the best ways of giving milk to fowls is to mix up their soft feed with it. Fresh bones when ground are the most valuable for poultry, being full of animal matter. Lime purifies the quarters and dries them. It is cheap and plentiful and should be used freely. Never build the nests high. Have them so low that the hens can step in instead of jumping in. Flat perches are best because they are more comfortable to the feet and support the breast best. When selecting male birds with a view to propagating flesh and prolific laying they should be moderately short legged.

SHAMROCK III. Sir Thomas Lipton is again of the opinion that the America's cup is as good as won, but it may be just as well to go on with the preparation for the races—Providence Journal. With all due respect for these cablegrams from the Clyde, we venture to remark that the question is not whether Shamrock III. can beat Shamrock I. but whether Shamrock III. can beat Reliance.—Boston Advertiser.

POLITICAL QUIPS. The stature of a statesman diminishes as he approaches home.—Schoolmaster. A great deal of senatorial eloquence is now resting and recuperating.—Washington Star. Practical politicians have to get pretty mad before they begin telling the truth.—Detroit News.

Death Too Quick For Love. Los Angeles, Cal., Special.—Mary Lowe, the fifteen-year-old daughter of Henry Lowe, the engineer of the United States Steel Corporation, who is speeding across the Continent on a special train, died at a hotel here late Tuesday night. Mr. Lowe started from New York on Tuesday afternoon and, in the hope of reaching Los Angeles while his child was yet alive, chartered a special train at an expense of nearly \$4,000. When death came to the child Mr. Lowe was passing through Western Kansas.

Life Sacrificed to Money. Washington, Special.—The Interstate commerce commission has ordered another temporary extension until October 15, of the time within which a number of railroads must complete their safety equipment. The commission will meantime consider the further extension of the law and the question of the location of grab irons on engines. Among the roads granted the extension are the Pennsylvania, Norfolk and Western and possibly the Potomac, Fredericksburg and Piedmont.

Fatal Fight in Mississippi. Memphis, Tenn., Special.—Sheriff L. W. Williamson, of DeSoto county, Miss., was brought to this city Thursday night for medical attention, having been shot and probably mortally wounded at Hernando, Miss., that afternoon in a pistol duel with County Surveyor W. H. Moody, of DeSoto county. Williamson and Moody were candidates for the county clerkship, and it is stated that the difficulty grew out of campaign differences. They met and quarrelled and exchanged shots. Williamson received a wound in the stomach that is considered fatal. Moody surrendered.

Taxes Paid on Few Pianos. There are more pianos in Charleston than any other southern city, perhaps, for Charleston is a musical city, but the tax books show that returns are made on only 287 pianos, with a value of \$20,670. If taxes were paid on every piano in the city the returns would amount to something handsome every year. Charleston is also a city of dogs, but only 428 dogs are reported on the tax books. Four thousand and twenty-eight would be nearer correct. The 428 dogs on which taxes are paid are valued at \$2,305. Goats are also numerous, there being 1,494, and are worth \$1 per head.

THOUSANDS OF FAIR WOMEN HERALD PRAISES FOR PE-RU-NA. [Catarrhal Dyspepsia and Nervous Prostration Makes Invalids of More Women Than All Other Diseases Combined.]

Systemic catarrh causes nervousness, poor appetite, tired feelings, Peruna cures catarrh wherever located. LETTERS FROM WOMEN. Miss Anna Prescott's Letter. Miss Anna Prescott, in a letter from 210 South Seventh street, Minneapolis, Minn., writes: "I was completely used up last fall, my appetite had failed and I felt weak and tired all the time. My druggist advised me to try Peruna and the relief I experienced after taking one bottle was truly wonderful. I continued its use for five weeks, and am glad to say that my complete restoration to health was a happy surprise to myself, as well as to my friends."—Anna Prescott.

Pe-ru-na a True Friend to Women. Miss Florence Allan, a beautiful Chicago girl, writes the following from 75 Walton Place: "As a tonic for a worn out system, Peruna stands at the head in my estimation. Its effects are truly wonderful in rejuvenating the entire system. I keep it on hand all the time, and never have that 'tired feeling,' as a few doses always makes me feel like a different woman."—Florence Allan. Peruna will be found to effect an immediate and lasting cure in all cases of systemic catarrh. It acts quickly and beneficially on the diseased mucous membranes, and with healthy mucous membranes the catarrh can no longer exist.

Pe-ru-na a True Friend to Women. Miss Marie Coats, a popular young woman of Appleton, Wis., and President of the Appleton Young Ladies' Club, writes: "When that languid, tired feeling comes over you, and your food no longer tastes good, and small annoyances irritate you, Peruna will make you feel like another person inside of a week. I have now used it for three seasons, and find it very valuable and efficacious."—Miss Marie Coats. If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Pickens Graded School. NEXT SESSION BEGINS. Monday, September 7th, 1903. The school is well organized, well graded. Fourth year under the same management. The building has lately been equipped throughout with excellent new black-boards. The demand for educated men and women becomes more imperative each year of the progressive age in which we live. Pupils from the county will find Pickens a delightful place to live among hospitable people. Board at low rates. For particulars call on, or address, W. E. DENDY, SUP'T.

NOTICE. Liberty Locals. Liberty, S. C., Aug. 5, 1903. Good rains the past few days were much needed. Farmers are finishing laying by. Crops look fairly well. The addition to the cotton mill is being pushed along as rapidly as the scarcity of labor will permit. The mill will be about completed. The mill had to stop a day or two last week for want of cotton. It seems a little scarce of late. Edgar Templeton died the 1st instant. Funeral services were conducted the day following by Rev. W. L. Eggs. His remains were laid to rest in the Liberty cemetery. The projected meeting at Presbyterian church closed Sunday night. Unusually good meeting and much interest manifested. There was several accessions to the church. John Ellis, colored, a well known and aged negro died here last week.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of. CHAS. H. PETERSON. I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock. Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.
