—That popular insurance agent, W. B. Anthony, is in clover. His company, the Travellers, has offered, as a premium, a trip to Hartford, Conn., to any twenty-five of their men who sold the most insurance during the first six months of the present year. "Billie" entered the contest, this year, with the result that he won a place, being the tenth man in the picture, and the only one from South Carolina. This trip is entirely free, all expenses being met by the company. This "annual convention" will be attended this year by one agent from Georgia, two from North Carolina, one from Alabama, one from Texas, one from Florida and two from Virginia. All the balance of the twenty-five are from the eastern states. Mr. Anthony says he can not help it—it is not him—it is the "goods" which he has to offer the people. We wish him a pleasant trip and a higher position with the company. He will be worthy the honor.

In calm, sweet sleep, the spirit of the dutiful daughter, kind sister and loving wife sank to rest on the morning of September twenty-third.
A life so pure, so free from blame—a life just at the threshold of usefulness and beautiful womanhood's maturity—seems a fitting one to supply a perfect answer to God's call for another angel to His Kingdom.
But, to the stricken husband, this sacrifice seems almost beyond endurance, and, to the bereaved relatives, the loss cannot be supplied—yet, the Providence of God speaks through all His dispensations, and our finite understandings cannot measure the love of God—the only support in such hours of deepest grief.
To this unflinching Source the stricken and bereaved ones are commended. What can take away the comforting peace of the remembrance of her precious life and Christian influence assures unto us! A Friend.

Come and see, you will be surprised what 5 and 10 cents will buy. W. H. Johnson.

A MODEL STORE AND A CREDIT TO THE COMMUNITY.
Fully justified in believing that an immense trade is destined to be the fortune of Pickens, and that the same will continue to increase in proportion to the growth of the town and country adjacent, the enterprising firm of Folger & Thornley is ready for every kind of legitimate mercantile business.
Their already large store rooms proved altogether insufficient as depositaries for the immense stocks of goods they found it necessary to carry in order to meet the demands of a growing trade. A commodious brick structure is the result of this prosperous condition, and these young business men, alive to every interest of their patrons, serve one and all with unvarying courtesy, giving the public the benefit of wise buying and other benefits incident to the management of so large a business.
Their new store is a model in all its appointments—neat and inviting—and their corps of accommodating and competent clerks will look after your wants and suit you with bargains. Drop in to see them—you are always welcome.

FOR the last two months we have hardly had time to get a long breath trying to handle so many chickens and we wish to say to the poultry raisers for their good and ours to stop selling your chickens so small as they are not wanted anywhere at any price. Large chickens will bring a much better price and are always wanted. Hens are in good demand. We want all the eggs we can get and will give the highest market price for them.
