MANY WITNESSES TESTIFY.

Lexington, S. C., Oct. 2.—The reading of the editorials from The State was concluded shortly after the trial of James H. Tillman was resumed today. F. C. Withers, an employe of The State, testified that he assisted N. G. Gonzales into the office of The State from the street after the shooting, and that SERRULO P. UPUPIU ing. He was asked if he saw any weapon in the garments of Mr. Gonzales at that time and replied that he did not. J. W. Wallace testified he was in the office of The State with N. G. Gonzales after the shooting and that Gonzales said to him that he was fatally shot.

L. G. Wood, of the editorial staff of The State, said he saw no weapons in the garments taken off. Mr. Gonzales in The State office and he never saw a pistol in the editorial rooms of The State. M. C. Wallace, an employe of The State, said he removed the overcoat from Editor Gonzales when he was carried into The State office after the shooting, and he saw no weapons in the pockets of the coat.

C. J. Terrill, editor of a newspaper in Florence county, was asked by Solicitor Thurmond if he ever heard Tillman make any threats. He replied that he was walking along the streets of Milledgeville with Colonel Tillman in the early summer of 1902, he thought it was, and he (Tillman) said he was going for the governor and if Gonzales attacked him he was going down then and kill him, and I think he said, like a dog.

On cross-examination, the witness was asked if it was a fact that he had not made the statement he made to him when application was made for bail for the defendant. He said he had not. Witness was questioned by counsel for the defense as to his personal feelings against the defendant, and as to an editorial he had written concerning the shooting. He said he had never written a line in his paper denouncing the defendant as an individual.

Dr. C. L. Adams testified to a conversation he had with the defendant during the evening in which he said he told Mr. Tillman if he wished to be governor of South Carolina, he would have to fight Gonzales, to which he said the defendant replied: "That won't do, because I'm the lieutenant governor and will be at peace." The witness testified that Mr. Tillman made the further statement: "You boys need not worry. By —, I'll snuff his life with this," the witness adding, "pulling his pistol from his grip."

Continuing, witness said the defendant said, among other things: "I'll make it a ... tragedy that ever happened in South Carolina."

On cross-examination he judged the relations between the defendant and Mr. Gonzales to be unfriendly. He said he supported and voted for Tillman for governor.

Witness testified to further statements which he said Tillman made. He said Colonel Tillman was loved by his men of his regiment in the Spanish war. Witness was a member of the regiment.

G. E. Loftago was put upon the stand to identify a map showing the intersection of Main and Gervais streets in Columbia.

BOILERMAKERS ON STRIKE.

Men in Southern Shops Demand Increase in Pay. Atlanta, Oct. 2.—The boiler makers of the Southern shops, 15 in number, went out on a strike yesterday morning. The strike was caused by a demand on the part of the strikers for an increase in pay.

A present they are paid 30 cents an hour. The boiler makers state that their labor is worth more than this and that all the members of their trade in the country are better paid. On this account dissatisfaction has existed among the men, and this culminated in a demand made by them about two weeks ago for an increase in pay of 5 cents an hour. The demand was presented by the chairman of the committee of the union and went through the regular channel. Yesterday morning, the day appointed for the beginning of the strike in case no answer was made, no reply had been received and the strike began.

There are 15 men in the Southern shops and all of them went out. A meeting was held yesterday and another one will take place today. All the members of the organization are thoroughly in sympathy with the workmen.

AT LAST!

The Fight is Over--The Battle Won!

... VICTORY IS OURS ...

Ever since our first Mill End Sale in January 1901, we have been fighting to get this sale at a time when the people—all the people, would be able to take advantage of it, and we are at last able to announce to you that

Marvelous "Mill End Sale"

WILL OPEN THURSDAY, OCTOBER, 15th, 1903.

and will last just as long as the mill syndicate can supply us with Remnants, Odds and Ends, Short lots and Job lots, actually below cost of manufacture.

The Public Will Never Know the ups and downs which we have had to contend with in order to secure for them this great MONEY SAVING EVENT at this time of the year.

They tried to argue to us that it would be cutting our own throats to have a sale now—at the very time when we ought to be making a legitimate profit on goods.

We told them that many of our customers could not come to town in the bad weather of January, while many more had to buy their winter goods at the beginning of the fall, and that it was for these two classes of our customers that we insisted on the sale taking place this fall.

The Rest of our Customers—Those living in town, and those who could come in January could just as well be here in the fall, hence our claim that our MILL END SALE at this time will serve all the people.

Our Experience... with the half-dozen Mill End Sales that we have had in the past, and every one a howling success, we do not think it boasting to say that this will be the greatest, and most marvelous Mill End Sale, or Sale of any kind that has ever happened in Greenville.

We have Engaged a Full Dozen... Clerks, in addition to our regular force, in order that all who come can be served. In next weeks issue of this paper you will get a big circular describing the sale, and giving some of the Mill End prices, but if one happens not to get in your paper, you come right along to Greenville any day from Oct. 15th till Christmas and come right to our store, where you will find the greatest assortment of merchandise that you ever saw in one store, and with these great Mill End remnants and odds and ends, as well as all of our mammoth stock marked down, you will get the biggest bargains of your life.

Hazelton, Pa., Oct. 2.—Carl Treischman, an alleged deserter from the cruiser Topoka, has been confined in a cell at the city hall awaiting the transfer to the League Island navy yard, Philadelphia.

VICTOR'S PARIS VISIT.

Has No Special Political Significance. Amicable Relations. New York, Oct. 2.—King Victor Emmanuel's journey to Paris has no special political significance, says a Rome dispatch to The Tribune, except that it materially demonstrates the necessity of good relations between France and Italy. It will have no European international consequences, it is said, for Italy has no intention to abandon the triple alliance, which has just been renewed, and which has had a beneficial effect on the maintenance of peace for more than 20 years.

It is also believed that the Mediterranean question exists because of Italy's understanding with England and the France-Italian convention by which Italy has given up any claim to Morocco, and has had right over Tripoli recognized.

RESULTS OF RIOT AT OXFORD, OHIO

Spivey Brothers Reported in Serious Condition.

LYNCHING WAS PREVENTED.

Louis, One of the Brothers Who Was Shot by the Citizens in So Serious Condition that Physicians Cannot Probe for the Bullet. Hamilton, O., Oct. 2.—The physicians attending the Spivey brothers who were wounded in the riot at Oxford last night and who were brought here to prevent lynching, report both today in a serious condition.

Louis, who was shot by the citizens while assisting the officers, is in so serious a condition that the physicians cannot probe any further for the bullet.

Joseph Spivey, who may recover, presents a horrible appearance. Both ears are torn and his neck is raw and swollen from the effects of the rope, while his face is also disfigured. His most serious injury is a scalp wound which was caused by being hit by a stone.

The Spivey brothers are natives of Wagnersville, Estill county. They confess that they have been in shooting scrapes before. One served in the penitentiary at Frankfort for shooting to kill. Louis has recently been working on a farm for Edward Richardson at Bellingsville, Ind., and Joseph in a tobacco factory at Middletown, O. The latter was on a visit to his brother when they went with Edward Richardson to Oxford to attend the street fair and became intoxicated. They ascribed the whole trouble to their drinking, which not only caused the disturbance in the saloon, but also resisting the officers.

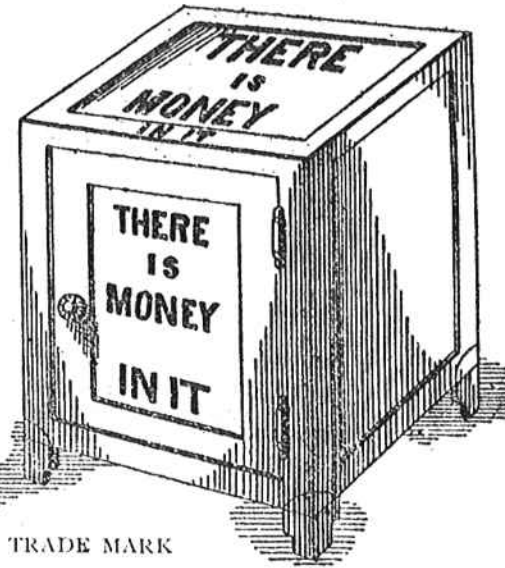

One of them today when asked for his nearest kin replied that Deputy Sheriff Brannon was his best friend. Brannon is the officer who broke through the crowd and cut the rope last time Spivey was strung up last night. Brannon then rushed Spivey into the Oxford prison, from which he afterwards brought him here in safety. Deputy Brannon who was in charge at Oxford last night, is highly commended for his bravery and judgment in preventing the lynching.
