Two new graded school districts have been created in the county during the past few weeks—one at Six Mile and the other at Gates. —On Monday and Tuesday of court town Marshals Griffin and Nealey made fifteen arrests which brought in about \$40 as fines paid by the offenders. Too much "boozing" taken for the stomachs' sake was the cause. —The horse-swappers are looking forward to a great rally in Walliulla during the coming term of court, (November 9 to 13, inclusive.) Horse dealers and swappers from the surrounding country will be there in large numbers. —That hustling insurance solicitor, W. B. Anthony, of Greenville, spent a day in Pickens last week. He wrote \$2,000 worth of business before he had been here an hour. His lead pencils and blotters went like hot cakes. Soon he will have a model stock farm. —James P. Carey, Esq., has been appointed special judge to hold court at Gaffney and at Greenwood. He was also asked to hold an extra term at Saluda, but there was a conflict in dates. The special term will be held at Gaffney for two weeks, beginning Nov. 30. The Greenwood court will begin Nov. 15th. These appointments are but just recognition of a man learned in the law, and owing to his large practice in all the courts Mr. Carey is specially fitted for balancing the scales of justice.

—Miss Eileen Taylor is quite ill with pneumonia. —Cleopatra, Rising Sun, and other good brands of flour at H. A. Richey's. —A number of our farmers are holding their cotton for a higher price. We hope they will get it. —Do you know the teacher of your children? Have you visited the school, or invited the teacher to your home. —Snow Masters is the champion hog killer. —Laddie McCurley, a 12-year-old girl, was accidentally killed at the Orr mill in Anderson Monday afternoon. She was going down one of the alleys between the rows of machinery and stumbled over a boy's chest which was streched out in the alley. She fell and an open knife in her apron pocket pierced her heart and killed her almost instantly. —Glenn Riggins, son of A. W. Riggins, mention of whom was made last week about picking cotton, will be six years old in January, next, in place of seven. His duty average for the season has been 85 pounds. His older brother, weighing only fifty-four pounds, has been averaging 220 pounds. These are good cotton pickers. Mr. Riggins and his five children pick out a bale a day. —A. D. Mann, of the Six Mile side, comes to the front this week in our advertising columns, and tells you of the nice line of goods he carries and bidding for your trade. He also operates a first class cotton gin. He will buy your cotton seed and pay you the top of the market. See him before you sell your produce, cotton seed, or buy your winter goods. He will treat you right.

A Runaway Bicycle, Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. He developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25c, at Pickens Drug Co.

Six Mile Dots. These cold frosty mornings makes us shiver when we go to picking cotton but we go just the same. The health of our community is very good at present. Rev. G. B. Nalley filled his regular appointment at Mount Olivet the 4th Sunday.

Wakfield Durham has set himself up to a new top buggy. Percy Durham visited relatives and friends in Anderson county last Saturday and Sunday. Ben Kelley reports that he has been feasting on strawberry pies until the recent frost. The berries are as nice as the spring crop. Miss Katy Perritt and her grandmother have returned home after a two weeks visit to relatives and friends in the upper part of the county.

Clifton Woodson went over on the Fairview side last Sunday. Most all the farmers are through taking up potatoes. Bear in mind that there will be a mass meeting at Six Mile church on the 7th inst. Prominent speakers will be there and graded schools will be ably discussed. We hope that the matter will be taken up and a graded school established at that place. The Garvin school house debating society have an interesting meeting every Saturday night. It is raining today (Saturday). Come again Banuch. We haven't heard from you in some time. Cony.

Not a Sick Day Since. I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad for Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not been sick a day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility. This is what B. F. Bass of Permont, N. C. writes. Only 50c at Pickens Drug Co.

Liberty Dots. Liberty, S. C., Nov. 2, 1903. To the show at Greenville about two hundred from this point this morning boarded the train to go. Rev. J. R. Vaughan of Virginia, lectured on temperance at the Presbyterian church. A goodly crowd attended. The lecture was highly instructive. The unveiling ceremony of the O. D. McCravy monument by the Woodman of the World yesterday was attended by a large crowd. The Easley lodge took part. Dr. R. F. Smith and Rev. D. W. Hiott of that place, delivered addresses. Contractor Grandy has the T. N. Hunter store up and cornered. Cotton mill warehouse building underway, after much delay, owing to difficulty in obtaining building material. Farmers are sowing some wheat gathering corn, etc. No white cotton fields now-a-days. The freeze on the 24th ult, killed cotton and froze the green bolls so if it opens there will be some stained cotton.

Dots From Fortner. Our section was visited with a good rain last week. It did the turnips good and cabbage too. The farmers are gathering cotton right along. Harry and boys, and get through, for Christmas is drawing near. Me and Mrs. Dunson had a birthday dinner the 19th ult. We were invited, and I tell you we certainly enjoyed the day. Bluekeyed Girl.

Clinkscales-Copeland. The marriage of the Rev. Oliver J. Copeland, of Waynesboro, Ga., to Miss Elma Clinkscales of Due West, S. C., which was solemnized at the Baptist church in Due West last Wednesday night, October 21st, was an event in which the many Pickens friends of Rev. Mr. Copeland will be particularly interested, as the groom was well known in many sections of the county, and universally admired. The bride is the eldest daughter of Mrs. M. B. Clinkscales, and is a charming young woman. The ceremony was performed by Rev. J. A. Brown. There were a large number of invited guests to witness the ceremony, coming from points in North Carolina, Florida, Georgia and this State. The many Pickens friends of Mr. Copeland unite in wishing the young couple a long life of usefulness and prosperity.

Mica News. Rev. Lem Freeman filled his regular appointment at Mt. Tabor last Sunday. A beautiful wedding took place at S. M. Loooper's Oct. 25, 1903, at 3 o'clock p. m., when Rev. Lem Freeman pronounced Mr. Perry Pendley and Miss Hattie Jous husband and wife, in the presence of Miss Mamie Pendley, Nora Loooper, Evie Hendricks, Mrs. S. M. Loooper, Mrs. Edward Hendricks, and Messrs. S. M. Loooper, Edward Hendricks, C. T. Huff, Oscar Jones, Wm. Turner, Oscar Loooper and T. T. Barton. After the ceremony the bride and groom went to the home of the groom's parents, Mr. and Mrs. Med Pendley. The happy couple have my best wishes now and forever. Blue Eyes.

Loopers Dots. The health of this section is very good at this writing. Cotton picking is the order of the day now. The twin boys of Mr. and Mrs. T. A. Julian, of near Glassy Mountain, picked 120 pounds of cotton in a day, 50 pounds each. Who can beat that at six years old. Mrs. H. A. Freeman and grand-son, L. F. Hughes, visited T. A. Julian recently. Miss Nora Jones, of Dacusville, visited Miss Anna Hughes last week. Miss Emma Smith spent last Wednesday night with Miss Anna Hughes. J. E. Friddle and J. H. Hughes made a flying trip to Sandy Flat last Saturday to visit Rev. J. T. Singleton. They reported a good time and say they are going to the preachers again. Mrs. Mamie Loooper visited Mrs. H. A. Freeman last Sunday. Miss Anna Hughes visited Misses Cora and Maggie Chapman last Sunday. T. T. Hughes and family visited J. G. Hughes last week. J. B. Stephens, of this section, who has been an operative at the Sumpson mill at Greenville, is at home sick with yellow jaundice. Mr. Jack Frost visited this section last Sunday morning and has been every morning since. It killed everything except turnip patches. Talk about your potatoes, J. H. Hughes raised one that measured 37 inches long. Who can beat that? Mountain Boy.

Disastrous Wrecks. Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for coughs, consumption, colic, and even the worst cases can be cured, and hope-less resignation is no longer necessary. Mrs. Louis Grogg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by Pickens Drug Co., 50c and \$1.00. Trial bottles free.

Newberry Judge of Probate of Pickens county I will sell to the highest bidder for cash on the 19th day of November 1903 at Pickens a mort house, the notes and accounts of the estate of W. F. Cedar Rock. October 27, 1903. Here comes the Black Headed Girl again. She has been very busy and hasn't had time to write, but as the weather is so nice I will try once more. Cotton picking is the order of the day in this section at present. Wash Nimmons is doing some nice sawing near Reese Bowen's place. E. C. McMillum has opened up a nice stock of goods under the management of Mrs. Hattie Craig. J. W. Shoriff is still saving at his same old stand on Miss Duke's place. Some of our farmers are beginning to sow wheat. W. T. Bowen has had lumber laid down on his place to build a tenant house. We are glad to state that Dr. W. T. Field is improving under the treatment of Dr. Wyatt of Easley. The Cedar Rock church is nearing completion. Services will be held every third Sunday after November at 3:30 p. m. D. M. Mauldin is doing good work at his new ginery at the Smith old place. Black Headed Girl.

Forner News. The farmers of this section are all very busy gathering their crops. The lumber and cabbage wagons are very thick around here and I believe lumber hauling is all expense and no profit. W. M. Hendricks, the great sawyer, is causing the old wagons to wear hard times, but it's as well to work old wagons as it is men. Hello, where has that sandpaper gone with his accordion? The Mountain Boy said he would not sleep three weeks. No wonder he lays well. Oh, my friend, don't call the Mountain Boy "greenny," he never sleeps that long. Rev. J. T. Singleton has been re-elected at Grove church. This is his fourth year and we want him four more. A. T. Fortner has just quit making molasses. He gets the praise in quantity and quality. Joseph Massingale is very sick. Hurrah for Pickens county. She affords some among the best cotton pickers. J. M. Fortner picked 200 pounds of cotton in a half day one day last week. J. F. Itigdon and wife and Miss Janie Anderson reported a delightful time while on their mountain trip last week. Commissioner A. B. Talley expects to remain in Pickens another year, while his absence around his many home friends is missed, we all wish him great success. His voice has ceased around his old country home, but we hope the good people of Pickens will treat him with all respect to our behalf for he is an excellent man, fervent in spirit and diligent in business. South Carolina is well represented at Mars Hill College, N. C., especially Pickens county. The boys reported snow on Bally mountains. The Table Rock crowd from this section report a nice time excepting one young man barely escaping falling off. Pshaw, when I go up dar I'm goin to carry a gal wid me. I hear the Christmas bells going joggling along, while the wedding bells are about to ring. Girls remember if some of you don't take me up Christmas I will almost be out of it. M. V.
