PICKENS, SOUTH CAROLINA, WEDNESDAY, NOVEMBER 29, 1905.

SOME THOUGHTS ON THE DISPENSARY.

Some Pictures Portrayed for the People.

I have heard and read a good deal about the coming prohibition of South Carolina which I believe and hope will be the law of the State before many years elapse. Some one has asked the question what will follow the dispensary. I say let prohibition rule, and elect officers to enforce the law that will do it, and not sit around town and only go out when some case is reported to them and then perhaps go a few miles from town and find it settled in some shady nook on a branch and merely say, "Seat" and scare the moonshiner enough to make him slyer than before. As for school funds let taxation bring the amount demanded, for any good honest citizen that is a wisher to himself, his children, friends and neighbors, had rather pay more taxes to educate his children than to know that his children was being educated with money that was raised by the liquor traffic, which is damning the soul of individuals, and ruining the sweet peace of homes and causing poor hungry children to go barefooted and half clothed through the cold freezing winter months. Study this minute, please, and you don't believe I am right and investigate and see for yourself, and then to think that as an educated person as you know will uphold such a causing weaker natured persons perhaps, sink into ruin and degradation and pushing souls into destruction for just a few dollars their own interest.

I have noticed since the dispensary went out of Pickens a man walk the streets without being molested by a drunk man staying along, which was not the case before, and some men who made a practice of getting drunk on Saturday days have not been drunk since. I know of since the curse went and one merchant owned to having taken in two hundred dollars in one month over the same month last year.

"Woe unto him that giveth his neighbor drunk." When you give your sanction to the State barroom system you are giving him drink.

"SAVED MY LIFE"

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

We will send you a sample free. Before that time you can get a bottle of every bottle of Scott's Emulsion.

THE BEST FRIENDS OF PE-RU-NA ARE THE MOTHERS AND CHILDREN

When Sickness Comes to the Little Ones

It is the Mother Who Chiefly Suffers.

She suffers even more than the child who happens to be sick. Her sympathy is deeper than that of any other member of the family. The mothers look forward with dread to the torrid heat of summer, thinking of their children and the many liabilities to disease that are before them.

Spring and summer are sure to bring ailments, especially among the little folks.

It does not take a mother very long to discover that Peru-na is the best friend she has in times of illness among the children.

The doctors may come and go with their different theories and constant change of remedies.

The doctor of years ago gave entirely different remedies than he does today.

Each year finds some change in his prescriptions and in the drugs he relies upon.

A Multitude of Mothers Have discovered that Peru-na is the stand-by, and that in all the ailments of spring and summer to which the children are subjected, Peru-na is the remedy that will most quickly relieve.

Whether it is spring fever or stomach derangement, whether it is indigestion or bowel disease, a catarrhal congestion of the mucous surfaces is the cause.

Peru-na quickly relieves this condition of the mucous membranes. Its operation is prompt, the children do not dislike to take the medicine, it has no deleterious effects in any part of the body.

It simply removes the cause of the disagreeable symptoms and restores the health.

Peru-na is not a physic. Peru-na is not a narcotic. Peru-na does not produce any drug habit, however long it may be taken. Peru-na is not a stimulant.

Peru-na is a specific remedy for all catarrhal ailments of winter and summer, acute or chronic.

The mothers all over the United States are the best friends that Peru-na has.

The Mothers Hold Peru-na in High Esteem.

Not only because it has cured them of their various ailments, but because it always rescues the children from the throes and grasp of catarrhal diseases. We have in our files hundreds of testimonials from mothers whose children have been cured by Peru-na. However, the large majority of mothers who use Peru-na, we never hear from.

But we do hear from a great number of mothers who are so overjoyed at some special good they have received from Peru-na that they cannot restrain their enthusiasm. They are anxious to share these benefits with other mothers.

The Benefit Which the Children of the United States Have Received From Pe-ru-na Can Never Be Put Into Words.

The chronic ailments it has prevented, the suffering it has mitigated, will never be fully recorded.

But at least this much can be said that the coming generation owes a great debt to Peru-na, for it is in the tender years of youth that slight ailments are liable to develop into lasting disease, thus blighting the whole career of the individual.

The mothers who are bringing up their children to-day to believe in Peru-na are doing a great work for humanity.

These children brought up to believe in Peru-na from the start, will, when they become heads of families themselves, use Peru-na with unquestioning faith.

Pe-ru-na Protects the Entire Household.

As soon as the value of Peru-na is appreciated by every household, both as a preventive and cure, tens of thousands of lives will be saved, and hundreds of thousands of chronic, lingering cases of catarrh will be prevented.

Mrs. Thresa Rooke, 258 N. Ashland Ave., Chicago, Ill., Treasurer Ladies' of the Maccabees, writes: "In our home Peru-na is the only medicine we have. Grandmother, mother, father and child, all have used Peru-na. It is our great remedy for catarrh of the stomach and head, colds, and female complaints of which it has cured me. We find it of great value when my husband becomes worn out or catches cold. A couple of doses cure him. "If the baby has colic, or any stomach disorders, a dose or two cures her. I consider Peru-na finer than any doctor's medicine that I have ever tried, and I know that as long as we have it in the house, we will all be able to keep in good health."—Thresa Rooke.

No Doctor Required.

Mr. Edward Otto, 927 De Soto street, St. Paul, Minn., writes: "I cannot say enough for Peru-na. It has done great work in my family, especially for my oldest boy. We had doctored with three or four different doctors and they did not seem to do him any good. "We gave up hopes of cure, and so did they, but we pulled him through on Peru-na. "We had several doctors and they said they could do no more for him so we tried Peru-na as a last resort, and that did the work. Since then we keep it in the house all the time, and no doctor is required."—Edward Otto.

Pe-ru-na Contains No Narcotics.

One reason why Peru-na has found permanent use in so many homes is that it contains no narcotic of any kind. Peru-na is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peru-na does not produce temporary results. Its permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peru-na has been used off and on for twenty years. Such a thing could not be possible if Peru-na contained any drugs of a narcotic nature.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's cure was a loss to Mr. Reid, for he learned that lung trouble must not be neglected and how to cure it. Quick relief and cure for coughs and colds. by which is the same in God. It is simply putting where some weak willed persons that can do better without it, and place his money where it will do some good, can't stand the temptation.

Show me a man that has made his wealth by dealing in liquor and I will show you a man whose money will do him no good, and he will fail for God's hand is against such. No true hearted person can give me dispensary or any other kind of intoxicating drinks for our young people to be reared up by, for where liquor is used is not found because liquor is the devil and love is of God.

The love of intoxicating drinks is the cause of so many happy homes being ruined, so many wives widows and so many homeless and orphan children, and the number of cases which we can avoid.

The young ladies can do more to stop whiskey drinking than can be imagined by refusing to associate with with a young man who drinks thus stopping him perhaps before the habit forms that will mar his pleasure for life.

A man upholding or promoting a whiskey shop of any kind has the love of God in him and is no better than the man in the gutter. Be honest and ask your conscience if I am not right.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake if first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar bottles. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
