VOL. XXXVI PICKENS, SOUTH CAROLINA, WEDNESDAY, AUGUST 1, 1906. NO 10

Farmers' Union Bureau of Information.

Conducted by the South Carolina Farmers' Educational and Co-operative Union. Communications intended for this department should be addressed to J. C. Strickland, Pendleton, South Carolina.

For good reasons National President R. F. Duckworth, of the Farmers' Union, has called off the cotton price-making meeting in Atlanta called for August 2d. Said meeting to be called to commence in Texarkana, Arkansas, 5th of September.

From every quarter comes reports of the over growth of cotton stalks which experts know that this extraordinary large supply of over production of stalk has been made at the expense of the fruiting possibilities of the land, therefore the flattering show of large stalks in some territories is very deceptive and may lead many to overestimate their crops. It is not stalks with forms 12 inches apart that counts, it is the thick-set bolls from two to three inches apart on medium stalks that indicates a fine crop.

We have before us great stacks of letters and newspapers from all over every cotton state in the South. A glance over the news from the cotton fields of the South as written by the real farmer himself, is very encouraging, indeed, as to the determination of farmers to come together and take charge of their own affairs.

In our sister state, Georgia, we note that they have now in the Farmers' Union over 45,000 members and they have just begun in earnest, and their meetings already published, numbers for August, 72 different places. This educational campaign of the Farmers' Union is now on in earnest in all the cotton states. These farmers have gone into line all over the cotton territory in a systematic way that bids fair to create something like a real revolution in the management of our whole cotton interests.

From every state comes the glorious news of large enthusiastic meetings and the springing up of Farmers' cotton warehouses in all the cotton states. The cotton farmers have stopped digging in the fields for awhile and are digging and throwing their fortifications ready to defend their interests.

The cotton farmer has learned to watch both the bunghole and spigot of his business. He no longer continues to pour in the good stuff at the bunghole and never look out for the leak at the spigot. The farmers Union man of today has been educated up to the point where he can understand that there is two important features of his business—one is to produce good crops and the other is to get good prices for that crop.

Where is the good of producing good crops, if the good crops bring to the farmers actually less money, and profits than poor crops have done? The unorganized cotton farmers have for years been spreading before the cotton traders and speculators of the world a great and grand feast, while cotton growers themselves have stood around the festival table with a gag in their own mouths placed there by each other.

Farmers, will you ever learn the lesson, the one most important lessons before you—that if ever there is anything done for the interest of the farmers, that farmers themselves must help each other? Never go about catering to men in other occupations to help you when you have not tried to help your own interest by joining with your fellow craftsmen, your brother farmer.

By request I hereby call a business meeting of the South Carolina Farmers' Educational and Co-operative Union to meet at Clemson College Wednesday, the 8th of Aug. for the purpose of considering any business of interest to the State Union.

Each county is entitled to one additional delegate for each 200 members or fraction thereof.

A HARD LOT of trouble to contend with, spring from a torpid liver and blocked bowels, unless you awaken them to their proper action with Dr. King's New Life Pills; the pleasant and most effective cure for Constipation. They prevent Appendicitis and tone up the system. 25c at Pickens Drug Co.

Many Persons Have Catarrh of Kidneys, Or Catarrh of Bladder and Don't Know It.

President Newhof and War Correspondent Richards Were Promptly Cured By Pe-ru-na.

Mr. C. B. Newhof, 10 Delamare street, Albany, N. Y., President Montefiore Club, writes:

"Since my advanced age I find that I have been frequently troubled with urinary ailments. The bladder seemed irritated, and my physician said that it was catarrh caused by a protracted cold which would be difficult to overcome on account of my advanced years. I took Peruna, hardly daring to believe that I would be helped, but I found to my relief that I soon began to mend. The irritation gradually subsided and the urinary difficulties passed away. I have enjoyed excellent health now for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. I give all praise to Peruna."—C. B. Newhof.

Suffered From Catarrh of Kidneys, Threatened With Nervous Collapse, Cured by Pe-ru-na.

Mr. F. B. Richards, 600 E Street, N. W., Washington, D. C., War Correspondent, writes: "Exactly six years ago I was ordered to Cuba as staff correspondent of the New York Sun. I was in charge of a Sun Dispatch boat through the Spanish American War. The effect of the tropical climate and the nervous strain showed plainly on my return to the states. Lassitude, depression to the verge of melancholia, and incessant kidney trouble made me practically an invalid. This undesirable condition continued, despite the best of treatment.

Finally a brother newspaper man, who like myself had served in the war, induced me to give a faithful trial to Peruna. I did so. In a short time the lassitude left me, my kidneys resumed a healthy condition, and a complete cure was effected. I cannot too strongly recommend Peruna to those suffering with kidney trouble. To-day I am able to work as hard as at any time in my life, and the examiner for a leading insurance company pronounced me an "A risk."

In Poor Health Over Four Years. Pe-ru-na Only Remedy of Real Benefit.

Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city and also a member of the Masonic order, writes: "I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised

kidney remedies without getting the desired results. Peruna is the only remedy which was really of any benefit to me. I have not had a trace of kidney trouble nor a cold in my system."

Pe-ru-na Contains No Narcotics. One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.
