### AN ANDERSON HORSE.

Mr. McDuffie Hampton member of the railroad commission, who was a visitor in Anderson last week is the proud possessor of a horse which he purchased in this city. He has had the horse several years and it has been one of the most admired animals that ever wore a saddle. Mr. Hampton once had a splendid offer for the horse from "Buffalo Bill", as Col. Wm. F. Cody is known. Col. Cody was a long time friend of General Wade Hampton father of the railroad commissioner.

Gen. Hampton was the beau sabreur of South Carolina and was also its most perfect horseman. The equestrian statue by Buckstahl in the capitol grounds in Columbia is said to be the most perfect specimen of a horse in the world, fashioned as it is from the best points of Arabia, Kentucky and Indian thoroughbreds. But the grandest part of that statue is the way that the figure of Hampton bestrides the mount. His was a figure to lead in the great cavalry charges in which he took his men into the jaws of death, time and again.

The Hampton family once had a private race track near Columbia on the site of the present home of the Epworth orphanage, and many a brave purse has been won there. The love of horses is ingrained into McDuffie Hampton, and when on a visit to Anderson several years ago he saw this wonderful animal and he immediately bought it from Mr. J. S. Fowler and he declares that it is today the finest saddle horse in the State. As soon as he came to town, Mr. Hampton went to call on Mr. Fowler to thank him for the favor of selling him such a splendid animal.

### DYNAMITERS MUST SERVE SENTENCE

Decision Declares That Conspiracy Was Clearly Shown in Trial

Chicago.—Sentences of 24 of the labor union officials convicted in Indianapolis of conspiracy to transport dynamite were confirmed Friday by the United States circuit of appeals of the seventh district. Six of the thirty who appealed were granted new trials. They are: Olaf A. Tveitnae, San Francisco; William McCain, Kansas City, Mo.; Fred Sherman, Indianapolis, Ind.; William Bernhard, Cincinnati; James E. Ray, Peoria, Ill.; and Richard Houlihan, Chicago. Counsel for the 24 within 30 days will petition the court of appeals for a rehearing on new legal points. If that is denied they will take the case to the federal supreme court. Pending final adjudication it is understood that an attempt will be made by the government to return to the Leavenworth prison those of the convicted men who are at liberty under bond.

### Conspiracy Clearly Shown.

The appeal was heard by Circuit Court Judge Kohlsaat, Baker and Seaman. The decision declares conspiracy clearly was shown on the part of the 24 defendants, and that challenge of the conspiracy counts of the indictments were erroneous; that the distinction was maintained between the conspiracy charges and those alleging performance of the acts for which the conspiracy was formed and that the verdict could not be challenged on the ground that separate acts and a continuing conspiracy had been improperly joined in charges. The decision stated succinctly that McManis and Clark, through co-defendants, were competent witnesses for the State. The final contention of the defendants' counsel that the United States had no jurisdiction in the charges alleged was allowed. Counsel for labor officials heard the decision with keen disappointment. E. N. Zolins of the attorneys for the petitioners, however, stated that he already had prepared briefs on three important points which had been overlooked in the first appeal. **Ryan's Sentence Affirmed.** The sentence of seven years penal servitude against Frank M. Ryan, of Chicago, president of the association, was affirmed. There were thirty-three convictions in the dynamite cases growing out of the blowing up of Los Angeles

### CONVICTIONS REVERSED.

Times building. Three of the convicted men did not appeal. Ryan was the only one of the convicted men in court when the decision was rendered. The decision reads, in respect to Ryan's appeal: "This plaintiff was president of the organization. Letters written by him at various stages show his familiarity with the long course of destroying open shop structures. Ryan wrote the letter suggesting that reports of expenditures be discontinued 'while our trouble is on.' He signed all the checks presented in evidence as used for the purchases of explosives. Ryan's own testimony confirms the evidence of his complicity. Convictions Reversed.

In reversing the convictions of Twitmore, McCain, Ray, Houlihan, Sherman and Bernhard, the decision says in part: "We are of opinion that evidence is insufficient to establish a prima facie case of co-partnership in the offenses charged against any of them. Their sympathy and participation in the general objects of the organization, may be assumed from the evidence, but we are not advised of proof of their actual participation in any of the offenses charged in the indictments. The cases of all six are remanded to the district court for a new trial for each.

Six of the 33 men sentenced are in prison at Leavenworth, the others having been released on bail. The men in prison are: S. Herbert Hoeklin, former secretary of the Iron Workers Union; John T. Butler, P. A. Cooley, Frank C. Webb, M. J. Cunnane, and Murray L. Pennell.

### COMMITTEE TO PROBE

Will Make Investigation of Mississippi Girls' College

Jackson, Miss.—Official cognizance of charges involving the conduct of students of the Industrial Institute and college at Columbus, and the administration of H. L. Whitfield, president, was taken by the State legislative investigating committee when it announced here tonight that a thorough investigation would be made. President Whitfield will appear before the committee tomorrow. This college is a State institution and has enrolled about 900 young women. The charges created a sensation following publication in several newspapers today and when the committee met tonight the affair was commented upon, but further action deferred pending the arrival of President Whitfield, who previously had made a vigorous denial. Scores of members of the legislature received copies of the charges in their mails today. The letters bore the postmark of Mobile, Ala., and printed signature of "S. T. Payer." Efforts will be made to locate the sender.

### CLEMSON NEWS.

Clemson College, Jan. 11.—At least 99 per cent of the boys returned to college after the Christmas holidays and began classes Saturday morning, Jan. 3rd. Several new fellows came in, running the total number of students here now up to 754. This gives us exactly fortytwo more boys at present than we had this time last year. The college is taxed to its fullest capacity to accommodate this number of students and there must be additional barracks provided before any more can be taken in. This is a matter which must be looked after pretty soon, because numbers of applicants are turned down each year on account of lack of accommodations for them. Dr. Deffern, the college surgeon, made the statement in chapel yesterday mornin' ghat there has been less sickness among the boys this year than he has ever known before, only one case of pneumonia being here since last September. The college is located in a very high section though, and we have never had any great amount of sickness considering the large number of boys here. The boys were called out last night about one o'clock by fire alarm. Mr. Clinkscales' livery stables was burned, including 19 horses and a number of vehicles which were in there at the time. The alarm was not given until the fire had made too much headway for the boys to do any good. They managed however to prevent any considerable damage being done to surrounding buildings.
