NO ACTION TAKEN ON NEW CIRCUIT

Question of Dividing District Still Pending With The Judiciary Committee

Representing the Anderson Bar Association, T. Frank Watkins and K. F. Smith are in Columbia where they are appearing before the judicial committee of the general assembly to urge that steps be taken to divide the tenth judicial circuit. A delegation from Greenville has also gone to Columbia, headed by Judge Earle, to urge the passage of the measure and the general opinion with the lawyers of the district concerned seems to be that it is a wise step. A glance at the cases left on the docket when the last term of court of general sessions for Anderson county was concluded shows that there is great necessity for action of some sort being taken. The county at present is being put to great expense on account of cases that cannot be brought to trial, since all of the attention of the court is taken with the hearing of jail cases. Frootor A. Bosham, solicitor for this district, strongly favors the proposed step and says that in his opinion it is absolutely essential. It is planned to divide the district into two parts, Anderson and Oconee forming one with Greenville and Pickens comprising the other. It had been expected that some statement would be forthcoming from Columbia last night in regard to the matter, but since no action was announced it is presumed that today will certainly bring forth some developments.

Send A Hurry-up Call For the Police, Quick

There are some people in this old world who do not exactly work themselves to death trying to keep other people free from annoyances. Anderson certainly has one of them.

Not long ago there was a musical recital in Anderson when almost every man, woman and child in the town wanted to hear the singer. The auditorium was crowded. A determined little old woman, well past middle age, with an aquiline nose and an underslung jaw, hustled into the auditorium where possibly one thousand people were straining to hear every note. She almost broke up the gathering.

She disagreed with her, at the end of a slender chain, a little rat-faced, black and tan terrier, WITH BELLS ON! It had a sort of harness-like thing over its shoulders with tiny sleigh bells all over it. She went well up to the front with the dingling and jingling pet at her heels and choosing a place where there were two vacant seats, she arranged one for the "purr" and the other for herself. The man who had the distinguished honor of sitting just next to the dog, arm in arm, as it were, could not move away as there were other people on the other side of him. At one part of the program, where the singer's voice was soaring almost divinely, as though inspired, the dog was attacked by a regiment of fleas. Everytime a flea bit him he would scratch himself and every time he scratched himself it sounded like Santa Claus coming down the chimney on a Christmas morn. People all around in that immediate vicinity were miserable—but little did that old lady care. She enjoyed every minute of the entire performance and looked as though she would like to holler for more when the program was completed.

DIXON'S LECTURE WAS FINE EFFORT

"The Square Deal" Was Subject Masterly Handled by Talented Speaker

The fourth number on the College Lyceum was Frank Dixon, who delivered one of his characteristic lectures at the college auditorium last night to a capacity audience. His subject was "A Square Deal," and in this he showed the tendency of the times towards giving everywhere a square deal in all things. Forcible were many of the illustrations and ideas used by the speaker, and convincing was the argument used to show that in this day of corporation and capital on one side and individual on the other, it was impossible to secure an absolutely square deal.

Some of the remedies offered to correct abuses of the recent day discriminations were striking. Mr. Dixon believes that every drop of water should be squeezed out of the capital stock of corporations, and such legislation passed would prevent a rich corporation from discriminating against one man in favor of another, or one business against another. He was especially severe in his arraignment of the railroads as corporations and their discrimination by freight rates and delayed shipments. A railroad, he said, is essentially a monopoly, and their power of discrimination is the most deadly weapon of the modern business world.

In order to hasten the coming of the time of the square deal, business and politics should be divorced for if business men shape the laws they will be made to favor the interests of the individual lawmaker. A rather unique as well as forceful measure advocated by the speaker was that lawyers for both the prosecution and the defense should be appointed by the State and it should be impossible for any man or corporation to purchase either prosecution or defense to influence the ends of justice. "Justice," said the speaker, "is the most expensive luxury under the sun; the poor man can only dream of it at midnight, and this is the shame of the age, that money is allowed to influence justice."

The approaching of the day of square dealing in all things is approaching, and it may be hastened by the wise selection of leaders. All he asked was an open field and a fair chance, and the people of Americans lies on the fact that in this country come the chances for the realization of this dream.

Dr. Dixon was happily introduced by Mr. Vines, president of the Anderson college. The audience thoroughly enjoyed the lecture, which was not a bit dry, but was sparkling with gems of thought, and full of wit and humor.

The next number will be a lecture recital by Mr. Edward Baxter Perry, on the evening of Feb. 5th.

SALVATION ARMY SENDS MAN HERE

Capt. Mabey of the "War Cry" to Deliver Two Addresses in This City

Anderson people anticipate with much interest and no little pleasure the coming of a man to Anderson who is prominent in Salvation Army work and who enjoys a splendid reputation as a public speaker Capt. W. E. Mabey.

Arrangements have been made for Capt. Mabey to deliver two addresses in Anderson, Thursday night at the Central Presbyterian church and Friday night at the court house.

At both of these meetings Capt. Mabey will discuss questions of interest to every man in the audience and he will have a genuine message for every hearer. It is a rare opportunity to hear such a speaker.

He is the assistant editor of the War Cry and is one of the factors in the making of the magazine; he is a beautiful singer and will be well worth hearing for that part of the program alone; he has traveled a great deal and has numerous interesting things to relate.

Ensign A. Belcher, officer in charge of the local work, has announced the following program for the two nights: Thursday night, at the Central Presbyterian church: Invocation... Dr. W. H. Fraser Introduction... Rev. D. W. Dodge Address... Staff-Captain Mabey Benediction... Rev. J. T. Black

Friday night, at the court house: Invocation... Rev. J. W. Spence Introduction... Mayor Lee O. Holman Address... Staff-Captain Mabey Benediction... Dr. J. F. Vance

Great Opportunity for Fine Chautauqua

Following a conference which John M. Cornelius of Louisville has been holding here, an announcement will probably appear within the next few days to the effect that Anderson is to have a chautauqua.

Mr. Cornelius has been in the city for several days going into the matter thoroughly with the chambers of commerce and other organizations and all indications are that the definite announcement may be forthcoming at any time.

The system represented by Mr. Cornelius is one of the largest in the country and it is a rarity for them to even consider towns of this size. They play such cities as Mobile, Birmingham, Montgomery, etc., and they do not do any more than Anderson. Mr. Cornelius said that he had already closed contracts for Charleston and Columbia in this state.

Exhibiting a list of attractions which would be offered Anderson if his proposition is accepted, it is seen that some of the bands in concert among the list, Gilford Ziegler in piano for an address, ex-Governor Bell, Shakespeare's plays, Dickens' plays and a large number of other well known features.

The general public of Anderson will doubtless be jubilant over the prospect of having this attraction.
