Keese's Jewelry store yesterday  
looked like the convention rooms of  
a V. T. C. meeting. Not less than  
ten "drummers," all selling jewelry,  
were in this popular store at the same  
time yesterday and even more that  
that number appeared later during the  
day. All told there were twelve jew-  
elry salesmen in town yesterday,  
some of these being: Sidney Strauss,  
New York; George Kotek and Walter  
Riley, New York; DeWitt King, Char-  
lotte; A. M. Hull, Boston; S. L.  
Prince, Melrose, Mass.; W. C. Aaron,  
New York; D. M. Je. Kings, Buffalo;  
George Wallace, Irvington, N. J.;  
Dan Douglas, New York; Lee Gold-  
smith and A. M. French, New York.  
Mr. Keese says that he does not  
know what caused all the jewelry  
mer to hit town on one day unless  
the thought he was a millionaire.

them will be on hand by the opening

**Big Profit  
In Bee Raising.**

J. L. McGee, a well-known citizen  
of Starr, was in the city Thursday  
and talked very interestingly of bee  
culture and what he is doing with his  
apiary. Mr. McGee says that he now  
has 14 stands of bees, and that he  
has quite recently added an Italian  
colony, which is the highest price he  
obtainable and the most expensive. He  
states that last year he operated his  
bee industry at a net profit of over  
1,000 per cent. That is making money  
in the bee business. Mr. McGee is to  
preside as chairman of the Trades  
day exercises on Poultry day, Feb. 17.

**BIG ENTERPRISE  
MAY COME HERE**

Planning for \$50,000 Wholesale  
Ice Cream Company for  
This City.

Present indications are that Ander-  
son is shortly to have a new in-  
dustry which will bring to this city  
an investment of approximately \$50,-  
000 and which will cause that amount  
to be spent each month in this city  
and county. While the deal has not  
been made, nor has there been any  
authoritative announcement made, it  
is understood that Anderson has a  
splendid showing at the new enter-  
prise.

B. E. Austin, manager of the Chat-  
taooga plant of the Hill Ice Cream  
Co., and J. N. Larnard, manager of  
the Memphis branch of the same com-  
pany, came to Anderson yesterday for  
the purpose of looking over the field  
here with a view to locating a whole-  
sale ice cream plant and milk con-  
centration depot here. They were  
brought to Anderson by the Chamber  
of Commerce of this city and con-  
ferred with the local secretary  
through the day yesterday.

This company operates the biggest  
ice cream plant in the United States  
and its product is shipped to all  
parts of the country. To establish a  
branch plant means an investment of  
the part of the company of \$50,000 and  
that amount is spent each month in  
the locality where the plant is lo-  
cated for cream and butter fat.

The milk concentration part of the  
plant means that the company puts  
out a product something similar to  
condensed milk, only far superior.  
The concentrated milk equals five  
times the same amount of condensed  
milk and with it, it lacks that scor-  
ching effect which distinguishes con-  
densed milk from the pure, fresh  
milk. This concentrated milk is also  
shipped in cans and bottles all over  
the country.

The gentlemen who were here yester-  
day representing the ice cream  
company said that they had definitely  
decided upon locating a plant some-  
where in the east and that they con-  
sidered Anderson the most desirable  
point that they had yet visited. They  
said that the only thing they would  
ask of Anderson people would be to  
furnish 1,000 milk cows and that the  
company would pay from 20 to 24  
cents for all the milk used, which will  
represent something like \$50,000 per  
month. In addition to that, the ice  
cream company imports into the  
territory, where it operates, full-  
blooded Holstein and Jersey cows,  
which it sells to the farmers of the  
community on the basis of \$5.00 down  
and the rest of the payments in milk  
from the animal.

J. W. Rothrock, United States farm  
demonstrator for this county, said  
yesterday that there would be no  
trouble whatever in getting the 1,-  
000 cows and he felt sure there  
must be that number of cows within  
a radius of 10 miles. With the in-  
terurban cars to bring in the milk,  
the venture would be a great success  
for Anderson county farmers.

When the representatives of the  
company left Anderson last night,  
they were not ready to give out any  
definite statement, but it is under-  
stood that they were well pleased  
with what they saw here and local  
people who talked with them feel  
that Anderson will obtain favorable  
consideration.

MENDS CHAMBERLAIN'S  
COUGH REMEDY.**

Rev. James A. Lewis, Milaca,  
Minn., writes: "Chamberlain's Cough  
Remedy has been a needed and wel-  
come guest in our home for a num-  
ber of years. I highly recommend it  
to my fellows as being a medicine  
worthy of trial in cases of colds,  
coughs and croup." Give Chamber-

are confident you will find it very  
effective and continue to use it as  
occasion requires for years to come,  
as many others have done. For sale

Delightful Time and Profitable Meet-  
ing Anticipated at Anderson.

Laurens, Feb. 5.—The executive  
committee of the Laurens County Sun-  
day School Association, at a meeting  
held on Monday afternoon, appointed  
delegates to the State convention,  
which is to be held in Anderson Feb-  
ruary 11-12. It is the wish of the  
committee to march as Anderson is so  
easily and centrally located and such  
a delightful place to visit, that all the  
delegates appointed be in attendance.  
A pleasant and profitable time is as-  
sured for all who attend. The fol-  
lowing are the delegates appointed for

**ADVERTISING MEN  
GOING TO TORONTO**

Anderson People Will Make the  
Trip to Canada for Ad  
Men's Club.

A letter was received in Anderson  
yesterday from W. J. Healey, chair-  
man of the transportation and atten-  
dant committee of the Ad Club of  
Toronto, Can., enquiring about the  
number of Anderson men to be  
present at the great advertising con-  
vention to be held in the Canadian city  
in June. The letter was turned over  
to A. S. Farmer, president of the  
Anderson Ad Men's Club, and he is  
now engaged in compiling the list of  
Anderson men who will make the  
trip. In all probability there will be  
a large number of local business  
men, many of them accompanied by  
their wives, who will go to Toronto  
for the convention.

The letter from Mr. Healey says  
that all hotel arrangements have  
been made and that every possible de-  
tail looking to the comfort of the  
delegates while they are the guests  
of Toronto has been attended to. He  
further says that negotiations are  
now going on by which the railroads  
will grant very attractive roundtrip  
rates for those who care to go.

**HOW IS YOUR BOILER?**

It has been stated that a man's  
stomach is his boiler, his body is his  
engine and his world the fire box.  
Is your boiler (stomach) in good  
working order or is it so weak that  
it will not stand a full load and not  
able to supply the needed energy to  
your engine (body)? If you have  
any trouble with your stomach, Cham-  
berlain's Tablets will do you good.  
They strengthen and invigorate the  
stomach and enable it to do its work  
naturally. Many very remarkable  
cures of stomach trouble have been  
effected by them. For sale by Evans  
Pharmacy.

**DEFIES CHARGES.**

Christensen Asks That Everything Be  
Brought Out.

Columbia, Feb. 4.—Just before ad-  
journment tonight Senator Christen-  
sen read the following statement in  
the Senate, which that body ordered  
printed in the Journal:  
"Mr. President and Gentlemen of  
the Senate: Permit me to express my  
deep appreciation of your many ex-  
pressions of esteem made on the floor  
the past few days in connection with  
personal matters that have come up  
for discussion and action. I find that  
I must trespass further on your atten-  
tion and make a request that you  
publish this statement in the Journal.  
"I have asked the judiciary commit-  
tee to request the Governor to send  
me the further information he reports  
in Message 17 he has in his posses-  
sion, and I want it known that I urge  
them to go to the bottom of the mat-  
ter. Any charges against my family should  
be made to me to be dealt with by me  
personally. N. Christensen."

**COUNTS MAY OFFER  
FOR U. S. MARSHALSHIP**

Friends Suggested That He Apply  
for Place and Break  
Deadlock.

(Laurens Advertiser)  
While in Columbia several days ago  
Mr. D. H. Counts of this city was ap-  
proached by several influential  
friends with the suggestion that he  
make an application for the office of  
United States marshal for the district  
of South Carolina. This suggestion  
this office is now hanging fire. Wash-  
ington because of the failure of Sen-  
ator Tillman and Senator Smith to  
come to an agreement on a candidate.  
It will be remembered that Attorney  
General McInerney some time ago  
agent in the nomination of Editor J.  
L. Sims for this office after Editor  
Sims had apparently gotten the inside  
track over all other competitors. Be-  
fore the nomination could be brought  
up in the senate, however, Senator  
Tillman withdrew his indorsement  
from Mr. Sims and since that time no  
progress has been made in the mat-  
ter.

The friends of Mr. Counts are work-  
ing on the theory that Mr. Sims can-  
not get the appointment without the  
indorsement of Senator Tillman, that  
some man will get the place on whom  
both senators can agree, that Mr.  
Counts is well known, that he is a  
highly competent to fill the office and  
furthermore that the Piedmont sec-  
tion is due to come in for a share of  
the federal patronage.  
Mr. Counts is an extensive farmer  
and stock dealer of this city and is  
known in making every requirement  
of the office. He has been in busi-  
ness in Laurens for many years and would  
doubtless receive the unanimous in-  
dorsement of his fellow citizens be-  
cause of his excellent reputation for  
honesty and square dealing.  
Mr. Counts has not yet definitely  
made up his mind on the question, but  
he is seriously considering filing an  
application for the place. He has pow-  
erful friends who would work in his  
behalf and he would make a formid-  
able contestant for the place.

**THE BEST COUGH MEDICINE.**

"I have used Chamberlain's Cough  
Remedy ever since I have been con-  
sidered a 'cough' man," says L. C. Haines  
of Michoud, Ala. "I consider it one of  
the best remedies I ever used. My  
children have all taken it, and it  
works like a dream. For colds and  
whooping cough it is excellent." For  
sale by Evans Pharmacy.
