Before you go home we want you to see NORTH ANDERSON.

We will be glad to show you personally, but in case we haven't this privilege, ask your host to show you "THE TOWN THAT HAS BEEN BUILT UP IN NINE MONTHS."

Electric City Sparklets

Items of Interest and Personal Mention Caught Over the Wires On the Streets of Anderson.

Dr. Ashmore

Accepts Position. Dr. Frank Ashmore, who was appointed chairman of the Anderson Board of Health at Tuesday night's meeting, told an Intelligencer reporter yesterday that he would accept the appointment and that he hoped to accomplish a number of things for the betterment of the city. He stated that while he had received no official advice from the other members of the board as appointed Tuesday, he understood that all of them would accept. Dr. Ashmore's term is for five years and the people of Anderson may well feel confident that the affairs of this body will be directed in a splendid manner during that time.

Patterson To

Be Tried Today. O. M. Patterson, a citizen of the Fork section, will be arraigned in Magistrate Broadwell's court this morning on a charge of refusing to do road duty. Patterson has had considerable experience with the courts, having been convicted in January on a charge of carrying concealed weapons and sentenced to a term on the chain-gang. When he completed his time he was again arrested on the charge he will be arraigned under today. When he finishes this case he also has to stand trial in Oconee county on a charge of issuing a fraudulent check in the sum of \$58.

Donald's School

Burned Tuesday. The Donalds' high school, a large frame structure, was completely destroyed by fire on Tuesday afternoon about three o'clock. People from that section who visited Anderson yesterday said that they had been unable to find any trace of how the fire started and that the origin of the blaze was a mystery. With little fire-fighting apparatus it was impossible to check the flames and the entire building was burned to the ground, although much of the furniture was saved.

Prominent Lawyer

Visits Anderson. Among the well known attorneys in the city yesterday to attend the Sunday School convention was Ira C. Blackwood of Spartanburg. Mr. Blackwood is one of the best known lawyers in the State and has a large number of friends in this city. Yesterday he was receiving congratulations from many of them on his recent appointment to a position in the Internal Revenue Service, which he will shortly go to Washington to take.

Health Officer

In Columbia. T. A. Campbell, Anderson's Health Officer, left last night for Columbia where he goes to attend the meeting of the Sanitation Congress which is in session there today and tomorrow. Mr. Campbell hopes to gain much valuable information from this trip and to be able to better care for the health of the city hereafter than ever before.

Grocery Store

Closed Out. The Pure Food Grocery Co., which has been doing business on Earle street under the management of John Caudell, has been closed up, the stock of goods being foreclosed under a mortgage held by Raymond Beatty. T. C. Carter has purchased the stock of goods and moved same to his store.

Former Pastor

Among Visitors. Among the many interesting visitors in Anderson for the Sunday School convention is Rev. George Pierce Watson, pastor of the First Methodist church of Manning, and at one time pastor of St. John's Methodist church of this city. Mr. Watson assumed the pastorate of the local church twenty years ago, and served as pastor here for three years. Yesterday he was receiving a warm welcome from many of his old friends.

Light Rates

Are Reduced. An announcement of interest to the general public of Anderson is that made by the Southern Public Utilities Company to the effect that its rate on lights has been reduced. The rate on lights in Anderson has cost 12 1-2 cents per kilowatt but from this time on it will cost only 11 cents per kilowatt. According to the statement of the officials of the local light and power company this is a reduction of over 12 per cent. Doubtless this move will encourage many people who are not now using electric lights to have them installed.

Col. Wharton

Is A Visitor. Among the well known men in Anderson yesterday was J. H. Wharton of Laurens. Mr. Wharton was a candidate for railroad commissioner last year and made a splendid race. He has many friends in Anderson county who were glad to see him yesterday.

THE PARADE.

Dr. J. W. Speake, chairman of the committee on parade, was greatly overjoyed Wednesday by the good weather, with its promise for a clear day Friday and renews his invitation to all of the Sunday schools in the county to take part in the big event Friday night. Further announcements will be made tomorrow, but the line of march as at present arranged provides for the organizations to gather as follows:

Anderson, Brogon and Equinox mills, will assemble and join parade at the Chamber of Commerce. Riverside and Toxaway, in front of Chiquola hotel. Orr and Gluck mills, on North Main between the public square and The Intelligencer office. Visitors assemble at the court house.

The parade will be headed by the Second Regiment band of Orrville, and leading the march will be Ex-Gov. Martin F. Ansel, Mayor Holleman, Rev. Dr. Speake and the mayors of other cities and other distinguished persons. The men from the mill villages will follow in this order:

Anderson mill, Brogon, Equinox, Central Presbyterian, Orr and Gluck, First Regiment band from Williamson, Riverside, Toxaway, St. John's, church, Grace Episcopal, Associate Reformed Presbyterian, Christian, Salvation Army, visitors, First Baptist. Any other organizations that wish to come in will please notify Mr. Speake today.

MRS. PANKHURST BACK IN LONDON

Beguiled the Police Into Making a False Arrest

London, Feb. 11.—Mrs. Emeline Pankhurst, who yesterday returned to London from Switzerland, beguiled the police tonight into a false arrest. She addressed a crowd from the window of her temporary residence in Campden Hill square, taunting the government with cowardice. She announced that she was coming into the street and challenge the police to arrest her.

A woman emerged from the house; the crowd surged around to protect her and a lively scuffle ensued. The woman was arrested and with seven others was taken to the police station. There the police discovered they had been tricked. The woman was attired to represent Mrs. Pankhurst. All those arrested carried clubs. They refused to give their names. They will be charged with obstruction and assault.

The police spent the remainder of the night watching the house. Miss Sylvia Pankhurst addressed a public meeting in the east end and tonight she declared "the people's army" would soon be drilling in the open streets like Sir Edward Carson's Ulster army.

For the first time in recent years, suffragettes were conspicuous by their absence today from all the processions connected with the opening of parliament. They spent their time in an effort to prevent the Bishop of London from attending the opening session of the house of lords, of which he is a member. They made him the first victim of their new campaign of molesting public men. Their ire was particularly directed against the bishop for his alleged whitewashing of the government in his report on the treatment of suffragettes.

Matters of Interest To Business World

(By Associated Press.) Washington, Feb. 11.—The American business world tonight came into personal touch with men whose ideas and actions are of great moment to business when Secretary Wilson of the Department of Labor, and Commissioner Prouty of the Interstate Commerce Commission, addressed the second annual convention of the chamber of commerce of the United States. Secretary Wilson discussed the relations of his department with the business world while Commissioner Prouty outlined the great task undertaken by the commission at the direction of Congress—ascertaining the actual value of the country's railroads and other interstate common carriers. Close attention was accorded the speakers by the delegates, 500 of whom representing every part of the country, are assembled for the three day convention.

Auction Sale

Of Land. A very successful auction sale of land took place in Honea Path yesterday, conducted by the Anderson Real Estate and Investment Company. The land sold was a part of the Barbara Brock estate and the sum total of the sales reached \$9,800. Members of the Anderson company said last night that the sale drew a large crowd, the bidding was lively, and that the sale was in every way fully as successful as they had anticipated.

New Clerk In

In Auditor's Office. M. B. Smith, who has been an efficient assistant in the office of Winston Smith, county auditor for Anderson county, has resigned his position and assumed his new duties as bookkeeper for the Bee Hive. Mr. Smith has been succeeded in his former position by T. A. Graham of Greenwood county. Mr. Graham was formerly county auditor of Greenwood and knows every detail of the business from start to finish. He will prove quite valuable in his new position.

Debtors Are

Popular Here. A. R. Boyd and T. C. Haddon, who have been chosen to represent Clemson College in the inter-collegiate debate with Georgia Technical school, are well known in Anderson, both having held positions with local banks here last year. These young men will go into the debate with the Georgia men carrying with them the best wishes of the Anderson folk.

Returned to the City.

K. P. Smith, a well known Anderson attorney, has returned to the city from Columbia where he has been spending the last few days in the interest of two measures of radical importance to Anderson. Mr. Smith expressed himself last night as being well pleased with the status of things in Columbia, as regards the Anderson legislation.

RECORDER TALKS OF BLUE LAWS

When seen yesterday and asked concerning the method he would follow regarding the enforcement of the 'blue law' for Anderson in accordance with city council's action of Tuesday, Recorder Russell said that he would simply enforce the law and no more. He then cited the following from the city code:

"No tradesman, artificer, workman, laborer, or other persons whatsoever, shall do or exercise any worldly labor, business or work in the city of Anderson on the Lord's day, commonly called Sunday or the Sabbath, or any part thereof, works of necessity or charity only excepted." The penalty for each violation is not more than \$100 or not more than 30 days.

"No person or persons whatsoever, shall sell, or expose for sale within the corporate limits of the city of Anderson, except in cases of necessity, any wine, merchandise, fruit, herbs, goods or chattel whatsoever on the Lord's day, commonly called Sunday or the Sabbath."

"When asked as to the particular business to be affected by this new ruling of council, the Recorder said that he would think it would apply to any business that was not a necessity. He said of course that the drug stores would not be prohibited from filling prescriptions for the sick, but that they would be forced to discontinue selling drinks and cigars, that the fruit stores would have to stop their Sunday traffic and that every stables must discontinue their business of renting teams for Sunday pleasure driving. He said that there would, of course, be discretion exercised in the handling of the various cases and that the same offense might call for different consideration in two cases.

The Turkish government has given a French bank a concession to build an electric railroad between Jerusalem and Bethlehem and for lighting the summer city with electricity.

KING GEORGE OPENED SESSION

This Parliament Will Probably End Struggle for Irish Independence

London, Feb. 11.—King George with the customary state ceremony opened the session of parliament which, according to all reasonable probability, will see the victorious conclusion of the thirty years' struggle of the Liberal party to give self-government to Ireland. The home rule bill, which will be presented in the house of commons for the third time will, if carried, receive the royal assent, with or without the consent of the house of lords.

Whether the bill will pass as it stands, or whether it will be amended to meet the wishes of Ulster will depend on the nature of concessions which the prime minister announced he would make in behalf of the government.

The King's speech expressed the earnest desire of his majesty to attain a settlement by consent, and this desire was echoed fervently by Premier Asquith in the house of commons and Viscount Morley in the house of lords in their opening speeches.

The scene in the house of lords was brilliant and in the commons despondent. The appearance of the assembly gave no indication that the sessions so quietly commenced might lead to events little short of civil war.

Despite the conciliatory tone of both Premier Asquith and Lord Morley small hope was felt in the lobby of parliament tonight that the settlement of the home rule question would be reached by consent.

Trustees For the Nameless

(By Associated Press.) Norfolk, Va., Feb. 11.—Charles S. Grant, an attorney, was appointed by Judge Waddill of the federal court today trustee to hold the steamer Nantuxet and cargo subject to further order of the court, during litigation growing out of the Monroe disaster.
