GILT EDGE :: THE il er THE ANDERSON PHOSPHATE & OIL CO.

Are making a Fish, Blood and Bone goods this year that probably has no equal on the market.

When all the Fertilizer is at the same price, why not get the Best? There is nothing better than this Fish, Blood and Bone goods and we are not at all sure there is any as good.

It will not pay you to take any chances on your Fertilizer, for by the time you find you have practically lost a crop, it is too late to repair the damage.

When you lose a crop you lose a year's work and that is a serious matter with all of us.

Our Fish, Blood and Bone is used in our 8-3-3 and higher grades-not in the lower grades Fish, Blood and Bone costs more than the lower grade sells for. hite

No better crops were made in Anderson, Abbeville, Greenwood, Newberry, Oconee and Pickens Counties last year than where our goods volt and and the were used.

What shall be the tint of that flower? What fragrance shall it shed upon the waitting world? The touch of the teacher will largely determined these. Then the touching must be light and pure as the air and warm and loving a hmyn. as God's sunshine.

The great Teacher laid His blessed hands upon little children because He loved them. The teacher of the little child must be first of all one who loves. It is not without its deep signifi-

cance that we teach the little such songs as you have heard today. "Love, Love, 'Tis love brings us here." Love is the great power by which all the best things of life are created or brought to perfection. And nowhere is its influence more potent than in the life of the child. Love is the child's natural atmosphere, right and heritage. Starved and stinged are the little fives that are deprived of its blessed influence. The instrument must be suited to the delicacy and importance of the work, and no detail is unimportant. The great Teacher laid His blessed the suite for idle talk. I felt that has its bearing on the Sunday school. 5. Efficiency. The day is past when "anybody can teach a Sunday school. The trained teacher in public school renders the trained teacher in the Sunday school a necessity. The one short hour on Sunday and the la mentable lack of outside support, upon which the public school teacher

may safely rely, demands an even higher efficiency for the school teacher that all the wealth of love and conse-creation may be poured but that hour so effectively that notling be lost. The little child is quicker than you think its to detect any kind of sham, . He cannot explain, but he finds a flaw in a love that does not express itself in preparation for the hour that is one of the great events of any life, and his tirely upon the moral appeal for its hero worship is checked, it may be discipline and discuss makes a strong just a little by fack of reasonable masdiscipline and discuss makes a strong that a little by tack of reasonable maa-demand for the possession of the tery of the subject his liftle mind bus been set to learn.
