HOW IS YOUR BOLLER?

It has been stated that a man's strength is his collar, his body is his engine and his mouth the fire box. Is your boiler (stomach) in good working order or is it so weak that it will not stand a full load and not able to supply the needed energy to your engine (body)? If you have any trouble with your stomach, Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enable it to do its work naturally. Many very remarkable cures of stomach trouble have been effected by them. For sale by Evans Pharmacy.

The lunch counter car, which has been in experimental service on the Pennsylvania between Philadelphia and New York has now been placed permanently on the main line between Philadelphia and Pittsburg.

The Cole Plain-View Seed Planter

If any human work can be called perfect, here at last is the perfect seed dropper. With round seed, you need never replant or lost time in thinning out, unless you have to plant very thick on account of cut worms, clods, etc.

The No. 10 is the same as the No. 9, with the addition of a sower. This Guano Sower is entirely different from any other ever made. It is the only sower that empties itself in a given distance whether it contains guano that is wet or dry, light or heavy. If the wheel turns, it has got to empty itself or "blow."

There is no brush or metal cut-off of any kind. The most delicate seed, like Peaches, are not harmed in the least. The selection and uniform dropping of the seed is far more perfect than can be done by any other planter in the world.
