MAY GET BETTER RAILWAY SERVICE

Southern Railway Officials Say That They Will Be Glad to Change Service if Possible

In discussing with Anderson business men the present railroad facilities furnished this city by the Southern railway, W. E. McGee, an official of the Southern, said that his company was anxious to do the very best it could for people of Anderson in the way of service and that he would be glad at any time to make recommendation relative to improving the service, if it was feasible for his company to do so.

When asked for an opinion concerning a through Pullman train from Anderson to Atlanta, Mr. McGee said that he thought such a move on the part of his company would be a good step and that he knew it would be of great benefit to Anderson people. He said that if a proper schedule for such a service could be worked out that he would have no hesitancy in recommending it.

Discussing the matter of running the motor car, now operated between Greenville and Anderson on to Wall-halla from this place, Mr. McGee said that in his opinion the main objection to this is the fact that the motor car has certain connections, which it must make in Greenville and to continue the run on to Wall-halla would make this impossible. He said that another motor car could be purchased but this is hardly desirable, since the car, as used at present has never been very satisfactory, requiring a great deal of overhauling and repairing very frequently.

He said, however, that it might prove possible to operate one motor car a day all the way through to Wall-halla, which would be a great improvement in the present service.

Mr. McGee is one of the most efficient of the Southern's officials and he is anxious to comply with the wishes of Anderson people so far as it may be possible.

GOLDEN JUBILEE OF LOYAL KNIGHTS

Celebrated Fifteenth Anniversary of Founding of Order of Knights of Pythias

In celebration of the 50th anniversary of the founding of the order of Knights of Pythias, Anderson Knights last night gathered in their castle hall and held special ritualistic services in commemoration of the event. It was one of the most interesting exercises ever held here and every one of those present will highly appreciate the feature of the evening was the ritual furnished by the grand lodge for use on this occasion. It contained many interesting paragraphs and during the course of this ceremony the closest attention of every member was commanded.

Dr. W. H. Fraser, pastor of the First Presbyterian church of Anderson, delivered a splendid address, his remarks being confined to fraternalism in its various phases. Dr. Fraser reviewed the good accomplished by the order and gave his hearers a clearer conception of the duty of brother to brother.

G. Cullen Sullivan, one of the well known local knights, made a splendid address, dealing with the past, present and future of the order. He spoke of the ideals entertained when the order was first established, of those ideals having been attained, of new ideals, hopes and ambitions being harbored and of the success of every plan formed. He was given the closest attention by all his hearers and his address made a deep impression.

Officers of the local lodge of Knights of Pythias feel that the service they are trying to give is a greater impetus to the work that they are trying to do and they feel confident that renewed spirit, much has been inhaled in the members by last night's celebration.

DIED AT THE CITY HOSPITAL

Mrs. Broyles, Agnes Anderson County Woman, Succumbs to A Long Illness

Mrs. Broyles, an Agnes Anderson county woman who has been ill for some time, died yesterday at the Anderson county hospital. Mrs. Broyles had been an inmate of the Anderson county home for the past three years. About one week ago she became ill and was brought to the hospital when every possible effort was made to save her life. Physicians and nurses alike trying nothing and she could be done for her comfort. Notwithstanding these efforts the end came yesterday morning.

MILITIA COMPANY HAS NEW HEAD

Mr. Louis C. Little Was Elected By the Palmetto Riflemen

MILITARY COMPANY

At a meeting of the members of the Palmetto Riflemen in the city last night, it was decided to reorganize and Mr. Louis C. Little was chosen captain.

Livingstone PIANOS

Most cheap pianos are more expensive than high priced ones. What little musical virtues they have at first tinkles out in a few months. The Livingstone is the least expensive piano ever offered in any market because it is a high priced piano sold at a low price. It gives you good music that will last, at a price that puts it within the reach of all. The more you investigate this statement, the more certain you are to prove to your own satisfaction that this is true.

THE LIVINGSTONE IS AS GOOD AS OUR WORD

WILLIS & SPEARMAN Music House

Bleckley Building Anderson, So. Car.

Ligon is in Charleston and it could not be appraised that he has been offered, but it is thought likely that he will. Sergeant Bradshaw was advanced to first lieutenant and Mr. Jos. T. Trowbridge remained second lieutenant, having declined the captaincy.

Capt. R. J. Famer resigned the captaincy some months ago and has been approved that he has been advanced from duty, but his increasing business interests make it impossible for him to be with the company.

Captain-elect Ligon is a well trained military man, and has a Citadel training. He would have been a West Pointer but for the weakness of his eyes. He loves the military life and is expected to bring the company up to a high standard. Mr. Bradshaw is a capable and active military man and the company is in good hands. The new officers will of course have to stand an examination.

LEBANON TO HAVE NEW \$7,000 SCHOOL

The Ways and Means of Be Decided—Some Want No Bonds

There was a meeting of the people of the Lebanon section yesterday to discuss agriculture, education and cooking. The latter was sandwiched in between and was admitted by all to be a very successful part of the day. In the morning Messrs. Lott of Rosefield and Rothrock of this county, farm demonstrators, told the assembled people of the need of rotation of crops, deep plowing, etc., and explained everything scientifically.

Then came the delightful picnic dinner, served by the splendid women of that section. After this there was a general discussion of the matter of raising money to replace the present frame school building with a new one which will be the pride of the community and the envy of the whole State. County Superintendent Felton, Capt. E. C. McQuinn, Mr. Crouch of Barnwell and Mr. J. M. Padgett of Anderson, were called upon to explain the matter to the people. The superintendent of the school, Mr. Coleman, presided.

After this there was powerful "argu'ing" as to the best way to proceed. Some of the patrons, represented in part by Mr. Robbins and Mr. E. H. Richardson, believe that the money can most easily be raised by a bond issue.

On the other hand Mr. Lawrence Thompson and others contend with a lot of sense on their side, as well as on the other, that the money can be raised by popular subscription. It seemed to be about the sense of the meeting to try to raise the money by subscription, and failing in this then to ask for a vote on a bond issue of \$6,000.

Mr. John Smith broke up the meeting with some of his fun, and everybody left in a good humor, all determined to have a handsome school house, and to leave the ways and means to be decided later. The new school house may cost about \$7,000 as the county will put some money into it.

WATER IDEAS UNFEEL

Washington, Feb. 19.—Hearings on new laws to regulate grazing on available public lands will begin here March 3 as the result of a conference held between Representative Kent of California, Chief Forester Graves and President Wilson. The legislation will affect the most supply. Mr. Kent told the President much territory could be used for cattle raising if new laws permitted.

BRIDES TO GATHER FOR SPRING RALLY

Red Men Will Put On Their War Paint for Meeting Held at Pelzer Saturday

Red Men of Anderson are making preparations for going to Pelzer tomorrow afternoon to take part in the spring meeting of the tenth district of this state. The exercises are to be held in the afternoon and Pelzer will have the honor of entertaining "warriors" from Anderson, Greenville, Pickens and Oconee counties. This is annually one of the chief events of the year with Anderson Red Men and members of that order in Anderson will attend in force. It was said here yesterday that there would be large delegations to go from Tecumseh, Genesee and Tugaloo tribes of this city and it is expected that Anderson members of the order will take an active part in the deliberations of the body. The senior saggamore of this organization is W. E. Gilbert of Honea Path.

One of the chief events of the meeting to be held tomorrow afternoon will be the award of the banner to the best drilled degree team in the tenth district. It is expected that Anderson lodges will enter the contest, but none of them can feel sure of success, since this district is said to boast of some of the best drilled teams in the state. The Honea Path lodge walked off with this trophy last year and it is said that they again feel confident of being able to win, having already signified their intention of entering and contesting for the honor.

The annual meeting of the state order of Red Men will take place this year in Rock Hill, some time in the month of April, while the National association is to meet in Portland, Me.

WILL ATTEND EXHIBITION MEET.

(By Associated Press.)

Chicago, Feb. 19.—Officers of the National Drainage Congress today received word from Sir William Willcocks, builder of the Assuan dam in Egypt, an authority on river regulation, that he would attend the meeting of drainage experts which is to be held in Savannah, April 25 to 27.

ABOUT FOLKS YOU KNOW

R. O. Dunning of Columbia was among the business visitors to the city yesterday.

A. L. Heath of Augusta, Ga., has been spending a few days in the city on business.

T. W. Melton of Oconee county is spending a few days in the city on business.

WOODMEN BANQUET SCORED SUCCESS

Almost 200 Members of Willow Camp Enjoyed Splendid Feast At Park Last Night

The inclement weather may have caused some one to be disappointed yesterday but not so with the members of Willow Camp of the Woodmen of the World. Not one whit daunted by the rain which had fallen throughout the day and even then continuing, about 177 members gathered at the Masonic temple last night at 7:30 o'clock where street car tickets were issued them for the ride to Buena Vista park. There the scene that met their eyes defies description.

The pavilion had been most tastefully decorated for the occasion, the bright lights and flowers and music all combining to make a scene of gaily well nigh impossible to describe.

The banquet had been furnished by the Civic Association of Anderson and to this body is due the credit for serving a repast fully as splendid in every respect as anything of the kind ever attempted in Anderson before. The menu of grape fruit, turkey, ham, cranberries, salads, olives, pickles and in fact everything that man could desire was more than appetizing.

The officers of Willow camp had been particularly fortunate in the choice of speakers for this occasion. The principal address of the evening was that delivered by Solicitor E. A. Cooper of Laurens, himself a Woodman and a man with a very intimate knowledge of Woodcraft. Mr. Cooper's speech was a gem.

Addresses were also delivered by Dr. John F. Vines, Dr. J. W. Speake, Rev. Mr. Gibbons, Rev. D. Witherspoon Dodge, T. Frank Watkins and Judge J. M. Quantlebaum all of Anderson. These gentlemen devoted themselves entirely to fraternalism and each of them made a favorable impression upon the Woodmen. Short extemporaneous addresses were delivered by several local ministers and others who had gathered to take part in the evening.

The delightful occasion was brought to a close with the serving of the three course banquet.

COND SAGE TEA IN LIFELESS, GRAY HAIR

Back Young Common garden Sage and Sulphur restores naturally Nobody can tell.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or streaked or that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By using it at any drug store for "Wyeth's Sage and Sulphur Hair Restorer," you will get a large bottle of this old-time recipe, ready to use for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

DON'T YOU BELIEVE IT.

Some say that chronic constipation cannot be cured. Don't you believe it. Chamberlain's Tablets have cured others—why not you? Give them a trial. They cost only a quarter. For sale by Evans Pharmacy.

INFAMOUS DART.

(By Associated Press.)

San Francisco, Feb. 19.—An infamous dart for use on aeroplanes was tested today in the presence of military air experts. The dart carries a small reservoir containing gasoline, which explodes on contact. Its purpose is to set fire to dirigible balloons or buildings.

Force of the darts dropped today from an aeroplane at an altitude of 600 feet found their mark.

SPEAKER RELUCTANT TO SIGN.

(By Associated Press.)

Boston, Feb. 19.—Efforts of "Jimmy" Callahan, manager of the Chicago Americans, to have this speaker sign a contract with the Chicago team last season have been unsuccessful, according to a cable from Park today by President Lincoln.
