A report from the Red Cross Movement. Prof. Reed Smith, Columbia. 4. How to relate Church Activities to Social Service. Rev. M. Pendleton Jones, D. D., Newberry.

REGRETS FROM THE COMMONER

William Jennings Bryan Declines With Regret Invitation to Speak in Anderson.

Stating that his official duties just at this time demanded a great deal of his attention and other affairs were also pressing, William Jennings Bryan, secretary of State, declined the invitation of the local post of T. P. A. to speak here in March. The letter received by F. V. Tribble yesterday from Mr. Bryan's secretary read as follows: "For Mr. Bryan I beg to acknowledge receipt of your letter of February 14th, in which you ask what he would charge to come to Anderson the latter part of March to deliver an address before the Travelers' Protective Association and their friends.

"The secretary directs me to say that, while he appreciates very much the desire you express to have him deliver an address at Anderson, it will not be possible for him to accept any invitation to come there, owing to the great pressure of official duties just at this time.

Premium Offer.—Any one who sends us three yearly subscriptions, \$150 each will receive a year's subscription free to THE PIEDMONT MAGAZINE. Address The Piedmont Magazine, Anderson, S. C.

UNIVERSITY LOSSES

Atlanta, Feb. 24.—In a decision handed down by the state supreme court the University of Georgia loses its share in the large estate left by the Brantley A. Denmark, the well known Savannah attorney who died several years ago.

COMBINE OF BANKS EFFECTIVE TODAY

TWO ANDERSON INSTITUTIONS JOIN FORCES.

NEW ORGANIZATION WILL BE KNOWN AS NATIONAL BANK

Anderson people will learn with pleasure that every effort is being put forth by the interurban railway to get the line into Spartanburg completed as quickly as possible.

An announcement has been made from Greenwood to the effect that the entire program for the South Carolina Conference of Churches and Correspondents has not yet been completed but that the majority of the events have been arranged. Anderson people will take much interest in this conference and doubtless there will be a large local delegation in attendance when the conference is called to order.

The following is a partial program of the events scheduled to take place when the meeting at Greenwood is called to order on March 24:

RUSHING WORK ON NEW ROUTE

Anderson people will learn with pleasure that every effort is being put forth by the interurban railway to get the line into Spartanburg completed as quickly as possible.

The following is from the Spartanburg Herald of yesterday: "The contracting forces are rushing work to completion on the lines of the Greenville, Spartanburg & Anderson Railway running into Spartanburg. The cuts next to Saxon mills and those entering the city under Forest street are being ballasted and heavy rails are being laid into the high-tension transmission wires, are erected to Forest street, but the wires to that point are not yet strung."

Anderson people will learn with pleasure that every effort is being put forth by the interurban railway to get the line into Spartanburg completed as quickly as possible. An extra large force of men are now engaged in the work of laying the lines into Spartanburg and the work is being rushed as quickly as possible.

SWAP OFFICES AT COURT HOUSE

Clerk of Court to Move Into New Quarters Vacated by Two Other Officials.

As soon as certain changes can be made and a vault installed, Clerk of Court Pearman will move his office into the quarters now occupied by Sheriff Ashley and Supervisor King. The sheriff will move into the room now occupied by the clerk, while the supervisor will move upstairs into one of the jury rooms. This move has been definitely decided upon and the work of throwing the sheriff's office and the supervisor's office into one will shortly be begun.

This step is necessary on account of the fact that the clerk of court is easily crowded. He is unable to handle the volume of business in the present clerk of court's quarters and it was imperative that some change be made. At first the matter of enlarging the clerk's quarters was considered but it was later determined to make the changes above mentioned.

TO INQUIRE INTO CONDITIONS.

Washington, Feb. 24.—An increase of two cents a hundred pounds in the freight rate on coal from Indiana points to Memphis, Tenn., New Orleans, La., and other destinations, has been proposed by the Southern and Southwestern railroads today. It was suspended by the Interstate Commerce Commission until June 25. An inquiry into the advance already has been instituted.

FARMERS HELD STOCK MEETING

Raisers of Live Stock in Anderson County Discussed Questions at Session Yesterday.

Three Anderson county people who are interested in the raising of live stock met yesterday for the regular county meeting. The session was held in the Chamber of Commerce, notwithstanding the fact that the attendance was smaller than had been anticipated, there was not a dull moment during the entire meeting. J. W. Wall of Clemson College, who probably knows more about live stock than any other man in the State, was present and directed the affairs of the meeting. Much valuable information was given those who were present yesterday and there seemed to be an earnest spirit for advancing the work that the association is endeavoring to accomplish in Anderson county.

POWER PLANT AND DAM AT GREAT FALLS

Millions of Dollars of Utility Run ning to Waste Until the Southern Power Company Harnessed It to Furnish Power and Lights for Several Hundred Thousand Per sons—Anderson Gets Some of the Power, Though the Plant is 150 Miles From the City.

Anderson Floral Co. Is a Place of Beauty

Every town has one or two institutions of which it is proud and of the various business undertakings of the city there is none in which local people feel a keener pride to take a deeper interest in than the Anderson Floral Company, now one of the most flourishing business enterprises in the city. The floral company had its origin in Anderson seven years ago and when it was first launched many were the prognostications that it would be short-lived. Many Anderson people did not believe that this city could support such an institution and did not hesitate to state. The fact that these estimable holders were mistaken has been clearly demonstrated by the steady and continuous growth

Anderson Floral Co.

The equipment is of the finest one feature being the splendid refrigerator for service, lately installed, which enables the growers to cut the flowers and keep them perfectly fresh for days and days. In this manner it is easily possible to meet the most exacting demands, which frequently range from ten orders per day to 30 orders, and this frequently continues for a week or longer. Without the magnificent refrigerator service this would not be possible.

The Stinger irrigation system, which the company now has installed on every part of its premises, is one of the most modern and up-to-date to be found in the state. With the aid of this system it is possible to keep every part of the place dampened at all times and it is a near approach to rain as it is possible for man to create. With this system the water falls in a gentle flow from above, giving life to the growing plants and bulbs and grasses. While as stated, the entire arrangement is now very complete, Dr. Chisholm says that he is by no means content and during the coming summer he has planned to add additional greenhouses. This extension to cost about \$5,000. When this is completed the total company will easily rank with the foremost undertakings of its kind in the state and it will be even more creditable to Anderson than heretofore. Much of the credit for the splendid greenhouses which Anderson so much

enjoys is due to Mrs. Chisholm, who has given her own personal attention to every single detail of the business and she looks after the growing plants and flowers with the tenderest care. Without her personal supervision the place could never have amounted to one half the splendid proportions which it has attained and Mrs. Chisholm has a perfect right to be justly proud of every blade of grass an every growing thing in her "flowery kingdom."

WOMEN EXERCISE VOTING PRIVILEGE

CHICAGO SUFFRAGETTES INITIATED "ART."

HUSTLE FOR VOTES

Female Candidates for Seats in City Council Make Tour of Ward.

(By Associated Press.) Chicago, Feb. 24.—Thousands of Chicago women today had their first real experience with the ballot box and took part in the actual nomination of candidates for the city council. In wards in which women candidates were running in opposition to men for places in the city council, the women candidates toured the wards and hustled for votes in approved political fashion.

A show storm early in the day deflected many voters, and a movement fostered by many suffrage leaders who believed that women should not formally ally themselves with any specific party, kept hundreds from voting at the primaries. Five of the eight women candidates were unopposed in their party and their nomination was certain. Among them was Miss Marion Drake, who will run on the progressive ticket in the spring election against the present alderman of the first ward, John (Bath House) Coughlin.

Illness prevented Mayor Harrison from voting, but Mrs. Harrison and Miss Devlin and Mary Conrad, the Harrison cook and maid, visited the precinct polling place in Barry avenue. Changes due to women's entrance to politics were observed in more than one precinct. In the last ward there came a wall from Patrick O'Malley, for years a fifth precinct leader and a saloon keeper. Three women judges and three straggled men of election failed to recognize him as an erstwhile ally.

An election clerk hung a mirror in one of the booths. "We want to make something attractive for the women voters," he said. Student meeting closes. Volunteeer convention at Newberry. Elects Officers for Next Year. Newberry, Feb. 24.—The Student Volunteer convention closed last night with a mass meeting at the Lutheran Church of the Residence, the large auditorium being filled to its capacity and many turned away for lack of room. Estimates address were made by the secretary of Georgia, a Methodist missionary at scores now at home on a short vacation and Mr. J. W. of New York, editor of the Student World. The pulpits of the various churches in the city were filled at 11 o'clock this morning by visitors to the convention. The officers elected for the ensuing

year are: H. J. Reeves of the Presbyterian Theological seminary, Columbia, president; C. E. Stewart of Erskine college, New president; Miss McGroarty of Winthrop college, secretary; Miss Jessie Bryant of the Greenville Female College, assistant secretary. The convention has proved a decided success and has been greatly enjoyed by the people of Newberry. WOULD CREATE INQUIRY COURT. Albany, N. Y., Feb. 24.—In a special session of the legislature tonight, which opened the present investigation into the conduct of the state's "four ring circus," Gov. Clegg proposed the creation of a permanent court of inquiry to be composed of the living former judges of the court of appeals for the purpose of investigating into the conduct of the state department. There are now seven living former judges of the court of appeals, among whom is Allen B. Parker, Democratic nominee for the presidency in 1904. The governor stated that all or as many of them as necessary could be induced from a pension suit to serve on the proposed court. The bill will be introduced into the body next week. The body next week is conducting investigations. J. Benjamin Dismick, former mayor of Scranton, announced himself as candidate for the republican nomination to succeed United States Senator House, Francis of Pennsylvania.

A YORK PIANO

A Daughter's Delight

In a nice Piano for her home. Girls usually like music, and no instrument is nicer—either for ornamental or practical purposes—than a Piano. If your daughter is learning, or has learned, it would be a good idea to buy her a nice Piano, particularly when you can get out of these fine, full-toned instruments at a comparatively small cost, with the option of paying for it in very easy terms.

WILLIS & SPEARMAN
