

Builds Up

Ayer's Sarsaparilla is a tonic. It does not stimulate. It does not make you feel better one day, then as bad as ever, or even worse, the next day. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic. Sold for sixty years.

Go to your doctor first. Secure his approval. Then follow his advice. Take no medicine the doctors will not approve.

FERTILIZER FACTS No. 11

It costs as much to cultivate an acre of cotton that produces 300 lbs. of lint as one that produces 1,000 lbs.

Feed Your Crops and They Will Feed You

It has been demonstrated, beyond the shadow of a doubt that it pays to use commercial fertilizer liberally on farm crops. Information gathered by the United States Department of Agriculture, from 1495 cotton planters, shows that the farmers who spent less than \$1.00 per acre for fertilizer, made a profit of \$4.62 per acre. Those who spent \$4.00 per acre made an average profit of \$7.96, and those who spent \$6.00 per acre made an average profit of \$12.51 per acre. This was over and above what the land produced without fertilizer, and after deducting all expenses.

It will be observed in the latter instance that the additional \$2.00 spent for fertilizer made a net profit of \$4.55, or over one hundred per cent. This without any additional expense.

IT COSTS JUST AS MUCH TO CULTIVATE AN ACRE OF COTTON WHICH PRODUCES 300 POUNDS OF LINT COTTON AS ONE THAT PRODUCES 1,000 POUNDS.

Rent, taxes and interest are the same in both cases. These facts are equally true with corn, oats, potatoes and other field or garden crops.

Farming is a business. The BUSINESS FARMER will figure these things out for himself and profit by them.

It is the object of these bulletins to bring to the attention of the thinking farmers of the South certain facts which will enable them to use commercial fertilizer with more profit.

The fertilizer manufacturers recognize the fact that the more profit the farmer makes from the fertilizer he uses, the better customer he will become.

For this reason they are doing everything in their power to assist him by advising him how to use fertilizer so as to bring the greatest returns from the money invested. Also by supplying him with the very best fertilizer it is possible to make; compounded especially to suit the conditions of his soil and crops. In other words, they are making an earnest effort to co-operate with the farmer and assist him in every possible way.

We have had experienced and competent parties to prepare a number of bulletins on cotton and corn culture which we will be glad to send you without charge, postpaid. Drop us a post card saying "Send me your bulletins," and give your name and post office.

SOIL IMPROVEMENT COMMITTEE Southern Fertilizer Association Atlanta, Ga., U. S. A.

Judge Wilson Appears To Have His Old Job

Who is magistrate, A. B. Sullivan or B. F. Wilson? That's the question. It is no longer a legal perplexity but again it is a serious matter. Judge W. F. Rice handed down a decree stating that in his opinion A. B. Sullivan, who was appointed by Governor Blease, was holding the matter properly up to the time the matter was brought to the state senate. The senate refused to confirm his appointment. The question now arises, if the senate refused to recognize Sullivan as he a federal or a constitutionalist, and what is Judge Wilson. As to what Judge Wilson is, everybody in Anderson knows. He is a lovely old gentleman. He was deemed unfit to hold office of magistrate because somebody said that he heard somebody else remark that it was rumored that Judge Wilson had said some very harsh things about some of the members of the legislative delegation. That Judge Wilson really said these things, or that they should disqualify him from holding court was not mentioned in the proceedings, but that was the cause of the delegation, they felt that they had the right to confer the office and they did not wish to give it to a man who had said harsh things about some of them. Governor Blease summoned Judge Wilson before him on the charge of neglecting to submit his monthly report to the county treasurer. Judge Wilson showed that there were some 18 magistrates in the county who were in the same fix as alleged against him and further that he was not guilty of having offended under the commission that he was then holding. Judge Wilson was suspended from office,

which the governor had the legal right to do, provided the charges were proved. Judge Wilson claimed that the charges were not proved, but Judge Rice declared that a court could not review the righteousness of the governor's act.

Judge Rice in decreeing that Magistrate A. B. Sullivan, who is in every way qualified for the position and did not start the war on Judge Wilson, was entitled to the salary of the office, said in part: "If the senate of the state at its next meeting approves of the suspension of Wilson, then he no longer be a magistrate of Anderson county; if it disapproves of such suspension, or if no action is taken on said suspension, then his suspension is at an end and he will be entitled to resume the duties of his office."

"The appointment of A. B. Sullivan, if reported to the senate and approved by it will give him the office for the two years from the date of his appointment by the governor; if not reported to the senate by the governor, or if reported and it fails to confirm the appointment, then in the first instance his term will expire with the adjournment of the senate, or in the second instance from the date of the disapproval by the senate of the appointment."

"Such being the circumstances" it is claimed by the friends of Judge Wilson that ever since he senate failed to confirm Magistrate Sullivan's appointment, the really lawful magistrate in the city of Anderson is Judge Wilson, and that he cannot be ousted under the old proceedings, but new charges must be made and replied to in due form and manner.

MEXICAN BANDITS

KILL AN AMERICAN

Cross International Border Kill One, Wound Another And Burn Store

Washington, March 16.—A report to the war department from Tecate, Cal., said:

"Three or more Mexicans armed with revolvers, crossed the national line at Tecate, Saturday night, killing one civilian, and wounding another seriously, and burning a store including the body of the civilian. The Mexicans escaped but one was recognized as a member of a railroad construction gang quartered about a mile southwest of Tecate. Federal soldiers are not now thought implicated. Captain Page and three squads of the 28th company of coast artillery are now encamped at Tecate with orders to assist the customs and immigration officials in the enforcement of the neutrality laws. Everything reported as quiet now."

Satisfied with this report that the no Mexican soldiers or officials were involved and that the crime was not political State department officials announced that the affair would be handled in the ordinary way. Every effort will be made to secure the arrest of the murderers and have them returned to California under extradition proceedings for trial. Feeling along the border in the vicinity is bitter.

THE PYRENE CO. IS ORGANIZED

Mr. H. E. Harper Will Travel the State Locating Agencies

The Pyrene Company of South Carolina was organized Monday with the following officers: M. M. Mattison, President; A. L. Smothers, vice-president; C. C. Dargan, treasurer and general manager; H. Harper, secretary.

The capital stock is \$20,000. The company is organized to promote the sale of "Pyrene," a patent fire extinguishing fluid, made by the Pyrene company of New York. Mr. Dargan has had the state agency for some time and has done well with it. The organization of this company is to enable him to put on a more aggressive sales campaign.

Mr. Harper came here from Lowndesville and has been connected with the B. O. Evans & Co., store, as advertising manager. He has conducted some remarkable advertising campaigns for Mr. Evans, and his success in that line commended him to the promoters of the new company.

Mr. Harper will represent the company on the road, traveling the whole state and establishing agencies. The office of the company will be in the store of the Cox Stationery Company. Recently mention was made in this paper of a patent area and was stopped by the use of pyrene. Another notable instance of the use of this extinguisher is at the Gruck mill, where several threatening areas were stopped.

Mr. Dargan has made a number of shipments recently to points throughout the State. The C. S. & A. has two of the extinguishers on each one of its interurban cars. All of their power plants are being equipped with them.

Two cases were tried in Magistrate Blease's court Monday. Dick Bailey, a white man, was fined \$10 on charge of drunkenness and disorderly conduct, and Andrew Williams was fined \$20 on 30 days for disturbing the peace.

Two cases were tried in Magistrate Blease's court Monday. Dick Bailey, a white man, was fined \$10 on charge of drunkenness and disorderly conduct, and Andrew Williams was fined \$20 on 30 days for disturbing the peace.

ANDERSON TEACHERS URGED TO BE PRESENT

AT STATE ASSOCIATION IN SPARTANBURG

MANY WILL ATTEND

Much Interest Manifested at the County Association Saturday

The Intelligencer is in receipt of a letter from R. C. Burts of Greenville, former president of the State Teachers' Association, in which he urges the teachers of Anderson county to attend the meeting of the State association in Spartanburg this week.

Such urging is hardly necessary as the teachers who attended the county association last Saturday seemed very much in earnest and stated their intention to attend.

Mr. J. F. Felton, the county superintendent of education Monday issued the following statement:

The county board of education of Anderson county has arranged for special cars over the Blue Ridge and Southern to carry as many as 150 teachers. The cars will leave the union station, Anderson at 2:25 Thursday afternoon, March 19. The fare will be \$2.95 round trip and the county board of education will pay membership fee for all teachers of the county that will attend and every teacher is urged to attend.

This is the first time the association has come to the Piedmont section since 1907 when the meeting was held at Chick Springs.

The people of Spartanburg are making preparations for giving the teachers a most cordial welcome. Music will be furnished by the chorist society which will in itself be a great treat. Special rates at hotels and at private homes have been made. Headquarters will be at Gresham hotel, where the information bureau will be located.

Prof. Burts writes to The Intelligencer: "A trophy cup has been offered to the county which has the largest percentage of its teachers in actual attendance upon the meeting. A fee of \$1.00 for men and 50c for ladies is charged."

The state board of education has recommended a holiday for this meeting. I trust that you can come and that you will do all that you can to get others to be present. Be sure to let it be known that you are present so that Anderson will be credited."

WORK ON BRIDGE BEING RUSHED

Paving Will be Commenced Today and Traffic Will be Resumed in a Week

Information was given out late Monday afternoon that the laying of the pavement on the new concrete bridge over the Blue Ridge railway tracks on North Main Street would be begun this morning. The city teams began hauling sand Monday morning, getting ready for the paving.

The sidewalks on the west side of the street are being paved and will be ready for traffic by Wednesday afternoon. The sidewalk paving is being done by contractors, the city doing only the brick paving in the street.

It has been decided not to put down the vitrified brick paving for the present on approaches to the bridge as the ground has not settled. To protect the paving on the bridge, a curb will be used. As soon as this is done, Overseer Glimmer will begin the paving of the bridge proper.

From the present work that has been done the west half of the bridge will be open for traffic in the course of a week. The old part of the bridge on the east side of the street will be torn away and the concrete bridge completed across the street.

NORTON HUNTER DEAD

Funeral Services at Pendleton Tuesday Afternoon

J. Norton Hunter died at his home in Pendleton Monday morning at the age of 34 years. He is survived by one daughter, Miss Anneska Hunter, one sister, Mrs. J. C. Stribbling, and two brothers, Messrs. James T. and Miles M. Hunter. The funeral services will be held at the Presbyterian church on Tuesday afternoon and interment will be made in the Episcopal church yard.

Mr. Hunter's father was one of the founders of Pendleton, and the family is an illustrious one, well known throughout the Piedmont section of South Carolina. Mr. Hunter had been ill several months before his death. His wife preceded him to the grave 8 or 10 years ago.

Raising Cargo

Norfolk, Va., March 16.—The work of raising the cargo carried by the Old Dominion liner Monroe, when she sank off the Virginia coast January 30, following collision with the Merchants and Miners steamship, Nantuxet, is now well under way. Divers are working in the hold of the Monroe.

"Mother" Jones Will Go Back to Strike Zone

(By Associated Press) Denver, Col., Mar. 16.—"I will go back to Trinidad before the end of this week." This was the declaration made tonight by "Mother" Jones, 32 years old, leader of the striking coal miners who was released last night from the Trinidad hospital, where

GAS TO ORR HILLS Company Asks County for Permission to Lay Main The Anderson Gas company proposed to extend its gas mains to the Orr mill village. The company has filed a request with the county commissioners for permission to put down its mains on the extension of South Main street. Must Leave the State Columbia, March 16.—Governor Ulcuse has paroled John J. Jones, who killed Abe Pearlstine in the postoffice at Branchville and was given a sentence of 10 years and 30 days. Jones was on the Orangeburg chain gang, and under his sentence must leave the state in 24 hours and never return. Cotton Report Cotton report standard Warehouse, Monday, March 16. This season 29,250. Last season 29,451. You will be doing yourself a good turn by installing a GAS RANGE. We sell them under the strongest guarantee. Easy terms—\$2 down and \$2 per month. Anderson Gas Co.

The PATH of SAFETY in the slushy season is not of your own making. The ability of your tires to grip the slippery pavement governs the course of your car. It's straight as a "bee line" if you have GOODRICH Safety Tread Tires—the tire that side-swipes the slime and gets down to the bedrock of the road. It pushes the ooze out of the way and makes a clean path for its fingers to grip—and then at the critical point in the skid game, it holds for dear life. We are selling and recommending these tires along with a line of other equally good auto accessories and repair materials. Come and see us or call us by phone for anything you need. We have got the right price. SADLER'S GARAGE 140 N. Main Street

Are you interested in something New? If so, you should see the St. Regis pattern—a new design in Community Silver. The simplicity and gracefulness of this pattern will certainly appeal to you. We feature this not only because of its beauty, but because of its durability. JOHN M. HUBBARD & COMPANY 140 N. Main Street WHEN QUALITY IS ALWAYS HIGHER THAN PRICE
