Whether or not this be true, one thing at least is certain. It would keep even Mr. Brissay's big truck busy to deliver all the building material that is being used in North Anderson. (See the Cabin ad in the afternoon paper.)

ELECTRIC CITY SPARKLETS Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

10 Bales of Waste And Waste House Burned

The waste house and forty bales of waste, which it contained was burned late Sunday night, the loss amounting to between \$100 and \$500. The house which belonged to the Anderson cotton mill was situated just outside of the mill yard at the head of B and C streets near the siding of the G. S. & A., which runs to the power house from the main line on Tribble street.

Road Scrape Doing Nice Work

The city road scrape is doing some nice work on the streets. The scrape, which is drawn by a large traction engine, is doing wonders to the streets not only in filling the gulleys, that make traveling so bad, but in making them clean and in removing the rocks that prove such a nuisance to the automobilists of the town.

Fitting School Begins Practice

The Anderson Fitting school base ball team in the charge of Prof. B. M. Parks, has made its first appearance at the park for the spring training.

Twenty men reported for the first practice, all hopeful that they will be the ones to represent the school this season. The boys last season put up a fine game and if the boys this year expect to put out a better one they will have to hustle.

Out After Several Weeks in Hospital

Began Work on Elks New Home

W. L. Brissay, president of the Elks Home Holding Company said Monday that the company had received a permit for the erection of their new home on the corner of Sharp and North McDuffie streets, adjoining the standpipe lot and within one block of the postoffice. The ground was broken shortly after one o'clock. The building will be three stories of brick veneer and will cost approximately \$6,500. The building is to have ten rooms and will be occupied exclusively by members. The home will be finished in time for the state convention to be held in June.

Lot of Shooting But No One Hurt

Anderson could not have kept the reputation she has: if the sheriff had not been called out to some remote part of the county to arrest some one who had no regard for the law. Late Sunday, Sheriff Ashley received a call from Jackson's mill at Iva, that a man by the name of Shaw had killed another by the name of Meeks. After going to the scene it was found that no one had been shot, but that Shaw and Meeks were out trying the efficiency of a pistol on some near-by boards. Whoever sent in the report surely must have been excited or else they would have found out that the men were only having some fun.

Four Cars Derailed

On C. & W. C. Track Saturday afternoon while the C. & W. C. were bringing several cars from their tracks to the Blue Ridge yard four cars left the track in front of the Anderson mill. The cars which were loaded with lumber turned completely over, falling against one of the telegraph poles, breaking it off. Two flat cars left the track, but did not get off the road bed, the rails were badly twisted but it did not take the crew long to get the track in good condition again.

young business man of Hartwell, Ga., who was in the city Monday, stated that the people of his section are very much in earnest about getting the Interurban to build into their town. They are willing to put up the rights of way, terminal facilities and guarantee that the Hartwell people will never be satisfied until they get the Interurban for they realize that it is a great help to this section of South Carolina. They also realize that the Piedmont and Northern was fleeced in some localities by land owners and that future building movements must be conducted more cautiously than in the past. But when the call comes, the people of Hartwell will be on the job and will help in more ways than one.

Negro Woman Succumbs to Wound

Ida Keller, who was shot late Saturday afternoon, died from the wound she received at the hands of Cliff Washington.

The shooting took place at the plantation of Jas. N. Pearman, which is about four miles from Honea Path, shortly after 3 o'clock. Washington who had been drinking went to this woman's house shortly after noon Saturday. Later they became involved in a dispute which ended with the shooting of the negro woman. Washington left immediately after the shooting, making his way toward Honea Path.

Deputy Sheriff Sanders, who was sent by Sheriff Ashley to the scene of the shooting captured Washington early Sunday morning, and he is now lodged in the county jail. Coroner Hardin held an inquest Monday.
