SCRUBBING BEGINS IN ANDERSON MONDAY "I WILL, WILL YOU?" IS THE POPULAR PHRASE ALL WILL ASSIST

For a Cleaner and Prettier City, Clean-Up and Paint-Up Week Will Be Launched

Beginning with Monday and lasting through Friday Anderson will get a scrubbing not to be compared with anything in the way of house-cleaning that the ladies of the city have ever before known.

The plans for the city have all been mapped out, the Chamber of Commerce and the Y. M. C. A., the business men and the Ladies' Civic League joining hands with the health officials in an effort to improve local conditions.

It had at first been proposed that a trophy cup would be awarded to the block in the city accomplishing most during the clean-up period but this idea has been abandoned.

To Allen W. Clark, the publisher of a trade paper in St. Louis, Mo., belong the origination of the Clean-up and Paint-up campaigns, a movement for homes and towns beautiful, for the first thought of this idea as a means interesting the general public to take hold and have a thorough cleaning of their property, and with the clean-up goes the paint-up, so necessary to make things bright, thus creating better living and working conditions for every one, promoting fires, etc.

Briefly stated, the idea is to have cities and town each year set aside a week for a general public and private clean up in their section; to encourage a spirit of enthusiasm in the public mind by advertising extensively in the five word slogan "Clean Up and Paint Up." Every city, old and young should be asked to lend a hand for a few hours at least to help put every street, alley, yard, cellar, passage-way back lot and corner in spot and span trim.

During this Clean Up and Paint Up campaigns were carried on in cities of St. Louis, Denver, Buffalo, Baltimore, Ithaca and 578 towns in the Middle West.

The results obtained this year and the enthusiasm with which the movement was received have satisfied the committee that another year, with ample time for preparation, Denver can be made the "Spotless Town of America." Hampered by the lack of time allowed for planning the campaign, which was held from May 26 to 31, and also by the fact that it was impossible to secure the cooperation of the school children this year in cleaning up the vacant lots, the committee is nevertheless more than satisfied with the results obtained.

All together now it is time to finish every preparation of the work to be done in Anderson. The rubbish to be piled in front of the house, or in some alley most accessible to the city ash carts, can be collected the following day by the city and will be immediately hauled away.

Lone Bandit's Attempt Frustrated

Athens, Ga., March 2.—An attempt by a lone bandit to rob Seaboard Air Line passenger train No. 11, southbound, near Comer, Ga., fifteen miles northwest of here, was frustrated by Express Messenger E. C. Fletcher. After a pistol duel with the bandit, Fletcher jumped from the train a short distance from Comer and escaped.

Philadelphia, Pa. Two young pitchers shut-out the World's Champion Athletics today at Sabie park in the first of the series of spring games with the Philadelphia Nationals. The score was, Nationals 4, Athletics 0.
