ORANGEBURG TO RECEIVE CADETS

Great Things Are in Store for the Citadel Lads in Encampment

Orangenburg, April 16.—Everything is in readiness for the reception and entertainment of the Citadel cadets, when they arrive in Orangenburg on Saturday for their annual encampment. The young soldiers begin their march from the City by the Sea to the city on the Edisto on Monday and will arrive in Orangenburg between noon and 1 o'clock p. m., Saturday. A big barbecue dinner will be served the cadets upon their arrival in Orangenburg.

The encampment will be held at the Orangenburg county fair grounds. The streets on the grounds have been electrically lighted, lights being placed in each tent; shower baths have been provided, tables arranged and everything fixed at the grounds to insure the cadets comfort.

On Sunday the cadets will worship at the various churches of the city. The areas parade will be held on Monday afternoon at the court house square, where the cadets will be inspected by city authorities. A big reception will be held at the city auditorium on Monday night when the cadets will meet everybody in Orangenburg. On Tuesday and Wednesday and Thursday nights will be dancing at the armory rooms in the academy of music building on Middleton street. On Friday afternoon there will be another dress parade on the court house square. This parade will be followed by a big reception that will be given to Mr. and Mrs. John Hart to the senior class, which will be followed by a big ball at the Elk's home. On Wednesday evening from 7 to 10 o'clock the Orangenburg military band will give a complimentary band concert.

Orangenburgers expect a big crowd of visitors in Orangenburg during the Citadel encampment week and all preparations have been made to entertain a record crowd. Orangenburgers delight in showing their hospitality and entertaining friends. The Citadel boys are welcomed and great things are in store for them in Orangenburg.

Free-for-All Fight Among the Miners

Pittsburgh, Pa., April 16.—Two rump conventions were held by "insurgent" and "administration" factions of District No. 10, United Mine Workers of America, here today, and led to a clash between the two parties which resulted in the arrest of five men. Refused permission to use the Union labor temple the two parties went to another hall and when each tried to hold a meeting a free for all fight ensued. After the police had put an end to the fighting the factions held meetings in separate halls.

The "administration" faction adopted a resolution condemning the miners or the district for quitting work after the district officers had signed a basic agreement covering the Cleveland scale for two years.

The "insurgent" faction speakers advocated a general strike but no action was taken. They meet again tomorrow.

Favorably Reported Resolution to Impinch

Washington, April 16.—Representative Park's resolution to impinch Justice Daniel T. Wright, the District Supreme Court here, was favorably reported today by the house judiciary committee.

The effect of that action is to recommend that the house appoint a committee to take testimony on the charges brought against the justice by Wade H. Connor, a local banker, who made allegations of misconduct on the bench and in private life.

The house will decide if the justice shall be tried, should it so determine, the senate would try him.

Swadersville, Ga., April 16.—Ernest Graham, 4-year old school boy, who was stabbed by another boy near his own home while on their way home from school at Swadersville, yesterday, was brought to a hospital here early today. Physicians tonight said that he had a fair chance of recovery. The lad, who was at first reported to have been killed, was revived after several hours' work by the physicians.

The information received from an unquestionable source yesterday regarding the slaying of Ernest Graham of Swadersville, by Philip Goodrich proved erroneous. Young Graham brought here at midnight, has a good chance of recovery. Conductors and messenger crew were told of the child's death. The train left before the body could be obtained. No telephone connections could be made from here last night.

WHAT IS A REGIONAL BANK?

This Question Answered in a Very Interesting Manner By a Prominent Banker of Atlanta; Information in Concise Form

Atlanta, Ga., April 16.—Just what is a regional bank and what will be its functions, its uses, its value, is a question many Georgians are asking since Atlanta has adopted the bank for this district. William H. Hays, Jr., president of the Hills of Mortgage company, and one of the most prominent young financiers of the South, explains these points very clearly.

"The regional bank will employ between 400 and 500 persons," he said. "This estimate is based on the probable functions of the bank as proposed by the organization committee, taking into consideration the standard of the Federal Reserve Bank. I have given the subject considerable thought and it would seem that the proper function of the regional bank will be the redemption of commercial paper for the member banks in that section."

"In order to handle these redemptions intelligently an extensive system of credit reports will have to be prepared. The reports will give the member bank of the district a credit and paper bearing interest, indorsement, and imperious demand with counter. On the contrary, only such bills are acceptable for redemption as conform to certain established requirements touching the credit and character of the bank issuing the bill."

For example, a federal reserve bank, before accepting a bill for redemption, must be satisfied that the bill is drawn in settlement of a bona fide agricultural or commercial transaction, and in real estate stocks and bonds. This will doubtless require a well see how the regional bank can special form of note, and I do not very intelligently pass on these bills, without more or less elaborate system of credit and reports."

CAPTAIN KNOCKED OFF DECK OF BARGE

Orange—Body Dissected into Four Parts.

Newark, N. J., April 16.—Captain John Hanson, master of a stone barge, was knocked into Newark Bay yesterday afternoon and drawn into a gulf stream and sinking dead. A fireman, then cast through a four-inch pipe two feet and fell long into the Newark meadows. In passing through the stream the body was cut into four parts.

An hour after he had fallen from the barge men working in the meadows were surprised to see parts of a man's body shoot out of the pipe with the sound of steam and water. The sections formed an complete man's body. In a pocket of the body were found identifying the body as that of Captain Hanson.

FIRST WHITE WOMAN TO HANG IN FLORIDA

Governor Committed With Setting Date for Execution For Murder

Tallahassee, Fla., April 16.—Governor Trammell tonight was confronted with the task of setting a date for the execution by hanging of the first white woman ever convicted of first degree murder in Florida.

"State" Johnson, 35 years old, 10 years was found guilty in Calhoun county of the murder of John Willington, 71 years old. The jury, made up of farmers, considered the evidence 24 hours before returning the verdict. The killing occurred at Alma, a small county town four years ago.

The state's case against her was the second for the woman. At her previous trial she was found guilty, the jury making a recommendation of mercy. This meant a sentence of life imprisonment.

Convinced the accused woman appealed the case and the lower court was reversed for allowing the dying statement of the victim to be admitted as evidence. After long delay the case again was set for trial, the case ending today.

The governor sent States Attorney John F. Bunch here from another judicial district to prosecute the case.

Wilson Will Toss First Ball of Season

Washington, April 16.—President Wilson today promised to toss the first ball thrown in the American League Park here this year when the Washington team plays its first game on the home grounds with the Boston Americans Thursday, April 23.

President Minor of the Washington club called at the White House today, he told Mr. Wilson the first ball caught he received at the throw by Ray Collins, who would oppose Walter Johnson in the box. Incidentally Mr. Wilson gave the president a passbook No. 1 for the season.

Speculation As To Wilson-McAdoo Date

Washington, April 16.—Though there has been no report from the White House, friends of Secretary McAdoo and Miss Eleanor Randolph Wilson, the President's youngest daughter, who will be married soon, believe the wedding will be a quiet family affair.

Washington society is daily expecting an announcement of the date and some who profess to be well informed think it will be April 30 or early in May. Should the wedding take place so early, it is more than probable that the invitation list will be small.

Curts' Vaudeville Shows Will Open in Belton Monday Evening at 7:30 at Belton Ball Park. Doors open at 7:00 p. m. Performance Begins at 8:00. Public cordially invited to attend. Everything in class and up-to-date.

DEBATE IN SENATE ON RADIUM LANDS

Question of Government Control Radium-Bearing Land Discussed

(By Associated Press.) Washington, April 16.—Debate in the senate for the government control of the radium-bearing lands of the west was opened today by Chairman Walsh, of the Mines Committee.

Emphasizing the importance of the measure, Senator Walsh said radium-bearing ores not only were found in Colorado and Utah but in Montana and probably would be found in other states.

The committee's findings upon the radium-bearing lands of the west would be discussed more fully before the bill was taken up in detail. Senator Gallinger and Senator Works insisted that this was the most important part of the subject, the latter declaring that a disastrous condition would result if congress touched in effect for a certain sure this interest must be a failure.

Mr. E. G. McAdams and little daughter, Johnnie May, who have been visiting relatives here for the past ten days have returned to their home in Oklahoma City.

Mrs. Alice Leidy of Macon, Ga., is visiting at the home of Mrs. A. C. Townsend.

Mr. W. W. Smook, manager of the Intelligencer was a business visitor here Wednesday.

Mrs. J. A. McAlister has returned from a short stay with relatives in Anderson and Starr.

Mr. W. H. Williams and family are visiting relatives in Anderson.

Mrs. Anna McDonald and children have returned from a trip to Anderson.

Mr. J. C. Jones of Hollands Store was a business visitor here today.

Mr. Leroy Sadler was a business visitor to Lowndesville Thursday.

Mr. J. C. Jones of Hollands Store will move here the latter part of April and will open up a moving picture show in the vacant storehouse in the Townsend block. He will also be engaged in the commission business.

Miners Work Eight Four Hours Per Week

Terry Haute, Ind., April 16.—There are engineers and strikers employed in mines of Indiana who are compelled to work 34 hours a week for 37 1/2 months. This restriction was made today by William Houston, president of District No. 11, United Mine Workers of America, at the joint conference of the miners and operators in session here to negotiate a new wage scale. President Houston said one of the miners denied for an eight hour day for the operators.

Another Mystery Unsolved

Atlanta, April 16.—Atlanta detectives have another mystery on their minds in the death of J. E. Rowe of Lawrenceville, whose body was found yesterday at the bottom of the shaft for shaft in an antique building. It had been down since at least a week. The detectives believe he wandered over the roof from a nearby lodging house, opened the door to the shaft and walked to his death.
